If you desire to comical books, lots of novels, tale, jokes, and more fictions collections are as well as launched, from best seller to one of the most current released.

You may not be perplexed to enjoy every book collections Robert Kennedy And His Times Arthur M Schlesinger Jr that we will totally offer. It is not on the costs. Its very nearly what you compulsion currently. This Robert Kennedy And His Times Arthur M Schlesinger Jr , as one of the most energetic sellers here will no question be among the best options to review.

Robert Kennedy and His Times: 40th Anniversary Edition - Arthur M. Schlesinger, Jr. 2018-05-08

Private papers, letters, and journals shed new light on Kennedy family relationships and underlie an account of Robert Kennedy's private and public lives, the forces that shaped him, and his impact on the United States.

The Cycles of American History - Arthur M. Schlesinger 1999-06-16

A Pulitzer Prize-winning historian discusses "the Cold War, political parties, the presidency, and many broader philosophical issues [with] incisive wit" (Library Journal). A celebrated historian, speechwriter, and adviser to President Kennedy, Arthur M. Schlesinger Jr. draws on decades of astute observation to construct a dialectic of American politics, or as Time magazine called it, a "recurring struggle between pragmatism and idealism in the American soul." The Cycles of American History traces two conflicting visions of America—Experiment vs. Destiny—through two centuries of political evolution, conflict, and progress. In this updated edition, Schlesinger reflects on the dawn of a new millennium and how new social and technological revolutions could lead to a revolution in American political cycles. "Whatever the nation's political future, it can benefit from the intelligence and regard for our country's best traditions evident in these informed and humane essays." —The New York Times "Displays the author at his best: trenchant, erudite, crisp." —Foreign Affairs "An excellent and provocative primer on the challenges surrounding the contemporary American political setting . . . First-rate history mixed with a strong sense of public service." —The Christian Science Monitor

All This Marvelous Potential - Matthew Algeo 2021-10-05

In the winter of 1967-68, Robert F. Kennedy, then a US Senator from New York, ventured deep into the heart of Appalachia on what was dubbed a "poverty tour." He toured a strip mine, visited one-room schoolhouses and dilapidated homes, and held a public hearing in a ramshackle high school gymnasium. As acting chairman of a Senate subcommittee on poverty, RFK went to eastern Kentucky to gauge the progress of the War on Poverty. He was deeply disillusioned by what he found. Kennedy learned that job training programs were useless, welfare programs proved insufficient, and jobs were scarce and getting scarcer. Before he'd even left the state, Kennedy had determined the War on Poverty was a failure--and he blamed Lyndon Johnson. Robert Kennedy wasn't merely on a fact-finding mission, however; he was considering challenging Johnson for the Democratic presidential nomination, but he needed support from rural white voters to win it. His trip to eastern Kentucky was an opportunity to test his antiwar and antipoverty message with hardscrabble whites. Kennedy encountered deep resentment in the mountains, and a special disdain for establishment politicians. "We can't eat your fancy promises," read a large banner that greeted Kennedy at one stop. A month after his visit, RFK officially announced he was challenging Johnson for the Democratic nomination. Four months after his visit, he was murdered. He was 42. All This Marvelous Potential meticulously retraces RFK's tour of eastern Kentucky, visiting the places he visited and meeting with the people he met with. The similarities between then and now are astonishing: vicious, divisive politics; bitter racial strife; economic uncertainty; environmental alarm. Author Matthew Algeo explains how and why the region has changed since Robert Kennedy visited the area in 1968; how and why it hasn't; and why it matters--immensely--for the rest of the country. Kennedy, for all his faults--and there were many--was a politician who gave

people hope, and he was unafraid to stand up to a president from his own party.

