The Gullah people are one of our most

distinctive cultural groups. Isolated off the South Carolina-Georgia coast for nearly three centuries, the native black population of the Sea Islands has developed a vibrant way of life that remains, in many ways, as African as it is American. This landmark volume tells a multifaceted story of this venerable society, emphasizing its roots in Africa, its unique imprint on America, and current threats to its survival. With a keen sense of the limits to establishing origins and tracing adaptations, William S. Pollitzer discusses such aspects of Gullah history and culture as language, religion, family and social relationships, music, folklore, trades and skills, and arts and crafts. Readers will learn of the indigo- and rice-growing skills that

slaves taught to their masters, the echoes of an African past that are woven into baskets and stitched into quilts, the forms and phrasings that identify Gullah speech, and much more. Pollitzer also presents a wealth of data on blood composition, bone structure, disease, and other biological factors. This research not only underscores ongoing health challenges to the Gullah people but also helps to highlight their complex ties to various African peoples. Drawing on fields from archaeology and anthropology to linguistics and medicine, *The Gullah People and Their African Heritage* celebrates a remarkable people and calls on us to help protect their irreplaceable culture.

Judaism and Other Religions - Alan Brill 2010-04-14

With insight and scholarship, Alan Brill crisply outlines the traditional Jewish approaches to other religions for an age of globalization. He provides a fresh perspective on Biblical and Rabbinic texts, offering new ways of thinking about other faiths. In the majority of volume, he develops the categories of theology of religions for Jewish text and arranges the texts according classification widely used in interfaith work: inclusivist, exclusivist, universalist, and pluralist. Judaism and Other Religions is essential for a Jewish theological understanding of the various issues in encounters with other religions. With passion and clarity, Brill argues that in today's world of strong religious passions and intolerance, it is necessary to

go beyond secular tolerance toward moderate and mediating religious positions.

Thinking God - Alan Brill 2002

This work is the first study in any language of the thought and writings of Rabbi Zadok HaKohen of Lublin (1823-1900), who created a blend of ecstatic Hasidism and intellectual Talmud study. With extensive citations of his writings, it will be an entry point to his thought for many American readers. To illuminate R. Zadok's innovative spiritual path, in which one attains mystical experience through intellectual study of Torah, Brill explores the realm of

spiritual psychology with particular attention to individual growth, sin, determinism, and pluralism. He shows that R. Zadok's thought combined mystical, Aristotelian, and psychological elements. This work also sheds important light on Lithuanian talmudic intellectualism and Polish Hasidism. It is the first book to present a critical, analytical portrait of hasidic theology. Particular attention is paid to R. Zadok's teacher, Rabbi Mordechai Leiner of Izbica, whose individualistic philosophy undergirds R. Zadok's teachings on the subject of free will. Finally, this superb study addresses the question of how a Jewish thinker in a traditional milieu was able to derive a theology with many elements we would consider modern, even though he was largely

insulated from and, in theory, opposed to contemporary Western, non-religious thinkers. Published in association with Yeshiva University Press

The New Sirian Revelations - Patricia Cori 2017-12-05

In July 1996, during an extraordinary out-of-body journey through the Milky Way and other galaxies, Patricia Cori was reconnected and attuned to a group of interdimensional light beings that she and her many readers came to know, through the first Sirian Revelations transmissions, as The Sirian High Council. During her remarkable mission as their Scribe, she has shared the insights of six-dimensional Sirian Light Emissaries through the books and teachings that have transformed readers over the past decades. Now, twenty years from the date of the first transmission, Cori shares new revelations that affirm the veracity of past

prophecies and transmit new visions for the human race as we ascend through the outer reaches of the fourth dimension into new levels of conscious awareness and parallel realities as we prepare for our imminent emergence. Called a "real-life Indiana Jones" by fans and readers around the world, Cori is one of the most well-known and established authorities on multidimensional realities that challenge the status quo. Her messages from distant realms empower readers to look at the dark side, to understand it, but to focus on the light for all humankind and the earth. In this new book, the Sirians once again hold us to our responsibility as guardians of this planet, with sound direction and advice for how to get through these

shifting sands of our transition. Their discussions delve into many of the most crucial issues of our time, including the merging of human mind and artificial intelligence, exoplanetary migration from the earth and what that means to planets that will receive us, coming clean about cloning, the care and feeding of the human being, and the slipping of time as we know it. As the struggle between darkness and light is being fought at every level, Cori reminds us to take comfort in the fact that the Sirian High Council foresaw and told us how this time of immense upheaval would be the last phase of our passage out of the darkness and into the light of far more illuminated states of being.

