Exploring Social Psychology - David G. Myers 2015

AP Psychology Premium - Allyson J. Weseley 2020-04-07

Always study with the most up-to-date prep! Look for AP Psychology Premium, 2022-2023, ISBN 9781506278513, on sale January 4, 2022. Publisher's Note: Products purchased from third-party sellers are not guaranteed by the publisher for quality, authenticity, or access to any online entitles included with the product.

Social Psychology - David G. Myers 2021-09

"We cast social psychology in the intellectual tradition of the liberal arts. By the teaching of great literature, philosophy, and science, liberal arts education seeks to expand our awareness and to liberate us from the confines of the present.

By focusing on humanly significant issues, we aim to offer social psychology's big ideas and findings to pre-professional psychology students, and to do so in ways that stimulate all students. And with close-up looks at how the game is played-at the varied research tools that reveal the workings of our social nature-we hope to enable students to think smarter"--

Tools of Critical Thinking - David A. Levy 2009-09-09

This innovative text is designed to improve thinking skills through the application of 30 critical thinking principles—Metathoughts. These specialized tools and techniques are useful for approaching all forms of study, inquiry, and problem solving. Levy applies Metathoughts to a diverse array of issues in contemporary clinical, social, and cross-cultural psychology: identifying strengths and weaknesses in various schools of thought, defining and explaining psychological phenomena, evaluating the accuracy and usefulness of research studies, reducing logical flaws and personal biases, and improving the search for creative solutions. The Metathoughts are brought to life with practical examples, clinical vignettes, illustrations, anecdotes, thought-

provoking exercises, useful antidotes, and contemporary social problems and issues. Tools of Critical Thinking, 2/E is primarily suited as a core textbook for courses in critical thinking/problem solving, or makes an ideal supplement in a wide variety of undergraduate and graduate psychology courses, including introductory psychology, abnormal psychology (psychopathology), cross-cultural psychology, theories and methods of psychotherapy, research methods and design, theories of personality, clinical practicum, and contemporary problems and issues in psychology. Second Edition features: The application of critical thinking skills to cross-cultural psychology and issues of cultural diversity More than 60 new and updated reference citations related to a wide range of contemporary topics 140 multiple-choice test bank items and 20 short-answer/essay questions Comprehensive PowerPoint CD package as a pedagogical aid to augment lecture presentations Improved glossary of key terms, containing over 300 fully cross-referenced definitions The expanded use of humor, including parodies, cartoon illustrations, and clever satires

These online exams can be easily accessed by smartphone, tablet, or computer.

Psychology in Everyday Life - David G. Myers 2011-02-18

Creating an exceptionally student-friendly textbook in psychology isn't just about making the chapters shorter and pages more colorful. It's about using that type of format to provide a clear portrait of psychological science, concise but not oversimplified, all while continually answering the recurring student question: "What does this

have to do with me?" David Myers' brief introduction to psychology, *Psychology in Everyday Life*, certainly does offer brief, easily manageable chapters and a colorful, image-rich design (both shaped by extensive research, class testing, and instructor/student feedback). But what makes it such an exceptional text is what flows through those chapters—rich presentations of psychology's core concepts and field-defining research, examined in context of the everyday lives of all kinds of people around the world and communicated in the captivating storyteller's voice that is instantly recognizable as Myers'. The new edition of *Psychology in Everyday Life* offers an extraordinary amount of new research, effective new inquiry-based study tools, and further design innovations, all while maintaining its trademark brevity and clean layout. And it is accompanied by an innovative media/supplements of the same scope as all of David Myers' more comprehensive textbooks.

Exploring Psychology, Sixth Edition, in Modules - David G. Myers
2004-12-07

The success of the modular version of David Myers's bestselling brief text, *Exploring Psychology*, proves the author's longheld belief (supported by independent research) that for a number of students, a text comprised of 45 15-page chapters is more effective than one of 15 45-page chapters. *Exploring Psychology, Sixth Edition, in Modules* includes all the features and up-to-date content of the current edition of *Exploring Psychology* organized into 45 modules. It is accompanied by its own expansive variety of media and supplements similar to the *Exploring Psychology* package, also reorganized to match the modular format. This is NOT a brief version of *Psychology, Seventh Edition, in Modules*. Rather,

this text is a MODULARIZED version of *Exploring Psychology, Sixth Edition. Psychology, Seventh Edition, in Modules* - David G. Myers 2004-06

Strive for 5: Preparing for the AP Psychology Examination - David G. Myers 2014-04-15

Study Guide to Accompany Psychology - David G. Myers 2011-12-21

This detailed study guide helps students to understand and retain the material in *Psychology, 10th edition*, at an even higher level than by reading the text alone. Each chapter includes self-test and exercises, chapter reviews and overviews, and objectives from the text.

