Cost Management Accounting - Flumo Y. Stevens 1995-08-01

Academic Literacy Development - Laura-Mihaela Muresan 2021-03-11

This edited book brings together an international cast of contributors to examine how academic literacy is learned and mastered in different tertiary education settings around the world. Bringing to the fore the value of qualitative enquiry through ethnographic methods, the authors illustrate in-depth descriptions of genre knowledge and academic literacy development in first and second language writing. All of the data presented in the chapters are original, as well as innovative in the field in terms of content and scope, and thought-provoking regarding theoretical, methodological and educational approaches. The contributions are also representative of both novice and advanced academic writing experiences, providing further insights into different stages of academic literacy development throughout the career-span of a researcher. Set against the backdrop of internationalisation trends in Higher Education and the pressure on multilingual academics to publish their research outcomes in English, this volume will be of use to academics and practitioners interested in the fields of Languages for Academic Purposes, Applied Linguistics, Literacy Skills, Genre Analysis and Acquisition and Language Education.

Now You're Speaking My Language - Gary Chapman 2014-01-01

Now You're Speaking My Language from multimillion selling author Gary Chapman (The Five Love Languages) encourages husbands and wives to offer steadfast loyalty, forgiveness, empathy, and commitment to resolving conflict, thus encouraging each other in spiritual growth. With great clarity, Dr. Chapman shows how communication and intimacy are key points in developing a successful marriage by focusing on these principles: Lasting answers to marital growth are found in the Bible, Your relationship with God enhances your marriage relationship, Communication is the main way two become one in a marriage, and Biblical oneness involves sex, but also intellectual, spiritual, emotional, and social oneness.

Cost and Management Accounting - Cloete Melanie Marimuthu Ferina 2014-05-15

Poverty and Famines - Amartya Sen 1983-01-20

This book focuses on the causes of starvation in general and famines in particular. The traditional analysis of famines is shown to be fundamentally defective, and the author develops an alternative analysis.

Financial Accounting - Richard F. Kochanek 2010

The 7th Edition of Financial Accounting focuses on analysis and interpretation while retaining the basics of relevant accounting processes. Analyzing and interpreting real-life financial statements are a key part of this text. This edition covers all recent developments in financial reporting, including International Financial Reporting Standards, FASB Accounting Standards Codification, eXtensible Business Reporting Language changes, the role of the Public Company Accounting Oversight Board, and new internal control standards. Part I develops the basic accounting model using a simplified corporate form and explains the concepts and steps in the accounting cycle. The authors introduce the statement of cash flows early in the text. Part II introduces internal controls and cash accounting issues. Chapters then cover income measurement and valuation issues relating to receivables, short-term financing, inventories, and long-term assets. Part III discusses the corporation as a unique form of business organization. The authors discuss accounting for the issuance of bonds using both the straight-line and the effective interest methods. Part IV illustrates the statement of cash flows using a unique introduction that shows interrelationships among the financial statements and discusses financial statement analysis with an emphasis on the significance and interpretation of the

results. It concludes with international accounting and financial reporting issues which includes a complete discussion of IFRS.

Subject Catalog of the Institute of Governmental Studies Library, University of California, Berkeley - University of California, Berkeley. Institute of Governmental Studies. Library 1971

Africa In-The-World - Cyrille B. Koné 2021-02

This book is above all an example of philosophical reflection in Africa, refuting traditional commonplaces concerning the continent. The texts comprising this volume disprove the misconceptions that Africa has never understood itself and has never contributed to the enrichment of knowledge, the development of rational thought, philosophy, the arts, science and technology as well as civilization. For the members of the recently established network Africa In-The-World, the contributions dealing with musical rhythms, dances and the continental humanist philosophy confirm that Africanisation is a process that continues unabated to this day. The multiple and significant African contributions are often difficult to see because they have long since been adopted and integrated into the heritage of humanity. Africa In-The-World is working toward the construction of a universal humanity - one conceived in terms of a "give and take mentality."

