Peace, Politics, and Religion - Jeffrey Haynes 2020-12-14

Relationships between peace, politics and religion are often controversial, and sometimes problematic. Religion is a core source of identity for billions of people around the world and it is hardly surprising that sometimes it becomes involved in conflicts. At the same time, we can see religion involved not only in conflict. It is also central to conflict resolution, peace-making and peacebuilding. Religious involvement is often necessary to try to end hatred and differences, frequently central to political conflicts especially, but not only, in the Global South. Evidence shows that religious leaders and faith-based organisations can play constructive roles in helping to end violence, and in some cases, build peace via early warnings of conflict, good offices once conflict has erupted, as well as advocacy, mediation and reconciliation. The chapters of this book highlight that religion can encourage both conflict and peace, through the activities of people individually and collectively imbued with religious ideas and ideals.

*To Another Level* - Sherry Majette 2021-11-05

During my new beginning and walk with the Lord, I have received a second chance for my life to make things right. The cover design depicts one of the many visions given to me. As you look at the cover of this book, you are looking at a stairway leading up to the light at the end of the tunnel. When I heard a voice say to me, "Look to your right. See those steps over there, I want you to start walking up there to that light before

you until you reach the top." I agreed. As I started on my journey, it became the longest walk of my life. The steps were long but narrow. At one point about midway, there were a lot of distractions and people traveling the same path. There were moments of gray with limited light to darkness and tunnels of blackness of uncertainty of where I was and being alone becoming fearful, but I kept walking. Then I came to a crossroad with only a right and left turn, and there was a light. People began to take those left and right turns, but I heard the Lord say, "No, do not turn to your right nor to your left, keep walking to the light before you." It was a long hard journey to get there, but when I arrived at the door, the light was even brighter. I turned to look behind me and saw that I was alone. Everyone else took the shortcut to a different destination. Listen and follow that small, still voice when you hear it, it's the Holy Spirit speaking to you.

The Ten Reasons to Invest My Faith - Chris Gonolinje 2017-01-29

It could be possible that someone had told that you that, this man identified as Prophet Shepherd Bushiri is just your dad! Well! Indeed it might be so but the knowledge that you have been holding in your mind about him can be likened to the population of your small community against of the entire world. Or all along you have been supposing that he is just your immediate kith and kin or business partner! But I am sorry to mention that your ideas and understanding about him is basically like the ten-litre bucket of water against the water of all oceans on the planet earth. Maybe you did just know him at school as a mate, named Shepherd Bushiri! Well sorry to enlighten you that, No! He is not because what you have been holding in your mind about this old school mate is like the knowledge of one star against the entire population of stars within the universe. Maybe people revealed to you that he is just a prophet or the founder of the famous and prominent congregation called Enlightened Christian Gathering (ECG)! Oh Yes! Of course it true but your information about him can be easily likened with the concentration of light originated from the torch in comparison with the sunlight intensity. So who is this gentleman then commonly known as Prophet Shepherd Bushiri? Where does he get his operating powers? The fields of science, history and

