Google Slides is free with a Google email account. We recommend having Google Classroom in addition to Google Slides to optimize use of this resource. This will allow you to easily give assignments to students with a click of a button. This resource is comprised of interactive slides for students to complete activities right on their device. It is ideal for

distance learning, as teachers can share the resource remotely with their students, have them complete it and return, where the teacher can mark it from any location. What You Get: • An entire Google™ Slides presentation with reading passages, comprehension questions and drag and drop activities that students can edit and send back to the teacher. • A start-up manual, including a Teacher Guide on how to use Google Slides for your classroom, and an Answer Key to go along with the activities in the Google Slides document.

Primary Maths 5 Student Activity Book -

Dianne Carr 2011-06-27

Arranged by the content strands - Number and Algebra, Measurement and Geometry, Statistics and Probability - giving teachers independence and flexibility in constructing a week-by-week maths program. Practical and hands-on activities encourage students to develop their own strategies as confident learners. Graded activities provide effective scaffolding for

students and allow teachers to cater for mixed ability classes. Discussion icons are indicated throughout the books to highlight areas where class or small group discussion can take place. Revision boxes contain information to help students recall past learning, or offer hints and further explanation of difficult concepts. Full-colour photos and illustrations link learning activities to every day contexts to help make maths meaningful. Activities are related to Cambridge Maths-in-a-Box, which enriches the program with contextual activities and saves teachers time with planning.

Hands-On Math Projects With Real-Life Applications - Judith A. Muschla 2011-01-04
Hands-On Math Projects with Real-Life Applications, Second Edition offers an exciting collection of 60 hands-on projects to help students in grades 6-12 apply math concepts and skills to solving everyday, real-life problems! The book is filled with classroom-tested projects that emphasize: cooperative learning, group

sharing, verbalizing concepts and ideas, efficient researching, and writing clearly in mathematics and across other subject areas. Each project achieves the goal of helping to build skills in problem solving, critical thinking, and decision making, and supports an environment in which positive group dynamics flourish. Each of the projects follows the same proven format and includes instructions for the teacher, a Student Guide, and one or more reproducible datasheets and worksheets. They all include the elements needed for a successful individual or group learning experience. The projects are easily implemented and can stand alone, and they can be used with students of various grade levels and abilities. This thoroughly revised edition of the bestseller includes some new projects, as well as fresh information about technology-based and e-learning strategies and enhancements; No Child Left Behind standards; innovative teaching suggestions with activities, exercises, and standards-based objectives;

reading and literacy connections; and guidelines and objectives for group and team-building projects. Hands-On Math Projects with Real-Life Applications is printed in a lay-flat format, for easy photocopying and to help you quickly find appropriate projects to meet the diverse needs of your students, and it includes a special Skills Index that identifies the skills emphasized in each project. This book will save you time and help you instill in your students a genuine appreciation for the world of mathematics. "The projects in this book will enable teachers to broaden their instructional program and provide their students with activities that require the application of math skills to solve real-life problems. This book will help students to realize the relevance and scope of mathematics in their lives." --Melissa Taylor, middle school mathematics teacher, Point Pleasant Borough, New Jersey

Is There An App for That? Activity Guide - Bryan Smith 2015-02-01

Give children skills to resist negative peer pressure and value their own strengths and weaknesses. This companion to the Is There an App for That? picture book offers 20 classroom activities designed to teach and reinforce the skill of "Accepting Self." Use the activities to teach students the difference between staying true to themselves and making changes in order to fit in with peers. Students in grades K-5 will celebrate similarities and differences, identify positive influences, and learn to value their own opinions. Activities include step-by-step instructions, lists of materials, worksheets, and answer keys. Activities that support Common Core learning initiatives are identified. A CD includes ready-to-print forms and handouts.

Grit & Bear It! Activity Guide - Tamara Zentic 2014-09-01

Dozens of activities to help reinforce a child's ability to show grit and persevere. Created specifically for middle and high school students. The 25 activities included in these pages will

engage students, encourage and inspire them to have important conversations with adults outside the classroom, and teach them how to persevere in daily life.