Delta Epiphany - Ellen B. Meacham 2018-04-02

In April 1967, a year before his run for president, Senator Robert F. Kennedy knelt in a crumbling shack in Mississippi trying to coax a response from a listless child. The toddler sat picking at dried rice and beans spilled over the dirt floor as Kennedy, former US attorney general and brother to a president, touched the boy's distended stomach and stroked his face and hair. After several minutes with little response, the senator walked out the back door, wiping away tears. In Delta Epiphany: Robert F. Kennedy in Mississippi, Ellen B. Meacham tells the story of Kennedy's visit to the Delta, while also examining the forces of history, economics, and politics that shaped the lives of the children he met in Mississippi in 1967 and the decades that followed. The book includes thirty-seven powerful photographs, a dozen published here for the first time. Kennedy's visit to the Mississippi Delta as part of a Senate subcommittee investigation of poverty programs lasted only a few hours, but Kennedy, the people he encountered, Mississippi, and the nation felt the impact of that journey for much longer. His visit and its aftermath crystallized many of the domestic issues that later moved Kennedy toward his candidacy for the presidency. Upon his return to Washington, Kennedy immediately began seeking ways to help the children he met on his visit; however, his efforts were frustrated by institutional obstacles and blocked by powerful men who were indifferent and, at times, hostile to the plight of poor black children. Sadly, we know what happened to Kennedy, but this book also introduces us to three of the children he met on his visit, including the baby on the floor, and finishes their stories. Kennedy talked about what he had seen in Mississippi for the remaining fourteen months of his life. His vision for America was shaped by the plight of the hungry children he encountered there.

The Patriarch - David Nasaw 2013-09-24

In this pioneering new work, celebrated historian David Nasaw examines the life of Joseph P. Kennedy, the founder of the twentieth century's most famous political dynasty. Drawing on never-before-published materials from archives on three continents and interviews with Kennedy family members and friends, Nasaw tells the story of a man who participated in the major events of his times: the booms and busts, the Depression and the New Deal, two world wars and the Cold War, and the birth of the New Frontier. In studying Kennedy's life, we relive the history of the American century. "Riveting . . . The Patriarch is a book hard to put down . . . As his son indelibly put it some months before his father was struck down: 'Ask not what your country can do for you - ask what you can do for your county.' One wonders what was going through the mind of the patriarch, sitting a few feet away listening to that soaring sentiment as a fourth-generation Kennedy became president of the United States. After coming to know him over the course of this brilliant, compelling book, the reader might suspect that he was thinking he had done more than enough for his country. But the gods would demand even more." - New York Times Book Review

Journals - Arthur M. Schlesinger, Jr. 2007-10-04

From his entrance into Democratic leadership circles in the 1950s through his years in the Kennedy administration and up until his last days, Arthur Schlesinger, Jr., was always at the vital center of American politics. For more than half a century, the master historian recorded his experiences and

opinions in journals that together form an intimate chronicle of life at the highest levels of American politics and culture in postwar America. This extraordinary volume contains his candid thoughts about the signal events of our time, from the Bay of Pigs to the devastating assassinations of the 1960s, from Vietnam to Watergate, and from the fall of the Soviet Union to Bush v. Gore. Filled with Schlesinger's trademark acerbic wit and tremendous insight, *Journals* is a fitting tribute to a most remarkable American life.

The Promise and the Dream - David Margolick 2018-04-03

"A fascinating, elegiac account" of the bond between two of the Civil Rights Era's most important leaders—from the journalist and author of *Strange Fruit* (Chicago Tribune). With vision and political savvy, Martin Luther King, Jr. and Robert F. Kennedy set the United States on a path toward fulfilling its promise of liberty and justice for all. In *The Promise and the Dream*, Margolick examines their unique bond, both in life and in their tragic assassinations, just sixty-two days apart in 1968. Through original interviews, oral histories, FBI files, and previously untapped contemporaneous accounts, Margolick offers a revealing portrait of these two men and the mutual assistance, awkwardness, antagonism, and admiration that existed between them. MLK and RFK cut distinct but converging paths toward lasting change. Even when they weren't interacting directly, they monitored and learned from one another. Their joint story, a story each man took pains to hide during their lives, is not just gripping history but a window into the challenges we continue to face in America. Complemented by award-winning historian Douglas Brinkley's foreword and more than eighty revealing photos by the foremost photojournalists of the period, *The Promise and the Dream* offers a compelling look at one of the most consequential but misunderstood relationships in our nation's history.

The Enemy Within - Robert F. Kennedy 1982

Robert Kennedy - Edwin O. Guthman 1991-01-01

Kennedy offers a candid account of a turbulent era, drawn from previously unpublished conversations with famous figures of the day, including Arthur Schlesinger, Jr., Edward Guthman, and Anthony Lewis.

