A Simple Story - Leonardo Sciascia 2010

The author's final detective story. In a small Sicilian village, a young and inexperienced policeman receives a strange phone call from a retired diplomat. On investigating the matter, he finds the diplomat dead. What at first appears to be a simple case of suicide turns into an intricate tale of corruption that involves the Mafia, the head of police, and the entire Sicilian establishment. In Candido, inspired by Voltaire's *Candide*, a naive young man makes his way in the world.

Roman Law in European History - Peter Stein 1999-05-13

This is a short and succinct summary of the unique position of Roman law in European culture by one of the world's leading legal historians. Peter Stein's masterly study assesses the impact of Roman law in the ancient world, and its continued unifying influence throughout medieval and modern Europe. Roman Law in European History is unparalleled in lucidity and authority, and should prove of enormous utility for teachers and students (at all levels) of legal history, comparative law and European Studies. Award-winning on its appearance in German translation, this English rendition of a magisterial work of interpretive synthesis is an invaluable contribution to the understanding of perhaps the most important European legal tradition of all.

International Law - Antonio Cassese 2005

The Criminal Law of Ancient Rome - Olivia F. Robinson 2001-07-01

Although the Romans lived in a society very different from ours, they were like us in fearing crime and in

hoping to control it by means of the law. Ordinary citizens wanted protection from muggers in the streets or thieves at the public baths. They demanded laws to punish officials who abused power or embezzled public monies. Even emperors, who feared plotters and wanted to repress subversive ideas and doctrines, looked to the law for protection. In the first book in English to focus on the substantive criminal law of ancient Rome, O. F. Robinson offers a lively study of an essential aspect of Roman life and identity. Robinson begins with a discussion of the framework within which the law operated and the nature of criminal responsibility. She looks at the criminal law of Rome as it was established in the late Republic under Sulla's system of standing jury-courts. Grouping offenses functionally into five chapters, she examines crimes committed for gain, crimes involving violence, sexual offenses, offenses against the state, and offenses against the due ordering of society.