Teaching Elementary Students Real-Life Inquiry Skills - Kristy Hill 2019-10-31

Fake news and misinformation is everywhere. Learn how to teach elementary students to locate reliable information, evaluate sources, and develop their writing skills in the classroom and in the library. • Provides guidelines elementary students can use to evaluate resources for accuracy and credibility • Explains how to teach students not only where to look for information but also how to gather and use that information • Offers lesson plans that build research and note-taking skills • Teaches inquiry as a mode of learning

Ready-To-Use Social Skills Lessons and Activities for Grades 7 - 12 - Ruth Weltmann Begun 1995-12-27

This unique Library gives teachers and specialists a stimulating, systematic way to develop positive social behaviors in students of all abilities, grades 4-12. Included are over 125 tested lessons and reproducible worksheets in

two separately printed, self-contained volumes, each tailored to the developmental needs of students at a particular grade level, 4-6 or 7-12. For easy use, the lessons in each volume follow a uniform format, including titles, behavioral objective, and simple 8-step lesson plan. The lesson activities and worksheets are based on real-life situations and help build students' self-esteem, self-control, and respect for the rights of others.

Ready-to-Use Social Skills Lessons & Activities for Grades 1-3 - Ruth Weltmann

Begun 1998-07-08

In the early primary school years, children need to learn certain social skills to be successful in school and out. Some children have already mastered handling disappointment and working out differences with others, but many children struggle with the social skills that are expected of them. To help students of all skill levels, the author of the highly praised Ready-To-Use Violence Prevention Skills Lessons & Activities

for Elementary Students presents this practical book that gives teachers and specialists a stimulating, systematic way to develop positive social behaviors in students through awareness, discussion, and rehearsing new behaviors. It offers over 50 detailed lesson plans and practice worksheets based on real-life situations. These age-appropriate lessons help children build self-esteem, self-control, respect for the rights of others, and a sense of responsibility for one's own actions. Printed in a spiral-bound 8 1/4" x 11" format, the pages can be easily photocopied for use by the whole class or for individuals as the need to work on a particular skill arises.

Comprised of reading passages, graphic organizers, real-world activities, crossword, word search and comprehension quiz, our resource continues the study of necessary Life Skills everyone should learn before venturing

out on their own. All of our content is reproducible and aligned to your State Standards and are written to Bloom's Taxonomy. *Zest & Live It Activity Guide* - Tamara Zentic 2015-08-01

Engaging Activities to Promote and Practice Optimism and Enthusiasm Incite middle and high school students to become more motivated and less apathetic! Incorporate the quality of zest into their lives to bring them more energy for tackling daily assignments. Each of 23 lessons for obtaining zest emphasizes an important social skill, such as making decisions or disagreeing appropriately, and ties it to a desired executive function such as organization or self-control. Designed to accompany the ZEST: Live It! book, these activities will engage and excite students, teaching them to find value in the passion and enthusiasm of living with zest! Teachers implementing the Boys Town Education Model will find these activities a great way to incorporate more social skill practice

beyond the basic skills. Each lesson is structured for a class period, or can be extended for several sessions. Students will work independently or in teams. The easy-to-use lessons involve use of technology through various devices to fully engage and motivate digital-savvy students. Flipped classroom ideas are listed for all activities.

Primary Maths Student Activity Book 4 - Greg Weeks 2011-10-07

Arranged by the content strands - Number and Algebra, Measurement and Geometry, Statistics and Probability - giving teachers independence and flexibility in constructing a week-by-week maths program. Practical and hands-on activities encourage students to develop their own strategies as confident learners. Graded activities provide effective scaffolding for students and allow teachers to cater for mixed ability classes. Discussion icons are indicated throughout the books to highlight areas where class or small group discussion can take place.

Revision boxes contain information to help students recall past learning, or offer hints and further explanation of difficult concepts. Full-colour photos and illustrations link learning activities to every day contexts to help make maths meaningful. Activities are related to Cambridge Maths-in-a-Box, which enriches the program with contextual activities and saves teachers time with planning.

