Krishna Sobti's Views on Literature and the Poetics of Writing - Rosine-Alice Vuille
2022-10-03

How does a writer discuss her creative process and her views on a writer's role in society? How do her comments on writing relate to her works? The Hindi writer Krishna Sobti (1925-2019) is known primarily as a novelist. However, she also extensively wrote about her views on the creative process, the figure of the writer,

historical writing, and the position of writers within the public sphere. This study is the first to examine in detail the relationship between Sobti's views on poetics as exposed in her non-fictional texts and her own literary practice. The writer's self-representation is analysed through her use of metaphors to explain her creative process. Sobti's construction of the figure of the writer is then put in parallel with her idiosyncratic use of language as a representation of the

heterogeneous voices of her characters and with her conception of literature as a space where time and memory can be "held." At the same time, by delving into Sobti's position in the debate around "women's writing" (especially through the creation of a male double, the failed writer Hashmat), and into her views on literature and politics, this book also reflects on the literary debates of the post-Independence Hindi literary sphere.

Hindutva or Hind Swaraj - U. R. Ananthamurthy
2018-03-05

Born out of a meditation on the ideas of the nation state and nationalism, and what the new power structures and centres mean for the very idea of India, *Hindutva or Hind Swaraj* is a manifesto -- written in the form of aphorisms, using shifting tones and styles to make a deep, elegant and heartfelt point about the human cost of radicalization. This last work of Jnanpith award winner and pre-eminent writer U.R.

Ananthamurthy is a creative response to the rise of *Hindutva* nationalism in India. Juxtaposing V.D. Savarkar's idea of *Hindutva* with M.K. Gandhi's concept of *Hind Swaraj*, the book examines the two directions that were open to India at the time of Independence.

Sachin Tendulkar: A Definitive Biography -
Vaibhav Purandare 2012-08-22

This is not a scorebook, nor is it an accumulation of facts or the extension of a globally recognised brand. This is the first in-depth and comprehensive biography of Sachin Tendulkar, and it puts Sachin, the cricketer and the human being, in perspective. Tendulkar's story is told here grippingly, with a wealth of rare, unpublished anecdotes that throw fresh light on a remarkable career. The book probes the psychological growth of the world's leading batsman, examines the historical forces that shaped his personal and cricketing character, analyses his cricket planning and actions and evaluates the history the man himself has created, whether by making his Test debut at 16 or making his 50th century in Test cricket. It just as carefully chronicles and discusses his

disappointments, failures and the controversies that have cropped up around his name, and provides an insight into Tendulkar the man, who has for so long been kept from public view. Above all, the book places Tendulkar in the context of the international cricket tradition and determines his exact place in world cricket history. Capacious and yet crisp, Sachin Tendulkar: A Definitive Biography is Tendulkar in totality.

Language Politics and Public Sphere in North India - Mithilesh Kumar Jha 2017-11-21
Moving beyond the existing scholarship on language politics in north India which mainly focuses on Hindi-Urdu debates, Language Politics and Public Sphere in North India examines the formation of Maithili movement in the context of expansion of Hindi as the 'national' language. It

revisits the dynamic hierarchy through which a distinction is produced between 'major' and 'minor' languages. The movement for recognition of Maithili as an independent language has grown assertive even when the authority of Hindi is resolutely reinforced. The book also examines increasing politicization of the Maithili movement — from Hindi-Maithili ambiguities and antagonisms, to territorial consciousness, and subsequently to separate statehood demand, along with the persistent popular indifference. Mithilesh Jha examines such processes historically, tracing the formation of Maithili movement from mid-nineteenth century until its inclusion into the eighth schedule of the Indian constitution in 2003.

Contested Holy Cities - Michael Dumper 2019-05-14

Examining contestation and conflict management within holy cities, this book provides both an overview and a range of options available to those concerned with this increasingly urgent phenomenon. In cities in India, the Balkans and

the Mediterranean, we can see examples where religion plays a dominant role in urban development and thus provides a platform for conflict. Powerful religious hierarchies, the generation of often unregulated revenues from donations and endowments, the presence of holy sites and the enactment of ritualistic activities in public spaces combine to create forms of conflicts which are, arguably, more intense and more intractable than other forms of conflicts in cities. The book develops a working definition of the urban dimension of religious conflicts so that the kinds of conflicts exhibited can be contextualised and studied in a more targeted manner. It draws together a series of case studies focusing on specific cities, the kinds of religious conflicts occurring in them and the international structures and mechanisms that have emerged to address such conflicts. Combining expertise from both academics and practitioners in the policy and military world, this interdisciplinary collection will be of particular

relevance to scholars and students researching politics and religion, regional studies, geography and urban studies. It should also prove useful to policymakers in the military and other international organisations.

Narratives, Routes and Intersections in Pre-Modern Asia - Radhika Seshan 2016-11-10

This book traces connections in pre-modern Asia by looking at different worlds across geography, history and society. It examines how regions were connected by people, families, trade and politics as well as how they were maintained and remembered. The volume analyses these intersections of memory and narrative, of people and places and the routes that took people to

these places, using a variety of sources. It also studies whether these intersections remain in later and present times, and their larger impact on our understanding of history. The narratives cover several journeys drawn from archaeology, texts and cultural imagination: trade routes, marts, fairs, forts, religious pilgrimages, inscriptions, calligraphy and coinages spanning diverse regions, including India-Tibet-British forays, India-Malay intersections, corporate enterprise in the Indian Ocean, impacts of slave trade in Southeast Asia shaped by the Dutch East India company, movements and migrations around Indo-Iranian borderlands and those in western and southern India. The book will greatly interest scholars and researchers of history and archaeology, cultural studies and literature.