Open Access - Peter Suber 2012-07-20

A concise introduction to the basics of open access, describing what it is (and isn't) and showing that it is easy, fast, inexpensive, legal, and beneficial. The Internet lets us share perfect copies of our work with a worldwide audience at virtually no cost. We take advantage of this revolutionary opportunity when we make our work "open access": digital, online, free of charge, and free of most copyright and licensing

restrictions. Open access is made possible by the Internet and copyright-holder consent, and many authors, musicians, filmmakers, and other creators who depend on royalties are understandably unwilling to give their consent. But for 350 years, scholars have written peer-reviewed journal articles for impact, not for money, and are free to consent to open access without losing revenue. In this concise introduction, Peter Suber tells us what open access is and isn't, how it benefits authors and readers of research, how we pay for it, how it avoids copyright problems, how it has moved from the periphery to the mainstream, and what its future may hold. Distilling a decade of Suber's influential writing and thinking about open access, this is the indispensable book on the subject for researchers, librarians, administrators, funders, publishers, and policy makers.

Profit & Lo\$\$ - R. A. Weinstein 2017-04-26

On the gritty side of Seattle, beneath the glitter of high-tech high rises, Crista Foxx is panicking as it looks like her worst nightmare is about to come true. Struggling to survive in a grim economy, she finds herself in the middle of a bizarre and gruesome murder mystery when she invites a former socialite who now lives in her car to sleep on her sofa. *Profit & Lo\$\$* is an action-packed, true-to-life thriller set in the shadow of the Emerald City.

Corporate and Trust Structures - David Chaikin 2018-04-05

Corporate and Trust Structures: Legal and Illegal Dimensions is a collection of essays by experts in company law, trusts and financial crime. It explores the nature of companies and trusts, how they have been utilised for legitimate business purposes, and how they can be exploited by criminals for illegal purposes. Basic concepts relating to trusts and companies are considered, together with recent developments in corporate liability, including when liability may be attributed to companies and when the veil of limited liability may be lifted. Complex corporate structures, including the ownership structure of the Alibaba Group, are examined. The Panama Papers' revelations are also discussed together with the mechanisms within trusts and company structures that make them vulnerable and attractive for criminal abuse. The essayists address critical issues in the domestic and international contexts, including the requirements of the international standards against money laundering relevant to trusts and companies. Academics, lawyers, business people and policy-makers will find the essays topical and relevant.

Probability, Statistics, and Stochastic Processes - Peter Olofsson 2012-05-22

Praise for the First Edition ". . . an excellent textbook . . . well organized and neatly written." —Mathematical Reviews ". . . amazingly interesting . . ." —Technometrics Thoroughly updated to showcase the interrelationships between probability, statistics, and stochastic processes, *Probability, Statistics, and Stochastic Processes, Second Edition* prepares readers to collect, analyze, and characterize data in their chosen fields. Beginning with three chapters that develop probability theory and introduce the axioms of probability, random variables, and joint distributions, the book goes on to present limit theorems and simulation. The authors combine a rigorous, calculus-based development of theory with an intuitive approach that appeals to readers' sense of reason and logic. Including more than 400 examples that help illustrate concepts and theory, the Second Edition features new material on statistical inference and a wealth of newly added topics, including: Consistency of point estimators Large sample theory Bootstrap simulation Multiple hypothesis testing Fisher's exact test and Kolmogorov-Smirnov test Martingales, renewal processes, and Brownian motion One-way analysis of variance and the general linear model Extensively class-tested to ensure an accessible presentation, *Probability, Statistics, and Stochastic Processes, Second Edition* is an excellent book for courses on probability and statistics at the upper-undergraduate level. The book is also an ideal resource for scientists and

engineers in the fields of statistics, mathematics, industrial management, and engineering.

Night Myst - Yasmine Galenorn 2010-06-29

Eons ago, vampires tried to turn the Dark Fae in order to harness their magic, only to create a demonic enemy more powerful than they imagined. Now Myst, the Vampiric Fae Queen of the Indigo Court, has enough power to begin a long prophesied supernatural war. And Cicely Waters, a witch who can control the wind, may be the only one who can stop her and save her beloved Fae prince from the Queen's enslavement.
