Sociology - John J. Macionis 2012

This textbook provides a survey of sociology. As the scientific study of society, sociology is a social science which uses various methods of empirical investigation and critical analysis to develop a body of knowledge about human social activity. It focuses on the influence of our relationships around us and how they affect our behaviors and attitudes. The author approaches this subject with a desire to help students find and use sociology in everyday life.

Revel for Strangers to These Shores -- Combo Access Card -

Vincent Parrillo 2018-07-24

For courses in Race and Ethnic Relations Examine the story of race and ethnic relations, past and present Revel(TM) Strangers to These Shores: Race and Ethnic Relations in the United States helps students understand how racial and ethnic groups came to be, how they are changing, and how they will continue to change in the future. As in previous editions, author Vincent Parrillo begins each chapter with a sociohistorical perspective on a specific segment of the U.S. population and closes with a sociological analysis of the group's experiences using the functionalist, conflict, and interactionist perspectives. Available for Fall 2020 classes, the Digital Update includes fresh videos and Current Event Bulletins, as well as updated data throughout. Revel is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, Revel replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, Revel is an interactive learning environment that enables students to read, practice, and study in one continuous experience -- for less than the cost of a traditional textbook. NOTE: This Revel Combo Access pack includes a Revel access code plus a loose-leaf print reference (delivered by mail) to complement your Revel experience. In addition to this access code, you will need a course invite link, provided by your instructor, to register for and use Revel.

Just the Facts - Michael Biggs 2004

Being a good investigator is only half the battle; you must be able to tell your story in writing. Using this text will help you become a better report writer. "Just The Facts: Investigative Report Writing, Second Edition" is designed to perfectly match the needs of your student. This workbook now has perforated pages that can be easily torn out and turned into the instructor for grading. Each chapter is devoted to a major component of the report writing process and builds on the knowledge gained in the preceding chapter.

Strangers to These Shores - Vincent Parrillo 2019

Social Problems - Robert Heiner 2016

Social Problems: An Introduction to Critical Constructionism, Fifth Edition, synthesizes conflict theory and social constructionism to help students think critically about social problems. A concise, student-friendly alternative to all-encompassing standard textbooks, this book examines a single theoretical paradigm in depth, demonstrating how theory can be used to understand a range of critical social issues.

Strangers to These Shores - Vincent N. Parrillo 2021-02-11

Social Problems - John J. Macionis 2005

Macionis's Social Problems is the only social problems text that explains how society frames social problems and solutions through politics. The text analyzes social issues and policies, using the concepts of sociological theory and the everyday language of politics. & This text helps students understand the attitudes and values that define the political spectrum in the United States. Once students know how social problems are defined by our society through politics, and how the policies to solve these problems are developed, students are able to & become involved in solving social problems through activism and political involvement.

Buddhist Approach to Harmonious Families, Healthcare and Sustainable Societies - Thich Duc Thien 2019-04-16

EDITORS' INTRODUCTION BACKGROUND There have been major changes in world today and that the term Global Leadership and Sustainable Development is no longer taken for granted as a point of reference for understanding the contemporary chaotic situation. These disruptive changes mean that it is now arguable as to whether we still live in a world of justice, equality, peace and prosperity. The nature of these changes and the concepts of the Buddhist approach are central to the whole project of this book. In this light, we place great emphasis on understanding Buddhist teaching in dealing with this matter. We argue that any investigation of the changing character and context of the present time, needs to take account of the Buddhist philosophy. We focus on providing a thorough and critical understanding of change taking place as a starting point of discussion. In doing so, we attempt to clarify the nature of the Buddhist approach. It may be more productively understood as the result of a complex contested and fragile set of arrangements, which in this book we term as "approach". We do not imply that the frameworks based on the Buddhist teachings are fully fixed and agreed by everybody. Rather it would refer to a set of arrangements that need to be further discussed. Given the above, this volume collects together papers presented at the international workshop on Buddhist Approach to Harmonious Families, Healthcare and Sustainable Societies which took place on 13 May 2019 at International Conference Center Tam Chuc, Ha Nam, Vietnam on the occasion of THE 16TH UNITED NATIONS DAY OF VESAK CELEBRATIONS 2019. The participants in this workshop were not representative of the mainstream thinking or conventional wisdom of this field, although this volume reflects this richness and diversity. Treating the Buddha teachings as a basic theoretical reconstruction, we examine the relationships between the societies and Buddhist responsibilities. We combine analyses of the conflicts, trends and dynamics affecting future development with more focused studies on a range of policy areas: migration, education, leadership, climate change, etc... Two of our most crucial presumptions are that making Buddhism great again at the time of disruption is our first and foremost duty and the Buddhist responsibility can contribute to creating a new foundation for Global Leadership and Sustainable Development.

