[Drinking Coffee Elsewhere](#) - ZZ Packer

2004-02-03

The acclaimed debut short story collection that introduced the world to an arresting and unforgettable new voice in fiction, from multi-award winning author ZZ Packer Her impressive range and talent are abundantly evident: Packer dazzles with her command of language, surprising and delighting us with unexpected turns and indelible images, as she takes us into the lives of characters on the periphery, unsure of where they belong. We meet a Brownie troop of black girls who are confronted with a troop of

white girls; a young man who goes with his father to the Million Man March and must decide where his allegiance lies; an international group of drifters in Japan, who are starving, unable to find work; a girl in a Baltimore ghetto who has dreams of the larger world she has seen only on the screens in the television store nearby, where the Lithuanian shopkeeper holds out hope for attaining his own American Dream. With penetrating insight, ZZ Packer helps us see the world with a clearer vision. Fresh, versatile, and captivating, *Drinking Coffee Elsewhere* is a striking and unforgettable collection, sure to stand

out among the contemporary canon of fiction.

Blind Ambition - Gwen Hernandez 2015-03-12

IT'S ABOUT TO GET HOT IN THE

JUNGLE Rescuing a kidnapped aid worker from

St. Isidore's dangerous rebels is just another day

at work for former pararescueman Dan Molina.

But his mission falls apart when the woman-who

once shattered his heart-refuses to leave the

island. Alexa Alyssandratos can't return to her life

as a nurse on the hurricane-ravaged Caribbean

island, but she won't leave until she's certain the

orphans she cared for-especially one sick little

girl-are safe from the rebels. Denied their ransom,

a would-be dictator and his soldiers are hunting

Alexa, and Dan is the only person who can

protect her. Old passions reignite as she and Dan

race to save the children before they disappear

forever.

Take Control of Scrivener 3 - Kirk McElhearn

2021-06-04

Create and organize writing projects with ease using Scrivener 3! Version 1.1.1, updated June 4, 2021 Compose a masterpiece with Literature & Latte's Scrivener. Whether you're writing science fiction, a historical novel, or a zombie travelogue, learn how Scrivener's powerful tools can take your work to the next level. Kirk McElhearn shows you how to collect notes, organize your work, arrange and rearrange sections, and more.

Covers Mac, Windows, and iOS/iPadOS versions!

Scrivener is a powerful tool for managing long-

form writing projects—like novels and screenplays—and *Take Control of Scrivener 3* gives you all the details you need to know to harness its potential. In this book, best-selling author Kirk McElhearn walks you through setting up, organizing, writing, formatting, revising, and compiling a Scrivener project, whether you're working on a Mac, a Windows PC, or in iOS/iPadOS. Using this extensive guide, you'll be able to:

- Meet Scrivener: Learn about the Scrivener philosophy and its basic layout
- Start your project: Pick a template and add existing materials to your project
- Brainstorm and

organize: Discover three different ways to work with your material using the Binder, Corkboard, and Outliner.

- Set up your writing environment and avoid distractions: Choose default fonts and colors, opt for Script Mode if you're writing a script or screenplay, and simplify your workspace by hiding interface elements or by using Composition Mode or Full Screen Mode.
- Make the most of key features: Learn how to work with styles; use annotations and comments; add footnotes and endnotes; view more than one file at once; use collections to view selected items from the Binder; store bookmarks and project

notes; and share and synchronize your project with others. • Go further with Scrivener: Get the details on special features like Scrivenings View (write in sections, but view as a single document) and Snapshots (allows you to make and view periodic backups of your text). • Revise and edit your work: Learn how to find and replace text, and work with revisions. • Use Scrivener in iOS and iPadOS: Sync your projects to iOS/iPadOS and work on an iPhone or iPad. • Print and export: Understand the process of preparing your project to be printed, and what's involved in compiling it so that it can be exported in a

different format. Kirk also highlights the many changes to Scrivener since the last version (see the What's New section below), including updates to the interface, styles, outlining and metadata capabilities, and improved searching and writing features. In addition, he explains brand-new features in Scrivener 3, including Bookmarks (lets you store references to other sections of your project), Linguistic Focus (Mac only—highlights specific elements such as dialog, adverbs, or adjectives), Section types (such as Chapter Text and Scene), and Copyholders (allows you to view three or four documents at once).

