How Learning Works - Susan A. Ambrose 2010-04-16

Praise for *How Learning Works* "How Learning Works is the perfect title for this excellent book. Drawing upon new research in psychology, education, and cognitive science, the authors have demystified a complex topic into clear explanations of seven powerful learning principles. Full of great ideas and practical suggestions, all based on solid research evidence, this book is essential reading for instructors at all levels who wish to improve their students' learning." —Barbara Gross Davis, assistant vice chancellor for educational development, University of California, Berkeley, and author, *Tools for Teaching* "This book is a must-read for every instructor, new or experienced. Although I have been teaching for almost thirty years, as I read this book I found myself resonating with many of its ideas, and I discovered new ways of thinking about teaching." —Eugenia T. Paulus, professor of chemistry, North Hennepin Community College, and 2008 U.S. Community Colleges Professor of the Year from The Carnegie Foundation for the Advancement of Teaching and the Council for Advancement and Support of Education "Thank you Carnegie Mellon for making accessible what has previously been inaccessible to those of us who are not learning scientists. Your focus on the essence of learning combined with concrete examples of the daily challenges of teaching and clear tactical strategies for faculty to consider is a welcome work. I will recommend this book to all my colleagues." —Catherine M. Casserly, senior partner, The Carnegie Foundation for the Advancement of Teaching "As you read about each of the seven basic learning principles in this book, you will find advice that is grounded in learning theory, based on research evidence, relevant to college teaching, and easy to understand. The authors have extensive knowledge and experience in applying the science of learning to college teaching, and they graciously share it with you in this organized and readable book." —From the Foreword by Richard E. Mayer, professor of psychology, University of California, Santa Barbara; coauthor, *e-Learning and the Science of Instruction*; and author, *Multimedia Learning*

Positive Discipline - Jane Nelsen 1996

Explains why children misbehave; discusses class and family meetings, mutual respect, and responsibility; and tells how parents and teachers can be more understanding and supportive

Raising Your Spirited Child Workbook - Mary Sheedy Kurcinka 1998-03-04

The Essential Companion Workbook To The National Bestseller *Raising Your Spirited Child*, In this companion workbook, Mary Sheedy Kurcinka brings readers into her world-famous workshops, where she offers parents and educators insights, emotional support and proven strategies for dealing with spirited children. The key word that distinguishes spirited children from other children is "more" -- more intense, more persistent, more sensitive and more uncomfortable with change. Through exercises, observations and dialogue from actual groups, Kurcinka helps readers learn to identify the triggers that lead to tantrums and challenging behaviors. Included are clues to

help you identify the little things that can make or break a day tips for profiling your child's temperament and your own cues that indicate intensity is rising successful strategies for reducing and eliminating power struggles By combining the intuition and compassion gained from parenting a spirited child with the wisdom of an expert who has worked with thousands of families, Mary Sheedy Kurcinka helps parents and educators view their unique challenge with perseverance, flexibility, sensitivity, and, most of all, enjoyment.

The Exploited Child - Bernard Schlemmer 2000-07

This investigation of child labor explores difficult conceptual and public policy issues. It demonstrates the sheer prevalence of the commercial exploitation of child labor in both industrial and developing countries, and its rapid growth today under the twin pressures of mass poverty and the globalized marketplace for labor. In addition to its rich empirical material from countries in Asia, Latin America, Africa, and Europe, the author makes a clear distinction between the socialization of children through labor within the family and their economic exploitation for profit. It also focuses on the role of adults with responsibility for children, and the specific form which paternal domination takes towards children.

Keep It Positive - Juda Carter Ma 2010-10

Provides a method of parenting to transform your home into a loving, peaceful, and respectful environment. Create an environment in which your child will want to behave, foster an internal sense of respect and responsibility in your child, structure your routines to encourage positive behavior, and use Biblical principles to undergird all of the above.

Nicomachean Ethics - Aristotle 2021-11-13

Nicomachean Ethics Aristotle - The *Nicomachean Ethics* is one of Aristotle's most widely read and influential works. Ideas central to ethics—that happiness is the end of human endeavor, that moral virtue is formed through action and habituation, and that good action requires prudence—found their most powerful proponent in the person medieval scholars simply called "the Philosopher." Drawing on their intimate knowledge of Aristotle's thought, Robert C. Bartlett and Susan D. Collins have produced here an English-language translation of the *Ethics* that is as remarkably faithful to the original as it is graceful in its rendering. Aristotle is well known for the precision with which he chooses his words, and in this elegant translation his work has found its ideal match. Bartlett and Collins provide copious notes and a glossary providing context and further explanation for students, as well as an introduction and a substantial interpretive essay that sketch central arguments of the work and the seminal place of Aristotle's *Ethics* in his political philosophy as a whole. The *Nicomachean Ethics* has engaged the serious interest of readers across centuries and civilizations—of peoples ancient, medieval, and modern; pagan, Christian, Muslim, and Jewish—and this new edition will take its place as the standard English-language translation.

