Guns, Germs, and Steel: The Fates of Human Societies - Jared Diamond
1999-04-17

"Fascinating.... Lays a foundation for understanding human history."—Bill Gates In this "artful, informative, and delightful" (William H. McNeill, New York Review of Books) book, Jared Diamond convincingly argues that geographical and environmental factors shaped the modern world. Societies that had had a head start in food production advanced beyond the hunter-gatherer stage, and then developed religion --as well as nasty germs and potent weapons of war --and adventured on sea and land to conquer and decimate preliterate cultures. A major advance in our understanding of human societies, Guns, Germs, and Steel chronicles the way that the modern world came to be and stunningly dismantles racially based theories of human history. Winner of the Pulitzer Prize, the Phi Beta Kappa Award in Science, the Rhone-Poulenc Prize, and the Commonwealth club of California's Gold Medal.

Teaching and Researching Speaking - Rebecca Hughes 2016-12-19
Teaching and Researching Speaking provides an overview of the main approaches to researching spoken language and their practical application to teaching, classroom materials, and assessment. The history and current practices of teaching and researching speaking are presented through the lens of bigger theoretical issues about the object of study in linguistics, social attitudes to the spoken form, and the relationships between spoken and written language. A unique feature of the book is the way it clearly explains the nature of speaking and how it is researched and puts it into the context of a readable and holistic overview of language theory. This new edition is fully updated and revised to reflect the latest developments on classroom materials and oral assessment, as well as innovations in conversation analysis. The resources section is brought up-to-date with new media and currently available networks, online corpora, and mobile applications. This is a key resource for applied linguistics students, English language teachers, teacher

trainers, and novice researchers.

Sustainable English Language Teacher Development at Scale - Ian Eyres
2018-09-06

This book offers a thorough and comprehensive review of the lessons learnt from the award-winning 'English in Action' English language teacher development programme, which ran in government primary and secondary schools across Bangladesh from 2008 to 2017. Over the course of nine years the programme involved 51,000 teachers and 20 million school students, demonstrably raising standards of teachers' classroom practice and students' English language attainment, and won the British Council ELTON Award for Local innovation (2013) and Times Higher Education Award for International Impact (2107). The sixteen chapters explore the programme in detail, looking at both the successes and the challenges encountered throughout its course, including the strategies used to address the challenges. The key innovative factors of the programme include: · a positive choice to build on the existing context, such as the lives and experiences of local teachers and the demands of a nationally determined curriculum; · teacher learning taking place in the teachers' own classrooms; · a focus on learning the 'how' of communicative language teaching through reflective practice and peer support; · the use - within a carefully constructed pedagogy - of affordable, readily-available mobile phone technology; · the use of mediated authentic video · a model of teacher development at very large scale that provided a successful alternative to the 'cascade' model; · a partnership with government institutions to ensure that improved practices are maintained beyond the life of the Programme.

The Marx Brothers as Social Critics - Martin A. Gardner 2009-10-21

The Marx Brothers' films are packed with slapstick and obvious jokes, gags, puns, pratfalls, and mimicry. But beneath the laughs is a serious and biting condemnation of American culture. This book examines historical events, political practices, economic conditions, manners and customs, literary subjects, and popular entertainment as satirized in the films and considers the ways in which the films were relevant in their era and remain so today.

The Story of English in 100 Words - David Crystal 2012-03-27

The world's foremost expert on the English language takes us on an entertaining and eye-opening tour of the history of our vernacular through the ages. In *The Story of English in 100 Words*, an entertaining history of the world's most ubiquitous language, David Crystal draws on one hundred words that best illustrate the huge variety of sources, influences and events that have helped to shape our vernacular since the first definitively English word—'roe'—was written down on the femur of a roe deer in the fifth century. Featuring ancient words ('loaf'), cutting edge terms that reflect our world ('twittersphere'), indispensable words that shape our tongue ('and', 'what'), fanciful words ('fopdoodle') and even obscene expressions (the "c word"...), David Crystal takes readers on a tour of the winding byways of our language via the rude, the obscure and the downright surprising.

Assessing L2 Listening - Gary J. Ockey 2018-08-08

This book is relevant for language testers, listening researchers, and oral proficiency teachers, in that it explores four broad themes related to the assessment of L2 listening ability: the use of authentic, real-world spoken texts; the effects of different speech varieties of listening inputs; the use of

audio-visual texts; and assessing listening as part of an interactive speaking/listening construct. Each theme is introduced with a review of the relevant literature, and then is examined through either two or three empirical studies. The notion of authenticity underlies each of these four themes. By creating more authentic test tasks that are similar to real world language tasks, test developers can create listening assessments that not only more effectively assess test takers' communicative competence, but can also have a positive washback effect on educational systems.

The Trinity and the Kingdom - Jürgen Moltmann 1981-01-01

"An excellent introduction to the prophets and the prophetic literature . . . The goal of the book is to understand the thought of the prophets in their historical contexts, and to communicate that understanding for our time. Its approach, while innovative, builds upon the best of contemporary analysis of the prophetic literature." --Gene M. Tucker Candler School of Theology Emory University "Koch's first volume on the prophets of ancient Israel displays his sound and creative scholarship and will fill a bibliographical gap. He displays the individuality of each prophet with perceptive insight, but he also compares and interrelates them in his various summaries. Furthermore, Koch relates his study of individual prophets to theological currents that have been flowing through the scholarly world in recent decades." --Bernhard W. Anderson Princeton Theological Seminary

English for Everyone Junior 5 Words a Day - DK 2021-03-04

PLEASE NOTE - this is a replica of the print book and you will need a pen and paper to complete the exercises. The perfect introduction to English vocabulary for children aged 6-9 as they take the first steps towards learning English as a foreign language. This beautifully illustrated vocabulary ebook for children introduces your child to the essentials of English vocabulary. *English for Everyone Junior: 5 Words a Day* presents your child with 5 new words to learn and practise each day for four days, then tests these words through a variety of engaging exercises on day five. Over the course of one year, your child will build up a vocabulary of more than 1,000 commonly used English words. All the vocabulary is sorted into themes that reflect children's everyday lives (such as toys, clothes, and food), and each set of words is accompanied by a beautiful illustration that helps your child to fix those words in their memory. The daily "test yourself" practice utilizes cleverly designed flaps which hide the words your child has just learned. *English for Everyone Junior: 5 Words a Day* provides the necessary foundation for children who are about to start studying English at school, as well as solid support for those who are already learning the language. *English for Everyone Junior: 5 Words a Day* covers the vocabulary used in the Cambridge Young Learners Exams and more, and corresponds to bands pre-A1 through to A2 on the Common European Framework of Reference for Languages (CEFR).