The Crisis Of The Old Order - Arthur M. Schlesinger 2003-07-09

The Crisis of the Old Order, 1919-1933, volume one of Pulitzer Prize-winning historian and biographer Arthur M. Schlesinger, Jr.'s *Age of Roosevelt* series, is the first of three books that interpret the political, economic, social, and intellectual history of the early twentieth century in terms of Franklin D. Roosevelt, the spokesman and symbol of the period. Portraying the United States from the Great War to the Great Depression, *The Crisis of the Old Order* covers the Jazz Age and the rise and fall of the cult of business. For a season, prosperity seemed permanent, but the illusion came to an end when Wall Street crashed in October 1929. Public trust in the wisdom of business leadership crashed too. With a dramatist's eye for vivid detail and a scholar's respect for accuracy, Schlesinger brings to life the era that gave rise to FDR and his New Deal and changed the public face of the United States forever.

Thirteen Days: A Memoir of the Cuban Missile Crisis - Robert F. Kennedy 2011-04-25

"A minor classic in its laconic, spare, compelling evocation by a participant of the shifting moods and maneuvers of the most dangerous moment in human history."—Arthur M. Schlesinger, Jr. During the thirteen days in October 1962 when the United States confronted the Soviet Union over its installation of missiles in Cuba, few people shared the behind-the-scenes story as it is told here by the late Senator Robert F. Kennedy. In this unique account, he describes each of the participants during the sometimes hour-to-hour negotiations, with particular attention to the actions and views of his brother, President John F. Kennedy. In a new foreword, the distinguished historian and Kennedy adviser Arthur Schlesinger, Jr., discusses the book's enduring importance and the significance of new information about the crisis that has come to light, especially from the Soviet Union.

Bobby Kennedy - Chris Matthews 2017-10-31

In Chris Matthews's New York Times bestselling portrait of Robert F. Kennedy, "Readers witness the evolution of Kennedy's soul. Through tragedy after tragedy we find the man humanized" (Associated Press). With

his bestselling biography *Jack Kennedy*, Chris Matthews profiled one of America's most beloved Presidents and the patriotic spirit that defined him. Now, with *Bobby Kennedy*, Matthews provides "insight into [Bobby's] spirit and what drove him to greatness" (New York Journal of Books) in his gripping, in-depth, behind-the-scenes look at one of the great figures of the American twentieth century. Overlooked by his father, and overshadowed by his war-hero brother, Bobby Kennedy was a perpetual underdog. When he had the chance to become a naval officer like his older brother, Bobby turned it down, choosing instead to join the Navy as a common sailor. It was a life-changing experience that led him to connect with voters from all walks of life: young and old, black and white, rich and poor. They were the people who turned out for him in his 1968 campaign. RFK would prove himself to be the rarest of politicians—both a pragmatist who knew how to get the job done and an unwavering idealist who could inspire millions. Drawing on extensive research and interviews, Matthews pulls back the curtain on the private world of Robert Francis Kennedy. Matthew illuminates the important moments of his life: from his early years and his start in politics, to his crucial role as attorney general in his brother's administration and, finally, his tragic run for president. This definitive book brings Bobby Kennedy to life like never before.

Robert F. Kennedy and the 1968 Indiana Primary - Ray E. Boomhower 2008

On April 4, 1968, Senator Robert F. Kennedy, Jr., arrived in Indiana to campaign for the Indiana Democratic presidential primary. As Kennedy prepared to fly from an appearance in Muncie to Indianapolis, he learned that civil rights leader Dr. Martin Luther King, Jr., had been shot outside his hotel in Memphis, Tennessee. Before his plane landed in Indianapolis, Kennedy heard the news that King had died. Despite warnings from Indianapolis police that they could not guarantee his safety, and brushing off concerns from his own staff, Kennedy decided to proceed with plans to address an outdoor rally to be held in the heart of the city's African American community. On that cold and windy evening, Kennedy broke the news of King's death in an impassioned, extemporaneous speech on the need for compassion in the face of violence. It has proven to be one of the great speeches in American political history. Marking the 40th anniversary of Kennedy's Indianapolis speech, this book explains what brought the politician to Indiana that day, and explores the characters and events of the 1968 Indiana Democratic presidential primary in which Kennedy, who was an underdog, had a decisive victory.