Sociology - John J. Macionis 1999

The student edition of an advanced sociology textbook. Special sections on the impact of technology on society are included, along with an interactive CD-ROM.

Multi-faced Transformations - Elena Danilova 2015-10-19

Multi-faced Social Transformations: Challenges and Studies brings together the proceedings of the 7th Slovenian Social Science Conference,

"The Challenges of Social Transformations", held in September 2014. It was organized by the School of Advanced Social Studies (SASS), the Slovenian National Committee of the Management of Social Transformations programme (MOST), and the Slovenian National Commission for UNESCO. The multidisciplinary contributions presented here analyse various aspects of the economic, social, and cultural transformations that accompany the contemporary globalized world. The book consists of four sections dealing with particular areas of transformations. These include a range of political, economic and cultural dimensions that are observed from the macro-level, in social systems and structural changes, to the micro-level, in aspects of individuals' lives. The book will be of interest for academics in the field of social sciences, as well as for civil society activists and policy makers. The frames of the transformations are not limited to the European space, and provide a more global perspective.

Sociology Active Book - John J. Macionis 2002

For courses in Introductory Sociology. A brief paperback text gives the students concepts and background of sociology, while guiding them through an abundance of interactive features that explore timely issues and opinions, draw cross-cultural comparisons, and provide numerous learning opportunities for the students. It combines the best-selling introductory sociology textbook with the innovative learning system developed by Active Learning Technologies.

Miseducating Americans - Richard F. Hamilton 2015-01-31

In *Miseducating Americans*, Richard F. Hamilton examines accounts of American history appearing in textbooks and popular accounts and compares these with the reports contained in scholarly monographs. The task: to determine how certain myths and misconstructions became accepted as recorded history. Hamilton provides much needed correction of those misleading accounts. Was America historically the "land of the free?" Not if you take into account slavery, discrimination, and post-Civil War segregation policies. Was America in the late nineteenth century truly expansionist, as American textbooks imply, or did it actually capitalize on unexpected political and economic opportunities, like Russia's desire to rid itself of Alaska? Was the acquisition of the Philippines a zealous profit-seeking effort aiming for "the China market," or the fortuitous consequences of a move against Spain during the Spanish-American War? *Miseducating Americans* debunks many commonly accepted explanations of historical facts. It contends that many accounts are oversimplifications, and some are one-sided depictions of virtue. Hamilton traces the sources of these misconstructions, which mostly come from history textbooks written by authors aiming for "popular audiences." He then offers explanations as to how and why the inaccuracies have been repeated and passed on.

Social Problems - Norman Allan Dolch 2007

Social Problems explores the consequences of symbolic interactionism in society, a theory which contends that people attach meanings to symbols such as language or gestures and base their behaviors on their interpretations of these meanings. Norman A. Dolch, Linda Deutschmann, and Helen Powell compile a number of critical and innovative essays that explore different aspects of society including mental illness, race relations, terrorism, and family life.

Human Behavior in the Social Environment - Anissa Taun Rogers 2016-04-14

This addition to Anissa Rogers' bestselling *Human Behavior in the Social Environment* expands the original text with new chapters on spirituality, families and groups, organizations, and communities. Written in the compact, concise manner of the original text, the new chapters cover mezzo and macro contexts, and offer additional material valuable to two- and three-semester HBSE courses.