Psychology - David G. Myers
2011-12-19

David Myers' bestselling *Psychology* has reached a wider audience of students and instructors with each new edition. Myers and his team lead the field in being attuned to psychology's research and the needs of the instructors and students in the course today. Ten million student class testers and thousands of adopting instructors can attest to the quality of this project. True to form, this landmark new Tenth Edition is another vigorous, deeply considered revision. Watch our new videos from David Myers here, including our animation on THE TESTING EFFECT narrated by David Myers. For more information on the new edition of *Psychology*, please visit our preview site.

Psychology, Seventh Edition (High School) - David G. Myers 2003-06-06

This new edition continues the story of psychology with added research and enhanced content from the most dynamic areas of the field—cognition, gender and diversity studies, neuroscience and more, while at the same time using the most effective teaching approaches and learning

tools

Social Psychology 3e - Abell MYERS
2020-08-04

Psychology, Ninth Edition, In Modules (Loose Leaf) - David G. Myers
2009-09-28

Psychology In Modules - David G. Myers
2009-09-28

This version of the main text breaks down the chapters into shorter modules, for more accessibility. The smaller chunks allow students to better grasp and explore psychological concepts. The modules also allow more flexibility in teaching, as cross-references to other chapters have been replaced with brief explanations.

Myers' Psychology for the AP® Course
- David G. Myers 2018-04-02

Thus begins market-leading author David Myers' discussion of developmental psychology in Unit 9 of his new Myers' Psychology for AP® Second Edition. With an undeniable gift for writing, Dr. Myers will lead your students on a guided tour of psychological science and poignant personal stories. Dr. Myers teaches, illuminates, and inspires. Four years ago, we published this groundbreaking text which is correlated directly to the AP® course. Today, we build on that innovation and proudly introduce the 2nd AP® Edition.

Whether you are new to AP® psychology or have many years under your belt, this uniquely AP® book program can help you achieve more.

Study Guide for Psychology, Seventh Edition - Richard O. Straub
2003-06-20

This new edition continues the story of psychology with added research and enhanced content from the most dynamic areas of the field-- cognition, gender and diversity studies, neuroscience and more, while at the same time using the most

effective teaching approaches and learning tools.

Updated Myers' Psychology for the AP® Course - David G. Myers 2020-06-02

Announcing a new Myers/DeWall text, created specifically for the Fall 2019 AP® course framework! You are likely familiar with the name Dr. David G. Myers. Now, he and his new co-author, Nathan DeWall, bring you a book that will allow you to use College Board's new Personal Progress Checks and Dashboard more effectively. This updated edition includes 100% of the new course content in the new nine-unit structure. All teacher and student resources will also be updated to correlate to the new student edition; this includes the TE, TRFD, TB, Strive, and LaunchPad. Everything will publish in summer 2020 such that you can use this new program for Fall 2020 classes. If you're not familiar with Myers/DeWall texts, you are in for a treat! Drs. Myers and DeWall share a passion for the teaching of psychological science through wit, humor, and the telling of poignant personal stories (individually identified in the text by the use of each author's initials [DM and ND]). Through close collaboration, these authors produce a unified voice that will teach, illuminate, and inspire your AP® students.

Exploring Psychology, Eighth Edition, In Modules - David G. Myers
2010-07-08

Exploring Psychology, Eighth Edition in Modules is the modular version of the #1 bestselling brief introduction to psychology: David Myers's Exploring Psychology. All the Myers hallmarks are here--the captivating writing, coverage based on the latest research, helpful pedagogical support--in a format that delivers the utmost in student accessibility and teaching flexibility.