Robert Kennedy and His Times. Illustr. with Photogr - Arthur M. Schlesinger 1978

The Imperial Presidency - Arthur M. Schlesinger 2004-08-12

A "brilliant" examination of the growth of presidential power from George Washington to George W. Bush, by a Pulitzer Prize-winning historian (Newsweek). Over the course of two centuries, the power of the president of the United States has grown exponentially. From George Washington to Abraham Lincoln, John F. Kennedy and Richard Nixon to George W. Bush, presidential power has both served and harmed the US Constitution. But is the current role of the POTUS what the Founding Fathers intended: a strong leader with an equally strong system of accountability? In *The Imperial Presidency*, Arthur M. Schlesinger Jr. explores the growth of the executive branch's power and influence on the US government. Hailed by the *Christian Science Monitor* as "brilliant [and] provocative," this is a book that explores the history of what happened when the constitutional balance was upset in favor of presidential power, and questions how Americans should allow that balance to shape the future.

Schlesinger: The Imperial Historian - Richard Aldous 2017-10-10

The first major biography of preeminent historian and intellectual Arthur Schlesinger Jr., a defining figure in Kennedy's White House. Arthur M. Schlesinger Jr. (1917–2007), known today as the architect of John F. Kennedy's presidential legacy, blazed an extraordinary path from Harvard University to wartime London to the West Wing. The son of a pioneering historian—and a two-time Pulitzer Prize and National Book Award winner in his own right—Schlesinger redefined the art of presidential biography. A *Thousand Days*, his best-selling and immensely influential record of the

Kennedy administration, cemented Schlesinger's place as one of the nation's greatest political image makers and a key figure of the American intellectual elite—a peer and contemporary of Reinhold Niebuhr, Isaiah Berlin, and Adlai Stevenson. The first major biography of this defining figure in Kennedy's Camelot, *Schlesinger: The Imperial Historian* presents a dramatic life and career set against the backdrop of the American Century. Biographer Richard Aldous draws on oral history, rarely seen archival documents, and the official Schlesinger papers to craft a portrait of the incandescently brilliant and controversial historian who framed America's ascent to global empire.

Robert Kennedy and His Times - Arthur Meier Schlesinger 1978

A biography of the Senator who was assassinated in 1968, stressing the public and personal forces and events that shaped his life.

Justice Rising - Patricia Sullivan 2021-06-08

A leading civil rights historian places Robert Kennedy for the first time at the center of the movement for racial justice of the 1960s and shows how many of today's issues can be traced back to that pivotal time. History, race, and politics converged in the 1960s in ways that indelibly changed America. In *Justice Rising*, a landmark reconsideration of Robert Kennedy's life and legacy, Patricia Sullivan draws on government files, personal papers, and oral interviews to reveal how he grasped the moment to emerge as a transformational leader. When protests broke out across the South, the young attorney general confronted escalating demands for racial justice. What began as a political problem soon became a moral one. In the face of vehement pushback from Southern Democrats bent on massive resistance, he put the weight of the federal government behind school desegregation and voter registration. Bobby Kennedy's youthful energy, moral vision, and capacity to lead created a momentum for change. He helped shape the 1964 Civil Rights Act but knew no law would end racism. When the Watts uprising brought calls for more aggressive policing, he pushed back, pointing to the root causes of urban unrest: entrenched poverty, substandard schools, and few job opportunities. RFK strongly opposed the military buildup in Vietnam, but nothing was more important to him than the revolution within our gates, the struggle of the American Negro for full equality and full freedom. On the night of Martin Luther King's assassination, Kennedy's anguished appeal captured the hopes of a turbulent decade: "In this difficult time for the United States it is perhaps well to ask what kind of nation we are and what direction we want to move in. It is a question that remains urgent and unanswered."

A Thousand Days - Arthur Meier Schlesinger (Jr.) 1965

"The Special Assistant to President Kennedy describes the historic events in which John F. Kennedy participated during his three years in the White House." --

Robert Kennedy - Evan Thomas 2013-02-05

He was "Good Bobby," who, as his brother Ted eulogized him, "saw wrong and tried to right it . . . saw suffering and tried to heal it." And "Bad Bobby," the ruthless and manipulative bully of countless conspiracy theories. Thomas's unvarnished but sympathetic and fair-minded portrayal is packed with new details about Kennedy's early life and his behind-the-scenes machinations, including new revelations about the 1960 and 1968 presidential campaigns, the Cuban Missile Crisis, and his long struggles with J. Edgar Hoover and Lyndon Johnson.