The Highly Intuitive Child - Catherine Crawford 2009-02

Provides guidance for raising intuitive children, including techniques to prevent sensory overload and reduce stress, advice on when and how to seek professional help, and how to minimize other every day challenges they face.

Transforming the Difficult Child - Howard Glasser 2006-12-01

This book enables parents and carers of 'really difficult' children to help their child succeed and flourish. The nurtured heart approach has helped thousands of families in America who previously felt their child was stuck. This new UK edition reflects parents' increasing need for effective ways of parenting their intense children without needing to turn to medication.

Get Out of My Life, But First Could You Drive Me & Cheryl to the Mall - Anthony E. Wolf 2002-08-21

A lighthearted but insightful guide to raising adolescent children shows parents how to deal with teenagers living in a faster-paced, less morally certain world than the one they knew. Original. 50,000 first printing.

Bright Not Broken - Diane M. Kennedy 2011-09-13

The future of our society depends on our gifted children—the population in which we'll find our next Isaac Newton, Albert Einstein, or Virginia Woolf. Yet the gifts and talents of some of our most brilliant kids may never be recognized because these children fall into a group known as twice exceptional, or “2e.” Twice exceptional kids are both gifted and diagnosed with a disability—often ADHD or an Autism Spectrum Disorder—leading teachers and parents to overlook the child's talents and focus solely on his weaknesses. Too often, these children get lost in an endless cycle of chasing diagnostic labels and are never given the tools to fully realize their own potential. *Bright Not Broken* sheds new light on this vibrant population by identifying who twice exceptional children are and taking an unflinching look at why they're stuck. The first work to boldly examine the widespread misdiagnosis and controversies that arise from our current diagnostic system, it serves as a wake-up call for parents and professionals to question why our mental health and education systems are failing our brightest children. Most importantly, the authors show what we can do to help 2e children, providing a whole child model for parents and educators to strengthen and develop a child's innate gifts while also intervening to support the deficits. Drawing on painstaking research and personal experience, *Bright Not Broken* offers groundbreaking insight and practical strategies to those seeking to help 2e kids achieve their full potential. Diane M. Kennedy, author of *The ADHD-Autism Connection*, is a long time advocate, international speaker/trainer, and mother of three twice-exceptional sons. Rebecca S. Banks, M.A., co-author of *The ADHD-Autism Connection*, is a veteran educator, national speaker/trainer, and mother of two twice-exceptional children. Temple Grandin, Ph.D., is a professor, prolific author, and one of the most accomplished and renowned adults with autism in the world.

The New Strong-Willed Child - James C. Dobson 2014-08-22

Is a willful little darling driving you to distraction? *The New Strong-Willed Child* is the resource you need—a classic bestseller completely rewritten, updated, and expanded for a new generation of parents and teachers. Challenging as they are to raise, strong-willed children can grow up to be men and women of strong character—if lovingly guided with understanding and the right kind of discipline. Find out what Dr. James Dobson, today's most trusted authority on parenting, has to say about what makes strong-willed children the way they are; shaping the will while protecting the spirit; avoiding the most common parenting mistake; and much more. If you are struggling to raise and teach children who are convinced they should be able to live by their own rules, *The New Strong-Willed Child* is a must-read! (This new edition is part of Dr. James Dobson's *Building A Family Legacy* initiative.)

No Logo - Naomi Klein 2000-01-15

An analysis of the invasion of our personal lives by logo-promoting, powerful corporations combines muckraking