No More Secrets, No More Lies -
Patricia Cori 2010-05-18

Building on the historical perspective that characterized the previous book in the trilogy, *Atlantis Rising*, this final volume asks readers to remember that when they decided “to come to this earth adventure... blowing down the Establishment Walls would be a Herculean task.” But, she adds, “Fall they would indeed.” Hastening this necessary next step in evolution to higher being, says author Patricia Cori, requires understanding the forces at work and how to challenge and conquer them. *No More Secrets, No More Lies* unmask the lies that have been employed to disempower the human race, while illuminating the tools necessary for those who intend to ascend with a revitalized Planet Earth. Intended as a guide for overcoming the designs of the dark

warriors, and a blueprint for achieving the absolute freedom that is our true birthright as the super race of the realm, this provocative book brilliantly integrates into a larger schema such issues as media manipulation, racism, dark forces, crop circles, our food and water, and imminent extraterrestrial contacts, with the cosmic unfolding of human awareness and the evolutionary activation of our complex DNA codes—our blueprint to immortality.

JESUS, JAMES, JOSEPH, and the past and future Temple - David Heilbron
Price 2019-08-12

In Roman times, the historic records say the world's most beautiful city was Jerusalem. Amid the city, the Temple shone out in gold and white stone. About a million man-years were involved in its ingenious structure. It astounded the world. To the north lay the fortress city of Antonia, connected by a causeway. Another causeway crossed the ravine of the Kidron to the Mount of Olives. Worldwide the exiled tribes of Israel supplied vast quantities of gold and

treasures. Millions came to worship. James the brother of Jesus had a throne inside the Temple. He prayed in the Holy Place. He followed in the steps of his father Joseph. Jesus had a far higher office than either. It is described both in the New Testament and early writers of the first centuries. The facts of the resurrection were so clear that Roman emperor Tiberius immediately proclaimed Jesus a God. Others like Caligula tried to destroy the Temple and Jerusalem. Rome also tried to destroy the real facts about Jesus, James and Joseph in the Temple.

The 30-Day Praise Challenge - Becky Harling 2013-08-01

Discover the Power of Praising God When Becky Harling was diagnosed with cancer over ten years ago, she begged God for healing. A friend of hers had

another idea. She challenged Becky to spend twenty minutes a day in praise. Becky thought, What if I'm not feeling thankful? But as she intentionally praised God, she began to experience new joy—and her relationship with God has never been the same. Now, in *The Thirty-Day Praise Challenge*, Becky guides you in praising God for twenty minutes every day for one month. Arranged topically, the book includes music selections to enhance your praise journey and creative ideas for continuing the habit of praise. As Becky writes, "If you take this challenge, your faith will grow more than you dreamed possible. You will experience more joy, less insecurity, more courage, less anxiety. Thirty days of praising God. Are you ready?" *Straight* - Hanne Blank 2012-01-31

It's surprising that the term "heterosexuality" is less than 150 years old and that heterosexuality's history has never before been written, given how obsessed we are with it. In *Straight*, independent scholar Hanne Blank delves deep into the contemporary psyche as well as the historical record to chronicle the realm of heterosexual relations-- a subject that is anything but straight and narrow. Consider how Catholic monasticism, the reading of novels, the abolition of slavery, leisure time, divorce, and constipation of the bowels have all at some time been labeled enemies of the heterosexual state. With an extensive historical scope and plenty of juicy details and examples, *Straight* provides a fascinating look at the vagaries, schisms, and

contradictions of what has so often been perceived as an irreducible fact of nature.