A Thousand Days - Arthur M. Schlesinger 2002-06-03

Pulitzer Prize and National Book Award winner: "Of all the Kennedy books . . . this is the best." —Time Arthur M. Schlesinger Jr. served as special assistant to President John F. Kennedy throughout his presidency—from the long and grueling campaign to Kennedy's tragic and unexpected assassination by Lee Harvey Oswald. In *A Thousand Days*, Schlesinger combines intimate knowledge as one of President Kennedy's inner circle with sweeping research and historic context to provide a look at one of the most legendary presidential administrations in American history. From JFK's battle with Nixon during the 1960 election, to the seemingly charmed inaugural days, to international conflict and domestic unrest, Schlesinger takes a close and fond, but unsparing, look at Kennedy's tenure in the White House, covering well-known successes, like his involvement in the Civil Rights movement;

infamous humiliations, like the Bay of Pigs; and often overlooked struggles, like the Skybolt missile mix-up, alike. Praised by the *New York Times* as "at once a masterly literary achievement and a work of major historical significance," *A Thousand Days* is not only a fascinating look at an American president, but a towering achievement in historical documentation.

Robert Kennedy and His Times - Arthur Meier Schlesinger (Jr.) 1978

The story of Robert Kennedy.

The Coming of the New Deal - Arthur M. Schlesinger 2003-07-09

Volume two of the Pulitzer Prize-winning author's *Age of Roosevelt* series describes Franklin Delano Roosevelt's first tumultuous years in the White House. Coming into office at the bottom of the Great Depression, FDR told the American people that they have nothing to fear but fear itself. The conventional wisdom having failed, he tried unorthodox remedies to avert economic collapse. His first hundred days restored national morale, and his New Dealers filled Washington with new approaches to recovery and reform. Combining idealistic ends with realistic means, Roosevelt proposed to humanize, redeem, and rescue capitalism. *The Coming of the New Deal*, written with Schlesinger's customary verve, is a gripping account of critical years in the history of the republic. "Monumental...authoritative...spirited...one of the major works in American historical literature."—*New York Times* "Impelling, an achievement as much in its sensitivity as in its scholarship...It is essential reading."—*Kirkus Reviews*

Make Gentle the Life of this World - Robert F. Kennedy 1998

Maxwell Taylor Kennedy read through his father Robert F. Kennedy's speeches, letters, personal journal or daybook, and books about RFK in which his father was quoted to assemble this collection of RFK's ideas.

The Kennedy Brothers - Richard D. Mahoney 2011-05

A thoroughly readable and historically important look at the relationship between JFK and RFK.

Catching the Wind - Neal Gabler 2021-11-02

NEW YORK TIMES NOTABLE BOOK • "One of the truly great biographies of our time."—Sean Wilentz, *New York Times* bestselling author of *Bob Dylan in America* and *The Rise of American Democracy* "A landmark study of Washington power politics in the twentieth century in the Robert Caro tradition."—Douglas Brinkley, *New York Times* bestselling author of *American Moonshot* The epic, definitive biography of Ted Kennedy—an immersive journey through the life of a complicated man and a sweeping history of the fall of liberalism and the collapse of political morality. *Catching the Wind* is the first volume of Neal Gabler's magisterial two-volume biography of Edward Kennedy. It is at once a human drama, a history of American politics in the late twentieth and early twenty-first centuries, and a study of political morality and the role it played in the tortuous course of liberalism. Though he is often portrayed as a reckless hedonist who rode his father's fortune and his brothers' coattails to a Senate seat at the age of thirty, the Ted Kennedy in *Catching the Wind* is one the public seldom saw—a man both racked by and driven by insecurity, a man so doubtful of himself that he sinned in order to be redeemed. The last and by most contemporary accounts the least of the Kennedys, a lightweight. He lived an agonizing childhood, being shuffled from school to school at his mother's whim, suffering numerous humiliations—including self-inflicted ones—and being pressed to rise to his brothers' level. He entered the Senate with his colleagues' lowest expectations, a show horse, not a workhorse, but he used his "ninth-child's talent" of deference to and comity with his Senate elders to become a promising legislator. And with the deaths of his brothers John and Robert, he was compelled to become something more: the custodian of their political mission. In *Catching the Wind*, Kennedy, using his late brothers' moral authority, becomes a moving force in the great "liberal hour," which sees the passage of the anti-poverty program and the Civil Rights and Voting Rights Acts. Then, with the election of Richard Nixon, he becomes the leading voice of liberalism itself at a time when its power is waning: a "shadow president," challenging Nixon to keep the American promise to the marginalized, while Nixon lives in terror of a Kennedy restoration. *Catching the Wind* also shows how Kennedy's moral authority is eroded by the fatal auto accident on Chappaquiddick Island in 1969, dealing a blow not just to Kennedy but to

liberalism. In this sweeping biography, Gabler tells a story that is Shakespearean in its dimensions: the story of a star-crossed figure who rises above his seeming limitations and the tragedy that envelopes him to change the face of America.

