Recruitconsult! Leadership: The Corporate Talent Acquisition Leader's Field Book - Jeremy M. Eskenazi 2018-03-05

New and updated, second edition published in 2018! Includes new, enhanced, and updated content. Also includes new "Book Owners Resource Page" with downloadable tools, templates, and articles as a companion to the book. When it came to attracting and managing new talent, the recruiting and Talent Acquisition team within a corporation's human resources

department was once regarded as transactional, administrative, and not as effective as third party staffing companies because it was usually a fairly new introduction, and the staff often consisted of junior-level personnel. Over the last 15-20 years though, thanks to the professionalization of the "corporate talent acquisition" function, there have been dramatic changes in the way top employees are found through the use of technology, tools, sophisticated recruiting techniques, and the Internet media. Unfortunately, however, the leader's role within this function has failed to evolve at the same speed, which is why Jeremy Eskenazi wrote *RecruitCONSULT! Leadership-The Corporate Talent Acquisition Leader's Field Book*, to help improve and optimize the way corporate talent acquisition professionals LEAD. In this frank, realistic, and forward-thinking field guide, readers will learn: Organizational Talent Acquisition leadership does not happen in a vacuum and relationships are key; regardless of

budget, resources, or industry, there are always effective Corporate Staffing strategy solutions available; Corporate Talent Acquisition leadership is an active process that must be focused; leading and managing Corporate Talent Acquisition is a distinct profession. Today, the position of recruiting leader has become significantly more complicated due to company globalization, and rather than administrators, corporations now look to employ true talent acquisition strategists who can drive competitive value for their organization and "win" through quality employees. While laying out strategic workforce plans for future development of talent strategies, Eskenazi's unique business approach introduces the benefits of transitioning to this new-age form of recruiting, and he hopes his readers will be relieved to discover that what could be very stressful has been diffused, broken down into solutions, and presented with humor. *RecruitCONSULT! Leadership-- The Corporate Talent Acquisition Leader's Field Book*, is the

definitive guidebook for anyone who is leading (or wants to lead) a corporate recruiting and staffing function. Corporate recruiting and staffing expert, Jeremy Eskenazi, details many of the issues, concepts, and solutions to challenges a corporate recruiting and staffing leader may face including: Workforce Planning, Talent Acquisition Tools & Technology, Talent Acquisition Analytics/Making Sense of All the Data, Metrics and Economics, Building a Consultative Talent Acquisition Team, Leading a Proactive Talent Acquisition Function, Recruitment Process Outsourcing, Organizational Politics, The Power of Relationships, Change Management, and the Globalization of Recruiting.

The Five Most Important Questions Self Assessment Tool - Peter F. Drucker 2010-11-11

This transformational tool offers leaders a critical resource for better understanding their organizations and themselves, honing their skills to become accomplished long-range planners

and strategic thinkers. By working through the Participant Workbook, leaders will gain the insight needed to plan for results, learn from customers and clients, and ascertain how to achieve extraordinary levels of performance. The Participant Workbook draws on Peter F. Drucker's The Five Most Important Questions and is grounded in his management philosophies that address the critical aspects that make organizations viable and valuable entities. When leaders answer these questions thoughtfully and address them with purpose, these questions take one down a path to organizational transformation and enlightenment. By leveraging these essential questions, the Participant Workbook challenges leaders to take a close look at the very heart of their organization and what drives it, giving them a means to assess: how to be and how to develop quality, character, mind-set, values, and courage. Drucker's The Five Most Important Questions lead to spirited discussions and

action, inspiring positive change and renewed focus. Designed for today's busy professionals, this concise, clear, and accessible workbook for social sector, nonprofit, and socially minded business and government leaders can be used as preparation for a workshop, organizational self-assessment, or as a stand-alone leadership development tool for individuals looking to develop themselves and their organizations.
