Aemilia Lanyer - Marshall Grossman 2014-07-11
Aemilia Lanyer was a Londoner of Jewish-Italian descent and the mistress of Queen

Elizabeth's Lord Chamberlain. But in 1611 she did something extraordinary for a middle-class woman of the seventeenth century: she published a volume of original poems. Using standard genres to address distinctly feminine concerns, Lanyer's work is varied, subtle, provocative, and witty. Her religious poem "Salve Deus Rex Judaeorum" repeatedly projects a female subject for a female reader and casts the Passion in terms of gender conflict. Lanyer also carried this concern with gender into the very structure of the poem; whereas a work of praise usually held up the superiority of its patrons, the good women in Lanyer's poem exemplify worth women in general. The essays in this volume establish the facts of Lanyer's life and use her poetry

to interrogate that of her male contemporaries, Donne, Jonson, and Shakespeare. Lanyer's work sheds light on views of gender and class identities in early modern society. By using Lanyer to look at the larger issues of women writers working within a patriarchal system, the authors go beyond the explication of Lanyer's writing to address the dynamics of canonization and the construction of literary history.

Confocal Raman

Microscopy - Jan

Toporski 2018-03-01

This second edition provides a cutting-edge overview of physical, technical and scientific aspects related to the widely used analytical method of confocal Raman microscopy. The book includes expanded background information and adds insights into how confocal Raman

microscopy, especially 3D Raman imaging, can be integrated with other methods to produce a variety of correlative microscopy combinations. The benefits are then demonstrated and supported by numerous examples from the fields of materials science, 2D materials, the life sciences, pharmaceutical research and development, as well as the geosciences.

Baure - Swintha Danielsen 2007

This book is first and foremost a grammatical description of Baure, a seriously endangered language from Bolivian Amazonia. Baure belongs to the Southern Arawak language family and it forms part of the Guaporé-Mamor linguistic area. This book is the first detailed and comprehensive grammatical description of Baure, covering its phonology, morphology, syntax, and discourse structure. It is based on the author's extensive fieldwork in Bolivia in 2003, 2004, and 2006. The book furthermore addresses the historical, cultural, and sociolinguistic background of the speakers of Baure. Special attention is given to the complex (morpho)phonological processes within a

phonological phrase, the rich noun classification system, the distinction of verbal and non-verbal predicates with respect to the argument marking pattern, the three-level distinction of verbal morphology, and specific clause types based on different nominalization strategies, which also play an important role in clause subordination. The relation to the surrounding Southern Arawak languages Trinitario, Ignaciano, and Paunaca is investigated through comparison of the lexicon and the grammar. The appendices contain different text types, lists of grammatical morphemes, classifiers, and the Swadesh 200 word list. It is a highly valuable addition to our knowledge of South American languages and cultures in general and the Arawak languages in particular. This book is

aimed at linguists from all backgrounds and is of special interest to typologists, historical linguists, Arawakanists, Americanists, and anthropologists. It is also an important record of a dying language for its speech community and their descendants.

Chinese Stories for Language Learners -

Vivian Ling 2021-03-23

The highly anticipated next book in Tuttle's Stories for Language Learners series is here! This book presents 22 classic Chinese proverbs and the traditional tales behind them. The stories are bilingual, with the Chinese and English versions

presented on facing pages. Each includes an explanation of how the proverb is used today, cultural notes, vocabulary and discussion questions. Online audio recordings of the tales by native speakers give students a chance to improve their pronunciation and comprehension. Some of the proverbs featured in this collection include: "Painting the Eyes on the Dragon" Based on the story of a famous court painter in 6th century China who painted dragons, this proverb refers to the finishing touches needed to bring a work of art or literature to life. In a discussion, it refers to the final statements used to clinch the argument. "Waiting for Rabbits by a Tree Stump" Based on an ancient folktale about a foolish farmer who sees a rabbit kill itself in front of

him by running into a tree stump, then gives up tilling his field to wait for more rabbits by the stump. This saying is applied to people who wait passively for luck to strike again. It also refers to impractical people who stick to one way of doing things only because it has worked for them once in the past. "Pure Water Has No Fish; Perfect People Have No Friends" Many versions of this historical tale exist. The one told here is about a 2nd century AD official sent to govern a far-flung outpost on the Silk Road who is fastidious in applying strict rules and thereby causes the local people to rebel against him. In the professional world, it is used to refer to people who do not like to work with an overly strict supervisor or colleague. Whether being used in a classroom or

for self-study, Chinese Stories for Language Learners provides an educational and entertaining way for intermediate Mandarin learners to expand their vocabulary and understanding of the language.

