Psychology In Modules (Spiral) - David G. Myers 2009-09-28

Why Myers? David Myers has become the world's best-selling introductory psychology author by serving the needs of instructors and students so well. Each Myers textbook offers an impeccable combination of up-to-date research, well-crafted pedagogy, and effective media and supplements. Most of all, each Myers text demonstrates why this author's style works so well for students, with his signature compassionate, companionable voice, and superb judgment about how to communicate the science of psychology and its human impact. Why Modules? This modules-based version of Myers' best-selling, full-length text, Psychology (breaking down that book's 16 chapters into 59 short modules) is yet another example of the author's ability to understand what works in the classroom. It comes from Myers' experiences with students who strongly prefer textbooks divided into briefer segments instead of lengthier chapters, and with instructors who appreciate the flexibility offered by the modular format. Modular organization presents material in smaller segments. Students can easily read any module in a single sitting. Self-standing modules. Instructors can assign modules in their own preferred order. The modules make no assumptions about what students have previously read. Illustrations and key terms are repeated as needed. This modular organization of short, stand-alone text units enhances teacher flexibility. Instead of assigning the entire Sensation and Perception chapter, instructors can assign the module on vision, the module on hearing, and/or the module on the other senses in whatever order they choose. Watch our new videos from David Myers here, including our animation on THE TESTING EFFECT narrated by David Myers.

Psychology and Personal Growth - Nelson Goud 1997

A collection of essays, articles, excerpts from longer works, drawings, and photo-essays selected to apply psychology to personal development, organized by themes of identity, human communication, growth dynamics, feelings and emotions, human relationships, and a quality life. Exploring Psychology - David G. Myers 2018-10-19

Do you want your students to engage with and retain psychology's key principles, and to work toward becoming better students and better people in the process? Best-selling Exploring Psychology offers creative ways to help make it happen. The new edition of Exploring Psychology offers outstanding currency on the research, practice, and teaching of psychology. Myers and DeWall inspire students with fascinating findings and applications, effective new study tools and technologies, and a compassionate and compelling storytelling voice. Their presentation is based on the same guiding principles that made David Myers the world's bestselling introductory psychology author. Facilitate learning by teaching critical thinking and helping students at every step. Present psychology as a science, emphasizing the process of inquiry and putting facts in the service of concepts. Make sure students come away with an appreciation of psychology's big ideas, and with a deeper respect for humanity--what drives us, distinguishes us, unifies us.

Abnormal Psychology - Thomas F. Oltmanns 2012

It's not about them, it's about all of us. With a focus on critical thinking, Oltmanns and Emery prepare students for the DSM-V and beyond by addressing key issues and concepts that will remain, even as diagnostic criteria change. In Abnormal Psychology, 7th edition Oltmanns and Emery bring both the science and personal aspects of abnormal psychology to life with a focus on evidence-based practice and emerging research. The authors emphasize that abnormal psychology is not about "them," it's about all of us. Using extensive case studies, they present the most cutting edge information on abnormal psychology by covering methods and treatment in context. Organized around the way students learn, this ground breaking text integrates the biological, psychological, and social perspectives in one concurrent story. Teaching & Learning Experience Personalize Learning - The new MyPsychLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Improve Critical Thinking - With a focus on critical thinking students are encouraged to be "inquiring skeptics." Engage Students - "Speaking Out" video series and case studies woven throughout each chapter engage students in the science and the practice of abnormal psychology. Explore Research - Detailed coverage of research methods and treatment is presented in every chapter; treatment is also covered in a standalone chapter. Support Instructors - "Speaking Out" videos on DVD, MyPsychLab's Class Prep, video embedded PowerPoints on DVD, MyTest, clicker questions, and an instructor's manual provide extensive support for instructors. Note: MyPsychLab does not come automatically packaged with this text. To purchase MyPsychLab, please visit: www.mypsychlab.com or you can purchase a valuepack of the text + MyPsychLab (at no additional cost). VP: 9780205229260

Psychology - C. Nathan DeWall 2018-01-02

David Myers' bestselling Psychology has reached a wider audience of students and instructors with each new

edition. Myers and his team lead the field in being attuned to psychology's research and the needs of the instructors and students in the course today. Ten million student class testers and thousands of adopting instructors can attest to the quality of this project. True to form, this landmark new 11th Edition is another vigorous, deeply considered revision.

Exploring Psychology - David G. Myers 2009-12-25

Far and away the bestselling brief introduction to psychology, David Myers' *Exploring Psychology* doesn't just present the story of the psychology. It involves students deeply in that story, as they learn to think critically about psychology's core ideas, breakthrough research findings, and wide-ranging applications to their lives and the world around them. The new Eighth Edition is both classic Myers and cutting-edge psychological science, a rich presentation more than ever before, helps students develop the critical thinking skills they need to make their encounters with psychological science successful and personally enriching. The most extensively revision to date, the Eighth Edition features many hundreds of new research citations, over 40% new photos, and state-of-the-art media and supplements--plus an all new critical thinking feature, Test for Success: Critical Thinking Exercises. Still, with the book's continual evolution, one constant remains: the inimitable writing of David Myers, who continues to show an uncanny ability to engage the curiosities of all kinds of students as they explore both the scientific and human aspects of the field of psychology. Watch our new animation on THE TESTING EFFECT narrated by David Myers here.