journalism with contemporary memoir to discuss current consumer culture

The Difficult Child - Stanley Turecki 2012-02-29

How to help--and cope with--the difficult child Expanded and completely revised, the classic and definitive work on parenting hard-to-raise children with new sections on ADHD and the latest medications for childhood disorders. Temperamentally difficult children can confuse and upset even experienced parents and teachers. They often act defiant, stubborn, loud, aggressive, or hyperactive. They can also be clingy, shy, whiny, picky, and impossible at bedtime, mealtimes, and in public places. This landmark book has been completely revised to include the latest information on ADHD, medications, and a reassuring approach to all aspects of childhood behavioral disorders. In this parenting classic, Dr. Stanley Turecki, one of the nation's most respected experts on children and discipline--and himself the father of a once difficult child--offers compassionate and practical advice to parents of hard-to-raise children. Based on his experience with thousands of families in the highly successful Difficult Children Program he developed for Beth Israel Medical Center in New York City, his step-by-step approach shows you how to: Identify your child's temperament using a ten-point test to pinpoint specific difficulties Manage common--often "uncontrollable"--conflict situations expertly and gently Make discipline more effective and get better results with less punishment Get support from schools, doctors, professionals, and support groups Understand ADHD and other common diagnoses, and decide if medication is right for your child Make the most of the tremendous potential and creativity that many "difficult" children have Drawing on his experience with thousands of families in his highly successful Difficult Child Program, Dr. Turecki shows parents how to: Identify their child's difficult temperament using a ten-point test to pinpoint specific difficulties Manage typical conflict situations expertly and kindly Make discipline more effective and get better results with less punishment Get support from schools, doctors, and others Understand ADHD and other common diagnoses, and decide whether medication is right for their child Make the most of the child's creativity and potential -->

Raising Your Spirited Baby - Mary Sheedy Kurcinka 2020-12-29

“Mary Sheedy Kurcinka, Ed.D., brings her expertise in raising spirited children to help you understand and soothe your spirited baby. Her research-based, parent-tested strategies will help your baby sleep better and develop a calmer, more resilient brain and nervous system.” —Dr. Laura Markham, founder of AhaParenting.com, and author of *Peaceful Parent, Happy Kids* From the beloved bestselling author whose award-winning parenting books have sold over 1 million copies—an indispensable guide to the unique needs of Spirited Infants™. Does your baby burst into tears when another baby in the same situation sleeps soundly? Do the strategies your friends swear by not work with your baby? Do the upsets and shrieking come out of seemingly nowhere and take forever to subside? Moms and dads who answer “yes,” are the parents of a spirited infant. Spirited infants are the outliers—the exceptions to the “rules.” They are genetically wired to be alert and intense. Raising them takes special skills and patient perseverance. In this groundbreaking new book, beloved parenting expert Mary Sheedy Kurcinka, Ed.D., offers her findings in the fields of neuroscience, sleep, temperament, self-regulation, attachment, and parent-child interactions, and shares what she has learned from hands-on experiences with families to bring this much-needed perspective to the parenting of babies under eighteen months of age, including: A plan for success with the 5-step Spirited Baby™ Methodology How to master the “NUDGE” approach to help your baby thrive Parental Permissions – practical advice for parents to help them make sure their needs are met Resources to ensure the whole family unit finds balance and happiness *Raising Your Spirited Baby* is a shame-free, guilt-free how-to handbook that will be embraced by parents—and everyone who supports them—as a simple, trusted companion.

Sleepless in America - Mary Sheedy Kurcinka 2009-03-17

From the author of *Raising Your Spirited Child*, the award-winning bestseller that has helped millions, a pioneering, research-based guide for parents to help their children get the sleep they need. Does your child refuse

to cooperate in the morning? Does he or she get into trouble for not listening? Are you finding that your child resists sleep and "loses it" over seemingly insignificant issues? You are not alone. An estimated 69 percent of American infants, children, and teens are sleep deprived. Studies have shown that sleep deficits can contribute to hyperactivity, distraction, forgetfulness, learning problems, illness, accidents, and disruptive behaviors. Often what our misbehaving kids really need isn't more "consequences" or more medication, but more sleep. Sleepless in America offers weary and frustrated parents a helping hand and an exciting new approach to managing challenging behaviors by integrating research on stress, sleep, and temperament with practical strategies. Dr. Mary has helped millions with her effective parenting tips and insights, and her five-step approach enables parents to help their "tired and wired" children get the sleep they so desperately need.

Teaching Children to Care - Ruth Charney 2002-03-01

"Ruth Charney gives teachers help on things that really matter. She wants children to learn how to care for themselves, their fellow students, their environment, and their work. Her book is loaded with practical wisdom. Using Charney's positive approach to classroom management will make the whole school day go better." - Nel Noddings, Professor Emeritus, Stanford University, and author of *Caring* This definitive work about classroom management will show teachers how to turn their vision of respectful, friendly, academically rigorous classrooms into reality. The new edition includes: More information on teaching middle-school students Additional strategies for helping children with challenging behavior Updated stories and examples from real classrooms. "Teaching Children to Care offers educators a practical guide to one of the most effective social and emotional learning programs I know of. The Responsive Classroom approach creates an ideal environment for learning—a pioneering program every teacher should know about." - Daniel Goleman, Author of *Emotional Intelligence* "I spent one whole summer reading *Teaching Children to Care*. It was like a rebirth for me. This book helped direct my professional development. After reading it, I had a path to follow. I now look forward to rereading this book each August to refresh and reinforce my ability to effectively manage a social curriculum in my classroom." - Gail Zimmerman, second-grade teacher, Jackson Mann Elementary School, Boston, MA

