100 Years Since the Russian Revolution - LEON. TROTSKY
2018-01-04

In 1932, despite being forced into exile and harried by the regime brought to power in its wake, Leon Trotsky delivered a rousing defense of the Russian Revolution to an audience of social-democratic students. In 2017, Ahmed Shawki undertakes the same task, with a similar audience in mind. This stirring book combines these two defenses of the revolution for its centenary. Ahmed Shawki is on the editorial board of the International Socialist Review and is the author of *Black Liberation and Socialism*. Leon Trotsky (1879-1940) was a key leader of the Russian Revolution.

Crowds; a Moving-picture of Democracy - Gerald Stanley Lee 1913

What Is Critical in Language Studies - Solange Maria de Barros 2020-09-24

This volume examines the notion of criticality in language studies. Drawing on the work of the Frankfurt School – Adorno, Habermas, Horkheimer, and Marcuse, among others – the chapters in the volume examine a variety of linguistic contexts: from gender activism to web journalism, from the classroom to the open streets. It also presents theoretical and methodological guidelines to researchers interested in • Expanding their critical outlook for meaning brought on by the notion of criticality in contemporary language studies. • Understanding criticality in languages through historical, political, and social perspectives. • Using linguistics and language studies as tools to dissect and disclose social injustices. This book will be of great interest to scholars and researchers of language studies and linguistics, philosophy, politics, and sociology and social policy.

The Object of the Atlantic - Rachel Price 2014-11-30

The Object of the Atlantic is a wide-ranging study of the transition from a concern with sovereignty to a concern with things in Iberian Atlantic literature and art produced between 1868 and 1968. Rachel Price uncovers the surprising ways that concrete aesthetics from Cuba, Brazil, and Spain drew not only on global forms of constructivism but also on a history of empire, slavery, and media technologies from the Atlantic world. Analyzing Jose Marti's notebooks, Joaquim de Sousa Andrade's poetry, Ramiro de Maeztu's essays on things and on slavery, 1920s Cuban literature on economic restructuring, Ferreira Gullar's theory of the "non-object," and neoconcrete art, Price shows that the turn to objects—and from these to new media networks—was rooted in the very philosophies of history that helped form the Atlantic world itself.

The Invention of the Jewish People - Shlomo Sand
2020-08-04

A historical tour de force that demolishes the myths and taboos that have surrounded Jewish and Israeli history,

The Invention of the Jewish People offers a new account of both that demands to be read and reckoned with. Was there really a forced exile in the first century, at the hands of the Romans? Should we regard the Jewish people, throughout two millennia, as both a distinct ethnic group and a putative nation—returned at last to its Biblical homeland? Shlomo Sand argues that most Jews actually descend from converts, whose native lands were scattered far across the Middle East and Eastern Europe. The formation of a Jewish people and then a Jewish nation out of these disparate groups could only take place under the sway of a new historiography, developing in response to the rise of nationalism throughout Europe. Beneath the biblical backfill of the nineteenth-century historians, and the twentieth-century intellectuals who replaced rabbis as the architects of Jewish identity, The Invention of the Jewish People uncovers a new narrative of Israel's formation, and proposes a bold analysis of nationalism that accounts for the old myths. After a long stay on Israel's bestseller list, and winning the coveted Aujourd'hui Award in France, The Invention of the Jewish People is finally available in English. The central importance of the conflict in the Middle East ensures that Sand's arguments will reverberate well beyond the historians and politicians that he takes to task. Without an adequate understanding of Israel's past, capable of superseding today's opposing views, diplomatic solutions are likely to remain elusive. In this iconoclastic work of history, Shlomo Sand provides the intellectual foundations for a new vision of Israel's future.

Death Is a Festival - João José Reis 2003-11-20

This award-winning social history of death and funeral rites during the early decades of Brazil's independence from Portugal focuses on the Cemiterada movement in Salvador, capital of the province of Bahia. The book opens with a lively account of the popular riot that ensued when, in 1836, the government condemned the traditional burial of bodies inside Catholic church buildings and granted a private company a monopoly over burials. This episode is used by Reis to examine the customs of death and burial in Bahian society, explore the economic and religious conflicts behind the move for funerary reforms and the maintenance of traditional rituals of dying, and understand how people dealt with new concerns sparked by modernization and science. Viewing culture within its social context, he illuminates the commonalities and differences that shaped death and its rituals for rich and poor, men and women, slaves and masters, adults and children, foreigners and Brazilians. This translation makes the book, originally published in Brazil in 1993, available in English for the first time.