Bird by Bird - Anne Lamott 2007-12-18

From the acclaimed New York Times bestselling author: An essential volume for generations of writers young and old. The twenty-fifth anniversary edition of this modern classic will continue to spark creative minds for years to come. For a quarter century, more than a million readers—scribes and scribblers of all ages and abilities—have been inspired by Anne Lamott's hilarious, big-hearted, homespun advice. Advice

that begins with the simple words of wisdom passed down from Anne's father—also a writer—in the iconic passage that gives the book its title: “Thirty years ago my older brother, who was ten years old at the time, was trying to get a report on birds written that he'd had three months to write. It was due the next day. We were out at our family cabin in Bolinas, and he was at the kitchen table close to tears, surrounded by binder paper and pencils and unopened books on birds, immobilized by the hugeness of the task ahead. Then my father sat down beside him, put his arm around my brother's shoulder, and said, ‘Bird by

bird, buddy. Just take it bird by bird.’”

Care to Dare - George Kohlrieser 2012-05-29

Have you ever been led by someone who cared for you like family, and dared you to achieve more than you ever thought possible for yourself, your organization, and even society? Award-winning author of *Hostage at the Table*, George Kohlrieser, along with his co-authors Susan Goldsworthy and

Duncan Coombe, explain how becoming a secure base leader releases extraordinary potential in others. Part of the Warren Bennis leadership series Care to Dare shows you how to become a Secure Base Leader so that you release your followers from the fears that get in the way of their performance. It shows you how you can unleash astonishing potential by building the trust, delivering the change, and inspiring the focus that underpins sustainable high performance. From extensive interviews with executives from all over the world, as well as from surveys with more than a thousand executives, the book reveals the nine

characteristics that SecureBase Leaders display on a daily basis. The research shows that a primary difference between a successful leader and a failed leader is the presence or absence of secure bases in his or her life. Care to Dare will take you on a journey where you will discover your own secure bases, past and present, and determine how you can be a secure base for other people in your life at work and at home.

Former military special operator Jeff Patarava has good reasons to keep his distance from his impossibly perfect coworker, but when her life is threatened, his resolve is shot to hell. Forced into close proximity, sparks fly as he learns she's far more than her flawless appearance suggests. Now, he'll put everything on the line to keep her alive.

Electric Language - Michael Heim 1999-01-01

In this book Michael Heim provides the first consistent philosophical basis for critically evaluating the impact of word processing on our use of and ideas about language. This edition includes a new foreword by David Gelernter, a new preface by the author, and an updated bibliography. "Not only important but seminal, on the cutting-edge, furrowing new conceptual territory."-Walter J. Ong, S.J. "A philosopher ponders how the word processor has affected language use and our ideas about it. Heim shrewdly updates a school of thought, associated with such thinkers as Walter Ong, that maintains

all changes in writing technology tend to change the way we perceive the world. His argument that word processing leads to fragmented thinking should be addressed and debated."-Carlin Romano, Philadelphia Inquirer "The arguments range over all of Western philosophy (and some Eastern as well), from the ancient Greeks to contemporary phenomenology. . . . Everyone who has used a word processor will find much to think about in Heim's ideas."-David Weinberger, Byte "Fascinating, clear, and well-done . . . stimulating and challenging."-Don Ihde, Philosophy and Rhetoric

From the Shadows - Juan José Millás 2019-08-27
Publishers Weekly “Top 10 Book of the Year”
selection “Begins as entertaining slapstick, subtly metamorphoses into fable. . . . As [the narrator’s] vivid imaginary world fuses with reality this deceptively ethereal novel advances toward a dark and startling finale.” —Wall Street Journal
Laid off from his job, Damián Lobo obsessively imagines himself as a celebrity being interviewed

on TV. After committing an act of petty theft at an antiques market, he finds himself trapped inside a wardrobe and delivered to the seemingly idyllic home of a husband, wife, and their internet-addicted teenage daughter. There, he sneaks from the shadows to serve as an invisible butler, becoming deeply and disastrously involved with his unknowing host family. Every thread of the plot is ingeniously tied together, creating a potent admixture of parable, love story, and thriller. Millás masterfully reveals the everyday as innately surreal as he renders the unbelievable tangible and the trivial fantastical, and full of dark

humor. Juan José Millás is the recipient of Spain's most prestigious literary prizes: the Premio Nadal, Premio Planeta, and Premio Nacional de Narrativa. A regular contributor to El País, Millás has also won many awards for his journalism. He is the author of several short story collections and works of nonfiction as well as over a dozen novels, including *From the Shadows*, the first of his novels to be published in North America. He lives in Madrid.

Blockchain for Business - Jai Singh Arun

2019-01-30

The Pragmatic Guide to Driving Value and Disrupting Markets with Blockchain "Blockchain's potential to transform businesses has generated a tremendous amount of excitement across industries. However, it can be difficult for decision makers to develop a practical approach to blockchain for their specific business requirements. By identifying and clearly describing the value of blockchain for enterprises,

as well as the processes required to harness blockchain to achieve business objectives, Blockchain for Business presents a startlingly concise yet comprehensive roadmap for business leaders. This book is an excellent resource for anyone looking to leverage blockchain to transform their business." – Dr. Won-Pyo Hong, President & CEO of Samsung SDS "Much has been written about blockchain in the past few years: what it is and what it is not (at various levels of detail), as well as the technology's long-term strategic value for companies, industries, and economies. However, what we've been

missing is a practical, operational, 'how to' set of steps for creating, implementing, and operating a blockchain-based solution. This book aims to fill that gap. It's an invaluable tool for anyone ready to take the plunge and start taking advantage of this remarkable technology." –Irving Wladawsky-Berger, research affiliate, MIT; columnist, WSJ CIO Journal; VP Emeritus, IBM "I will never be able to adequately express how useful this book will be to my class. In addition the great chapters on cybersecurity, I loved the Integration Models, especially 'Coexistence with Systems of Record.' Legacy integration with Blockchain is a critical

barrier, and you nailed it!" —Thomas Doty, JD, LLM - Adjunct Professor, University of New Hampshire Law Blockchain enables enterprises to reinvent processes and business models and to pursue radically disruptive applications.

Blockchain for Business is a concise, accessible, and pragmatic guide to both the technology and the opportunities it creates. Authored by three experts from IBM's Enterprise Blockchain practice, it introduces industry-specific and cross-industry use cases, and reviews best-practice approaches to planning and delivering blockchain projects. With a relentless focus on real-world

business outcomes, the authors reveal what blockchain can do, what it can't do yet, and where it's headed. Understand five elements that make blockchain so disruptive: transparency, immutability, security, consensus, and smart contracts Explore key use cases: cross-border payments, food and drug safety, provenance, trade finance, clinical trials, land registries, and more See how trusted blockchain networks are facilitating entirely new business models Compare blockchain types: permissioned, permissionless, private, public, federated, and hybrid Anticipate key technical, business, regulatory, and

governance challenges Build blockchain financial models, investment rubrics, and risk frameworks Organize and manage teams to transform blockchain plans into reality Whether you're a senior decision maker, technical professional, customer, or investor, Blockchain for Business will help you cut through the hype and objectively assess blockchain's potential in your business. Register your product for convenient access to downloads, updates, and/or corrections as they become available.

Story Genius - Lisa Cron 2016-08-09

Following on the heels of Lisa Cron's breakout first book, *Wired for Story*, this writing guide reveals how to use cognitive storytelling strategies to build a scene-by-scene blueprint for

a riveting story. It's every novelist's greatest fear: pouring their blood, sweat, and tears into writing hundreds of pages only to realize that their story has no sense of urgency, no internal logic, and so is a page one rewrite. The prevailing wisdom in the writing community is that there are just two ways around this problem: pantsing (winging it) and plotting (focusing on the external plot). Story coach Lisa Cron has spent her career discovering why these methods don't work and coming up with a powerful alternative, based on the science behind what our brains are wired to crave in every story we read (and it's not what you think).

In *Story Genius* Cron takes you, step-by-step, through the creation of a novel from the first glimmer of an idea, to a complete multilayered blueprint—including fully realized scenes—that evolves into a first draft with the authority, richness, and command of a riveting sixth or seventh draft.

Story Trumps Structure - Steven James

2014-05-27

Don't limit your fiction - LIBERATE IT All too often, following the "rules" of writing can constrict rather than inspire you. With *Story Trumps Structure*, you can shed those rules - about three-

act structure, rising action, outlining, and more - to craft your most powerful, emotional, and gripping stories. Award-winning novelist Steven James explains how to trust the narrative process to make your story believable, compelling, and engaging, and debunks the common myths that hold writers back from creating their best work. • Ditch your outline and learn to write organically. • Set up promises for readers - and deliver on them. • Discover how to craft a satisfying climax. • Master the subtleties of characterization. • Add mind-blowing twists to your fiction. When you focus on what lies at the heart of story - tension,

desire, crisis, escalation, struggle, discovery - rather than plot templates and formulas, you'll begin to break out of the box and write fiction that resonates with your readers. Story Trumps Structure will transform the way you think about stories and the way you write them, forever.

I Am Ariel Sharon - Yara El-Ghadban 2020-11-17

A bold and innovative novel, *I Am Ariel Sharon* dives into the tortured mind of the controversial Israeli prime minister as he lies comatose and faces an ultimate reckoning. Award-winning Palestinian Canadian novelist Yara El-Ghadban imagines the confrontation at death's door

between Ariel Sharon, the “King of Israel,” and the women closest to him – his mother, his wives, and the mysterious nurse Rita. Like latter-day Greek furies, they lament the brutality of his life and maltreatment of the Palestinian people and demand he face up to his part in the bloodshed of Israel's wars. Here is an extraordinary, magical, and impassioned story of nearly impossible empathy, the singular work of a novelist in full flight.

