Labor and the Class Idea in the United States and Canada - Barry Eidlin 2018-05-03

Why are unions weaker in the US than they are in Canada, despite the countries' many similarities?

Dispatches from the Ebony Tower - Manning Marable 2001-03-01

What constitutes black studies and where does this discipline stand at the end of the twentieth century? In this wide-ranging and original volume, Manning Marable—one of the leading scholars of African American history—gathers key materials from contemporary thinkers who interrogate the richly diverse content and multiple meanings of the collective experiences of black folk. Here are numerous voices expressing very different political, cultural, and historical views, from black conservatives, to black separatists, to blacks who advocate radical democratic transformation. Here are topics ranging from race and revolution in Cuba, to the crack epidemic in Harlem, to Afrocentrism and its critics. All of these voices, however, are engaged in some aspect of what Marable sees as the essential triad of the black intellectual tradition: describing the reality of black life and experiences, critiquing racism and stereotypes, or proposing positive steps for the empowerment of black people. Highlights from *Dispatches from the Ebony Tower*: Henry Louis Gates Jr. and Manning Marable debate the role of activism in black studies. John Hope Franklin reflects on his role as chair of the President's race initiative. Cornel West discusses topics that range from the future of the NAACP through the controversies surrounding Louis Farrakhan and black nationalism to the very question of what "race" means. Amiri Baraka lays out strategies for a radical new curriculum in our schools and universities. Marable's introduction provides a thorough overview of the history and current state of black studies in America.

Black Judgement - Nikki Giovanni 1968

Race, Reform, and Rebellion - Manning Marable 1991

"This contemporary history of black America outlines the basic problems and challenges during the crucial era of black reform. Aimed at students of contemporary American politics and society, this acclaimed study by one of the most articulate and eloquent authorities on the movement for black freedom traces the divergent elements for political, social, and moral reform in non-white America since 1945. Through the 1950s and 1960s Marable traces the emergence of a powerful black working class, the successful effort to abolish legal segregation, the outbreak of Black Power, urban rebellion, and the renaissance of black nationalism. He explores the increased participation of blacks and ethnic groups in the electoral and governmental systems and the white reaction to racial progress. For this new, updated edition, Marable now explores the political backlash against the reforms and programs of political liberalism attained during the period he terms the Second Reconstruction. He shows how in the 1980s and early 1990s the African-American community rapidly became transformed by poverty, illegal drugs, unemployment, and a deteriorating urban socioeconomic infrastructure. Marable presents a dramatic and disturbing history of the social protest movement and captures personalities, conflicts, and goals of many generations of African-Americans struggling for civil rights and equality"--Back cover.

American Politics and the African American Quest for Universal Freedom - Hanes Walton, Jr 2017-03-30

This dynamic and comprehensive text from nationally renowned scholars continues to demonstrate the profound influence African Americans have had -- and continue to have -- on American politics. Through the use of two interrelated themes -- the idea of universal freedom and the concept of minority-majority coalitions -- the text demonstrates how the presence of Africans in the United States affected the founding of the Republic and its political institutions and processes. The authors show that through the quest for their own freedom in the United States, African Americans have universalized and expanded the freedoms of all Americans. New to the Eighth Edition A new co-author, Sherri L. Wallace, is renowned for her

teaching, scholarship, and participation in APSA's American government textbook assessment for coverage of race, ethnicity, and gender. She is the perfect addition following an election year that included female presidential candidates as well as candidates of color and issues focusing on racial tension and inequality. Offers a new Media Integration Guide for the first time. Provides the first overall assessment of the Obama administration in relation to domestic and foreign policy and racial politics in particular. Updated through the 2016 elections, connecting the Obama years with the new administration. Looks at candidates Hillary Clinton and Ben Carson in particular in relation to the themes of the book. Adds a new section on State Politics and Elections. Includes new sections on intersectionality dealing with issues of race, gender and sexuality; LGBT issues as another manifestation of the struggle for universal freedom; a discussion of the "Black Lives Matter" movement; and a new section focusing on the changing character of black ethnicity as result of increased immigration from Africa and the Caribbean. Discusses the way in which race contributed to the polarization of American politics; the connections to the Tea Party; and the Obama Presidency and the 2016 presidential campaign as the most polarized since the advent of polling. Previews the impact of the Trump Administration on matters of race and ethnicity.