Bringing Up Boys - James C. Dobson 2014-08-22

Here's sensible advice and caring encouragement on raising boys from the nation's most trusted parenting authority, Dr. James Dobson. With so much confusion about the role of men in our society, it's no wonder so many parents and teachers are asking questions about how to bring up boys. Why are so many boys in crisis? What qualities should we be trying to instill in young males? Our culture has vilified masculinity and, as a result, an entire generation of boys is growing up without a clear idea of what it means to be a man. In the runaway bestseller *Bringing Up Boys*, Dr. Dobson draws from his experience as a child psychologist and family counselor, as well as extensive research, to offer advice and encouragement based on a firm foundation of biblical principles.

The Freedmen's Book - Lydia Maria Child 1866

SpanPublished in 1865 and edited by abolitionist L. Maria Child, *The Freedmen's Book* was intended to be used to teach recently freed African Americans to read and to provide them with inspiration. Thirsting for education, Freedmen were eagerly enrolling in any schools that would accept them. Child saw a need for texts and provided one of collected stories and poems written by former slaves and noted abolitionists, herself included./span

The One World Schoolhouse - Salman Khan 2012-10-02

A free, world-class education for anyone, anywhere. This is the goal of the Khan Academy, a passion project that grew from an ex-engineer and hedge funder's online tutoring sessions with his niece, who was struggling with algebra, into a worldwide phenomenon. Today millions of students, parents, and teachers use the Khan Academy's free videos and software, which have expanded to encompass nearly every conceivable subject; and Academy techniques are being employed with exciting results in a growing number of classrooms around the globe. Like

many innovators, Khan rethinks existing assumptions and imagines what education could be if freed from them. And his core idea-liberating teachers from lecturing and state-mandated calendars and opening up class time for truly human interaction-has become his life's passion. Schools seek his advice about connecting to students in a digital age, and people of all ages and backgrounds flock to the site to utilize this fresh approach to learning. In *THE ONE WORLD SCHOOLHOUSE*, Khan presents his radical vision for the future of education, as well as his own remarkable story, for the first time. In these pages, you will discover, among other things: How both students and teachers are being bound by a broken top-down model invented in Prussia two centuries ago Why technology will make classrooms more human and teachers more important How and why we can afford to pay educators the same as other professionals How we can bring creativity and true human interactivity back to learning Why we should be very optimistic about the future of learning. Parents and politicians routinely bemoan the state of our education system. Statistics suggest we've fallen behind the rest of the world in literacy, math, and sciences. With a shrewd reading of history, Khan explains how this crisis presented itself, and why a return to "mastery learning," abandoned in the twentieth century and ingeniously revived by tools like the Khan Academy, could offer the best opportunity to level the playing field, and to give all of our children a world-class education now. More than just a solution, *THE ONE WORLD SCHOOLHOUSE* serves as a call for free, universal, global education, and an explanation of how Khan's simple yet revolutionary thinking can help achieve this inspiring goal.

Empowering Your Indigo Child - Wayne D. Dosick 2009-03-01

Since the 1980s people have been writing about the indigo children. Today, many believe that nearly 80 percent of all children born are indigos. These are exceedingly creative, high-energy, perceptive kids who often don't fit in. They seem to have an awareness that is light years beyond their age and quite often they are labeled as ADD, ADHD, or ODD when in actuality they are, in the words of the Dosicks, simply "children of spirit." What sets this book apart from other books is that it approaches the issues facing indigos on a spiritual-energetic rather than purely cognitive level, and it is prescriptive, teaching a specially developed set of games that can help heal indigo children both in their own bodies and in their earthly relationships. Here the Dosicks name seventeen particular emotional wounds indigos hold in their bodies and give specific exercises for healing each one. The games have proven enormously helpful to these often-troubled kids—even preteens and teenagers. They celebrate the children's different ways of perception and calm their agitation. The games involve some hands-on healing techniques, some scripted meditations, and other quick and simple techniques. Each game takes no more than two minutes to play, and this book features 101 black-and-white photographs showing parents exactly how to use the practices.