religion have got the answers which give the revelations about him. They have married and confirmed that; that man whom you thought is just your dad, whom you supposed is merely your relation or business partner, the school mate, ordinary prophet and the founder of ECG is the divinely anointed prophet of Jehovah God, operating in excess of 266 inherited Supernatural spirits and wisdom of divine exemption. This book THE TEN REASONS TO INVEST MY FAITH 1ST SERIES has revealed these operating spirits behind the Prophet Shepherd Bushiri flourishing spiritual, intellectual and material powers. Of course there are some different indisputable spiritual viewpoints concerning the Prophet Shepherd Bushiri's calling. And some audiences choose to trust his prophetic mission whilst others choose to ignore. Therefore, as for you, as the seekers of divine favours and mercies in this material and non-material realm, it is substantial to realise that the fields of Science, history and religions which started functioning way back before the birth Prophet Shepherd Bushiri have also spoken about this Prophet. These three-fold evidences have spoken one language, the language which says Prophet Shepherd Bushiri has 266 divine paranormal spirits. This book, is not the mouth-piece of Prophet Shepherd Bushiri, neither, a product initiated or commissioned by his agencies. This is an impartial book that analyses, justifies and unearths the revealed truths regarding the POWER OF FAITH IN ONE TRUE GOD who possibly triggers the button of the revelations and elevations. This book sets forth answers to critical questions. In analysing and answering these questions this book finally justifies that Prophet Shepherd Bushiri is the prophet sent by Jehovah God endowed with over 266 transferable divine wisdoms. The proofs provided in the book are not based on the miracles and visible factors alone, which are performed by Prophet Shepherd Bushiri. The book, however, provides the systematic proofs which are purely scientific, philosophical, historical and spiritual in nature. In canonical depths, the book analyses the lives of the other past prophets and including of the latter Prophet Shepherd Bushiri in the fourfold. Then at the end, the book makes a passionate appeal to the sons and daughters of One True God that recognising what the Creator can do to a man whom the society has rejected is spiritually paramount and be

worthy of acknowledgement. Please get your copy for deep insights of the God's work upon the life of Prophet Shepherd Bushiri. Call +265 884 888 788 or +265 998 330 668 for further details.

*Jesus, the Best Capernaum Folk-Healer* - Zorodzai Dube 2020-11-10

This book takes the established fields of orality, performance, and first-century Christian healthcare studies further by combining analogues of praise performances to Apollo, Asclepius, and those from the Dondo people of South Eastern Zimbabwe to propose that Jesus's healing stories in Mark's Gospel are praise-giving narratives to Jesus as the best folk healer within the region of Capernaum. The book argues that the memory of Jesus as the folk healer from Capernaum survived and possibly functioned in similar contexts of praise-giving within early Christian households. The book goes through each healing story in Mark's Gospel and imaginatively listens to it through the ears of analogue from praise-giving given to Greek healers/heroes and similar practices among the Dondo people. The power, completeness, and effectiveness in which Jesus healed each of the mentioned conditions provoke praise-giving from the listeners to the best folk healer in the village. In each instance, while Mark is calling for attention to the new healer, more so, he is raving praise-giving.

**Radio, Public Life and Citizen Deliberation in South Africa** - Sarah Chiumbu 2021-05-25

This book critically analyses the important role of radio in public life in post-apartheid South Africa. As the most widespread and popular form of communication in the country, radio occupies an essential space in the deliberation and the construction of public opinion in South Africa. From just a few state-controlled stations during the apartheid era, there are now more than 100 radio stations, reaching vast swathes of the population and providing an important space for citizens to air their views and take part in significant socio-economic and political issues of the country. The various contributors to this book demonstrate that whilst print and television media often serve elite interests and audiences, the low cost and flexibility of radio has helped it to create a 'common' space for national dialogue and deliberation. The book also investigates the ways in which digital technologies have enhanced the consumption of radio and produced a sense of imagined community for citizens, including those in marginalised communities and rural areas. This book will be of interest to researchers with an interest in media, politics and culture in South Africa specifically, as well as those with an interest in broadcast media more generally.

*Politics, Christianity and Society in Malawi* - R. Ross 2020-02-27

With the death of John McCracken in 2017, Malawi lost a pre-eminent historian. This book celebrates McCracken's contribution to the study of Malawi's history and seeks to build on his legacy. Part of his genius was that he identified themes that hold the key to understanding the history of Malawi in its broader perspective. The authors contributing to this volume address these themes, assessing the progress of historiography and setting an agenda for the further advance of historical studies. The book is a valuable resource for students, researchers and all who are interested in gaining a deeper understanding of Malawi's past and present.