The Media in Black and White - Everette E. Dennis 2011-12-31

The media's treatment of and interaction with race, like race itself, is one of the most sensitive areas in American society. Whether in its coverage and treatment of racial matters or racial connections inside media organizations themselves, mass communication is deeply involved with race. *The Media in Black and White* brings together twenty journalists and scholars, of various racial backgrounds, to grapple with a controversial issue: the role that media industries, from advertising to newspapers to the information superhighway, play in helping Americans understand race. Contributors include Ellis Cose, a contributing editor for *Newsweek*; Manning Marable, chairman of Columbia University's African-American Research Center; William Wong, a columnist for the *Oakland Tribune*; Lisa Penaloza, a University of Illinois professor; and Melita Marie Garza, a *Chicago Tribune* reporter. Among the topics discussed are: the quality of reporting on immigrant issues; how sensationalism may be deepening the chasm of misunderstanding between the races; how the coverage of America's drug wars has been marked by racism; and whether politically correct language is interfering with coverage of vital issues and problems. The contributors of *The Media in Black and White* hope to broaden the narrow vision of the United States and the world beyond with their contributions to the debate over race and the media. The commentary found in this important work will be of interest to sociologists, communication specialists, and black studies scholars.

Civil Rights, the 1960s Freedom Struggle - Rhoda Lois Blumberg 1991

Traces the development of the movement to secure civil rights for Black Americans from 1955 to 1968 and profiles the movement's leaders

I've Got the Light of Freedom - Charles M. Payne 1995

Traces the history of the civil rights movement in Mississippi, and describes how ordinary men and women became caught up in the struggle

The Myth of Race - Robert Wald Sussman 2014-10-06

Although eugenics is now widely discredited, some groups and individuals claim a new scientific basis for old racist assumptions. Pondering the continuing influence of racist research and thought, despite all evidence to the contrary, Robert Sussman explains why—when it comes to race—too many people still mistake bigotry for science.

The Great Wells Of Democracy - Manning Marable 2002-11-27

A discussion of racial politics in America proposes an inclusive democracy that encompasses such positions as the re-enfranchisement of felons, state support for faith-based institutions, and a reconfiguration of racial identity.

Against Racism - W. E. B. Du Bois 1988

A collection of essays, papers, and addresses which explains the author's views on racism

The Second Reconstruction - Gary Donaldson 2000

This text traces the history of the civil rights movement in the years following World War II, to the present day. Issues discussed the Civil Rights Act of 1964, the Voting Rights of 1965, and the Northern Ireland ghetto's.

Unfortunately, Marable's blistering insights into racial injustice and economic inequality remain depressingly relevant. But the good news is that Marable's prescient analysis-and his eloquent and self-critical preface to this new edition-will prove critical in helping us to think through and conquer the oppressive forces that remain."-Michael Eric Dyson, author of *I May Not Get There with You: The True Martin Luther King, Jr.* "For those of us who came of political age in the 1980s, Manning Marable's *How Capitalism Underdeveloped Black America* was one of our bibles. Published during the cold winter of Reaganism, he introduced a new generation of Black activists/thinkers to class and gender struggles within Black communities, the political economy of incarceration, the limitations of Black capitalism, and the nearly forgotten vision of what a socialist future might look like. Two decades later, Marable's urgent and hopeful voice is as relevant as ever."-Robin D.G. Kelley, author of *Yo' Mama's DisFunktional!*:

The Reconstruction of Southern Education - Gary Orfield 1969

How Capitalism Underdeveloped Black America - Manning Marable 2015-11-02

"How Capitalism Underdeveloped Black America is one of those paradigm-shifting, life-changing texts that has not lost its currency or relevance—even after three decades. Its provocative treatise on the ravages of late capitalism, state violence, incarceration, and patriarchy on the life chances and struggles of black working-class men and women shaped an entire generation, directing our energies to the terrain of the prison-industrial complex, anti-racist work, labor organizing, alternatives to racial capitalism, and challenging patriarchy—personally and politically."—Robin D. G. Kelley "In this new edition of his classic text . . . Marable can challenge a new generation to find solutions to the problems that constrain the present but not our potential to seek and define a better future."—Henry Louis Gates, Jr. "[A] prescient analysis."—Michael Eric Dyson *How Capitalism Underdeveloped Black America* is a classic study of the intersection of racism and class in the United States. It has become a standard text for courses in American politics and history, and has been central to the education of thousands of political activists since the 1980s. This edition is presented with a new foreword by Leith Mullings.