Revelation - 1999-01-01

The final book of the Bible, *Revelation* prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Kids, Parents, and Power Struggles - Mary Sheedy Kurcinka 2001-02-20

End Those Power Struggles and Begin Connecting with Your Child Noted family educator Mary Sheedy Kurcinka struck a national chord with her bestselling *Raising Your Spirited Child*. Now she hits upon another crucial parenting topic: coping with the everyday challenges of disciplining your child, while understanding the issues behind his or her behavior. In *Kids, Parents, and Power Struggles*, she offers unique approaches to solving the daily, and often draining, power struggles between you and your child. Kurcinka views these conflicts as rich opportunities to teach your child essential life skills, like how to deal with strong emotions and problem solve. With her successful strategies, you'll be able to identify the trigger situations that set off these struggles and get to the root of the emotions and needs of you and your child.

Raising Your Spirited Child Rev Ed - Mary Sheedy Kurcinka 2006-11-28

Newly revised, featuring the most up-to-date research, effective strategies, and real-life stories The spirited child—often called "difficult" or "strong-willed"—possesses traits we value in adults yet find challenging in children. Research shows that spirited kids are wired to be "more"—by temperament, they are more intense, sensitive, perceptive, persistent, and uncomfortable with change than the average child. In this revised edition of the award-winning classic, voted one of the top twenty books for parents, Kurcinka provides vivid examples and a refreshingly positive viewpoint. Raising Your Spirited Child will help you: understand your child's—and your own—temperamental traits discover the power of positive—rather than negative—labels cope with the tantrums and power struggles when they do occur plan for success with a simple four-step program develop strategies for handling mealtimes, sibling rivalry, bedtimes, holidays, and school, among other situations

Daddy Saturday - Justin Batt 2022-02-25

Fatherhood is no longer a playground—it's a battleground. The demands placed on fathers have never been greater, yet neither has the importance of a father's role in the life of his child. This creates a dilemma: how can fathers balance career and family while connecting with their children in a meaningful and intentional way? In Daddy Saturday, Justin Batt will show you how. Justin has spent over 13,000 hours on Saturdays over the past 11 years engaging his children with intentionality. In this easy-to-follow guide, Justin walks fathers through the steps to creating their own Daddy Saturdays—from how to achieve peak performance as a dad, to connecting with your child's heart and mind. You'll learn tactical ideas to implement daily with your children, and understand how to create epic memories that will change the trajectory of their lives forever. Being seen as a great father in the eyes of your children and raising fantastic kids who become productive, confident, happy adults is the dream of every father. Daddy Saturday is a national movement every father can join to help them bring that dream to life.

Leadership and Loneliness - Joseph W Walker 2021-01-07

The events that gave rise to this book are not unfamiliar to any person who understands leadership. There is an unusual paradox that most leaders face between blessing and burden. Facilitating vision and leading others toward the fulfillment of their destiny transcends the unrealistic expectations placed on us by others, the brutal schedules that consume our time as well as the inevitable public scrutiny. In 2nd Corinthians 4:1 the Apostle Paul says, "Therefore seeing we have this ministry, as we have received mercy, we faint not." Whatever assignment we undertake in the will of God becomes a ministry regardless of the context it is lived out. There is an assurance of mercy granted to those who are seeking to fulfill their assignment amidst a multitude of challenges. This book is not written as an admission of misery. Leadership is truly a blessing from God. It is my hope to bring awareness to the loneliness that accompanies leadership. I pray that within each chapter you are able to find solutions that can help you work through loneliness and continue to evolve into the leader God has called you to become.

Give Peas a Chance - Kate Samela 2013-01-01

Like every parent, you've probably... •Begged, "Please, just take one more bite" •Wondered if you should "sneak" nutrition into what you make •Worried that your child is picky, and just getting pickier A practical and easy-to-use guide from registered dietitian and pediatric specialist Kate Samela, Give Peas a Chance is everything you need to finally manage finicky toddlers at the table. You'll not only ensure that your child is getting good nutrition, but also promote a healthy relationship with food and expand the repertoire of even the pickiest of eaters! "Kate Samela provides an easy-to-understand, scientifically valid approach to feeding picky toddlers."—Jeffrey S. Hymans, MD "Kate Samela shows parents of toddlers that there's no need to press the nutritional panic button."—Lauren Slayton, MS, RD

True Biz - Sara Novic 2022-04-05

NEW YORK TIMES BESTSELLER • REESE'S BOOK CLUB PICK • A "tender, beautiful and radiantly outraged"

