Dickens and Prince - Nick Hornby 2022-10-27

In Nick Hornby's completely joyous and original new book two great figures share the stage. Charles Dickens and Prince. Two wildly different artists who caught fire and lit up the world in ways no others could. Where did their magic come from? How did they work so hard and produce so much? How did they manage or give in to the restlessness and intensity of their creativity? How did they use it, and did it kill them? With wit, curiosity and deep admiration Nick Hornby traces their extraordinary lives - from their difficult beginnings to the women they fell for to their limitless energy for work, to their money and the movies - and brilliantly illuminates their very particular kind of genius. 'I love this. It's smart and funny and

elegantly persuasive' Robert Douglas-Fairhurst, author of *Becoming Dickens*

30-Second Brain - Anil Seth 2018-02-08

Are we all at the mercy of our brain chemistry? Do you think that the amygdala and the hippocampus are fantastical sea monsters? What can an MRI scan tell us? Could you explain to dinner-party guests why we don't giggle when we tickle ourselves? *30-Second Brain* is here to fill your mind with the science of exactly what's happening inside your head. Using no more than two pages, 300 words and an illustration, this is the quickest way to understand the wiring and function of the most complex and intricate mechanism in the human body. Discover how the networks of 90 billion nerve cells work together to produce perception, action, cognition and emotion. Explore how your brain defines your personality, and what it gets up to while you are asleep. Illustrated with mind-bending graphics and supported by biographies of pioneers in the field of neuroscience, it's the book to get your grey matter thinking about your grey matter.

Warm Waters - Vlad Sokhin 2021-09-07

Documenting the devastating effects of global warming and climate change, *Warm Waters* is a multi-year photographic documentary across the Pacific and Arctic Oceans, from Northern Alaska to the remote outposts of New Zealand. The journey started in 2013 in Papua New Guinea, where photographer Vlad Sokhin documented illegal logging and deforestation. In 2014, Sokhin covered the rise of sea levels, coastal erosion and the effects of El Niño in Papua New Guinea, Kiribati, Nauru, the Marshall Islands and Niue. In 2015, 2016 and 2018, he extensively covered the aftermath of tropical cyclones across Pacific island nations and delved deeper into documenting struggles of the affected communities, their resilience and adaptation to the realities of global warming. In 2019, he documented severe drought in Timor-Leste, caused by the weather anomalies. *Warm Waters* also looks at other environmental issues our planet is facing, such as climate migrants and their resettlement, permafrost melting, coral bleaching, and the need for renewable energy. The book shows the evidence of fight, adaptation, and hope of remote island and coastal communities. It takes you right into the lives of Inupiat and Yupik people in Alaska, and to the towns and villages that are being destroyed by the sea and coastal erosion on the Russian Kamchatka Peninsula. You will see how scientists work in the field, studying the effects of climate change, and how the people, affected by extreme weather conditions, are trying to survive and rebuild their lives after catastrophic events have ruined their land and homes. *Warm Waters* not only shows tragedy however; it shows the beauty of our planet, communities living in harmony with nature, and people that are tirelessly working to protect their fragile shores from the biggest environmental threat ever they have ever faced.

Dionysius the Areopagite on the Divine Names and the Mystical Theology

- Clarence E. Rolt 2007-10-01

First published in 1920, this book is a translation-the only known work of British scholar CLARENCE EDWIN ROLT (1880-1917)-of *On the Divine Names and The Mystical Theology*, by Dionysius the Areopagite, a first-century bishop of Athens. The author is often also referred to as "pseudo-Dionysius" because a variety of anachronisms suggest that the manuscript was actually written much later by an unknown writer. Despite the book's unclear origins, the writings are still greatly valued for their theological insight. Saint Thomas Aquinas often quoted from pseudo-Dionysius, as did many other famous and influential theologians and philosophers. Pseudo-Dionysius deals, here, with the Supra-Personality of God. Personality, by definition, is a quality limited to an individual. God, on the other hand, is the opposite of an individual. God is in all things, so one cannot speak of a personality for the divine. Rather, pseudo-Dionysius proposes a Supra-Personality, which describes aspects and qualities of the universal being. Religious scholars and Christians wanting a different understanding of the

relationship between God and the universe will find this a challenging but ultimately thought-provoking study.

Post-Mortem Journal Communications from Lawrence of Arabia Through the Mediumship of Jane Sherwood - Jane Sherwood 2009-07

There is probably no stranger nor more controversial book than Jane Sherwood's report, through automatic writing, of the identity of a communicator from the other side of the grave who chose to call himself 'Scott'. After many years of enforced silence, as a result of a solemn promise given to Scott, Jane Sherwood reveals his true identity, namely, Colonel T. E. Lawrence (Lawrence of Arabia). *Post-Mortem Journal* opens at the moment of Lawrence's death when he finds himself lying at the roadside by his shattered motorbike, unaware that he is actually 'dead'. It continues over the years and shows us the development and salvation of a tortured and guilty man who, for the first time, is forced into admitting his weaknesses and vanities during his earthly life and is only now able to come to terms with himself. Such revelations are both harrowing and magnificent. 'As to the validity', says Jane Sherwood, 'of the information contained in "Scott's" journal I can only vouch for my own honesty; what I have received is here set down without addition or modification. The readers must judge of its probability for themselves.'

Airbus A380 Owner's Workshop Manual - Robert Wicks 2017-11-07

The Airbus A380 is the world's most recognised and most talked about airliner since the Boeing 747 and Concorde appeared in the skies in the late 1960s. Designed to challenge Boeing's monopoly in the large-aircraft market, it made its first flight in April 2005, entering commercial service two years later with Singapore Airlines. This jet has become so popular that every four minutes--24 hours a day, seven days a week--an A380 is taking off or landing somewhere in the world. There is no other development in recent aviation history to rival this remarkable aircraft.

Kasher in the Rye - Moshe Kasher 2012-03-28

Rising young comedian Moshe Kasher is lucky to be alive. He started using drugs when he was just 12. At that point, he had already been in psychoanalysis for 8 years. By the time he was 15, he had been in and out of several mental institutions, drifting from therapy to rehab to arrest to...you get the picture. But KASHER IN THE RYE is not an "eye opener" to the horrors of addiction. It's a hilarious memoir about the absurdity of it all. When he was a young boy, Kasher's mother took him on a vacation to the West Coast. Well it was more like an abduction. Only not officially. She stole them away from their father and they moved to Oakland , California.

That's where the real fun begins, in the war zone of Oakland Public Schools. He was more than just out of control-his mother walked him around on a leash, which he chewed through and ran away. Those early years read like part Augusten Burroughs, part David Sedaris, with a touch of Jim Carrol...but a lot more Jewish. In fact, Kasher later spends time in a Brooklyn Hasidic community. Then came addiction... Brutally honest and laugh-out-loud funny, Kasher's first literary endeavor finds humor in even the most horrifying situations.