If I Had a Hammer - Maurice Isserman 1987

From Civil Rights to Human Rights - Thomas F. Jackson 2013-07-17
Martin Luther King, Jr., is widely celebrated as an American civil rights hero. Yet King's nonviolent opposition to racism, militarism, and economic injustice had deeper roots and more radical implications than is commonly appreciated, Thomas F. Jackson argues in this searching reinterpretation of King's public ministry. Between the 1940s and the 1960s, King was influenced by and in turn reshaped the political cultures of the black freedom movement and democratic left. His vision of unfettered human rights drew on the diverse tenets of the African American social gospel, socialism, left-New Deal liberalism, Gandhian philosophy, and Popular Front internationalism. King's early leadership reached beyond southern desegregation and voting rights. As the freedom movement of the 1950s and early 1960s confronted poverty and economic reprisals, King

championed trade union rights, equal job opportunities, metropolitan integration, and full employment. When the civil rights and antipoverty policies of the Johnson administration failed to deliver on the movement's goals of economic freedom for all, King demanded that the federal government guarantee jobs, income, and local power for poor people. When the Vietnam war stalled domestic liberalism, King called on the nation to abandon imperialism and become a global force for multiracial democracy and economic justice. Drawing widely on published and unpublished archival sources, Jackson explains the contexts and meanings of King's increasingly open call for "a radical redistribution of political and economic power" in American cities, the nation, and the world. The mid-1960s ghetto uprisings were in fact revolts against unemployment, powerlessness, police violence, and institutionalized racism, King argued. His final dream, a Poor People's March on Washington, aimed to mobilize Americans across racial and class lines to reverse a national cycle of urban conflict, political backlash, and policy retrenchment. King's vision of economic democracy and international human rights remains a powerful inspiration for those committed to ending racism and poverty in our time.

Farther to Go - Franklin D. Gilliam 2002

Part documentary anthology, part literature review, and part bibliography, *FARTHER TO GO* gives students a thorough historical grounding in the field of racial politics. Dr. Gilliam imparts a strong working knowledge of the civil rights movement, as well as the cultural, economic, and psychological nuances underlying the relationship between the black community and the political system. To that end, the text presents significant court cases, speeches, and statutes that allow students to discover the texture of racial politics in America.

Black Feeling Black Talk - Nikki Giovanni 1971-01-01

Black Feeling, Black Talk/Black Judgement is one of the single most important volumes of modern African-American poetry. This book, electrifying generations with its revolutionary phrases and inspiring them with such Nikki Giovanni masterpieces as the lyrical "Nikki-Rosa" and the intimate "Knoxville, Tennessee," is the seminal volume of Nikki Giovanni's body of work. *Black Feeling, Black Talk/Black Judgement* made Nikki Giovanni famous in 1968, and this reissue of her classic will enthrall those who have always adored her poems--and those who are just getting to know her work. As a witness to three generations, Nikki Giovanni has perceptively and poetically recorded her observations of both the outside world and the gentle yet enigmatic territory of the self. When her poems first emerged from the Black Rights Movement in the late 1960s, she immediately became a celebrated and controversial poet of the era. Written in one of the most commanding voices to grace America's political and poetic landscape at the end of the twentieth century, Nikki Giovanni's poems embody the fearless passion and spirited wit for which she is beloved and revered. *Black Feeling, Black Talk/Black Judgement* is one of the single most important volumes of modern African-American poetry. Beyond Black and White - Manning Marable 2016-11-08

Highly acclaimed dissection of the "new racism," from one of the greatest radical black intellectuals of our time Many in the United States, including Barack Obama, have called for a "post-racial" politics; yet race still divides the country politically, economically, and socially. In this highly acclaimed work, Manning Marable rejects both liberal inclusionist strategies and the separatist politics of the likes of Louis Farrakhan. Looking back at African-American politics and the fight against racism of the recent past, he argues powerfully for a "transformationist" strategy that retains a distinctive black cultural identity but draws together all the poor and exploited in a united struggle against oppression.

Race, Reform and Rebellion - Manning Marable 1984

This study traces the divergent elements for political, social and moral reform in non-white America during the period 1945-1990, and analyses the vision of multi-racial democracy and social transformation.