Psychology, 8th Edition in Modules - David G. Myers 2007

Whether you are new to AP® psychology or have many years under your belt, this uniquely AP® book program can help you achieve more.

Social Psychology - David G. Myers 2021-09

"We cast social psychology in the intellectual tradition of the liberal arts. By the teaching of great literature, philosophy, and science, liberal arts education seeks to expand our awareness and to liberate us from the confines of the present. By focusing on humanly significant issues, we aim to offer social psychology's big ideas and findings to pre-professional psychology students, and to do so in ways that stimulate all students. And with close-up looks at how the game is played-at the varied research tools that reveal the workings of our social nature-we hope to enable students to think smarter"--

Exploring Psychology, Eighth Edition, In Modules - David G. Myers 2010-07-08

Exploring Psychology, Eighth Edition in Modules is the modular version of the #1 bestselling brief introduction to psychology: David Myers's *Exploring Psychology*. All the Myers hallmarks are here--the captivating writing, coverage based on the latest research, helpful pedagogical support--in a format that delivers the utmost in student accessibility and teaching flexibility.

Exploring Social Psychology - David G. Myers 2006-07-01

Psychology in Modules - David G. Myers 2000-10

David Myers's "Psychology" is a textbook like no other always fresh, always introducing effective new tools for teaching and learning, and always attuned to the fascinating ways that new research can shape the introductory psychology course. The new Eighth Edition is vintage Myers. It redefines excellence for an introductory psychology textbook, raising the standard with its expanded emphasis on diversity and gender issues, its incorporation of new frontiers in research studies in such areas as neuroscience and cognition, new learning features, and its expanded media/supplements package. Myers continues the tradition of previous editions of bonding psychological science with a broad perspective that engages both the mind and the heart.

Psychology, Eighth Edition, in Modules Visual Concept Reviews - Richard O. Straub 2007-08-29

This full-color booklet--available for free when shrink-wrapped with the book or Study Guide--offers fill-in-the-blank style concept charts that allow students to apply their understanding of the concepts to real-life situations(with answers in an appendix). Some of the Concept Reviews focus on the biopsychosocial approach, thus extending the levels of analysis theme that David Myers has further applied in the text, for this edition.

Social Psychology - David G. Myers 2021

Study Guide for Psychology 6e - Richard O. Straub 2000-07-14

This eighth edition of David G. Myers' 'Psychology' includes expanded coverage of the most recent developments in the dynamic fields of cognitive science, neuroscience, cultural and gender diversity, and industrial/organisational psychology.

Social Psychology - John DeLamater 2018-08-15

This fully revised and updated edition of *Social Psychology* is an engaging exploration of the question, "what makes us who we are?" presented in a new, streamlined fashion. Grounded in the latest research, *Social Psychology* explains the methods by which social psychologists investigate human behavior in a social context and the theoretical perspectives that ground the discipline. Each chapter is designed to be a self-contained unit for ease of use in any classroom. This edition features new boxes providing research updates and "test yourself " opportunities, a focus on critical thinking skills, and an increased emphasis on diverse populations and their experiences.

Social Psychology - David G. Myers 2013

In this edition, the author once again weaves an inviting and compelling narrative that speaks to ALL of your students regardless of background or intended major. And with *Connect Social Psychology* and *LearnSmart*, students are able to create a personalized learning plan helping them be more efficient and effective learners. With *LearnSmart*, students know what they know and master what they don't know and faculty are able to move to more in-depth classroom discussions. Through examples and applications as well as marginal quotations from across the breadth of the liberal arts and sciences, Myers draws students into the field of social psychology. At the same time, Myers is also in tune with the ever-changing state of social psychology research. *Research Close-Up* and *Inside Story* features throughout the book provide deeper exposure to key research and researchers. Marginal quotations, examples and applications throughout each chapter, and the concluding *Applying Social Psychology* chapters all ensure that regardless of your students' interests and future plans, *Social Psychology* will engage them.

Psychology, Eighth Edition (Loose Leaf) - David G. Myers 2006-07-01

Exploring Psychology - David G. Myers 2003-04-01

Exploring Social Psychology - David G Myers 2015

Discovering Psychology - Richard Otto Straub 1992

Available now, Sixth Edition combines Myers' genuine love of communicating the field's major ideas to an uninitiated audience with new pedagogical tools including cutting edge technology for teaching and learning.