Health for Life - Karen E. McConnell
2014-05-12

Health for Life provides the keys necessary for adopting healthy habits and committing to healthy living in high school and throughout the life span. The text covers all of the components of personal well-being, including physical, mental, emotional, social, and spiritual health. It provides students the knowledge in making healthy choices and fosters the skill development required for taking healthy actions. Health for Life helps students in these ways:

- Analyze how key influences affect their health and wellness,

- such as family, peers, media, and technology
- Explore consumer topics and use appropriate resources to find answers to challenging questions
- Sharpen their interpersonal communication skills as they share health knowledge; debate controversial topics; demonstrate refusal, negotiation, and refusal skills; manage interpersonal conflicts; and promote healthy living among their peers
- Use decision-making skills and apply healthy living skills as they identify solutions to problems posed
- Evaluate their own health habits as they relate to a variety of behaviors
- Create goals for behavior change and establish plans for healthy living
- Communicate health information with family and advocate for healthy living at home and in their communities
- Discover how health and technology intersect on various topics

The text is divided into seven units of 20 chapters. The chapters help students explore a range of topics, including mental health, nutrition, physical activity, stress management, healthy

relationships, avoiding destructive habits, and making good health choices throughout life. Health for Life has an abundance of features that help students connect with content in personal ways and retain the information. Here's a glance at some of those features:

- Lesson Objectives, Lesson Vocabulary, Comprehension Check, and Chapter Review help students prepare to dive in to the material, understand it, and retain it (standard NHES 1).
- Connect spurs students to analyze various influences on their health and wellness (standard NHES 2).
- Consumer Corner aids students in exploring consumer health issues (standard NHES 3).
- Healthy Communication gets students to use and expand their interpersonal communication skills as they share their views about various health topics (standard NHES 4).
- Skills for Healthy Living and Making Healthy Decisions help students learn and practice self-management so they can make wise choices related to their health and wellness (standard NHES 5).

Planning for Healthy Living assists students in applying what they've learned as they set goals and establish plans for behavior change (standard NHES 6).

- Self-Assessment offers students the opportunity to evaluate their health habits and monitor improvement in health behaviors (standard NHES 7).
- Take It Home and Advocacy in Action prepare students to advocate for health at home and in their communities (standard NHES 8).
- Health Science and Health Technology focus on the roles of science and technology as they relate to health and where science and technology intersect regarding health issues.
- Living Well News challenges students to integrate health literacy, math, and language skills to better understand a current health issue.

In addition, Health for Life is reinforced by its online resources for teachers and students. Following are highlights of these two invaluable resources.

Teacher Web Resource The Teacher Web Resource contains the following:

- Complete

lesson plans; the first three lessons have a corresponding PowerPoint slide show • An answer key to all worksheets and quizzes • A test package that includes tests for each chapter; tests consist of multiple-choice, true-or-false, fill-in-the-blank, and short essay questions All lesson plans and assessments support identified learning objectives. Each lesson plan includes these features: • Preparing the Lesson (lesson objectives and preparation) • Bell Ringer (a journal question for students, or a quiz or activity to begin class) • Lesson Focus (main points of the lesson paired with a student worksheet) • Lesson Application (main activity paired with a worksheet) • Reflection and Summary (lesson review) • Evaluate (student quiz or test or worksheet review) • Reinforcing the Lesson (Take It Home and Challenge activities) Student Web Resource The Student Web Resource contains these features: • All worksheets, quizzes, and other materials referred to in the lesson plans • Vocabulary flip

cards and other interactive elements from the iBook edition • Expanded discussion of selected topics that are marked by web icons in the text • Review questions from the text, presented in an interactive format for students to fill out to check their level of understanding Delivering the content that will help students value and adopt healthy lifestyles, and loaded with the features and online resources that will help students understand and retain the content, Health for Life promises to be one of the most crucial texts for students today.

Social Skills Activities for Special Children - Darlene Mannix 2014-04-14

A flexible, ready-to-use program to help special students in grades K-5 learn appropriate ways to behave among others The revised and updated second edition of this bestselling resourcebook provides ready-to-use lessons--complete with reproducible worksheets--to help children become aware of acceptable social behavior and develop proficiency in acquiring basic social

skills. The book is organized around three core areas crucial to social development in the primary grades: Accepting Rules and Authority at School, Relating to Peers, and Developing Positive Social Skills. Each lesson places a specific skill within the context of real-life situations, giving teachers a means to guide students to think about why the social skill is important. The hands-on activity that accompanies each lesson helps students to work through, think about, discuss, and practice the skill in or outside of the classroom.