The Three Worlds - N.H. Barbour

We'll to the Woods No More - Edouard Dujardin 1990

A delightful period piece of Paris in the late 1880's, *We'll to the Woods No More* (Les lauriers sont coupés) retains its importance as the first use of the monologue intérieur and the inspiration for the stream-of-consciousness technique perfected by James Joyce.

Dujardin's charming tale, told with insight and irony, recounts what goes on in the mind of a young man-about-town in love with a Parisian actress. Mallarmé described the poetry of the telling as "the instant seized by the throat." Originally published in France in 1887, the first English translation (by Joyce scholar Stuart Gilbert) was published by New Directions in 1938. In 1957 Leon Edel's perceptive historical essay reintroduced the book as "the rare and beautiful case of a minor work which launched a major movement."

The New Brazilian Cinema - Lúcia Nagib 2003-10-03

In a comprehensive critical survey of Brazilian film production since the mid-1990s Lucia Nagib explores what has become known as the 'renaissance of Brazilian cinema'. Besides explaining the recent boom, this book explores the aesthetic tendencies of recent productions and their relationships to earlier works.

The Princess of Elsseria - Leslie G 2020-03-27

She is the heiress of the throne, the guardian of the blue forest, the princess of Elsseria, and a creature of darkness. Liah does not know her origin, or what type of blood runs through her veins. Suffocating in a court that perhaps expects too much from her, she embarks on an adventure to find her own self, although what she might discover scares her more every time. This book will take you to a world of magic, threatened by a legendary enemy. Where a different kind of princess tries to find her place, and a young Captain falls in love with the wrong person. A world that its inhabitants will defend with fury, rescuing old alliances and forging new ones. A place to dream.

A History of Public Law in Germany, 1914-1945 - Michael Stolleis 2004

This history of the discipline of public law in Germany covers three dramatic decades of the Twentieth century. It opens with the First World War, analyses the highly creative years of the Weimar Republic, and recounts the decline of German public law that began in 1933 and extended to the downfall of the Third Reich.

Paris - Hope Mirrlees 2020-04-28

Paris: A Poem is a daring, experimental, psychogeographic long poem written by the British writer Hope Mirrlees. Offering a snapshot of post-war Paris, it describes a journey through the city from day to night by means of innovative and playful typography, collage and fragmentation. This would be a centenary edition, reproducing the original design and setting of the very first, published by Leonard and Virginia Woolf at the Hogarth Press in 1920.

Diary of an Oxygen Thief - Anonymous 2016-05-23

Hurt people hurt people. Say there was a novel in which Holden Caulfield was an alcoholic and Lolita was a photographer's assistant and, somehow, they met in Bright Lights, Big City. He's blinded by love. She by ambition. *Diary of an Oxygen Thief* is an honest, hilarious, and heartrending novel, but above all, a very realistic account of what we do to each other and what we allow to have done to us.

That Winter - Pamela Gillilan 1986

Pamela Gillilan was born in London in 1918, married in 1948 and moved to Cornwall in 1951. When she sat down to write her poem *Come Away* after the death of her husband David, she had written no poems for a quarter of a century. Then came a sequence of incredibly moving elegies. Other poems followed, and two years after starting to write again, she won the Cheltenham Festival poetry competition. Her first collection *That Winter*

(*Bloodaxe*, 1986) was shortlisted for the Commonwealth Poetry Prize.

The Cambridge History of Modernism - Vincent Sherry 2017-01-11

The Cambridge History of Modernism is the first comprehensive history of modernism in the distinguished Cambridge Histories collection. It identifies a distinctive temperament of 'modernism' within the 'modern' period, establishing the circumstances of modernized life as the ground and warrant for an art that becomes 'modernist' by virtue of its demonstrably self-conscious involvement in this modern condition. Following this sensibility from the end of the nineteenth century to the middle of the twentieth, tracking its manifestations across pan-European and transatlantic locations, the forty-three chapters offer a remarkable combination of breadth and focus. Prominent scholars of modernism provide analytical narratives of its literature, music, visual arts, architecture, philosophy, and science, offering circumstantial accounts of its diverse personnel in their many settings. These historically informed readings offer definitive accounts of the major work of twentieth-century cultural history and provide a new cornerstone for the study of modernism in the current century.

The Road to Armageddon - Thomas L. Whigham 2017

The Darker Nations - Vijay Prashad 2008-04-29

Here, from a brilliant young writer, is a paradigm-shifting history of both a utopian concept and global movement—the idea of the Third World. *The Darker Nations* traces the intellectual origins and the political history of the twentieth century attempt to knit together the world's impoverished countries in opposition to the United States and Soviet spheres of influence in the decades following World War II.