Psychology, Eighth Edition in Modules (Spiralbound) - David G. Myers 2006-07-31

This modular version of Myers's full-length text, *Psychology*, reflects the author's research-supported belief that many students learn better using a text comprised of brief modules, as opposed standard-length chapters. *Psychology*, Eighth Edition, in Modules breaks down the 18 chapters of *Psychology* into 58 short modules, retaining that acclaimed text's captivating writing, superior pedagogy, and wealth of references to recent cutting-edge research. The modular version has its own extensive media and supplements package, with content organized to match its table of contents.

[Psychology, Seventh Edition \(High School\)](#) - David G. Myers 2003-06-06

Psychology - Sandra E. Hockenbury 2018-03-15

This acclaimed classroom favourite makes the science of psychology come alive for students, with personal stories that exemplify important concepts in a student-friendly way and coverage of the field's scientific foundations and advances. The substantially updated new edition extends the book's focus on developing scientific literacy in the context of psychology, with new features in print and in the book's new online course space, LaunchPad. These features are the result of the book's most dramatic addition—Sandra Hockenbury's new writing partnership with co-author, Susan Nolan, who shares her belief that the introductory course can help all kinds of students develop a real understanding of psychology and lasting scientific literacy without sacrificing the field's research core. The book can also be purchased with the breakthrough online resource, LaunchPad, which offers innovative media content, curated and organised for easy assignability. LaunchPad's intuitive interface presents quizzing, flashcards, animations and much more to make learning actively engaging.

[Policy & Politics in Nursing and Health Care - E-Book](#) - Diana J. Mason 2020-01-28

Learn how to influence policy and become a leader in today's changing health care environment. Featuring analysis of cutting-edge healthcare issues and first-person insights, *Policy & Politics in Nursing and Health Care*, 8th Edition continues to be the leading text on nursing action and activism. Approximately 150 expert contributors present a wide range of topics in policies and politics, providing a more complete background than can be found in any other policy textbook on the market. This expanded 8th edition helps you develop a global understanding of nursing leadership and political activism, as well as the complex business and financial issues that drive many actions in the health system. Discussions include the latest updates on

conflict management, health economics, lobbying, the use of media, and working with communities for change. With these innovative insights and strategies, you will be prepared to play a leadership role in the four spheres in which nurses are politically active: the workplace, government, professional organizations, and the community. Comprehensive coverage of healthcare policies and politics provides a broader understanding of nursing leadership and political activism, as well as complex business and financial issues. Key Points at the end of chapters helps you review important, need-to-know lesson content. Taking Action essays include personal accounts of how nurses have participated in politics and what they have accomplished. Expert authors make up a virtual Nursing Who's Who in healthcare policy, sharing information and personal perspectives gained in the crafting of healthcare policy. NEW! The latest information and perspectives are provided by nursing leaders who influenced health care reform, including the Affordable Care Act. NEW! Added information on medical marijuana presents both sides of this ongoing debate. NEW! More information on health care policy and the aging population covers the most up-to-date information on this growing population. NEW! Expanded information on the Globalization of Nursing explores international policies and procedures related to nursing around the world. NEW! Expanded focus on media strategies details proper etiquette when speaking with the press. NEW! Expanded coverage of primary care models and issues throughout text. NEW! APRN and additional Taking Action chapters reflect the most recent industry changes. NEW! Perspectives on issues and challenges in the government sphere showcase recent strategies and complications.

Updated Myers' Psychology for the AP® Course - David G. Myers 2020-06-02

Announcing a new Myers/DeWall text, created specifically for the Fall 2019 AP® course framework! You are likely familiar with the name Dr. David G. Myers. Now, he and his new co-author, Nathan DeWall, bring you a book that will allow you to use College Board's new Personal Progress Checks and Dashboard more effectively. This updated edition includes 100% of the new course content in the new nine-unit structure. All teacher and student resources will also be updated to correlate to the new student edition; this includes the TE, TRFD, TB, Strive, and LaunchPad. Everything will publish in summer 2020 such that you can use this new program for Fall 2020 classes. If you're not familiar with Myers/DeWall texts, you are in for a treat! Drs. Myers and DeWall share a passion for the teaching of psychological science through wit, humor, and the telling of poignant personal stories (individually identified in the text by the use of each author's initials [DM and ND]). Through close collaboration, these authors produce a unified voice that will teach, illuminate, and inspire your AP® students.

Psychology - Henry Gleitman 2012

Exploring Social Psychology - David Myers 2017-01-20

Exploring Social Psychology succinctly explores social psychological science and applies it to contemporary issues and everyday life. Based on the bestselling text, *Social Psychology* by David Myers and Jean Twenge, the book presents 31 short modules—each readable in a single sitting—that introduce students to such scientific explorations as love and hate, conformity and independence, prejudice and helping, and persuasion and self-determination. The Connect course for this offering includes SmartBook, an adaptive reading and study experience which guides students to master, recall, and apply key concepts while providing automatically-graded assessments. McGraw-Hill Connect® is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following: • SmartBook® - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content. • Access to your instructor's homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course. • Progress dashboards that quickly show how you are performing on your assignments and tips for improvement. • The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping. Complete system requirements to use Connect can be found here:
