Saunders Canadian Comprehensive Review for the NCLEX-RN - Linda Anne Silvestri 2016-09

Now there's a Canadian edition of the book that is often

called the 'the best NCLEX(R) exam review book ever! Saunders Canadian Comprehensive Review for the NCLEX-RN(R) Examination provides everything your students need to prepare for the NCLEX exam -- complete content review and over 5,100 NCLEX examination-style questions in the book and online. This is the first edition to put the NCLEX-RN(R) exam in a Canadian context. An Evolve companion website includes instructor resources that make it easy to integrate this book into any course, along with detailed feedback and assessment for your students' work. Don't make the mistake of assuming the quality of the questions is the same in all NCLEX exam review books, because only this book includes the kind of questions that consistently test the critical thinking skills necessary to pass today's NCLEX exam. Even better, all answers include detailed rationales to help students learn from their answer choices, as well as test-taking strategies with tips on how to best approach each question. Written by the most trusted name in NCLEX review, Linda Anne Silvestri, and featuring special resources to help Canadian students succeed, this is THE book of choice for NCLEX preparation. Read any customer review or ask your colleagues to see why there's nothing else like it!

Lippincott NCLEX-RN Alternate-Format Questions - Diana Rupert 2019-02-11

Lippincott NCLEX-RN Alternate-Format Questions, 7th edition is designed to help anyone preparing to take the RN licensing examination. This updated 7th edition has everything needed for students to be fully prepared to answer every type of question found on the NCLEX. More than 600 questions include multiple-response, drag-and-drop, hotspot, audio, chart, graphic option, and fill-in-the blank questions. Also included are two comprehensive tests with 100 questions each. Rationales are clear and detailed and cover correct as well as incorrect answers. Test-taking strategies help students dissect each question to its core components and provide keys to choosing the right answer. The book reviews all the topics covered on the actual NCLEX-RN. Hundreds of questions at the application level or above prompt active learning and higher-order thinking. Questions are aligned with the National Council of State Boards of Nursing (NCSBN) 2019 RN test plan and are written in the style used on the licensing examination. An accompanying PassPoint trial provides an additional opportunity for students to practice for NCLEX while also giving a glimpse of the full PassPoint experience.

NCLEX-RN Questions & Answers Made Incredibly Easy! - Susan A. Lisko 2016-07-25

NCLEX-RN QUESTIONS & ANSWERS MADE INCREDIBLY EASY!, 7E is designed to help pre-licensure nursing students prepare for the licensing examination. This book and its accompanying electronic resources feature thousands of questions at the application level or above to prompt active learning and higher-order thinking. The book's seven parts cover the basics of NCLEX test construction and how students should prepare, the four major content areas of pre-licensure programs (medical-surgical, psychiatric/mental health, maternity, and pediatrics), a section on issues in nursing, and three comprehensive tests of varying lengths that help simulate the actual NCLEX experience. The questions align with the National Council of State Boards of Nursing (NCSBN) 2016 RN test plan. Throughout the book, the Made Incredibly Easy design, art, and captions help to engage students and present a fun, relaxed, encouraging, and supportive learning experience. Other features include the use of all the types of alternate-format questions and detailed rationale for both correct and incorrect answers.

evidence-based practice, nursing theory, and safe clinical care in all settings. With illustrated, step-by-step guidelines, this book makes it easy to learn important skills and procedures. Care plans are presented within a nursing process framework, and case studies show how to apply concepts to nursing practice. From an expert author team led by Patricia Potter and Anne Griffin Perry, this bestselling nursing textbook helps you develop the understanding and clinical reasoning you need to provide excellent patient care. 51 skills demonstrations provide illustrated, step-by-step instructions for safe nursing care - and include rationales for each step. 29 procedural guidelines provide streamlined, step-by-step instructions for performing basic skills. UNIQUE! Critical Thinking Models in each clinical chapter show how to apply the nursing process and critical thinking to achieve successful clinical outcomes. Evidence-Based Practice chapter shows how nursing research helps in determining best practices. UNIQUE! Caring for the Cancer Survivor chapter prepares nurses to care for cancer patients who may still face physical and emotional issues. Case studies include unique clinical application questions and exercises, allowing you to practice using care plans and concept maps. The 5-step nursing process provides a consistent framework for care, and is demonstrated in more than 20 care plans. 15 review questions in every chapter test your retention of key concepts, with answers available in the book and on the Evolve companion website. Practical study tools on Evolve include video clips of skills, skills checklists, printable key points, a fluid & electrolytes tutorial, a concept map creator, an audio glossary, and more. UNIQUE! Clear, streamlined writing style makes complex material more approachable. More than 20 concept maps show care planning for clients with multiple nursing diagnoses. Key points and key terms in each chapter summarize important content for more efficient review and study. Unexpected Outcomes and Related Interventions for each skill alert you to potential problems and appropriate nursing actions. Delegation coverage clarifies which tasks can and cannot be delegated. A glossary provides quick access to definitions for all key terms. UPDATED! Patient Safety and Quality chapter describes how quality and safety apply to the nurse, and includes a new skill on fall prevention in healthcare settings. NEW content addresses the Affordable Care Act, patients' perspectives on hospital care as measured by HCAHPS surveys, health disparities and vulnerable populations, compassion fatigue, pain assessment, patient education techniques like teach-back, new equipment, Healthy People 2020, and more. NEW! Additional alternate-item review questions include at least four alternate-item questions - multiple select, sequencing/priority, delegation, hot-spot images, and fill-in-the blank for medications - for every chapter. Expanded Building Competency boxes help you apply QSEN (Quality & Safety Education for Nurses) competencies to realistic clinical situations. UPDATED! Unique Evidence-Based Practice boxes in every chapter include a PICO question - the Problem, Intervention, Comparison, and Outcome - and summarize a research study along with its application to nursing practice. Over 100 NEW photos clarify procedures and familiarize you with the latest clinical equipment.

Davis's Comprehensive Manual of Laboratory and Diagnostic Tests With Nursing Implications - Anne M. Van Leeuwen 2021-03-30

Best money I have spent in a LONG time. "I'm a nursing student and part of our clinical rotation was to write down our patient's lab results and note on any abnormal why they were abnormal for my particular patient. This book lists out not just the normal levels, but what conditions can contribute to the high or low values. Sometimes it's pages and pages of possible reasons. This

baby is a fantastic time saver for me.”—Online Reviewer Great for nursing school, you will use it constantly. “Best nursing lab book I've encountered.
