Service-Learning in Physical Education and Other Related Professions - Marybeth P. Miller 2010-01-12

The study and application of service learning as a pedagogy has become widespread. Service-Learning in Physical Education and Other Related Professions: A Global Perspective demonstrates how faculty in physical education and other related professions have designed, implemented, assessed, and conducted action research involving service-learning as a teaching and learning method, both locally and globally, as a means of both serving the community and enriching the lives of their students. This text is broken down into three parts: •Part I provides a definition of service learning, examines the parameters that have been explored in physical education and higher education in general, and the integration of standards to ensure high-quality service-learning. •Part II focuses on the pedagogical frameworks in which service-learning thrives and explores how the model specifically meets national standards and best practices. It also explores the emerging role of research as a measurement tool of the effectiveness of service learning. •Part III explores a variety

of programs from around the globe that utilize service-learning in their pedagogical framework, and provides the nuts and bolts of what they have done and their accomplishments.

Club Management Issues in Australia and North America - Clayton W. Barrows 2012-10-12

Discover the unique challenges confronting the club industry As a distinctive sector of the hospitality industry, private clubs have their own unique set of challenges. *Club Management Issues in Australia and North America* provides a one-of-a-kind exploration of the membership, human resource, and other key management issues of the niche industry of private clubs—on two very different continents. This book closely examines the latest research to provide scholars and practitioners with a clear picture of the economic and social implications springing from the growth of the diverse private club industry while offering cogent discussions on effective management strategies. The impact of economic downturns affects all sectors of the hospitality market, including the private club industry. *Club Management Issues in Australia and North America* illustrates the trends now seen in the club industry in two major world markets. The book examines the declining membership issues in the United States and presents thoughtful consideration of

member recruitment strategies. Australia's marked differences in private clubs are comprehensively explained, with a clear focus on the gaming aspect present there. An overview of the history of the club industry in Australia is presented, with emphasis on gaming machine operations and the positive and negative social and economic impact gambling has on the country. A thematic review of club management issues from years past gives readers a clearer understanding of where the industry is today and what areas need more empirical research. Employment relations are discussed in detail. A comparative analysis is also presented of the various challenges faced by clubs competing with one another. Legislative restrictions of advertising and marketing are explored, along with crucial membership and patronage issues. The book provides: research on changes in memberships in clubs in the United States a study on declining waiting lists at clubs characteristics club managers look for in job applicants differences in equity and non-equity membership structures an overview of the history of machine gambling in New South Wales analyses of past issues of taxation legislation, employment relations, social issues, innovation, and others—and the need for further empirical study how regulatory changes impact wage determination the effects of legislation restrictions on gaming advertising, promotion, and external signage analysis of the impact of clubs' involvement with special events consumer behavior in the club industry a case study of a club's failed attempt to tap into the youth market *Club Management Issues in Australia and North America* is timely, informative reading for hospitality educators and students, hospitality professionals, and hospitality companies doing research in the private club industry.

Hospitality Marketing and Consumer Behavior - Vinnie Jauhari 2017-06-26

Creating memories and joyous experiences for consumers is a key dimension affecting the profitability and growth of a hospitality firm. Drawing on global experiences, this new book looks at the diverse factors that create these positive experiences and provides insight into marketing and consumer behavior in the context of hospitality and tourism. The dynamics of emerging economies has been captured, and some lessons have been drawn from best practices across the globe.