(The New York Times Book Review) novel that follows a year of seismic romantic, political, and familial shifts for a teacher and her students at a boarding school for the deaf, from the acclaimed author of Girl at War "For those who loved the Oscar-winning film CODA, a boarding school for deaf students is the setting for a kaleidoscope of experiences."—The Washington Post ONE OF THE MOST ANTICIPATED BOOKS OF 2022—Oprah Daily, The Millions, Lit Hub, Publishers Weekly, BookPage True biz (adj./exclamation; American Sign Language): really, seriously, definitely, real-talk True biz? The students at the River Valley School for the Deaf just want to hook up, pass their history finals, and have politicians, doctors, and their parents stop telling them what to do with their bodies. This revelatory novel plunges readers into the halls of a residential school for the deaf, where they'll meet Charlie, a rebellious transfer student who's never met another deaf person before; Austin, the school's golden boy, whose world is rocked when his baby sister is born hearing; and February, the hearing headmistress, a CODA (child of deaf adult(s)) who is fighting to keep her school open and her marriage intact, but might not be able to do both. As a series of crises both personal and political threaten to unravel each of them, Charlie, Austin, and February find their lives inextricable from one another—and changed forever. This is a story of sign language and lip-reading, disability and civil rights, isolation and injustice, first love and loss, and, above all, great persistence, daring, and joy. Absorbing and assured, idiosyncratic and relatable, this is an unforgettable journey into the Deaf community and a universal celebration of human connection.

Positive Discipline: The First Three Years - Jane Nelsen, Ed.D. 2007-03-27

Make a Difference During the Most Important Years of Your Child's Life The months leading up to the birth of a child are filled with joy, dreams, plans—and a few worries. As a caring parent, you want to start your child out in life on the proper foundation. But where do you go for the answers to such questions as: How do I communicate with an infant who doesn't understand words? How can I effectively teach boundaries to my toddler? Should I ever spank my child? Over the years, millions of parents just like you have come to trust Jane Nelsen's classic Positive Discipline series. These books offer a commonsense approach to child-rearing that so often is lacking in today's world. In Positive Discipline: The First Three Years, you'll learn how to use kind but firm support to raise a child who is both capable and confident. You'll find practical solutions and solid advice on how to: ·Encourage independence and exploration while providing appropriate boundaries ·Use non-punitive methods to instill valuable social skills and positive behavior inside and outside the home ·Recognize when your child is ready to master the challenges of sleeping, eating, and potty training, and how to avoid the power struggles that often come with those lessons ·Identify your child's temperament ·Understand what the latest research in brain development tells us about raising healthy children ·And much, much more! Containing real-life examples of challenges other parents and caregivers have faced, Positive Discipline: The First Three Years is the one book that no parent should be without.

The Yes Brain Child - Daniel J Siegel 2018-01-11

FROM THE BESTSELLING PARENTING EXPERTS BEHIND THE WHOLE-BRAIN CHILD COMES A HIGHLY SUCCESSFUL PLAN FOR HELPING YOUR CHILD BECOME MORE INDEPENDENT AND RESILIENT. "This unique book shows us how to help our children embrace life with all of its challenges. It's a treasure chest of parenting insights and techniques" CAROL DWECK, bestselling author of Mindset Children can often act out or shut down when faced with a setback or a tricky issue like homework, food or screen time. This is what acclaimed parenting experts Dr Siegel and Dr Bryson call the 'No Brain' response. But you can help your child develop the ability to cope, solve their own problems and thrive by nurturing their 'Yes Brain'. Drawing on their successful work with thousands of parents and children from all backgrounds, Dr Siegel and Dr Bryson provide the advice, tools and activities to help parents with children of all ages. This is what the 'Yes Brain' approach looks like in action: *A 5-year-old boy thinks about his first day at school and says, 'I'm nervous but I'll

give it a try.’ *An 8 year-old girl says, ‘I’d like to join the football team, even though none of my friends like football.’ *A 14 year-old boy looks at a test he’s earned a D- for and says, ‘That’s not the mark I wanted but it’s not the end of the world. I’ll ask the teacher how I can improve.’

Raising Your Spirited Child Rev Ed - Mary Sheedy Kurcinka 2009-02-24

The award-winning bestseller that has helped millions, providing research-based, effective strategies, practical tips and real-life stories The spirited child—often called "difficult" or "strong-willed"—possesses traits we value in adults yet find challenging in children. Research shows that spirited kids are wired to be "more"—by temperament, they are more intense, sensitive, perceptive, persistent, and uncomfortable with change than the average child. In this award-winning classic, voted one of the top twenty books for parents, Dr. Mary provides a refreshingly positive viewpoint and a plan for success with a simple four-step program. In this book, you will find ways to:

- Understand your child’s—and your own—temperamental traits
- Discover the power of positive—rather than negative—labels
- Cope with the tantrums and power struggles when they do occur
- Develop strategies for handling mealtimes, sibling rivalry, bedtimes, holidays, and school, among other situations

Including quick tips and strategies for today’s time-challenged parents, *Raising Your Spirited Child* will help you foster a supportive, encouraging, and loving environment for your spirited child.