Blockchain - Melanie Swan 2015-01-24

Bitcoin is starting to come into its own as a digital currency, but the blockchain technology behind it

could prove to be much more significant. This book takes you beyond the currency ("Blockchain 1.0") and smart contracts ("Blockchain 2.0") to demonstrate how the blockchain is in position to become the fifth disruptive computing paradigm after mainframes, PCs, the Internet, and mobile/social networking. Author Melanie Swan, Founder of the Institute for Blockchain Studies, explains that the blockchain is essentially a public ledger with potential as a worldwide, decentralized record for the registration, inventory, and transfer of all assets—not just finances, but property and intangible assets such

as votes, software, health data, and ideas. Topics include: Concepts, features, and functionality of Bitcoin and the blockchain Using the blockchain for automated tracking of all digital endeavors Enabling censorship-resistant organizational models Creating a decentralized digital repository to verify identity Possibility of cheaper, more efficient services traditionally provided by nations Blockchain for science: making better use of the data-mining network Personal health record storage, including access to one's own genomic data Open access academic publishing on the blockchain This book is part of an ongoing

O'Reilly series. Mastering Bitcoin: Unlocking Digital Crypto-Currencies introduces Bitcoin and describes the technology behind Bitcoin and the blockchain. Blockchain: Blueprint for a New Economy considers theoretical, philosophical, and societal impact of cryptocurrencies and blockchain technologies.

The Man-Eating Leopard of Rudraprayag - Jim Corbett 2021-05-04

Most of Jim Corbett's books contain collections of stories that recount adventures tracking and shooting man-eaters in the Indian Himalaya. An exciting narrative of a leopard that spread terror

through five hundred square miles of the hills of the United Provinces, The Man-eating Leopard of Rudraprayag also takes a detailed look at life in the Garhwal region of India. The Man Eating Leopard of Rudraprayag is often considered the most exciting of all Corbett's jungle tales. He gives a carefully-detailed account of a notorious leopard that terrorized life in the hills of the colonial United Provinces. This story represents Corbett's most sustained and unique effort. The Man-eating Leopard of Rudraprayag is also an ode to the people who inhabit the hills and the resilience with which they face the hardships that

assail them.

Philosophy For Dummies - Tom Morris

2011-03-10

Discover how to apply ancient wisdom to your everyday life Philosophy at its best is an activity more than a body of knowledge. In an ancient sense, done right, it is a healing art. It's intellectual self-defense. It's a form of therapy. But it's also much more. Philosophy is map-making for the soul, cartography for the human journey. It's an important navigational tool for life that too many modern people try to do without.

Philosophy For Dummies is for anyone who has ever entertained a question about life and this world. In a conversational tone, the book's author – a modern-day scholar and lecturer – brings the greatest wisdom of the past into the challenges that we face now. This refreshingly different guide explains philosophical fundamentals and explores some of the strangest and deepest questions ever posed to human beings, such as How do we know anything? What does the word good mean? Are we ever really free? Do human beings have souls? Is there life after death? Is there a God? Is happiness really possible in our world? This book

is chock full of all those questions you may have long wanted to think about and talk with someone about, but have never had the time or opportunity to tackle head on. Philosophy For Dummies invites you to discuss the issues you find in the guide, share perspectives, and compare thoughts and feelings with someone you respect. You'll find lots of material to mull over with your friends or spouse, including thoughts on When to doubt, and when to doubt our doubts The universal demand for evidence and proof The four dimensions of human experience Arguments for materialism Fear of the process of dying Prayers

and small miracles Moral justification for allowing evil The ancient philosopher Socrates (fifth century, B.C.) thought that, when it comes to the Ultimate Questions, we all start off as dummies. But if we are humbly aware of how little we actually know, then we can really begin to learn. Philosophy For Dummies will put you on the path to wising up as you steer through the experience called life.

From Here to Nashville - Julie Stock 2015-03-05

From Here to Nashville is a contemporary romance novel with a country music theme. Can Music Really Bring People Together? Rachel Hardy dreams of being a successful country music singer in Nashville's Music City, four thousand miles away from her lonely life in Dorset. When Jackson Phillips, an independent record label owner, encourages her band to audition for a nationwide 'Open Mic' competition, she decides they have nothing to lose. But when she starts to fall in love with Jackson, the stakes suddenly get higher and she finds herself with a great big dilemma on her hands. Should she

abandon her dream and take the easy way out or should she leave the life she has always known behind and take a gamble on a man who has personal demons of his own? Follow Rachel and Jackson as they learn to trust in love again and to see whether music really can bring them together. 'This book gives what we want from a contemporary romance, escapism with... a story that is interesting and which maybe isn't quite as predictable as you might expect.'