Psychology (High School Edition) -

David G. Myers 2018-04-11

With every carefully revised, meticulously updated edition, Psychology by David Myers and Nathan DeWall continues to be the best-selling introductory psychology program. And students don't just use it--they love it. How do we know? They tell us. Students regularly contact the authors with feedback and appreciation for producing a text that is both enlightening and engaging. With wit and humor, and through poignant personal stories, Drs. Myers and DeWall lead you on an exciting journey through psychological science.

Social Psychology - David G. Myers
2013

In this edition, the author once again weaves an inviting and compelling narrative that speaks to ALL of your students regardless of background or intended major. And with Connect Social Psychology and LearnSmart, students are able to create a personalized learning plan helping them be more efficient and effective learners. With LearnSmart, students know what they know and master what they don't know and faculty are able to move to more in-depth classroom discussions. Through examples and applications as well as marginal quotations from across the breadth of the liberal arts and sciences, Myers draws students into the field of social psychology. At the same time, Myers is also in tune with the ever-changing state of social psychology research. Research Close-Up and Inside Story features throughout the book provide deeper exposure to key research and researchers. Marginal quotations, examples and applications throughout each chapter, and the concluding Applying Social Psychology chapters all ensure that regardless of your students' interests and future plans, *Social Psychology* will engage them.

EBOOK: Social Psychology - David Myers 2014-03-16

Social psychology is one of the most intriguing and captivating areas of psychology, as it has a profound influence on our everyday lives; from our shopping habits to our interactions at a party. Social psychology seeks to answer questions that we think and talk about with each other every day; questions such as: Why do some people behave differently when on their own, to when they're with a group? What leads individuals sometimes to hurt and sometimes to help one another? Why are we attracted to certain types of people? How do some persuade others to do what they want? The new edition of *Social Psychology* has been revised to introduce a more flexible structure for the teaching and studying of social psychology and includes up-to-date, international research in the area. There is an emphasis throughout on the critical evaluation of published research, in order to encourage critical thinking about the various topics. Applied examples across the chapters help to highlight the relevance, and hence the impact, that the theories and methods of this fascinating subject have upon the social world. Key Features Include: Research Close-Up: Following a brand new style, this feature matches the layout used in real research papers, providing an accessible introduction to journal articles and the research methods used by social psychologists. Focus On: Fully revised from the previous edition, these boxes now look at opposing viewpoints, controversial research or alternative approaches to topics within social psychology, offering a more critical outlook on topics and prompting the questioning of the validity of published research. Recommended Readings: New to this edition, recommended further

readings of both classic and contemporary literature have been added to each chapter, providing a springboard for further consideration of the topic. Connect Psychology is McGraw-Hill's digital learning and teaching environment. Students – You get easy online access to homework, tests and quizzes designed by your instructor. You get immediate feedback on how you're doing, making it the perfect platform to test your knowledge. Lecturers – It gives you the power to create auto-graded assignments, tests and quizzes online. The detailed visual reporting allows you to easily monitor your students' progress. In addition, you can still access key support materials for your teaching, including a testbank, seminar materials and lecture support. Visit: <http://connect.mcgraw-hill.com> for more details.

Barron's AP Psychology with CD-ROM - Robert McEntarffer 2010-02-01

This updated manual presents one diagnostic test and two full-length practice tests that reflect the actual AP Psychology Exam in length, subject matter, and difficulty. All test questions are answered and explained. It also provides extensive subject review covering all test topics. Topics reviewed include research methods, the biological basis of behavior, sensation and perception, states of consciousness, learning, cognition, personality, abnormal psychology, and treatment of disorders. This manual also presents an overview of the test, extra multiple-choice practice questions, test-taking tips, and an analysis of the test's essay question with a sample essay. Enclosed with the manual is a CD-ROM that presents two more practice tests with answers, explanations, and automatic scoring, as well as extensive subject review.