**Christological Paradigm Shifts in Prophetic Pentecostalism in South Africa** - Mookgo Solomon Kgatle 2021-09-23

This book explores recent developments in South African Pentecostalism, focusing on new prophetic churches. The chapters engage with a number

of paradigm shifts in Christology, identified as complementing Christ, competing with Christ, removing Christ and replacing Christ. What are the implications of these shifts? Does it mean that believers no longer believe in Christ but in their leaders? Does it shift believers' faith towards materiality than the person of Christ? This volume will be valuable for scholars of African Christianity and in particular those interested in the neo-prophetic movement and Christology in a South African context.

**The Fourth Pentecostal Wave in South Africa** - Solomon Kgatle  
2019-11-27

This book critically examines contemporary Pentecostalism in South Africa and its influence on some of the countries that surround it. Pentecostalism plays a significant role in the religious life of this region and so evaluating its impact is key to understanding how religion functions in Twenty-First Century Africa. Beginning with an overview of the roots of Pentecostalism in Southern Africa, the book moves on to identify a current "fourth" wave of this form of Christianity. It sets out the factors that have given rise to this movement and then offers the first academic evaluation of its theology and practice. Positive aspects as well as extreme or negative practices are all identified in order to give a balanced and nuanced assessment of this religious group and allow the reader to gain valuable insight into how it interacts with wider African society. This book is cutting-edge look at an emerging form of one of the fastest-growing religions in the world. It will, therefore, be of great use to scholars working in Pentecostalism, Theology, Religious Studies and African Religion as well as African Studies more generally.

*Religion and Inequality in Africa* - Ezra Chitando 2023-01-12

This volume reveals how religion interfaces with inequality in different African contexts. Some contributors undertake detailed analyses of how religion creates (and justifies) different forms of inequality that holds back individuals, groups and communities across the continent from

flourishing, while others show how religion can also mitigate inequality in Africa. Topics addressed include gender inequality, economic inequality, disability, ageism and religious homophobia. Specifically focusing on the United Nation's Sustainable Development Goal 10 to reduce inequality within and among countries, this book highlights the extent to which Africa's 'notoriously religious' identity needs to be taken into account in discourses on development.

Personality Cult and Politics in Mugabe's Zimbabwe - Ezra Chitando  
2020-07-07

This book approaches perceptions of Robert Gabriel Mugabe within Zimbabwe and beyond during his period in power and towards the end of his time in government. The book examines how Mugabe became the focus of a thriving personality cult, studying the argument that Mugabe could be regarded as the founder of a new religious movement in Zimbabwe and the Global South. The contributors analyse the use of ideology and mythology in promoting Mugabe's hegemony in Zimbabwe, looking at the appropriation of religious ideas by the Mugabe government and the impact this had on perceptions of Mugabe both within Zimbabwe and beyond. Focusing on the final years of Mugabe's rule, the chapters provide new insights into how different actors, including politicians, African Traditional Religions, African Independent/Initiated Churches, Pentecostal churches, the media and others deployed religious idioms to support or critique Mugabe at a time when his tenure was coming under serious threat. This book will be of interest to students and scholars of Southern African politics and religion.

Pentecostalism and Cultism in South Africa - Mookgo Solomon Kgatle  
2021-02-28

Pentecostalism is a growing movement in world Christianity. However, the growth of Pentecostalism in South Africa has faced some challenges, including the abuse of religion by some prophets. This book first names these prophets and the churches they lead in South Africa, and then makes use of literary and media analysis to analyse the religious practices by the prophets in relation to cultism. Additionally, the book analyses the "celebrity cult" and how it helps promote the prophets in South Africa. The purpose of this book is threefold: First, to draw parallels between the abuse of religion and cultism. Second, to illustrate that it is cultic tendencies, including the celebrity cult, that has given rise to many prophets in South Africa. Last, to showcase that the challenge for many of these prophets is that the Pentecostal tradition is actually anti-cultism,

and thus there is a need for them to rethink their cultic tendencies in order for them to be truly relevant in a South African context.