The Portable Malcolm X Reader - Manning Marable 2013-01-16

A look at Malcolm X's life and times from his Pulitzer Prize-winning biographer, Manning Marable. Manning Marable's Pulitzer Prize-winning biography, *Malcolm X: A Life of Reinvention*, has reshaped perceptions of one of America's great revolutionary thinkers. This volume, the first collection of major documents addressing Malcolm X in decades, features never-before-published material, including articles from major newspapers and underground presses, oral histories, police reports, and FBI files, to shine a brighter light on Malcolm's life and times. Conceived as both a companion to the biography and a standalone volume, and assembled by Marable and his key researcher, Garrett Felber, prior to Marable's untimely death, *The Portable Malcolm X Reader* presents an invaluable portrait of Malcolm X. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Sound Commitments - Robert Adlington 2009-02-19

The role of popular music is widely recognized in giving voice to radical political views, the plight of the oppressed, and the desire for social change. Avant-garde music, by contrast, is often thought to prioritize the pursuit of new technical or conceptual territory over issues of human and social concern. Yet throughout the activist 1960s, many avant-garde musicians were convinced that aesthetic experiment and social progressiveness made natural bedfellows. Intensely involved in the era's social and political upheavals, they often sought to reflect this engagement in their music. Yet how could avant-garde musicians make a meaningful contribution to social change if their music remained the preserve of a tiny, initiated clique? In answer, *Sound Commitments*, examines the encounter of avant-garde music and "the Sixties" across a range of genres, aesthetic positions and geographical locations. Through music for the concert hall, tape and electronic music, jazz and improvisation, participatory "events," performance art, and experimental popular music, the essays in this volume explore developments in the United States, France, West Germany, Italy, the Netherlands, the Soviet Union, Japan and parts of the "Third World," delving into the deep richness of avant-garde musicians' response to the decade's defining cultural shifts. Featuring new archival research and/or interviews with significant figures of the period in each chapter, *Sound Commitments* will appeal to researchers and advanced students in the fields of post-war music, cultures of the 1960s, and the avant-garde, as well as to an informed general readership.

Visions of Progress - Douglas Charles Rossinow 2008

Rossinow revisits the period between the 1880s and the 1940s, when reformers and radicals worked together along a middle path between the revolutionary left and establishment liberalism. He takes the story up to the present, showing how the progressive connection was lost and explaining the consequences that followed.

SNCC - Howard Zinn 2012-11-01

Howard Zinn tells the story of one of the most important political groups in American history. SNCC: The New Abolitionists influenced a generation of activists struggling for civil rights and seeking to learn from the successes and failures of those who built the fantastically influential Student Nonviolent Coordinating Committee. It is considered an indispensable study of the organization, of the 1960s, and of the process of social change. Includes a new introduction by the author.

Omali Yeshitela Speaks - Omali Yeshitela 2005

Omali Yeshitela is the Chairman of the African People's Socialist Party and leader of the Uhuru Movement. For the majority of his life, Yeshitela has worked for the liberation of African people. He speaks all over the world in his quest to build the African Socialist International. Yeshitela's struggle for a united and liberated Africa under the leadership of African workers continues the unfinished legacy of Marcus Garvey, Malcolm X, and Kwame Nkrumah. In this collection of 28 speeches, articles and interviews, including the full speech from "Wolves" as heard on the Dead Prez album "Let's Get Free," Yeshitela emerges as the foremost revolutionary political thinker of our time. His analysis from the "point of view of the slave" is sharp, witty and irrefutable.

Race Rebels - Robin Kelley 1996-06-01

Many black strategies of daily resistance have been obscured--until now. *Race Rebels*, argues Kelley, have created strategies of resistance, movements, and entire subcultures. Here, for the first time, everyday race rebels are given the historiographical attention they deserve, from the Jim Crow era to the present.

Radio Free Dixie - Timothy B. Tyson 2009-11-15

This book tells the remarkable story of Robert F. Williams--one of the most influential black activists of the generation that toppled Jim Crow and forever altered the arc of American history. In the late 1950s, as president of the Monroe, North Carolina, branch of the NAACP, Williams and his followers used machine guns, dynamite, and Molotov cocktails to confront Klan terrorists. Advocating "armed self-reliance" by blacks, Williams challenged not only white supremacists but also Martin Luther King Jr. and the civil rights establishment. Forced to flee during the 1960s to Cuba--where he broadcast "Radio Free Dixie," a program of black politics and music that could be heard as far away as Los Angeles and New York City--and then China, Williams remained a controversial figure for the rest of his life. Historians have customarily portrayed the civil rights movement as a nonviolent call on America's conscience--and the subsequent rise of Black Power as a violent repudiation of the civil rights dream. But *Radio Free Dixie* reveals that both movements grew out of the same soil, confronted the same predicaments, and reflected the same quest for African American freedom. As Robert Williams's story demonstrates, independent black political action, black cultural pride, and armed self-reliance operated in the South in tension and in tandem with legal efforts and nonviolent protest.