Robert Kennedy and His Times - Arthur M. Schlesinger 2012-07-18

The Pulitzer Prize-winning historian chronicles the short life of the Kennedy family's second presidential hopeful. Schlesinger's account vividly recalls the forces that shaped Robert Kennedy, from his position as the third son of a powerful Irish Catholic political clan to his concern for issues of social justice in the turbulent 1960s. *Robert Kennedy and His Times* is "a picture of a deeply compassionate man hiding his vulnerability, drawn to the underdogs and the unfortunates in society by his life experiences and sufferings" (Los Angeles Times). This Fortieth Anniversary Edition contains not only Schlesinger's illuminating and inspiring portrait of Robert Kennedy, but a new introduction by Michael Beschloss, in which the acclaimed bestselling author and historian discusses the book's initial reception, Schlesinger's thoughts on it, and expounds on why Robert Kennedy is still such an important figure today. "Exceptionally important, one of a handful of books that anyone who cares for the politics of the '60s must read."—Newsweek "An absorbing and vividly written study of a gallant and tragic man."—Boston Globe "A story that leaves the reader aching for what cannot be recaptured."—Miami Herald "An inspiring account of what it was like to be at Robert Kennedy's side and why he and many like him felt that vision and virtue walked with them."—Business Week

The Kennedy Family - S. J. Fuller 2007

America has no official royalty by design. Yet there have been the Roosevelts, the Adams, the Bushes, the wannabe Clintons and most intriguing of all -- the Kennedys. The Kennedys have so far only reached the presidency once but the assassination of JFK and his brother Robert, and the trials and tribulations of the family members and society in general continue to fascinate the world. This new book presents more than 1200 citations of books and related materials arranged by family member. The accompanying CD-ROM offers ready access and easy searching.

Bobby Kennedy - Larry Tye 2017-05-09

"A multilayered, inspiring portrait of RFK . . . [the] most in-depth look at an extraordinary figure whose transformational story shaped America."—Joe Scarborough, The Washington Post NEW YORK TIMES BESTSELLER • Soon to be a Hulu original series starring Chris Pine. Larry Tye appears on CNN's American Dynasties: The Kennedys. "We are in Larry Tye's debt for bringing back to life the young presidential candidate who . . . almost half a century ago, instilled hope for the future in angry, fearful Americans."—David Nasaw, The New York Times Book Review Bare-knuckle operative, cynical White House insider, romantic visionary—Robert F. Kennedy was all of these things at one time or another, and each of these aspects of his personality emerges in the pages of this powerful and perceptive biography. History remembers RFK as a racial healer, a tribune for the poor, and the last progressive knight of a bygone era of American politics. But Kennedy's enshrinement in the liberal pantheon was actually the final stage of a journey that began with his service as counsel to the red-baiting senator Joseph McCarthy. In *Bobby Kennedy*, Larry Tye peels away layers of myth and misconception to capture the full arc of his subject's life. Tye draws on unpublished memoirs, unreleased government files, and fifty-eight boxes of papers that had been under lock and key for forty years. He conducted hundreds of interviews with RFK intimates, many of whom have never spoken publicly, including Bobby's widow, Ethel, and his sister, Jean. Tye's determination to sift through the tangle of often contradictory opinions means that *Bobby Kennedy* will stand as the definitive biography about the most complex and controversial member of the Kennedy family. Praise for *Bobby Kennedy* "A compelling story of how idealism can be cultivated and liberalism learned . . . Tye does an exemplary job of capturing not just the chronology of Bobby's life, but also the sense of him as a person."—Los Angeles Review of Books "Captures RFK's rise and fall with straightforward prose bolstered by impressive research."—USA Today "[Tye] has a keen gift for narrative storytelling and an ability to depict his subject with almost novelistic

emotional detail."—Michiko Kakutani, The New York Times "Nuanced and thorough . . . [RFK's] vision echoes through the decades."—The Economist *Mutual Contempt: Lyndon Johnson, Robert Kennedy, and the Feud that Defined a Decade* - Jeff Shesol 1998-10-17