Explore Your Environment: K-8 Activity Guide - Project Learning Tree 2021-08

Explore Your Environment: K-8 Activity Guide includes 50 hands-on, multidisciplinary activities to connect children to nature and increase young people's awareness and knowledge about their environment. Activities include step-by-step instructions, time and material requirements, and corresponding student worksheets with green career connections. Teachers and

nonformal educators can easily integrate the activities into their programming. Activities are organized by grade level (K-2, 3-5, and 6-8) and align with national standards for science, English language arts, math, and social studies. Many activities offer variations for a different grade level or focus. While lessons can be conducted both indoors and outdoors, all suggest meaningful ways to take student learning outside. Many activities are particularly suited to urban environments and STEM learning as well as some longer-term studies. This supplementary curriculum develops students' critical thinking and problem-solving skills.

Job Corps, Green Jobs Integrating Career Technical Training Into the "Green" Economy, Curriculum and Activity Guide-Module 3, September 2010 - 2011

Choosing Life Skills - Osa D. Coffey 1998
Individuals who leave correctional facilities need

an array of life skills in order to make a successful return to family, community, and workplace. These skills need to be taught in correctional educ. programs. They include not just basic literacy but such things as how to write an application letter and resume; how to prepare for and participate in a job interview; how to deal with supervisors and other authority figures, and provide responsible and consistent work performance; knowledge about budgeting, credit, insur., taxes, and other daily living areas; and parenting, health and nutrition. This report examines 19 grantees from DoE to develop life skills programs.

Prevention, Recycling & Conservation: Sustainable Living Gr. 5-8 - Erika Gombatz-Gasper 2015-10-01

This is the chapter slice "Sustainable Living" from the full lesson plan "Prevention, Recycling & Conservation". Prevention, Recycling & Conservation initiatives are explored in a way that makes them easier for students to

understand. What is conservation, what are natural, renewable and non-renewable resources? We also look at methods used to reduce the landfill waste by composting along with how organic materials are broken down. Written to grade and using simplified language and vocabulary we discover prevention methods for waste and pollution contaminating fresh water resources along with prevention initiatives caused by burning fossil fuels which pollute the atmosphere causing smog, depleted ozone and greenhouse gases. As well we introduce alternative fuels, zero waste goals and sustainable living methods. Our resource is comprised of ready-to-use reading passages, student activities, test prep, and color mini posters for remedial students. All of our content is aligned to your State Standards and are written to Bloom's Taxonomy.

Resources in Education - 1998

Physical Best Activity Guide - Physical Best

(Program) 2011

This comprehensive health-related fitness education program is back and better than ever! Developed by top-level physical educators, this third edition will help students gain the knowledge, skills, appreciation, and confidence they need to lead active, healthy lives, regardless of physical and mental abilities or disabilities. Physical Best Activity Guide: Middle and High School Levels has been used with much success across the United States, and for good reason: The text contains 70 easy-to-use instructional activities, ranging from noncompetitive to competitive and from less demanding to more demanding. It also includes activities that allow for maximum time on task. All the instructional activities address the national physical education standards, dance standards, or health standards. This new edition retains the best activities from previous editions and offers new ones from outstanding teachers throughout the United States. You will learn how

to adapt the activities for all students, regardless of skill level or disability, and students will learn how to set realistic goals, manage their activity levels, and remain healthy throughout their lives. In addition, this text offers the following features: * A "Combined-Component Training" chapter combines aerobic fitness, muscular strength and endurance, and flexibility into single activities. * A CD-ROM contains a wealth of reproducibles, including charts, posters, signs, station cards, handouts, and worksheets, many of which can be adapted to meet your needs. * A section of Internet resources helps you develop your own special events. Physical Best Activity Guide: Middle and High School Levels, developed by the National Association for Sport and Physical Education, can stand alone or be used in conjunction with Physical Education for Lifelong Fitness: The PhysicalBest Teacher's Guide, Third Edition, and Physical Best Activity Guide: Elementary Level, Third Edition. It can also be used with

Fitnessgram®/Activitygram®, an activity assessment and computerized reporting system, and the Fitness forLife resources for middle school and high school. Fitness for Life is a comprehensive program promoting lifetime health-related fitness.