Urban Life and Society - Harry Gold 2002

Urban Life and Society is a comprehensive and readable overview of the entire field of urban sociology. It provides a very well balanced introduction to all of the major approaches and perspectives. The book pays homage to the traditional "classic" works in the field, while also focusing on some of the most recent theoretical and empirical work available. Updated materials, from the perspective of the NEW URBAN SOCIOLOGY, or THE POLITICAL ECONOMY APPROACH, as it is increasingly coming to be called, are most directly represented in the two separate chapters on urban economic institutions and political institutions, but also material on the new urban sociology approach is integrated into the most relevant sections. A historical perspective provides the reader with a clear picture of the process of urbanization process--past, present, and future: from the first cities to the emergence of the early Egyptian, Greek, Roman civilizations; continuing through

urban developments throughout the feudal, medieval, and renaissance periods of European urbanization. For anyone interested in urban sociology.

Social Problems - William Kornblum 2016-01-12

For courses in Social Problems. *Understanding Social Problems: Sparking the Sociological Imagination Through a Theme-Based Approach* Extensively updated and revised, and now emphasizing signature concepts that reflect the perspective of new author Karen Seccombe, this Fifteenth Edition of *Social Problems* maintains its focus on one overarching goal-to spark a sociological imagination. The text's pedagogical devices help readers to more clearly see how many individual issues and personal problems are rooted in the social arrangements of society. Four major themes guide this edition of the text: an empirical methodology; linking individual experience with social structure; recognizing that social inequality contributes to social problems; and a comparative approach. With features that emphasize first-person accounts, recent problems in the public spotlight, critical discussion of partisan debates, and a global view of social problems, this Fifteenth Edition of the text explores social problems that are relevant and engaging to readers--from same-sex marriage to police use of force to climate change. Also available with MySocLab® MySocLab for the *Social Problems* course extends learning online to engage students and improve results. Media resources with assignments bring concepts to life, and offer students opportunities to practice applying what they've learned. Please note: this version of MySocLab does not include an eText. *Social Problems, Fifteenth Edition* is also available via REVEL™, an interactive learning environment that enables students to read, practice, and study in one continuous experience. Note: You are purchasing a standalone product; MyLab™ & Mastering™ does not come packaged with this content. Students, if interested in purchasing this title with MyLab & Mastering, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. If you would like to purchase both the physical text and MyLab & Mastering, search for: 0134126726 / 9780134126722 *Social Problems Plus MySocLab for Social Problems* — Access Card Package, 15/e Package consists of: 0133974588 / 9780133974584 *Social Problems, 15/e* 0134106911 / 9780134106915 MySocLab for Social Problems

America's Urban History - Lisa Krissoff Boehm 2014-10-30

The history of the American city is, in many ways, the history of the United States. Although rural traditions have also left their impact on the country, cities and urban living have been vital components of America for centuries, and an understanding of the urban experience is essential to comprehending America's past. *America's Urban History* is an engaging and accessible overview of the life of American cities, from Native American settlements before the arrival of Europeans to the present-day landscape of suburban sprawl, urban renewal, and a heavily urbanized population. The book provides readers with a rich chronological and thematic narrative, covering themes including: The role of cities in the European settlement of North America Cities and westward expansion Social reform in the industrialized cities The impact of the New Deal The growth of the suburbs The relationships between urban forms and social issues of race, class, and gender Covering the evolving story of the American city with depth and insight, *America's Urban History* will be the first stop for all those seeking to explore the American urban experience.

