Early '70s Radio - Kim Simpson 2011-07-21

Early '70s Radio focuses on the emergence of commercial music radio "formats," which refer to distinct musical genres aimed toward specific audiences. This formatting revolution took place in a period rife with heated politics, identity anxiety, large-scale disappointments and seemingly insoluble social problems. As industry professionals worked overtime to understand audiences and to generate formats, they also laid the groundwork for market segmentation. Audiences, meanwhile, approached these formats as safe havens wherein they could re-imagine and redefine key issues of identity. A fresh and accessible exercise in audience interpretation, Early '70s Radio is organized according to the era's five prominent formats and

analyzes each of these in relation to their targeted demographics, including Top 40, "soft rock", album-oriented rock, soul and country. The book closes by making a case for the significance of early '70s formatting in light of commercial radio today.

Andy Williams - Original Keys for Singers (Songbook) - Andy Williams 2011-02-01 (Vocal Piano). Music for Piano and Orchestra - Maurice
Hinson 1993

Suitable for all admirers of the piano, this work
brings together more than 3,000 works for piano
and orchestra. It comes with a supplement
containing over 200 new entries.

The Class - Erich Segal 2014-11-12

From world-renowned author Erich Segal comes a
powerful and moving saga of five extraordinary
members of the Harvard class of 1958 and the
women with whom their lives are intertwined.
Five lives, five love stories: Danny Rossi, the
musical prodigy, risks it all for Harvard, even a
break with his domineering father. Yet his real
problems are too much fame too soon—and too
many women. Ted Lambros spends his four years
as a commuter, an outsider. He is obsessed by
his desire to climb to the top of the Harvard
academic ladder, heedless of what it will cost him
in personal terms. Jason Gilbert, the Golden

Boy—handsome, charismatic, a brilliant athlete—learns at Harvard that he cannot ignore his Jewish background. Only in tragedy will he find his true identity. George Keller, a refugee from Communist Hungary, comes to Harvard with the barest knowledge of English. But with ruthless determination, he masters not only the language but the power structure of his new country. Andrew Eliot is haunted by three centuries of Harvard ancestors who cast giant shadows on his confidence. It is not until the sad and startling events of the reunion that he learns his value as a man. Their explosive story begins in a time of innocence and spans a turbulent quarter century, culminating in their dramatic twenty-five year reunion at which they confront their classmates—and the balance sheet of their own lives. Always at the center; amid the passion, laughter, and glory, stands Harvard—the symbol of who they are and who they will be. They were a generation who made the rules—then broke them—whose glittering

successes, heartfelt tragedies, and unbridled ambitions would stun the world. Praise for *The Class* “Erich Segal’s best.”—Pittsburgh Press “First class entertainment.”—Cosmopolitan “An absorbing page-turner.”—Publishers Weekly “A panoramic saga.”—Philadelphia Inquirer

Billboard - 1971-01-23

The Piano on Film - David Huckvale 2022-02-16

Since the early days of silent film accompaniment, the piano has played an integral part in the history of cinema. Film's fascination with the piano, both in soundtracks and onscreen as a status symbol and icon of popular romanticism, offers a revealing opportunity to chart the changing perception of the instrument. From Mozart to Elton John, this book surveys the cultural history of the piano through the instrument's cinematic functions. Composer biopics, such as *A Song to Remember*, romantic melodramas like the Liberace vehicle *Sincerely Yours*, and horror films such as *The Hands of*

Orlac, along with animated cartoons featuring Bugs Bunny and Tom and Jerry demonstrate just how pervasive the cinematic image of the piano once was during a period when the piano itself began its noticeable decline in everyday life. By examining these depictions of the piano onscreen, readers will begin to understand not only the decline of the piano but also the decline of the idealistic culture to which it gave birth in the nineteenth century.

River Flows in You Sheet Music - Yiruma
2012-06-01

(Guitar Sheet). Solo guitar sheet music for the popular song by composer Yiruma.

Henry Mancini - John Caps 2012-02-15

Henry Mancini, the first publicly successful and personally recognizable film composer in history, has practically become a Hollywood brand name. In his lifetime, he sold thirty million albums and won four Oscars and twenty Grammy awards. Through Mancini, mere background music in movies became part of pop culture--an expression of sophistication and wit with a modern sense of cool and a lasting lyricism that has not dated. The first comprehensive study of Mancini's music, *Henry Mancini: Reinventing Film Music* describes how the composer served as a bridge between the Big Band period of World War II and the impatient eclecticism of the Baby

Boomer generation, between the grand formal orchestral film scores of the past and a modern American minimalist approach. Mancini's sound seemed to capture the bright, confident, welcoming voice of the middle class's new efficient life: interested in pop songs and jazz, in movies and television, in outreach politics but also conventional stay-at-home comforts. As John Caps shows, Mancini easily combined it all in his music. Mancini wrote his first dramatic music for a radio series in 1950. By the mid-1960s, he wielded influence in Hollywood and around the world with his iconic scores: dynamic jazz for the noirish detective TV show Peter Gunn, the sly theme from The Pink Panther, and his wistful folk song "Moon River" from Breakfast at Tiffany's. Following the evolution of Mancini's style, Caps traces the history of movie scoring in general: from the jazz-pop of the 1960s to the edgier, electro-funk harmonies of the Watergate 1970s, from the revisionist 1980s marked by New Age trends and new jazz chords to the frustrating

New Hollywood of the 1990s when films were made by committees of lawyers rather than by artisans. Through insightful close readings of key films, Caps traces Mancini's collaborations with important directors and shows how he homed in on specific dramatic or comic aspects of each film to create musical effects through clever instrumentation, eloquent melodies, and the strong narrative qualities of his scores.

Accessible and engaging, this fresh view of Mancini's oeuvre and influence will delight and inform fans of film and popular music.

Henry Mancini Piano Solos - Henry Mancini