Writer, Rebel, Soldier, Lover - Akshaya Mukul 2022-07-24

"An outstanding literary biography" AMITAV GHOSH "Mukul writes beautifully, and brings to life a man who has often been misunderstood"

BENJAMIN MOSER "This book is a remarkable contribution to the world of Indian letters: ANNIE ZAIDI Sachchidanand Hirananda Vatsyayan 'Agyeya' is unarguably one of the most remarkable figures of Indian literature. From his revolutionary youth to acquiring the mantle of a (highly controversial) patron saint of Hindi literature, Agyeya's turbulent life also tells a history of the Hindi literary world and of a new nation-spanning as it does two world wars, Independence and Partition, and the building and fraying of the Nehruvian state. Akshaya Mukul's comprehensive and unflinching biography is a journey into Agyeya's public, private and secret lives. Based on never-seen-before archival material-including a mammoth trove of private papers, documents of the CIA-funded Congress for Cultural Freedom and colonial records of his years in jail-the book delves deep into the life of the nonconformist poet-novelist. Mukul reveals Agyeya's revolutionary life and bomb-making skills, his CIA connection, a secret lover, his

intense relationship with a first cousin, the trajectory of his political positions, from following M.N. Roy to exploring issues dear to the Hindu right, and much more. Along the way, we get a rare peek into the factionalism and pettiness of the Hindi literary world of the twentieth century, and the wondrous and grand debates which characterized that milieu. *Writer, Rebel, Soldier, Lover* features a formidable cast of characters: from writers like Premchand, Phanishwarnath Renu, Raja Rao, Mulk Raj Anand and Josephine Miles to Prime Minister Jawaharlal Nehru, revolutionary Chandra Shekhar Azad and actor Balraj Sahni. And its landscapes stretch from British jails, an intellectually robust Allahabad and modern-day Delhi to monasteries in Europe, the homes of Agyeya's friends in the Himalayas and universities in the US. This book is a magnificent examination of Agyeya's civilizational enterprise. *Ambitious and scholarly, Writer, Rebel, Soldier, Lover* is also an unputdownable, whirlwind of a read.

Gandhi's Assassin - Dharendra Jha 2023-01-24
Dharendra Jha's deeply researched history places Nathuram Godse's life as the juncture of the dangerous fault lines in contemporary India: the quest for independence and the rise of Hindu nationalism. On a wintry Delhi evening on 30 January 1948, Nathuram Godse shot Gandhi at point-blank range, forever silencing the man who had delivered independence to his nation. Godse's journey to this moment of international notoriety from small towns in western India is, by turns, both riveting and wrenching. Drawing from previously unpublished archival material, Jha challenges the standard account of Gandhi's assassination, and offers a stunning view on the making of independent India. Born to Brahmin parents, Godse started off as a child mystic. However, success eluded him. The caste system placed him at the top of society but the turbulent times meant that he soon became a disaffected youth, desperately seeking a position in the infant nation. In such confusing times, Godse was

one of hundreds, and later thousands, of young Indian men to be steered into the sheltering fold of early Hindutva, Indian nationalism. His association with early formations of the RSS and far-right thinkers such as Sarvkar proves that he was not working alone. Today he is considered to be a patriotic hero by many for his act of bravery, despite being found guilty in court and executed in 1949.

2014-07-14

Every year thousands of pilgrims travel to Brindavan, the village where Krishna is said to have lived as a child. There, they witness a series of religious dramas called ras lilas, whose central roles are performed by children. By translating four plays that collectively span this cycle, John

Hawley provides a lively perspective on the mythology of Krishna as Hindus experience it today. Originally published in 1981. Remote Sensing of Northwest Himalayan Ecosystems - R. R. Navalgund 2018-10-18
Himalaya, one of the global biodiversity hotspots, is the abode of a variety of flora and fauna. The Himalayan ecosystems have immense ecological, socioeconomic, and aesthetic significance as they provide a wide range of ecosystem services. The northwest Himalaya (NWH), covering three states of India viz., Uttarakhand, Himachal Pradesh, and Jammu and Kashmir, starts from the foothills of Shivaliks in the south and extends to the greater Himalaya in the north. This region is also the source of some of the major rivers of India. With the increase in population, the NWH ecosystems have been under threat due to deforestation, loss of biodiversity, expansion of agriculture and settlement, overexploitation of natural resources, habitat loss and fragmentation, poaching, mining, construction of

roads and large dams, and unplanned tourism. The Himalaya being young and geotectonically active, remains inherently unstable, fragile, and prone to natural disasters. Climate change is also likely to impact the Himalayan cryosphere drastically. Recognizing the importance of the Himalaya, a National Mission for Sustaining the Himalayan Ecosystem, one of the eight missions under the National Action Plan on Climate Change (NAPCC) of Govt. of India, to conserve biodiversity, forest cover and other ecological values in the Himalayan region has been taken up. Spaceborne remote sensing with its ability to provide synoptic and repetitive coverage has emerged as a powerful tool for assessment and monitoring of the Himalayan resources and phenomena. Indian Institute of Remote Sensing, Dehradun has taken up a number of studies in the fields of geology, water resources, forestry, agriculture, urban settlement, etc., over the last decade. The book summarises the work carried out in different disciplines, illustrated with tables

and figures and a host of relevant references. It is hoped that the book serves as an excellent reference of immense value to the students, researchers, professors, scientists, professionals, and decision makers working in the NWH region.