"Mutual Contempt is at once a fascinating study in character and an illuminating meditation on the role character can play in shaping history."—Michiko Kakutani, New York Times Lyndon Johnson and Robert Kennedy loathed each other. Their antagonism, propelled by clashing personalities, contrasting views, and a deep, abiding animosity, would drive them to a bitterness so deep that even civil conversation was often impossible. Played out against the backdrop of the turbulent 1960s, theirs was a monumental political battle that would shape federal policy, fracture the Democratic party, and have a lasting effect on the politics of our times. Drawing on previously unexamined recordings and documents, as well as memoirs, biographies, and scores of personal interviews, Jeff Shesol weaves the threads of this epic story into a compelling narrative that reflects the impact of LBJ and RFK's tumultuous relationship on politics, civil rights, the war on poverty, and the war in Vietnam. As Publishers Weekly noted, "This is indispensable reading for both experts on the period and newcomers to the history of that decade." "An exhaustive and fascinating history. . . . Shesol's grasp of the era's history is sure, his tale often entertaining, and his research awesome."—Russell Baker, New York Review of Books "Thorough, provocative. . . . The story assumes the dimensions of a great drama played out on a stage too vast to comprehend."—Jonathan Yardley, Washington Post (1997 Critic's Choice) "This is the most gripping political book of recent years."—Arthur Schlesinger, Jr. A New York Times Notable Book of the Year

We Band of Brothers - Edwin O. Guthman 1971

Robert Kennedy and his times - Arthur Meier Schlesinger (ml.) 1978

The Pursuit of Justice - Robert F. Kennedy 1964

RFK - Robert F. Kennedy 2018-05-01

In honor of the fiftieth anniversary of Robert Francis Kennedy's death, an inspiring collection of his most famous speeches accompanied by commentary from notable historians and public figures. Twenty-five years after Bobby Kennedy was assassinated, *RFK: His Words for Our Times*, a celebration of Kennedy's life and legacy, was published to enormous acclaim. Now, a quarter century later, this classic volume has been thoroughly edited and updated. Through his own words we get a direct and intimate perspective on Kennedy's views on civil rights, social justice, the war in Vietnam, foreign policy, the desirability of peace, the need to eliminate poverty, and the role of hope in American politics. Here, too, is evidence of the impact of those he knew and worked with, including his brother John F. Kennedy, Lyndon Johnson, Martin Luther King, Jr., and Cesar Chavez, among others. The tightly curated collection also includes commentary about RFK's legacy from major historians and public figures, among them Barack Obama, Bill Clinton, Eric Garcetti, William Manchester, Elie Wiesel, and Desmond Tutu. Assembled with the full cooperation of the Kennedy family, *RFK: His Words for Our Times* is a potent reminder of Robert Kennedy's ability to imagine a greater America—a faith and vision we could use today.

Robert Kennedy and His Times, Vol. 2 - Arthur M. Schlesinger (Jr) 1978

Journals 1952 - 2000 - Arthur Schlesinger 2014-07-03

Frank, revelatory, suffused with wit and humanity, Arthur Schlesinger Jr's journals offer an intimate history of post-war America, from his days on Adlai Stevenson's campaign team to his years in JFK and RFK's inner circle, through to the election of George W. Bush. They contain candid reminiscences of the defining events of our time - including the Bay of Pigs, the devastating assassinations of the 1960s, Vietnam, Watergate, the fall of the Soviet Union, and Bush vs Gore. They also offer an extraordinary window into the lives of the remarkable range of politicians, intellectuals, writers, and actors who were his friends - from the Kennedys to Kissinger and the

Clintons, from Norman Mailer to Lauren Bacall and Marilyn Monroe. Together Schlesinger's journals form an astonishingly vivid portrait of American politics and culture in the second half of the twentieth century - one that only a man who knew everyone, and missed nothing, could provide.

The Last Campaign - Thurston Clarke 2008-05-27

Tells the story of Robert F. Kennedy's 1968 Presidential campaign.