The Grand Inquisitor - Fyodor Dostoyevsky
2022-06-13

"The Grand Inquisitor" is a story within a story. It is contained within Fyodor Dostoevsky's 1880 novel "The Brothers Karamazov." The story tells about Ivan Karamazov questioning his brother Alexei, a novice monk, about the possibility of a personal and benevolent God.

The Myth of Aristotle's Development and the Betrayal of Metaphysics - Walter Wehrle 2000

In this radical reinterpretation of Aristotle's *Metaphysics*, Walter E. Wehrle demonstrates that developmental theories of Aristotle are based on a faulty assumption: that the fifth chapter of *Categories* ('substance') is an early theory of metaphysics that Aristotle later abandoned. The ancient commentators unanimously held that the *Categories*

was semantical and not metaphysical, and so there was no conflict between it and the Metaphysics proper. They were right, Wehrle argues: the modern assumption, to the contrary, is based on a medieval mistake and is perpetuated by the anti-metaphysical postures of contemporary philosophy. Furthermore, by using the logico-semantical distinction in Aristotle's works, Wehrle shows just how the principal 'contradictions' in Metaphysics Books VII and VIII can be resolved. The result in an interpretation of Aristotle that challenges mainstream viewpoints, revealing a supreme philosopher in sharp contrast to the developmentalists' version.

Illustrated Dictionary of Vedic Rituals - H. G. Ranade 2006

Semantics - Igor A.

Mel?uk 2012-06-06

This book presents an innovative and novel approach to linguistic semantics, beginning with the idea that language can be described as a system for the expression of linguistic Meanings as particular surface forms or Texts. Semantics is specifically that system of rules that ensures a correct transition from a Semantic Representation of the Meaning of a family of synonymous sentences to the Deep Syntactic Representation of a particular sentence. Framed in the terms of Meaning-Text linguistics, this volume discusses in detail the problems of Semantic Representation –including the semantic structure of utterances, the semantics of Causation in English, and communicative, or information, structure.

Based on the author's life-long dedication to the study of the semantics and syntax of natural language, this book is a paradigm-shifting contribution to the language sciences whose originality and daring will make it essential reading for linguists, anthropologists, semioticians, and computational linguists. *Bengal Catholic Herald* - 1845

Poceza M'madzulo -

Julius Chongo 2004

Julius Chongo is a household name in Zambia, a celebrated Chewa poet and raconteur, renowned for adapting and creating a popular radio drama of oral prose and poetic narratives known in Chewa or Njanja as 'Poceza M?Madzulo'. The serial ran for ten years between 1966 and 1976 and became a hit amongst both rural and urban Zambians. The stories, which mix realism and illusion, were adapted from the storytelling tradition, and the story theatre performance tradition of the Chewa and Njanja speaking peoples of Northern Mozambique, Malawi and Zambia, as an effort to keep this tradition

alive. In the same spirit, the stories have been transcribed and translated into English for a new generation. Although not intended for the written medium, the stories convey much of Chongo's idiom, originality and aesthetic devices. The corpus of stories and their translations are thus a valuable contribution to an understanding of Zambian oral literature in indigenous languages, and as a means of communicating these cultures. Further the work is an important effort to address the underdeveloped area of publishing in indigenous languages and literature in Zambia, a prerequisite for the nurturing of local cultural identity.

The Visible Word -
Johanna Drucker 1994
Drucker skillfully
traces the development
of this critical

RAF Wings Over Florida -
Willard Largent 2000
They fondly remember the
times when they buzzed
over the homes of their
Florida "families" to
let them know to expect
them for Sunday dinner.

More than fifty years later, their stories still resonate with universal emotions: fear of failure, love of country, camaraderie, romantic love, and the pain of tragic deaths. Their stories also remind the American reader of a unique time in our history, when, poised on the brink of war, the United States reached out to help a country in distress."--