Communication Between Cultures - Larry A. Samovar 2016-01-01

Packed with current research and examples, bestselling COMMUNICATION BETWEEN CULTURES, 9E equips readers with a deep understanding and appreciation of different cultures while helping them develop practical communication skills. Part I introduces the study of communication and culture; Part II focuses on the ability of culture to shape and modify our view of reality; Part III puts the theory of intercultural communication into practice; and Part IV converts knowledge into action. This is the only text to consistently emphasize religion and history as key variables in intercultural communication. Compelling examples help readers examine their own assumptions, perceptions, and cultural biases--so they can understand the subtle and profound ways culture affects communication. The ninth edition offers expanded discussions of the impact of globalization, a new chapter on intercultural communication competence, and more coverage of new technology. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Study guide, Society, the basics, fifth edition, John J. Macionis -

Henry Borne 2000

Social Problems - John J. Macionis 2011

This text explains how society frames social problems and solutions through politics. It analyzes social issues and policies, using the concepts of sociological theory and the everyday language of politics.

The Social Misconstruction of Reality - Richard F. Hamilton 1996-01-01

Hamilton finds that despite critiques by historians, some scholars continue to believe Max Weber's claim that a strong linkage between Protestantism and worldly success led to the rise of the capitalist West. Similarly, many academics still argue the discredited view that the German lower middle class voted overwhelmingly for the Nazis.

Sociology - Ken Plummer 2016

This lively and compact introductory guide gives students an excellent grasp of the ideas and debates that shape sociology, both as a way of thinking and a field of study. Packed with vivid examples and engaging study tools, it offers a clear and current overview of the discipline, fully updated with the latest references and data.

Understanding Race and Ethnic Relations - Vincent N. Parrillo 2015-01-09

NOTE: You are purchasing a standalone product; MySocLab® does not come packaged with this content. If you would like to purchase both the physical text and MySocLab search for 0134127005 / 9780134127002 Understanding Race and Ethnic Relations plus MySocLab for Race and Ethnicity -- Access Card Package, 5/e Package consists of: 0205926762 / 9780205926763 Understanding Race and Ethnic Relations, 5/e 0133842983 / 9780133842982 MySocLab for Race and Ethnicity Access Card MySocLab should only be purchased when required by an instructor. For courses in Race and Ethnic Relations Examining Intercultural Interactions: Research, Theory, and Analysis Understanding Race and Ethnic Relations examines the historically complex nature of intergroup communication. The text takes interpersonal relations into account within the larger context of society to understand cross-cultural interaction as a whole. Social science theory, research, and analysis are applied to scrutinize historical patterns that have shaped modern cultural relations. The Fifth Edition uses core sociological concepts to examine intergroup relations from a non-objective standpoint. Beginning with a general examination of culture, social class, and the notion of power, the text broadens to help students understand the root of discrimination and conflict by applying sociological theory. Widely celebrated throughout the globe, this text presents the very real issues of discrimination, conflict, and misunderstanding through a realistic, factual lens. Also available with MySocLab® MySocLab for Race and Ethnicity courses extends learning online, engaging students and improving results. Media resources with assignments bring concepts to life, and offer students opportunities to practice applying what they've learned. And the Writing Space helps educators develop and assess concept mastery and critical thinking through writing, quickly and easily. Please note: this version of MySocLab does not include an eText.

Understanding Race and Ethnic Relations, Fifth Edition is also available via REVEL (tm), an immersive learning experience designed for the way today's students read, think, and learn.

Relational Sociology - Pierpaolo Donati 2010-07-12

'Simultaneous invention' has become commonplace in the natural sciences, but is still virtually unknown within the sphere of social science. The convergence of two highly compatible versions of Critical Realism from two independent sources is a striking exception. Pierpaolo Donati's Relational Sociology develops 'upwards' from sociology into a Realist meta-theory, unlike Roy Bhaskar's philosophy of science that works 'downwards' and 'underlabours' for the social sciences. This book systematically introduces Donati's Relational Sociology to an English readership for the first time since he began to advance his approach thirty years ago. In this eagerly awaited book, Pierpaolo Donati shifts the focus of sociological theory onto the relational order at all levels. He argues that society is constituted by the relations people create with one another, their emergent properties and powers, and internal and external causal effects. Relational Sociology provides a distinctive variant upon the Realist theoretical conspectus, especially because of its ability to account for social integration. It will stimulate debate amongst realists themselves and, of course, with the adversaries of realism. It is a valuable new resource for students of social theory and practising social theorists.