Staring - Rosemarie Garland-Thomson 2009-04-17

Drawing on examples from art, media, fashion, history and memoir, cultural critic Rosemarie Garland-Thomson tackles a basic human interaction which has remained curiously unexplored, the human stare. In the first book of its kind, Garland-Thomson defines staring, explores the factors that motivate it, and considers the targets and the effects of the stare. While borrowing from psychology and biology to help explain why the impulse to stare is so powerful, she also enlarges and complicates these formulations with examples from the realm of imaginative culture. Featuring over forty illustrations, *Staring* captures

the stimulating combination of symbolic, material and emotional factors that make staring so irresistible while endeavoring to shift the usual response to staring, shame, into an engaged self-consideration. Elegant and provocative, this unique study advances new ways of thinking about visuality and the body that will appeal to readers who are interested in the overlap between the humanities and human behaviors.

Unprotected Texts - Jennifer Wright Knust 2011-01-25

"An explosive, fascinating book that reveals how the Bible cannot be used as a rulebook when it comes to sex. A terrific read by a top scholar."
-Bart Ehrman, author of *Misquoting Jesus*
Boston University's cutting-edge religion scholar Jennifer Wright Knust reveals the Bible's contradictory messages about sex in this thoughtful, riveting, and timely reexploration of the letter of the gospels. In the tradition of Bart

Erhman's Jesus Interrupted and John Shelby Spong's Sins of Scripture, Knust's Unprotected Texts liberates us from the pervasive moralizing—the fickle dos and don'ts—so often dictated by religious demagogues. Knust's powerful reading offers a return to the scripture, away from the mere slogans to which it is so often reduced.

101 Weapons of Spiritual Warfare -

Dr. D. K. Olukoya 2013-12-10

101 Weapons of Spiritual Warfare
Never in the history of the world has there been an era of war, both physical and spiritual, like this era. This is a tougher era of warfare. More people are under bondage now, more than in any other period of human history. There are cases of deep bondage, uncommon attacks against the family and horrendous

occurrences in the lives of individuals. The devil has wreaked a lot of havoc upon humanity. The bible has described in vivid terms that God is aware of the high state of demonic hostilities. Hence the Holy Spirit has released the prophetic revelations in this book in order to place us in good stead for a unique role in this end times. This manual is the first of its kind. This is the apex of deliverance. We are the threshold of a revival of spiritual warfare. The sweeping and the far reaching effect shall be best described as awesome!

The Rogerenes - John Rogers Bolles

*Occult Holidays, Or, God's Holy Days-
-which?* - Fred R. Coulter 2006
Confused and disillusioned, many

today are wondering, "Is there a God? Where is He? What, if anything, is God doing?" Mankind sees scant evidence in religion of God's direct involvement in the course of humanity. Shackled by tradition and religious myths, even professing "Christianity" gropes in a vacuum of ignorance regarding God's true plan for mankind. Why? Because man has (for the most part, unknowingly) rejected the key to that plan-the knowledge of the seventh-day Sabbath and holy days of God. Instead, traditional holidays-including Sunday-have been adopted and accepted as "Christian." Declaring the "end from the beginning," the true God of the Bible is actively involved in the affairs of man, ordering events according to His master plan as outlined by His Sabbath and feast

days. Obviously, Satan the devil hates God's plan-for it also pictures his ultimate removal as the "god of this present age." In what is perhaps one of the greatest conspiracies in the history of mankind, Satan has devised a cleverly disguised counterfeit "Christianity" to blind men from the knowledge of God's true plan. Analogous to King Jeroboam of ancient Israel-who substituted false "feast days" in place of God's true holy days-Satan has deceptively ensnared an unsuspecting world into believing that pagan occult holidays are acceptable forms of worship toward God. In Occult Holidays or God's Holy Days-Which?, Fred R. Coulter brings to light this satanic conspiracy, uncovering in detail the occult roots of today's so-called "Christian" holidays-Halloween,

Christmas, Easter, etc.-proving that such holidays are, in reality, a form of Satan worship. Mr. Coulter demonstrates how God's seven annual holy days form a type of framework upon which are hung the various aspects of God's plan as they are fulfilled over time. This publication fully illustrates how God's seventh-day Sabbath and holy days picture His plan of salvation for all of mankind, concentrating on the establishment of the Kingdom of God and the eternal rule of Jesus Christ.