The Letters of Arthur Schlesinger, Jr. - Arthur Schlesinger, Jr. 2013-10-29

This extraordinary collection gathers the never-before-seen correspondence of a true American original—the acclaimed historian and lion of the liberal establishment, Arthur Schlesinger, Jr. An advisor to presidents, two-time Pulitzer Prize winner, and tireless champion of progressive government, Arthur Schlesinger, Jr., was also an inveterate letter writer. Indeed, the term “man of letters” could easily have been coined for Schlesinger, a faithful and prolific correspondent whose wide range of associates included powerful public officials, notable literary figures, prominent journalists, Hollywood celebrities, and distinguished fellow scholars. The Letters of Arthur Schlesinger, Jr. reveals the late historian’s unvarnished views on the great issues and personalities of his time, from the dawn of the Cold War to the aftermath of September 11. Here is Schlesinger’s correspondence with such icons of American statecraft as Harry Truman, Adlai Stevenson, Hubert Humphrey, Henry Kissinger, Bill Clinton, and, of course, John and Robert Kennedy (including a detailed critique of JFK’s manuscript for Profiles in Courage). There are letters to friends and confidants such as Eleanor Roosevelt, John Kenneth Galbraith, Gore Vidal, William Styron, and Jacqueline Kennedy (to whom Schlesinger sends his handwritten condolences in the hours after her husband’s assassination), and exchanges with such unlikely pen pals as Groucho Marx, Sammy Davis, Jr., and Bianca Jagger. Finally, there are Schlesinger’s many thoughtful replies to the inquiries of ordinary citizens, in which he offers his observations on influences, issues of the day, and the craft of writing history. Written with the range and insight that made Schlesinger an indispensable figure, these letters reflect the evolution of his thought—and of American liberalism—from the 1940s to the first decade of the new millennium. Whether he is arguing against the merits of preemptive war, advocating for a more forceful policy on civil rights, or simply explaining his preference in neckwear (“For sloppy eaters bow ties are a godsend”), Schlesinger reveals himself as a formidable debater and consummate wit who reveled in rhetorical combat. To a detractor who accuses him of being a Communist sympathizer, he writes: “If your

letter was the product of sincere misunderstanding, the facts I have cited should relieve your mind. If not, I can only commend you to the nearest psychiatrist.” Elsewhere, he castigates a future Speaker of the House, John Boehner, for misattributing quotations to Abraham Lincoln. Combining a political strategist’s understanding of the present moment with a historian’s awareness that the eyes of posterity were always watching him, Arthur Schlesinger, Jr., helped shape the course of an era with these letters. This landmark collection frames the remarkable dynamism of the twentieth-century and ensures that Schlesinger’s legacy will continue to influence this one. Praise for *The Letters of Arthur Schlesinger, Jr.* “Schlesinger’s political intelligence in his correspondence is excellent, the level of discourse and purpose high, the sense of responsibility as keen as the sense of fun. . . . The best letters—and there are many—come from the typewriter of the public Schlesinger, the fighting liberal, especially when he’s jousting with a provocative antagonist.”—George Packer, *The New York Times Book Review* “Arthur Schlesinger’s letters are full of personal, political, and historical insights into the tumultuous events and enormous personalities that dominated the mid-twentieth century.”—President Bill Clinton

The Revolution of Robert Kennedy - John R. Bohrer 2017-06-06

A groundbreaking account of how Robert F. Kennedy transformed horror into hope between 1963 and 1966. On November 22nd, 1963, Bobby Kennedy received a phone call that altered his life forever. The president, his brother, had been shot. JFK would not survive. In *The Revolution of Robert Kennedy*, journalist John R. Bohrer focuses in intimate and revealing detail on Bobby Kennedy's life during the three years following JFK's assassination. Torn between mourning the past and plotting his future, Bobby was placed in a sudden competition with his political enemy, Lyndon Johnson, for control of the Democratic Party. No longer the president's closest advisor, Bobby struggled to find his place within the Johnson administration, eventually deciding to leave his Cabinet post to run for the U.S. Senate, and establish an independent identity. Those overlooked years of change, from hardline Attorney General to champion of the common man, helped him develop the themes of his eventual presidential campaign. *The Revolution of Robert Kennedy* follows him on the journey from memorializing his brother's legacy to defining his own. John R. Bohrer's rich, insightful portrait of Robert Kennedy is biography at its best--inviting readers into the mind and heart of one of America's great leaders.