The Nation That Fears God Prospers - Chammah J. Kaunda 2019-01-15

Through its strength in numbers and remarkable presence in politics, Pentecostalism has become a force to reckon with in twenty-first-century Zambian society. Yet, some fundamental questions in the study of Zambian Pentecostalism and politics remain largely unaddressed by African scholars. Situated within an interdisciplinary perspective, this unique volume explores the challenge of continuity in the Zambian Pentecostal understanding and practice of spiritual power in relation to political engagement. Chammah J. Kaunda argues that the challenge of Pentecostal political imagination is found in the inculturation of spiritual power with political praxis. The result of this inculturation is that Zambian Pentecostals sacralize the political authority of state power through the charisma of the national president and other major political personalities. It has also contributed to the construction of Zambian Pentecostal leadership that is deified rather than leadership that is formed through the struggles and experiences of the marginalized and powerless. Kaunda argues that the solution does not lie either in desacralization of powers or the separation between the church and the state, but rather in rethinking the Christ event as a paradigm for the recovery of Pentecostalism's sociopolitical prophetic dynamism.

Do Business Until I Come - Shepherd Bushiri 2017

**New Media and the Mediatisation of Religion** - Gabriel Faimau  
2018-10-01

New media, including digital and social media, play a central role in producing and reproducing socio-cultural and religious practices. Its presence has not only resulted in changes to the ways in which religious beliefs are practiced, but has also altered the way religious meanings are expressed. How has new media technology informed and influenced religious engagement and participation? In what ways has new media technology enabled religious groups to practice and preach their religious beliefs to a broader audience? To what extent has the emergence of social media and social networking sites shaped religious discourses and religious practices? This volume offers a unique, Africa-centred perspective in response to these questions. While presenting new scholarly developments in the fields of media, religion and culture in Africa, this book also provides empirical and theoretical insights into the intersection between new media and religion.

**The Use and Abuse of the Spirit in Pentecostalism** - Mookgo S. Kgatle 2020-11-29

This book is a pneumatological reflection on the use and abuse of the Spirit in light of the abuse of religion within South African Pentecostalism. Both emerging and well-established scholars of South African Pentecostalism are brought together to reflect on pneumatology from various approaches, which includes among others: historical, biblical, migration, commercialisation of religion, discernment of spirits and human flourishing. From a broader understanding of the function of the Holy Spirit in different streams of Pentecostalism, the argument is that this

function has changed with the emergence of the new Prophetic churches in South Africa. This is a fascinating insight into one of the major emerging worldwide religious movements. As such, it will be of great interest to academics in Pentecostal Studies, Christian Studies, Theology, and Religious Studies as well as African Studies and the Sociology of Religion.

*These Bones Will Rise Again* - Panashe Chigumadzi 2018-06-14

What are the right questions to ask when seeking out the spirit of a nation? In November, 2017, the people of Zimbabwe took to the streets in an unprecedented alliance with the military. Their goal, to restore the legacy of Chimurenga, the liberation struggle, and wrest their country back from more than 30 years of Robert Mugabe's rule. In an essay that combines bold reportage, memoir, and critical analysis, Zimbabwean novelist and journalist Panashe Chigumadzi reflects on the "coup that was not a coup," the telling of history and manipulation of time and the ancestral spirits of two women—her own grandmother and Mbuya Nehanda, the grandmother of the nation.

**The Prosperity Gospel in Africa** - Marius Nel 2020-06-15

Africans' prevailing interest in the prosperity gospel is not only connected to the influence of American prosperity teachers reaching a worldwide audience through their imaginative use of the media, but is also related to the African worldview and African traditional religion, and its lasting influence on contemporary Africans and the way they think about prosperity, as well as their interest in prosperity in post-colonial Africa. The research from a classical Pentecostal perspective about the impact of the prosperity message on Africa is necessary, timely, and relevant because of its influence in the African Pentecostal movement and its potential to harm the faith of believers, leading to the potential disillusionment of Christian believers who put their trust (and money) in formulas and recipes that seemingly only work for others, especially the prosperity leaders who lead by example with incredulous riches and wealth.