From #BlackLivesMatter to Black Liberation - Keeanga-Yamahtta Taylor 2016-02-01

The author of *Race for Profit* carries out "[a] searching examination of the social, political and economic dimensions of the prevailing racial order" (Michelle Alexander, author of *The New Jim Crow*). In this winner of the Lannan Cultural Freedom Prize for an Especially Notable Book, Keeanga-Yamahtta Taylor "not only exposes the canard of color-blindness but reveals how structural racism and class oppression are joined at the hip" (Robin D. G. Kelley, author of *Freedom Dreams*). The eruption of mass protests in the wake of the police murders of Michael Brown in Ferguson, Missouri, and Eric Garner in New York City have challenged the impunity with which officers of the law carry out violence against black people and punctured the illusion of a post-racial America. The Black Lives Matter movement has awakened a new generation of activists. In this stirring and insightful analysis, activist and scholar Keeanga-Yamahtta Taylor surveys the historical and contemporary ravages of racism and the persistence of structural inequality, such as mass incarceration and black unemployment. In this context, she argues that this new struggle against police violence holds the potential to reignite a broader push for black liberation. "This brilliant book is the best analysis we have of the #BlackLivesMatter moment of the long struggle for freedom in America. Keeanga-Yamahtta Taylor has emerged as the most sophisticated and courageous radical intellectual of her generation." —Dr. Cornel West, author of *Race Matters* "A must read for everyone who is serious about the ongoing praxis of freedom." —Barbara Ransby, author of *Ella Baker and the Black Freedom Movement* "[A] penetrating, vital analysis of race and class at this critical moment in America's racial history." —Gary Younge, author of *The Speech: The Story Behind Dr. Martin Luther King Jr.'s Dream*

Malcolm X - Manning Marable 2011-04-04

Winner of the Pulitzer Prize for History and a New York Times bestseller, the definitive biography of Malcolm X Hailed as "a masterpiece" (*San Francisco Chronicle*), Manning Marable's acclaimed biography of Malcolm X finally does justice to one of the most influential and controversial figures of twentieth-century American history. Filled with startling new information and shocking revelations, *Malcolm X* unfolds a sweeping story of race and class in America. Reaching into Malcolm's troubled youth, it traces a path from his parents' activism as followers of Marcus Garvey through his own work with the Nation of Islam and rise in the world of black nationalism, and culminates in the never-before-told true story of his assassination. *Malcolm X* is a stunning achievement, the definitive work on one of our greatest advocates for social change.

Beyond Black and White - Manning Marable 1995

A generation removed from the Civil Rights Movement and the Black Power explosion of the 1960s, the pursuit of racial equality and social justice for African-Americans seems more elusive than ever. The realities of contemporary black America capture the nature of the crisis: life expectancy for black males is now below retirement age; median black

income is less than 60 per cent that of whites; over 600,000 African-Americans are incarcerated in the US penal system; 23 per cent of all black males between the ages of eighteen and 29 are either in jail, on probation or parole, or awaiting trial. At the same time, affirmative action programs and civil rights reforms are being challenged by white conservatism. Confronted with a renascent right and the continuing burden of grotesque inequality, Manning Marable argues that the black struggle must move beyond previous strategies for social change. The politics of black nationalism, which advocates the building of separate black institutions, is an insufficient response. The politics of integration, characterized by traditional middle-class organizations like the NAACP and Urban League, seeks only representation without genuine power. Instead, a transformationist approach is required, one that can embrace the unique cultural identity of African-Americans while restructuring power and privilege in American society. Only a strategy of radical democracy can ultimately deconstruct race as a social force. *Beyond Black and White* brilliantly dissects the politics of race and class in the US of the 1990s. Topics include: the Clarence Thomas-Anita Hill controversy; the factors behind the rise and fall of Jesse Jackson's Rainbow Coalition; Benjamin Chavis and the conflicts within the NAACP; and the national debate over affirmative action. Marable outlines the current debates in the black community between liberals, 'Afrocentrists', and the advocates of social transformation. He advances a political vision capable of drawing together minorities into a majority which can throw open the portals of power and govern in its own name.

