Feminism without Borders - Chandra Talpade Mohanty 2003-02-07

Bringing together classic and new writings of the trailblazing feminist theorist Chandra Talpade Mohanty, *Feminism without Borders* addresses some of the most pressing and complex issues facing contemporary feminism. Forging vital links between daily life and collective action and between theory and pedagogy, Mohanty has been at the vanguard of Third World and international feminist thought and activism for nearly two decades. This collection highlights the concerns running throughout her pioneering work: the politics of difference and solidarity, decolonizing and democratizing feminist practice, the crossing of borders, and the relation of feminist knowledge and scholarship to organizing and social movements. Mohanty offers here a sustained

critique of globalization and urges a reorientation of transnational feminist practice toward anticapitalist struggles. Feminism without Borders opens with Mohanty's influential critique of western feminism ("Under Western Eyes") and closes with a reconsideration of that piece based on her latest thinking regarding the ways that gender matters in the racial, class, and national formations of globalization. In between these essays, Mohanty meditates on the lives of women workers at different ends of the global assembly line (in India, the United Kingdom, and the United States); feminist writing on experience, identity, and community; dominant conceptions of multiculturalism and citizenship; and the corporatization of the North

American academy. She considers the evolution of interdisciplinary programs like Women's Studies and Race and Ethnic Studies; pedagogies of accommodation and dissent; and transnational women's movements for grassroots ecological solutions and consumer, health, and reproductive rights. Mohanty's probing and provocative analyses of key concepts in feminist thought—"home," "sisterhood," "experience," "community"—lead the way toward a feminism without borders, a feminism fully engaged with the realities of a transnational world.

Eats, Shoots & Leaves - Lynne Truss

2004-04-12

We all know the basics of punctuation. Or do we? A look at most neighborhood signage tells a different story. Through sloppy usage and low standards on the internet, in email, and now text messages, we have made proper punctuation an endangered species. In Eats, Shoots & Leaves, former editor Lynne Truss dares to say, in her delightfully urbane, witty, and very English way, that it is time to look at our commas and semicolons and see them as the wonderful and necessary things they

are. This is a book for people who love punctuation and get upset when it is mishandled. From the invention of the question mark in the time of Charlemagne to George Orwell shunning the semicolon, this lively history makes a powerful case for the preservation of a system of printing conventions that is much too subtle to be mucked about with.

Comprehensive Grammar and Composition by Pearson - Chakraverty

Comprehensive Grammar & Composition is a definitive textbook on the English language, designed to familiarise young learners with the nuances of English grammar through situations and contexts that are easy to relate to, while preparing them to cope with the language paper in their examinations. This book is divided into sections for the student's

convenience and provides ample practice material for the grammar topics with internal cross-references to the relevant rules for each grammar exercise. The explanations are clear and concise and are backed up by sufficient examples, while rules and exceptions are presented neatly in tabular format or in boxes. Usage notes and interesting pieces of information are given at the relevant points while the chapters conclude with a section on errors that are commonly made. The sections on comprehension and composition provide students with additional writing practice while exposing them to the use of English in various real-life situations. The vocabulary pages take into consideration the importance of a lexical approach to the language. The functional approach of the series

will ensure that students are equipped to apply their acquired knowledge of grammar in practical scenarios

How to Draw What You See - Rudy De Reyna 2011-09-07

The 35th anniversary edition of the classic how-to book that has helped millions of artists learn to draw. When it was originally published in 1970, *How to Draw What You See* zoomed to the top of Watson-Guptill's best-seller list—and it has remained there ever since. "I believe that you must be able to draw things as you see them—realistically," wrote Rudy de Reyna in his introduction. Today, generations of artists have learned to draw what they see, to truly capture the world around them, using de Reyna's methods. *How to Draw What You See* shows artists how to recognize the basic shape of an

object—cube, cylinder, cone, or sphere—and use that shape to draw the object, no matter how much detail it contains.

In Praise of the Goddess - 2003-12-01

About 16 centuries ago, an unknown Indian author or authors gathered together the diverse threads of already ancient traditions and wove them into a verbal tapestry that today is still the central text for worshippers of the Hindu Devi, the Divine Mother. This spiritual classic, the Devimahatmya, addresses the perennial questions of the nature of the universe, humankind, and divinity. How are they related, how do we live in a world torn between good and evil, and how do we find lasting satisfaction and inner peace? These questions and their answers form the substance of the

Devimahatmya. Its narrative of a dispossessed king, a merchant betrayed by the family he loves, and a seer whose teaching leads beyond existential suffering sets the stage for a trilogy of myths concerning the all-powerful Divine Mother, Durga, and the fierce battles she wages against throngs of demonic foes. In these allegories, her adversaries represent our all-too-human impulses toward power, possessions, and pleasure. The battlefields symbolize the field of human consciousness on which our lives' dramas play out in

joy and sorrow, in wisdom and folly. The Devimahatmya speaks to us across the ages of the experiences and beliefs of our ancient ancestors. We sense their enchantment at nature's bounty and their terror before its destructive fury, their recognition of the good and evil in the human heart, and their understanding that everything in our experience is the expression of a greater reality, personified as the Divine Mother. Dashboard Computer Science 01 - Pooja Sachdeva