Spanning every continent of the global South, Vijay Prashad's fascinating narrative takes us from the birth of postcolonial nations after World War II to the downfall and corruption of nationalist regimes. A breakthrough book of cutting-edge scholarship, it includes vivid portraits of Third World giants like India's Nehru, Egypt's Nasser, and Indonesia's Sukarno—as well as scores of extraordinary but now-forgotten intellectuals, artists, and freedom fighters. *The Darker Nations* restores to memory the vibrant though flawed idea of the Third World, whose demise, Prashad ultimately argues, has produced a much impoverished international political arena.

Toward an Urban Cultural Studies - Benjamin Fraser
2015-04-01

Toward an Urban Cultural Studies is a call for a new interdisciplinary area of research and teaching. Blending Urban Studies and Cultural Studies, this book grounds readers in the extensive theory of the prolific French philosopher Henri Lefebvre.

Re-mapping World Literature - Gesine Müller 2018-03-05

How can we talk about World Literature if we do not actually examine the world as a whole? Research on World Literature commonly focuses on the dynamics of a western center and a southern periphery, ignoring the fact that numerous literary relationships exist beyond these established constellations of thinking and reading within the Global South. *Re-Mapping World Literature* suggests a different approach that aims to investigate new navigational tools that extend beyond the known poles and meridians of current literary maps. Using the example of Latin American literatures, this study provides innovative insights into the literary modeling of shared historical experiences, epistemological crosscurrents, and book market processes within the Global South which thus far have received scant attention. The contributions to this volume, from renowned scholars in the fields of World and Latin American literatures, assess travelling aesthetics and genres, processes of translation and circulation of literary works, as well as the complex epistemological entanglements and shared worldviews between Latin America, Africa and Asia. A timely book that embraces highly innovative perspectives, it will be a must-read for all scholars involved in the field of the global dimensions of literature.

Religion in Museums - Gretchen Buggeln 2017-02-23

Bringing together scholars and practitioners from North America, Europe, Russia, and Australia, this pioneering volume provides a global survey of how museums address religion and charts a course for future research and interpretation. Contributors from a variety of disciplines and institutions explore the work of museums from many perspectives, including cultural studies, religious studies, and visual and material culture. Most museums throughout the world – whether art, archaeology, anthropology or history museums – include religious objects, and an increasing number are beginning to address religion as a major category of human identity. With rising museum attendance and the increasingly complex role of religion in social and geopolitical realities, this work of stewardship and interpretation is urgent and important. *Religion in Museums* is divided into six sections: museum buildings, reception, objects, collecting and research, interpretation of objects and exhibitions, and the representation of religion in different types of museums. Topics covered include repatriation, conservation, architectural design, exhibition, heritage, missionary collections, curation, collections and display, and the visitor's experience. Case studies provide comprehensive coverage and range from museums devoted specifically to the diversity of religious traditions, such as the State Museum of the History of Religion in St Petersburg, to exhibitions centered on religion at secular museums, such as Hajj:

Journey to the Heart of Islam, at the British Museum.

In Search of Christian Freedom - Raymond Franz

2013-04-05

Finding a proper balance between freedom and responsibility is a problem that has faced every serious Christian. For those raised in a highly structured religious environment, balancing loyalties to a religious organization, family, and personal conscience may raise difficult issues. Raymond Franz's first-hand account of the issues with which he struggled forms the theme of his first book, *Crisis of Conscience*. *In Search of Christian Freedom*, the sequel to *Crisis of Conscience*, provides even more comprehensive study. The issues and options discussed herein, although relating particularly to the structure of Jehovah's Witnesses, are not so very different from issues other Christians have faced and continue to face when they seek to reconcile considerations for conscience, loyalty, responsibility and freedom. This work will move readers – of any religion – to consider seriously how much they value Christian freedom and to ask how genuine their own freedom is.

Horrendous Evils and the Goodness of God - Marilyn

McCord Adams 2018-09-05

When confronted by horrendous evil, even the most pious believer may question not only life's worth but also God's power and goodness. A distinguished philosopher and a practicing minister, Marilyn McCord Adams has written a highly original work on a fundamental dilemma of Christian thought—how to reconcile faith in God with the evils that afflict human beings. Adams argues that much of the discussion in analytic philosophy of religion over the last forty years has offered too narrow an understanding of the problem. The ground rules accepted for the discussion have usually led philosophers to avert their gaze from the worst—horrendous—evils and their devastating impact on human lives. They have agreed to debate the issue on the basis of religion-neutral values, and have focused on morals, an approach that—Adams claims—is inadequate for formulating and solving the problem of horrendous evils. She emphasizes instead the fruitfulness of other evaluative categories such as purity and defilement, honor and shame, and aesthetics. If redirected, philosophical reflection on evil can, Adams's book demonstrates, provide a valuable approach not only to theories of God and evil but also to pastoral care.

Brazilian Evangelicalism in the Twenty-First Century -

Eric Miller 2019-05-09

Over the past fifty years Brazil's evangelical community has increased from five to twenty-five percent of the population. This volume's authors use statistical overview, historical narrative, personal anecdote, social-scientific analysis, and theological inquiry to map out this emerging landscape. The book's thematic center pivots on the question of how Brazilian evangelicals are exerting their presence and effecting change in the public life of the nation. Rather than fixing its focus on the interior life of Brazilian evangelicals and their congregations, the book's attention is directed toward social expression: the ways in which Brazilian evangelicals are present and active in the common life of the nation.

Avalovara - Osman Lins 1980

Avalovara is a modern epic on a grand scale, a rich and lyrical novel of quest that considers the difficulties of love and celebrates its pleasures.

The Notebook - Jose Saramago 2011-05-01

Thought-provoking and lyrical, *The Notebook* records the last year in the life of José Saramago. In these pages, beginning on the eve of the 2008 US presidential election, he evokes life in his beloved city of Lisbon, revisits conversations with friends, and meditates on his favorite authors. Precise observations and moments of arresting significance are rendered with pointillist

detail, and together demonstrate an acute understanding of our times. Characteristically critical and uncompromising, Saramago dissects the financial crisis, deplores Israel's punishment of Gaza, and reflects on the rise of Barack Obama. The Notebook is a unique journey into the personal and political world of one of the greatest writers of our time.

Black Morocco - Chouki El Hamel 2014-02-27

Black Morocco: A History of Slavery, Race, and Islam chronicles the experiences, identity and achievements of enslaved black people in Morocco from the sixteenth century to the beginning of the twentieth century.

Chouki El Hamel argues that we cannot rely solely on Islamic ideology as the key to explain social relations and particularly the history of black slavery in the Muslim world, for this viewpoint yields an inaccurate historical record of the people, institutions and social practices of slavery in Northwest Africa. El Hamel focuses on black Moroccans' collective experience beginning with their enslavement to serve as the loyal army of the Sultan Isma'il. By the time the Sultan died in 1727, they had become a political force, making and unmaking rulers well into the nineteenth century. The emphasis on the political history of the black army is augmented by a close examination of the continuity of black Moroccan identity through the musical and cultural practices of the Gnawa.

Redefining Latin American Historical Fiction - H. Weltd-Basson 2013-06-05

Current scholarship on Latin American historical fiction has failed to take feminism and postcolonialism into account. This study uses these important contemporary discourses as a starting point for a new definition of the Latin American historical novel that includes national identity, magical realism, historical intertextuality, and symbolism.

The Ghost-dance Religion and the Sioux Outbreak of 1890 - James Mooney 1896

International Bibliography of History of Education and Children's Literature (2013) - Dorena Caroli 2015

Orientalism - Edward W. Said 2014-10-01

More than three decades after its first publication,

Edward Said's groundbreaking critique of the West's historical, cultural, and political perceptions of the East has become a modern classic. In this wide-ranging, intellectually vigorous study, Said traces the origins of "orientalism" to the centuries-long period during which Europe dominated the Middle and Near East and, from its position of power, defined "the orient" simply as "other than" the occident. This entrenched view continues to dominate western ideas and, because it does not allow the East to represent itself, prevents true understanding. Essential, and still eye-opening, *Orientalism* remains one of the most important books written about our divided world.

Philosophical Sketches - Susanne K. Langer 1979

Silencing the Past (20th anniversary edition) - Michel-Rolph Trouillot 2015-03-17

Now part of the HBO docuseries *Exterminate All the Brutes*, written and directed by Raoul Peck The 20th anniversary edition of a pioneering classic that explores the contexts in which history is produced—now with a new foreword by renowned scholar Hazel Carby Placing the West's failure to acknowledge the Haitian Revolution—the most successful slave revolt in history—alongside denials of the Holocaust and the debate over the Alamo, Michel-Rolph Trouillot offers a stunning meditation on how power operates in the making and recording of history. This modern classic resides at the intersection of history, anthropology, Caribbean, African-American, and post-colonial studies, and has become a staple in college classrooms around the country. In a new foreword, Hazel Carby explains the book's enduring importance to these fields of study and introduces a new generation of readers to Trouillot's brilliant analysis of power and history's silences.

Helicobacter Pylori in the 21st Century - Philip Sutton 2010

Helicobacter pylori is a globally significant pathogen that infects half of the population of the world. Providing a broad overview of the understanding of this pathogen, this book explores a range of topics including virulence factors, vaccine development and obstacles, epidemiology, antibiotic resistance and the role of Nod receptors.