Carnival of Fury - William Ivy Hair 2008-02-01

One July week in 1900 an obscure black laborer named Robert Charles drew national headlines when he shot twenty-seven whites—including seven policemen—in a series of encounters with the New Orleans police. An avid supporter of black emigration, Charles believed it foolish to rely on southern whites to uphold the law or to acknowledge even minimal human rights for blacks. He therefore systematically armed himself, manufacturing round after round of his own ammunition before undertaking his intentionally symbolic act of violent resistance. After the shootings, Charles became an instant hero among some blacks, but to most people he remained a mysterious and sinister figure who had promoted a "back-to-Africa" movement. Few knew anything about his early life. This biography of Charles follows him from childhood in a Mississippi sharecropper's cabin to his violent death on New Orleans's Saratoga Street. With the few clues available, William Ivy Hair has pieced together the story of a man whose life spanned the thirty-four years from emancipation to 1900—a man who tried to achieve dignity and self-respect in a time when people of his race could not exhibit such characteristics without fear of reprisal. Hair skillfully penetrates the world of Robert Charles, the communities in which he lived, and the daily lives of dozens of people, white and black, who were involved in his experience. A new foreword by W. Fitzhugh Brundage sets this unique and innovative biography in the context of its time and demonstrates its relevance today.

[The Struggle for Black Equality](#) - Harvard Sitkoff 2008-09-30

The Struggle for Black Equality is a dramatic, memorable history of the civil rights movement. Harvard Sitkoff offers both a brilliant interpretation of the personalities and dynamics of civil rights organizations and a compelling analysis of the continuing problems plaguing many African Americans. With a new foreword and afterword, and an up-to-date bibliography, this anniversary edition highlights the continuing significance of the movement for black equality and justice.

[Mainstreaming Black Power](#) - Tom Adam Davies 2017-04-11

Mainstreaming Black Power upends the narrative that the Black Power movement allowed for a catharsis of black rage but achieved little institutional transformation or black uplift. Retelling the story of the 1960s

and 1970s across the United States—and focusing on New York, Atlanta, and Los Angeles—this book reveals how the War on Poverty cultivated black self-determination politics and demonstrates that federal, state, and local policies during this period bolstered economic, social, and educational institutions for black control. *Mainstreaming Black Power* shows more convincingly than ever before that white power structures did engage with Black Power in specific ways that tended ultimately to reinforce rather than challenge existing racial, class, and gender hierarchies. This book emphasizes that Black Power's reach and legacies can be understood only in the context of an ideologically diverse black community.

Race, Reform and Rebellion - Manning Marable 2018-07-21

Since its original publication, this book has become widely known as one of the most crucial political and social histories of African Americans. This updated third edition analyzes the effects of such factors as black neo-conservatism, welfare reform, the Million Man March, the mainstreaming of hip-hop culture, 9/11, and Hurricane Katrina.

Race, Reform, and Rebellion - Manning Marable 2022-11-15

Since its original publication in 1984, Manning Marable's *Race, Reform, and Rebellion* has become widely known as the most crucial political and social history of African Americans since World War II. Aimed at students of contemporary American politics and society and written by one of the most articulate and eloquent authorities on the movement for black freedom, this acclaimed study traces the divergent elements of political, social, and moral reform in nonwhite America since 1945. This third edition brings Marable's study into the twenty-first century, analyzing the effects of such factors as black neoconservatism, welfare reform, the Million Man March, the mainstreaming of hip-hop culture, 9/11, and Hurricane Katrina. Marable's work, brought into the present, remains one of the most dramatic, well-conceived, and provocative histories of the struggle for African American civil rights and equality. Through the 1950s and 1960s, Marable follows the emergence of a powerful black working class, the successful effort to abolish racial segregation, the outbreak of Black Power, urban rebellion, and the renaissance of Black Nationalism. He explores the increased participation of blacks and other ethnic groups in governmental systems and the white reaction during the period he terms the Second Reconstruction. *Race, Reform, and Rebellion* illustrates how poverty, illegal drugs, unemployment, and a deteriorating urban infrastructure hammered the African American community in the 1980s and early 1990s.

No Coward Soldiers - Waldo E. Martin 2005-02-28

In this exploration of the 20th-century civil rights and black power eras, Martin uses cultural politics as a lens through which to understand the African-American freedom struggle. In freedom songs, in the exuberance of an Aretha Franklin concert, in Faith Ringgold's exploration of race and sexuality, the personal and social became the political.

Before His Time - Ben Green 1999

Part biography and part detective story, this examination of the life and still unsolved assassination of Harry Moore, a man who fought for racial equality in Florida well before the civil rights movement caught on, reveals two possibly bungled FBI investigations. 20,000 first printing.