**Addiction in South and East Africa** - Yamikani Ndasauka 2019-06-12

**SPIRITUAL WORLD WAR** - EMMANUEL N TSHUMAY 2021-07-30

Emmanuel completed his advanced diploma in Electrical and Electronics engineering in 2017, then later that year he completed a certificate in Bible school named Global Association of Theological Studies. In the year 2020, Emmanuel completed his diploma in Theology from Global Vision Ministerial College and Clergy Council located in Ghana. Emmanuel also completed a certificate in Biblical Counselling. During his young age, Emmanuel had the privilege of attending different kinds of churches; he developed a love of studying religion. He started having a passion for writing books and he was eager to write a book that talked about the Spiritual warzone. Whilst he had that passion over the years, Emmanuel began doing research, he gathered much information, such that he eventually decided to write the Christian book entitled 'Spiritual World War'. The reason why the name 'weapon' appears often in the book is that Emmanuel was comparing military life and spiritual life and to his amazement, he found out that they share many things in common. Emmanuel is currently a militant who works for the Botswana Defence Force.

**Critical management studies in South Africa** - 2021-11-30

This book shows how Critical Management Studies (CMS) scholarship is starting to develop a character of its own in South Africa. It attests to CMS slowly gaining momentum and acquiring an identity of its own amongst South African scholars. However, management studies in South Africa is dominated by capitalist ideology and positivist methodology. Although Interpretive scholarship has gained some momentum, it still falls within the parameters of 'mainstream' capitalist thinking. Scholarship outside the domain of capitalist thinking, such as critical scholarship, remains sorely underexplored. Being entrenched in the positivist tradition is arguably a major Achilles' Heel for the progression of management as a field of inquiry. CMS presents a vehicle for alternative epistemologies to be heard in the management discourse. With its focus on power

imbalances, struggles for emancipation from oppression, and distrust of capitalism, CMS provides the peripheral point of view with a voice. CMS presents a space where scholars can engage with South African realities surrounding political, cultural, social, and historical contexts and issues in management. This book is promoting CMS to the scholarly community to show that there are exciting possibilities being offered by a different approach to management scholarship. This book also forms part of a larger project of growing CMS in South Africa and is a collection of original works by academics actively working in CMS, following various methodological approaches which can be categorised into two broad methodological categories, namely, conceptual work and empirical work following an Interpretive approach.

Protect the Harvest; Defend the Harvester - Brill Pongo 2016-09-16  
Protect the Harvest; Defend the Harvester talks about the conversion of a journalist who was very much against the rise of the modern day church, particularly the prophetic movement and the so-called prosperity gospel preachers. In his attempt to discredit the preachers, the journalist has a heavenly encounter which transforms his views and alters his spiritual course. At a later stage, while the journalist is travelling to DR Congo from Zambia, God shows him a vision and speaks to him about the need to

‘Protect the Harvest, protect the granary and defend the harvester(s)’. An interesting encounter and valuable reading as he outlines how the Media in today’s world is conspiring to discredit the church and soil the characters of the servants of God. He talks of how the church is under attack from the enemy within and without; he likens the gossiper inside church to weevils. A fascinating read. “A powerful and exhilarating testimony of an amazing encounter with God.” Pastor Rikki Doolan – Superintendent (Osborn Institute of Theology) [www.osbourninstitute.com](http://www.osbourninstitute.com) “An amazing testimony accompanied by very powerful teaching. The world needs this at this very moment.” Apostle Max Matonhodze [www.planetministries.org.uk](http://www.planetministries.org.uk) “A captivating testimony that carries you through a journey and teaches you the deep things about visions. Brilliant Pongo has demonstrated an amazing way of teaching and testifying. Indeed this book is testament to that. It is a great read.” The Financial Gazette [www.fingaz.co.zw](http://www.fingaz.co.zw)

Through a variety of approaches—including pastoral care, virtual ecclesiology, social media, and missiology—contributors offer intervention techniques which can help readers to understand the unique role of Christian ministry during the pandemic, in South Africa and beyond.
