Music in the Shadows -
Sheri Chinen Biesen
2014-05
Welcome to the world of
noir musical films,
where tormented
antiheroes and hard-
boiled musicians battle
obsession and struggle
with their music and
ill-fated love
triangles. Sultry divas
dance and sing the blues
in shrouded nightclubs.
Romantic intrigue

clashes with backstage
careers. This book
explores musical films
that use film noir style
and bluesy strains of
jazz to inhabit a
disturbing underworld
and reveal the dark side
of fame and the American
Dream. While noir
musical films like *A
Star Is Born* include
musical performances,
their bleak tone and
expressionistic

aesthetic more closely resemble the visual style of film noir. Their narratives unfold behind a stark noir lens: distorted, erratic angles and imbalanced hand-held shots allow the audience to experience a tortured, disillusioned perspective. While many musicals glamorize the quest for the spotlight in Hollywood's star factory, brooding noir musical films such as *Blues in the Night*, *Gilda*, *The Red Shoes*, *West Side Story*, and *Round Midnight* stretch the boundaries of film noir and the musical as film genres collide. Deep shadows, dim lighting and visual composition evoke moodiness, cynicism, pessimism, and subjective psychological points of view.

Ember of Night - Molly E. Lee 2021-05-04
"What to read after *A Court of Thorns and Roses!* Full of twists you'll never see coming!" -UppercaseYA
I've never been a stranger to the

darkness. But when darkness comes knocking and looks that good, who wouldn't invite him in? Draven is mysterious, evasive, and hot as sin. The only thing more infuriating than his silence is how obnoxious he is every time he does open his mouth. But when a group of strangers attacks me and he fights back—causing them to vanish into a cloud of black dust—I know Draven is more than he seems. Now I know the truth. There's a veil separating the world I know from a world of demons living all around us. Turns out, good and evil are just words. Some of the demons don't fall into either category. And I'm realizing just how easily I fit in among the ancient warlocks, the divine soldiers, and the twisted supernaturals... There's so much more to me and my past that I don't know—let alone what I am truly capable of. So when all signs point to me having the ability to unleash Hell on earth?

I'll have to decide if I want to do the world a solid and save it...or give it one hell of a makeover. The Ember of Night series is best enjoyed in order.

Constructing Shadows -
Peter Petschek
2011-01-01

Trees are ideal sources of shade; where they cannot be used, their function is taken over by tents, pergolas, and pavilions. In the context of global warming, shade-providing construction is becoming an increasingly important building task. In Part One of this book, specialists in the field present the typical forms of shade-providing construction as well as the design approach associated with each. Part Two presents easily consultable overviews of 140 plants that have proven to be

effective givers of shade in temperate, subtropical, and tropical zones. Part Three presents thirty built projects by celebrated architects and landscape architects from five continents. These constructions illustrate a wide variety of functions and scales and cover various climatic zones and cultural contexts. All structures are constructionally and systematically analyzed with texts, true-to-scale drawings, and photographs from their foundations to their connections and the shadows they cast.

Though their shadowy backgrounds mean that they've never trusted

anyone but themselves, the five must learn to rely on each other in order to get the job done. But as Callan has been warned most of his life, it's best to stay away from magic. It can turn on you at any moment, and make you think you're the one running the con game, when in reality you're the one being fooled. Faced with these unsurmountable odds, can the friends pull off this legendary heist, or has their luck finally run out?

Mister Black - P. T. Michelle 2014-06-10
We all have someone who crossed our path and fundamentally changed us. That one person who blew through our lives, their presence forever stamped on our psyche. They linger in our thoughts, in our hearts, and in the decisions we make. A soul crusher or a dream maker, depending on the perspective. My person is Mister Black. I didn't know him by that name when I first met him. I didn't know him at all, but the impression he left behind was just as powerful as the name I call him today. He is

Black: a deadly enforcer and masterful seducer. I am Red: a justice bleeder and willing participant. Together we are passion. Colors colliding through each other's lives. When our secrets converge in a passionate encounter, stepping out of the shadows just might be worth the risk. NOTE: Mister Black is meant for readers 18+ due to mature content. This is part 1 of a serial and is approximately 123 print pages.

Shelter in Place - Nora Roberts 2018-05-29
From Nora Roberts comes

the #1 New York Times bestseller Shelter in Place (June 2018)—a powerful tale of heart, heroism...and propulsive suspense. It was a typical evening at a mall outside Portland, Maine. Three teenage friends waited for the movie to start. A boy flirted with the girl selling sunglasses. Mothers and children shopped together, and the manager at video game store tended to customers. Then the shooters arrived. The chaos and carnage lasted only eight minutes before the killers were taken down. But for those who lived through it, the effects would last forever. In the years that followed, one would dedicate himself to a law enforcement career. Another would close herself off, trying to bury the memory of huddling in a ladies' room, helplessly clutching her cell phone--until she finally found a way to pour her emotions into her art. But one person wasn't satisfied with the

shockingly high death toll at the DownEast Mall. And as the survivors slowly heal, find shelter, and rebuild, they will discover that another conspirator is lying in wait--and this time, there might be nowhere safe to hide.

In the Shadow of the Cities, A Novel - 2021-04-06

Scarlett would never kill her best friend, perhaps a Citizen if the situation called for it, but never Rhys. There are quite a few rules in the training center, but a few are the kind that are never broken. 1. Greens are not sent into Cities without officially being promoted to Blue. 2. Blues don't kill each other. So why is Scarlett being sent into a City without the proper training? And why does a bizarre, elderly male say Scarlett will kill Rhys? In the Shadow of the Cities details Scarlett's life in the training center before she is pulled unexpectedly into City

life. Without the proper training, she is confused about these things called "families" and why the Citizens aren't grateful that she is keeping them safe. In this dystopian novel, In the Shadow of the Cities, the story is told not from a Citizen's point of view but from a Guard's. Why do the guards seem to tirelessly obey the government? How can they gun down Citizens mercilessly? Find out as you follow Scarlett on her journey into the Cities.

The Scarlet Stockings Spy - Trinkka Hakes Noble 2011-08-18

Philadelphia 1777 is no place for the faint of heart. The rumble of war with the British grows louder each day, and spies for and against

the Patriots are everywhere. No one is above suspicion. Still, everyday life must go on and young Maddy Rose must help her mother, especially since her father's death at the Battle of Princeton and now with her beloved brother Jonathan off with Washington's army. But when childhood games become life-and-death actions, Maddy Rose is drawn ever deeper into events that will explode beyond her imagining. As young America stands on the very brink of its fight for freedom, it becomes clear that even the smallest of citizens can play the largest of parts, and that the role of a patriot has nothing to do with age and everything to do with heart. In *The Scarlet Stockings Spy*, Trinka Hakes Noble melds a suspenseful tale of devotion, sacrifice, and patriotism with the stark realities of our country's birth. Noted picture book author and illustrator Trinka Hakes Noble has pursued the study of children's book

writing and illustrating in New York City at Parsons School of Design, the New School University, Caldecott medalist Uri Shulevitz's Greenwich Village Workshop, and New York University. She has authored and illustrated numerous books including the popular *Jimmy's Boa* series, which has been translated into six languages. Trinka lives in Bernardsville, New Jersey. *The Scarlet Stockings Spy* is her first book with Sleeping Bear Press. Because Robert Papp's childhood drawings of his favorite superheros were such a pleasure, it was only natural that he would wind up an illustrator. Nowadays, his award-winning artwork appears on book covers and in magazines instead of on the refrigerator. He has produced hundreds of cover illustrations for major publishers across the United States. Robert lives in historic Bucks County, Pennsylvania. *Scarlet Shadows* - Emma Drummond 1978

A City of Whispers -

2021-03-15

A reverse harem, enemies to lovers, slow burn romance. "The relentless clock of fate was groaning over to the next hour, ringing the arrival of a battle as old as time, sounding the final alarm, the final chance to fall to our blades or lift them high. It was repeating infernal hours that grew hungrier with each turn, more vicious than the day, the year, the

century before." The end was here. The great war had begun. I had been torn apart and remade, a marionette to dance over the coals of this world, stitched together by my tormentors. The great masters thought they could break me down and own me. They were wrong. I had won my freedom, my place in this world, my golden-eyed protector by my side. Until it happened again; the grim call of fate looking out at me through eyes of darkness, the great masters waiting with the power I needed, curses and promises in their hands. It was time to make another deal. It was time to play their game in earnest. Book 2 in the Tempest of Shadows series. Over 105,000 words. This is a slow burn with DARK themes, unwilling anti-heroes, and one hell of a kick-ass heroine woven through a rich fantasy setting.
