Head First PMP - Jennifer Greene 2018-09-11

Now updated for the 2021 PMP Exam What will you learn from this book?

Head First PMP teaches you the latest principles and certification objectives in The PMBOK® Guide in a unique and inspiring way. This updated fourth edition takes you beyond specific questions and answers with a unique visual format that helps you grasp the big picture of project management. By putting PMP concepts into context, you'll be able to understand, remember, and apply them -- not just on the exam, but on the job. No wonder so many people have used Head First PMP as their sole source for passing the PMP exam. This book will help you: Learn PMP's underlying concepts to help you understand the PMBOK principles and pass the certification exam with flying colors Get 100% coverage of the latest principles and certification objectives in The PMBOK® Guide, Sixth Edition Make use of a thorough and effective preparation guide with hundreds of practice questions and exam strategies Explore the material through puzzles, games, problems, and exercises that make learning easy and entertaining Why does this book look so different? Based on the latest research in cognitive science and learning theory, Head First PMP uses a visually rich format to engage your mind, rather than a text-heavy approach that puts you to sleep. Why waste your time struggling with new concepts? This multi-sensory learning experience is designed for the way your brain really works.

Risk Management - Rita Mulcahy 2003

A review for the book from another world renown author. Rita Mulcahy, PMP, is an author, consultant and member of the Project Management Institute's Risk Management Special Interest Group. Either through frustration at the lack of good, practical risk management reference materials, or because she is bubbling over with ideas on the subject, Rita has written a comprehensive book: "Risk Management - Tricks of the Trade? for Project Managers." The book is structured according to the Institute's view of project risk management and is therefore supportive of the Project Management Professional certification exam. It even has a 50-question Final Exam in the certification examination mode. However, Rita's book is much more than that. It provides a very clear and down-to-earth explanation of what project risk management is all about. I was particularly pleased to see an emphasis on things going right

(opportunities enhancement) as well as going wrong (risks). The book is lavishly endowed with bulleted lists of explanation for rapid absorption of content by busy project people. It also has very practical quick-read "Tricks of the Trade" sidebars (e.g. How to interview an expert), check lists, charts, forms and how to use them with worked examples. It is even topped off with quiz games to make it a fun encounter. For University instructors and training workshop leaders there are plenty of "Questions for discussion". In an appendix there is a long list of potential risks, their cause and effect in various industries. No doubt that list has been culled from the brainstorming efforts of many of Rita's workshop attendees over the years. Still, I could not help but empathize with chagrin the construction risk-cause entry "Local politicians, unruly elements, etc." Well said! Armed with this book, there should be no excuse any longer for anyone to declare that they don't know how to apply risk management to their projects, however large or small their projects may be. Nor should there be any question of how to get started or even why they should get started and when. The real benefit of the book is that it demonstrates very clearly that project risk management does not have to be difficult, nor academically challenging. I have always held that project risk management is really very simple. When you are gearing up for your next project, the best advice I can give is "Don't leave home without it!" R. Max Wideman, P.Eng. FCSCE, FEIC, FICE, FPMI
CAPM Exam Prep Flashcards (PMBOK Guide, 6th Edition) - Belinda Goodrich 2018-03

The One Year Daily Moments of Strength - Walk Thru the Bible 2017-10-03
Today, spend time with God that will fill your spirit with strength. The One Year Daily Moments of Strength will help you experience a deeper and more powerful connection with the Lord each day. Complete with Bible verses, helpful explanations, and practical applications, these short daily devotions, covering a variety of everyday issues, will help strengthen your commitment to faith and your walk with God. Through showing up to meet with God every day, you'll be inspired to go deeper with him all year long. "Those who trust in the Lord will find new strength. They will soar

high on wings like eagles. They will run and not grow weary. They will walk and not faint." (Isaiah 40:31)

Head First PMP - Jennifer Greene 2009-07-22

Prepare for the PMP certification exam in a unique and inspiring way with Head First PMP. The second edition of this book provides 100% coverage of the latest principles and certification objectives offered in The PMBOK Guide, 4th edition, with a visually rich format is designed for the way your brain works. You'll find a full-length sample exam included inside the book. Using the latest research in neurobiology, cognitive science, and learning theory, Head First PMP offers you a multi-sensory experience that helps the material stick, not a text-heavy approach that puts you to sleep. You get a thorough and effective preparation guide with hundreds of practice questions and exam strategies, along with puzzles, games, problems, and exercises that make learning easy and entertaining. More than just passing a test, a PMP certification means that you have the knowledge to solve most common project problems, but studying for a difficult four-hour exam on project management isn't easy, even for experienced project managers. The book teaches underlying concepts so that you can understand the PMBOK principles and pass the certification exam with flying colors. Head First PMP puts project management principles into context to help you understand, remember, and apply them -- not just on the exam, but also on the job.

CAPM Exam Prep - Rita Mulcahy 2009

Tens of thousands of people understand why Rita Mulcahy's PM certification products are worldwide bestsellers. Is it Rita's years of exam preparation experience? The endless hours of ongoing research? The interviews with project managers who fail exams, to identify gaps in their knowledge? Or is it the razor-sharp focus on making sure project managers don't waste a single minute of their time studying any more than they absolutely have to? Actually, it's all of the above.