The Spiritual Child - Dr. Lisa Miller 2015-05-05

In *The Spiritual Child*, psychologist Lisa Miller presents the next big idea in psychology: the science and the power of spirituality. She explains the clear, scientific link between spirituality and health and shows that children who have a positive, active relationship to spirituality:

- * are 40% less likely to use and abuse substances
- * are 60% less likely to be depressed as teenagers
- * are 80% less likely to have dangerous or unprotected sex
- * have significantly more positive markers for thriving including an increased sense of meaning and purpose, and high levels of academic success.

Combining cutting-edge research with broad anecdotal evidence from her work as a clinical psychologist to illustrate just how invaluable spirituality is to a child’s mental and physical health, Miller translates these findings into practical advice for parents, giving them concrete ways to develop and encourage their children’s—as well as their own—well-being. In this provocative, conversation-starting book, Dr. Miller presents us with a pioneering new way to think about parenting our modern youth.

Democracy and Political Ignorance - Ilya Somin 2013-10-02

One of the biggest problems with modern democracy is that most of the public is usually ignorant of politics and government. Often, many people understand that their votes are unlikely to change the outcome of an election and don’t see the point in learning much about politics. This may be rational, but it creates a nation of people with little political knowledge and little ability to objectively evaluate what they do know. In *Democracy and Political Ignorance*, Ilya Somin mines the depths of ignorance in America and reveals the extent to which it is a major problem for democracy. Somin weighs various options for solving this problem, arguing that political ignorance is best mitigated and its effects lessened by decentralizing and limiting government. Somin provocatively argues that people make better decisions when they choose what to purchase in the market or which state or local government to live under, than when they vote at the ballot box, because they have stronger incentives to acquire relevant information and to use it wisely.

The Highly Sensitive Parent - Elaine N. Aron 2020-03-31

First, she taught you the value of your highly sensitive nature in her bestselling classic *The Highly Sensitive Person*. Now, Dr. Elaine Aron is back to teach you how to utilize your sensitivity to tackle a new challenge: Parenthood. Parenting is the most valuable and rewarding job in the world, and also one of the most challenging. This is especially true for highly sensitive people. Highly sensitive parents are unusually attuned to their children. They think deeply about every issue affecting their kids and have strong emotions, both positive and negative, in

response. For highly sensitive people, parenting offers unique stresses—but the good news is that sensitivity can also be a parent’s most valuable asset, leading to increased personal joy and a closer, happier relationship with their child. Dr. Elaine Aron, world-renowned author of the classic *The Highly Sensitive Person* and other bestselling books on the trait of high sensitivity, has written an indispensable guide for these parents. Drawing on extensive research and her own experience, she helps highly sensitive parents identify and address the implications of their heightened sensitivity, offering:

- A self-examination test to help parents identify their level of sensitivity
- Tools to cope with overstimulation
- Advice on dealing with the negative feelings that can surround parenting
- Ways to manage the increased social stimulation and interaction that comes with having a child
- Techniques to deal with shyness around other parents
- Insight into the five big problems that face highly sensitive parents in relationships—and how to work through them

Highly sensitive people have the potential to be not just good parents, but great ones. Practical yet warm and positive, this groundbreaking guide will show parents how to build confidence, awareness, and essential coping skills so that they—and their child—can thrive on every stage of the parenting journey. “This book is filled with validating, healing and empowering information about how to navigate one of the most important roles of our lives while being highly sensitive. It changed my life in the most healing and empowering ways.” —Alanis Morissette, artist, activist, teacher

The Opposite of Worry - Lawrence J. Cohen 2013-09-10

“The most helpful book on childhood anxiety I have ever read.”—Michael Thompson, Ph.D. Whether it’s the monster in the closet or the fear that arises from new social situations, school, or sports, anxiety can be especially challenging and maddening for children. And since anxiety has a mind of its own, logic and reassurance often fail, leaving parents increasingly frustrated about how to help. Now Lawrence J. Cohen, Ph.D., the author of *Playful Parenting*, provides a special set of tools to handle childhood anxiety. Offering simple, effective strategies that build connection through fun, play, and empathy, Dr. Cohen helps parents

- start from a place of warmth, compassion, and understanding
- teach children the basics of the body’s “security system”: alert, alarm, assessment, and all clear.
- promote tolerance of uncertainty and discomfort by finding the balance between outright avoidance and “white-knuckling” through a fear
- find lighthearted ways to release tension in the moment, labeling stressful emotions on a child-friendly scale
- tackle their own anxieties so they can stay calm when a child is distressed
- bring children out of their anxious thoughts and into their bodies by using relaxation, breathing, writing, drawing, and playful roughhousing