Cities and Urban Life - John J. Macionis 2010

"A comprehensive introduction to urban sociology"" ""Cities and Urban Life," written by two of the best-known authors in the field, provides a

comprehensive introduction to urban sociology, urban anthropology and urban studies. The focus of the text is sociological, but it also incorporates research and theory from other disciplines. Learning Goals Upon completing this book, readers will be able to: Understand how cities and urban life vary according to time and place Understand how cities reflect society and culture Use a global perspective to explore urban sociology Explore how cities reflect the human condition Note: MySearchLab with eText does not come automatically packaged with this text. To purchase MySearchLab, please visit: www.mysearchlab.com or you can purchase a valuepack of the text + MySearchLab (at no additional cost): ValuePack ISBN-10: 0205902588 / ValuePack ISBN-13: 9780205902583

The Sociology of Hypocrisy - Stephen G. Wieting 2016-03-09

With close attention to the spheres of sport and religion as important sites of moral currency, this book draws on media coverage of major cases of hypocrisy, attending to differing meanings and consequences of hypocrisy within the US, France and Iceland. Instances come from scandals within the established churches, as well as cases from the National Collegiate Athletic Association, the Tour de France, and the inquest into the Hillsborough Disaster in the UK. It considers the importance of the context within which moral conduct takes place and the relevance of this for the occurrence of hypocritical action, while exploring also the implications of advances in computer and information technology for controlling messages and monitoring deceit. Identifying the negative effects of the detection of hypocrisy at individual and institutional levels, the author engages with the work of Goffman to argue for the importance of trust in institutions, underlining the necessity of minimizing and correcting hypocritical acts by which this is undermined. A detailed study of hypocrisy and the need for trust, this volume will appeal to scholars and students of sociology with interests in social and moral conduct, sport, religion, Goffman and the notion of social life as artifice.

Translation and Society - Sergey Tyulenev 2014-05-30

This essential new textbook guides readers through the social aspects and sociologically informed approaches to the study of translation. Sergey Tyulenev surveys implicitly and explicitly sociological approaches to the study of translation, drawing on the most important and influential works both within translation studies and in sociology, as well as recent developments in the field. In addition to the theoretical grounding provided, the book explains in detail the methodology of studying translation from a sociological point of view. Translation and Society discusses why translation should be studied sociologically, reinforces the foundation of the sociologically informed translation research already in existence in the field and outlines possible new directions for the future. Throughout the book there are many examples and case studies and each chapter includes thought-provoking discussion points, possible assignments, and suggestions for further reading. This is an invaluable textbook for undergraduate and postgraduate students of Translation Studies.

The Community in Urban Society - Larry Lyon 2011-12-16

The community is more than an abstract object of theoretical inquiry. It is also a place where people live. It is difficult to determine where community research and theory merge, because the community is a unique place where theory and the real world come together. Local conditions change and new research techniques emerge. In the second edition of The Community in Urban Society, the authors solve this problem by distilling the historic and foundational theories of community, applying traditional approaches (typology, ecology, systems theory, and conflict theory) to current conditions, and exploring new and relevant theories that impact today's communities. The latest edition also examines recent and emerging technologies that facilitate examination and evaluation of the modern community condition. Updated coverage includes topics such as New Urbanism, modern network analysis methods, the urban political economy approach to community, the growth machine approach, GIS mapping, recent holistic studies, cyberspace communities, and up-to-date discussions of community indicator studies, quality of life, community power, and regime politics.