The Five Love Languages - Gary Chapman 2009-12-17

Marriage should be based on love, right? But does it seem as though you and your spouse are speaking two different languages? #1 New York Times bestselling author Dr. Gary Chapman guides couples in identifying, understanding, and speaking their spouse's primary love language-quality time, words of affirmation, gifts, acts of service, or physical touch. By learning the five love languages, you and your spouse will discover your unique love languages and learn practical steps in truly loving each other. Chapters are categorized by love language for easy reference, and each one ends with simple steps to express a specific language to your spouse and guide your marriage in the right direction. A newly designed love languages assessment will help you understand and strengthen your relationship. You can build a lasting, loving marriage together. Gary Chapman hosts a nationally syndicated daily radio program called A Love Language Minute that can be heard on more than 150 radio stations as well as the weekly syndicated program Building Relationships with Gary Chapman, which can both be heard on fivelovelanguages.com. The Five Love Languages is a consistent New York Times bestseller - with over 5 million copies sold and translated into 38 languages. This book is a

sales phenomenon, with each year outselling the prior for 16 years running!

Psychology in Modules - C. Nathan DeWall 2018-01-02

Approach the essential concepts of psychology today as *Psychology in Modules* presents meticulous, relevant science within a broad human perspective to help you successfully engage with the content.

Loose-leaf Version for Psychology - David G. Myers 2015-01-20

David Myers' new partnership with coauthor C. Nathan DeWall matches two dedicated educators and scholars, each passionate about teaching psychological science through writing and interactive media. With this new edition of the #1 bestselling *Psychology*, Myers and DeWall take full advantage of what an integrated text/media learning combination can do. New features move students from reading the chapter to actively learning online: *How Would You Know* puts students in the role of scientific researcher and includes tutorials on key research design principles; *Assess Your Strengths* self-tests help students learn a little more about themselves, and include tips about nurturing key strengths. These and other innovations rest on the same foundations that have always distinguished a new David Myers edition—exhaustive updating (hundreds of new citations), captivating writing, and the merging of rigorous science with a broad human perspective that engages both the mind and heart.

Psychology, Sixth Edition in Modules - David G. Myers 2001-07

The hardcover, spiralbound edition of Myers's new modular version of *Psychology*, 6/e.

Psychiatric-Mental Health Nursing - Jeffrey S Jones, DNP, PMHCNS, BC, LNC 2012-03-16

This psychiatric-mental health undergraduate textbook, based on the theories of Hildegard Peplau and Joyce Travelbee, is the first recent book devoted to interpersonal relations as the foundation for therapeutic practice in psychiatric nursing. It guides the student through the essential phases of self-discovery necessary to integrate interpersonal nursing theory into practice, and provides a historical overview of the profession. The book addresses the most current ISPN and APNA competencies and presents content designed to foster self-growth, and critical thinking and decision-making skills, as well as to implement therapeutic interventions. It offers an overview of theories of mental illness and a detailed discussion of commonly seen psychiatric disorders, and addresses mental health care settings across the lifespan and different populations. Clinical case studies and first-hand accounts vividly describe the realities of living with specific mental illnesses, "What would you do?" questions stimulate discussions, and sample and practice care plans for chronic mental illness facilitate integration of concepts into practice. Evidence-based practice summaries from psychiatric nursing and related research literature are included, and NANDA guidelines are integrated throughout. A new chapter with DSM-V updates is also available. This affordably priced text additionally comes with supplementary materials for both teachers and students, including handy review guides, summaries, drug monographs, and hyperlinks to films

and video illustrating content. A test bank and PowerPoint slides are also available for instructors. Key Features: Integrates and applies the Peplau/Travelbee interpersonal relations theories to the four-step Assessment, Planning/Diagnosing, Implementation, and Evaluation (APIE) nursing process Addresses critical thinking, clinical decision making, therapeutic interventions, case management roles, and mental health care settings across the lifespan Features NCLEX preparation questions, vivid clinical scenarios, and evidence-based practice summaries Addresses the most current ISPN and APNA competencies A new chapter with DSM-V updates is available Both student and teacher digital aids, including review guides, summaries, hyperlinks to films and video, and drug monographs are available A test bank and PowerPoint slides are also available for instructors eBook Features (available in all eBook formats): Bidirectional link between Key Terms and their glossary definitions Learning Outcomes at start of chapters link to respective sections in book Hyperlinks to supplementary films and videos Care plans DSM-V update This book is also available as part of a discounted set. To view the Psychiatric-Mental Health Nursing Special A Student Pack, click the link above. *Scientific American Reader Third Edition for Myers* - David G. Myers 2010-07-27 Longtime Myers collaborator Richard Straub provides an updated study guide for the new edition. [Exploring Psychology](#) - David G. Myers 2010-05-15