With this insightful resource of easy-to-implement solutions and strategies, you and your child can experience the opposite of worry, anxiety, and fear and embrace connection, trust, and joy. Praise for *The Opposite of Worry* “The Opposite of Worry is an informative resource for parents and other family members. The book is easy to read, comprehensive and notable for its many practical suggestions.”—New England Psychologist “Good advice for parents making daily calls to the pediatrician . . . Anxiety is a full-body sport, and Cohen’s main advice is not to treat it with words but with actions. . . . Physicality is about living in the present, and for anxious people, the present is a powerful place of healing. Intended for parents of children ages 3 to 15, this book offers anecdotes and fun anti-anxiety games.”—Publishers Weekly “Here’s the help parents of anxious children have been looking for! Dr. Cohen’s genius is in the warm and generous spirit of the strategies he outlines for parents. He grounds his playful approach in a sound explanation of how anxiety affects children, and how they heal. Parents will come away with plenty of ideas to help them develop their children’s confidence. While reading, I found myself thinking, ‘I’d like to try that for myself!’”—Patty Wipfler, founder and program director, *Hand in Hand Parenting* “If you want to understand your child’s anxiety—and your own parental worries—you must read Larry Cohen’s brilliant book, *The Opposite of Worry*. Dr. Cohen is one of the most imaginative and thoughtful psychologists you will ever encounter. He explains how and why children become anxious and then shows how we can use empathy and play to help them escape from the terrifying dark corners of childhood.”—Michael Thompson, Ph.D.

“The Opposite of Worry offers a treasure trove of ideas to help children feel confident and secure. Lawrence Cohen has written a book that will help every parent of an anxious child.”—Aletha Solter, Ph.D., founder, Aware Parenting, and author of Attachment Play

Discipline Without Shouting or Spanking - Jerry Wyckoff, PhD 2010-04-06

Discipline without Shouting or Spanking is a practical guide that shows parents how to manage the most difficult part of parenting. It provides proven methods for handling more than 30 of the most common forms of childhood misbehaviors, from temper tantrums to sibling rivalry. Practical solutions lead to practical results! Discipline Without Shouting or Spanking offers effective, practical, nonviolent options for correcting the most common behavior problems of preschoolers. You will learn how to deal with misbehavior including temper tantrums, whining, negativity, sibling rivalry, possessiveness, aggressive behavior, resisting bedtime, playing with food, and many more problems -- without shouting or spanking. The authors' advice will help you be a more effective parent and discipline your child in a loving yet firm way, without damaging self-esteem or natural curiosity about the world. This easy-to-use text has been formatted like a first-aid manual for handling misbehavior. It has already helped over 700,000 parents.

Welcoming Children with Special Needs - Sally Patton 2004

The Sandbox Revolution - Lydia Wylie-Kellermann 2021-03-30

It is a complex time to be a parent. Our climate is in crisis, and economic inequality is deepening. Racialized violence is spreading, and school shootings are escalating. How do we, as parents, cultivate in our children a love of the earth, a cry for justice, and a commitment to nonviolence? Where do we place our bodies so we teach our kids that resistance is crucial and change is possible? What practices do we hold as a family to encourage them to work with their hands, honor their hearts, and nurture their spirits? The Sandbox Revolution calls upon our collective

The Adventures of Captain Underpants

The Explosive Child

wisdom to wrestle with the questions, navigate the challenges, offer concrete practices, and remind parents of the sacredness of the work. Written by parents who are also writers, pastors, teachers, organizers, artists, gardeners, and activists, this anthology offers a diversity of voices and experiences on topics that include education, money, anti-racism, resistance, spirituality, disability justice, and earth care.

The Everything Parent's Guide to Emotional Intelligence in Children - Korrel Kanoy 2013-03-18

Put your child on the path to success! A child's emotional intelligence has been shown to be one of the strongest factors in whether or not that child will be successful later in life. A child with high emotional intelligence (EQ) has good self-control, resilience, and empathy--all factors that help build a foundation for a more grounded, satisfying, and successful life. With The Everything Parent's Guide to Emotional Intelligence in Children, you will learn how to help your child: Improve academic achievement and behavior. Achieve mindfulness. Understand emotions. Empathize with others. Improve self-confidence. Build inner resilience. This hands-on guide shows you exactly how to promote core EQ skills in your child and provides you with all you need to help your children achieve their greatest potential.

- Ross W. Greene 2005

Offers techniques for helping chronically inflexible children, shows how brain-based deficits contribute to these problems, and suggests ways to calm things down.