Social Problems - John J. Macionis 2013

Frames social problems and solutions through politics. Macionis's book is the only social problems text that explains how society frames social problems and solutions through politics. The text analyzes social issues and policies, using the concepts of sociological theory and the everyday language of politics. It also helps students understand the attitudes and values that define the political spectrum in the United States. Once students know how social problems are defined by our society through

politics, and how the policies to solve these problems are developed, they can become involved in solving social problems through activism and political involvement. Teaching & Learning Experience Personalize Learning - The new MySocLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Improve Critical Thinking - Chapter organization follows a logical framework that traces a problem from its origin to solution. Engage Students - International, national, and personal examples help students understand issues better. Explore Theory - Major sociological theories and how they explain each social problem are discussed. Understand Diversity - Features help students think globally about defining a solution to social problems. Support Instructors - The only Social Problems text with an annotated instructor's edition. Also, author-written test bank provides the best support for instructors. Note: MySocLab does not come automatically packaged with this text. To purchase MySocLab, please visit: www.mysoclab.com or you can purchase a ValuePack of the text + NEW MySocLab (at no additional cost): ValuePack ISBN-10: 0205949193 / ValuePack ISBN-13: 9780205949199.

Sociology - John J. Macionis 2005

Third edition Sociology A Global Introduction Sociology: a global introduction represents a unique and complete learning resource for sociology students worldwide. International in outlook and culturally wide-ranging, it addresses the fundamental issue of how the modern world may be dramatically changing. Key features Sociology is made immediate and real, through diverse examples, illustration and statistical evidence A story is told. Extensive supplementary resources for lecturer and students assist and enrich teaching and learning New to this edition Fully updated to include latest debates and recent data New material on sport, disability and youth culture More on globalisation, consumption, identity and the body New 'Research in Action' feature presents methodology in context.

Seeing Ourselves : Classic, Contemporary, and Cross-cultural Readings in Sociology - John J. Macionis 2006-03

Introduction to Sociology - Brij Mohan 2022-06-28

This textbook explores the emergence of sociology as a distinct social science. Focusing on the evolution of social theories, movements and ideas through history, it analyses the dynamic relationship between the individual and the larger social forces around them. This volume examines the definitive aspects of societies, communities and social groups, and their intersections with culture, political and economic movements and religious institutions. It establishes the connections between sociology and other disciplines such as philosophy, history, political science, economics, psychology and anthropology to explore the interdependence between different realms of social life. The chapters in this book explain and highlight the significance of quantitative and qualitative methods of research in understanding the dynamics of social life. Drawing from the works of classical social theorists such as Auguste Comte, Herbert Spencer, Karl Marx, Emile Durkheim and Max Weber, this book traces the development of sociological perspectives and theories and their relevance in the history of ideas. Lucid and comprehensive, this textbook will be useful for undergraduate and postgraduate students of sociology, development studies, history of ideas, sociological thought, social theory, research methods, political science and anthropology.

Introduction to Social Problems - Thomas J. Sullivan 1997

This book is an economical introduction to social problems with a built-in study guide, emphasizing an applied approach that looks at the interplay between research and policy in finding solutions. This book explores the nature and extent of social problems, documents the advances and setbacks that we as a society have made, and analyzes what works and what doesn't work regarding solutions to today's problems. This straightforward book helps readers study this constantly changing field by applying social science research to the solutions of some of the most difficult and controversial problems confronting the United States and

the world today. Designed for those interested in social problems, sociology or social sciences.

Society - John J. Macionis 2014-02-06

For courses in Race and Ethnic Relations Examine the story of race and ethnic relations, past and present Revel(TM) Strangers to These Shores: Race and Ethnic Relations in the United States helps students understand how racial and ethnic groups came to be, how they are changing, and how they will continue to change in the future. As in previous editions, author Vincent Parrillo begins each chapter with a sociohistorical perspective on a specific segment of the U.S. population and closes with a sociological analysis of the group's experiences using the functionalist, conflict, and interactionist perspectives. Available for Fall 2020 classes, the Digital Update includes fresh videos and Current Event Bulletins, as well as updated data throughout. Revel is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, Revel replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, Revel is an interactive learning environment that enables students to read, practice, and study in one continuous experience -- for less than the cost of a traditional textbook. NOTE: Revel is a fully digital delivery of Pearson content. This ISBN is for the standalone Revel access card. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use Revel.

Book Review Index - 2003

Every 3rd issue is a quarterly cumulation.
