A Concise History of Spain - William D. Phillips, Jr 2010-07

Engaging history of the rich cultural, social and political life of Spain from prehistoric times to the present.

The Great Depression in Latin America - Paulo Drinot 2014-08-25

Although Latin America weathered the Great Depression better than the United States and Europe, the global economic collapse of the 1930s had a deep and lasting impact on the region. The contributors to this book examine the consequences of the Depression in terms of the role of the state, party-political competition, and the formation of working-class and other social and political movements. Going beyond economic history, they chart the repercussions and policy responses in different countries while noting common cross-regional trends--in particular, a mounting critique of economic orthodoxy and greater state intervention in the economic, social, and cultural spheres, both trends crucial to the region's subsequent development. The book also examines how regional transformations interacted with and differed from global processes. Taken together, these essays deepen our understanding of the Great Depression as a formative experience in Latin America and provide a timely comparative perspective on the recent global economic crisis. Contributors. Marcelo Bucheli, Carlos Contreras, Paulo Drinot, Jeffrey L. Gould, Roy Hora, Alan Knight, Gillian McGillivray, Luis Felipe Sáenz, Angela Vergara, Joel Wolfe, Doug Yarrington

The Young Person's Guide to Saving the Planet - Debbie Silver 1990

Geografía e historia. 2 ESO. Aprende y aprueba. Cuaderno - Arturo Martín Garcés 2011-04

Es un material flexible que ofrece diferentes posibilidades de uso: Atender a alumnos con desfases curriculares o con carencias sobre contenidos anteriores. Ofrecer materiales complementarios para programas de diversificación curricular. Facilitar el aprobado del curso cuando la materia ha quedado pendiente. Estudiar y repasar los contenidos del curso durante el verano.

Geography and History, 1 ESO - Benedict Barclay 2011-09

The Cold War: A Very Short Introduction - Robert J. McMahon 2021-02-25

Very Short Introductions: Brilliant, Sharp, Inspiring The Cold War dominated international life from the end of World War II to the fall of the Berlin Wall in 1989. But how did the conflict begin? Why did it move from its initial origins in Postwar Europe to encompass virtually every corner of the globe? And why, after lasting so long, did the war end so suddenly and unexpectedly? Robert McMahon considers these questions and more, as well as looking at the legacy of the Cold War and its impact on international relations today. The Cold War: A Very Short Introduction is a truly international history, not just of the Soviet-American struggle at its heart, but also of the waves of decolonization, revolutionary nationalism, and state formation that swept the non-Western world in the wake of World War II. McMahon places the 'Hot Wars' that cost millions of lives in Korea, Vietnam, and elsewhere within the larger framework of global superpower competition. He shows how

the United States and the Soviet Union both became empires over the course of the Cold War, and argues that perceived security needs and fears shaped U.S. and Soviet decisions from the beginning--far more, in fact, than did their economic and territorial ambitions. He unpacks how these needs and fears were conditioned by the divergent cultures, ideologies, and historical experiences of the two principal contestants and their allies. Covering the years 1945-1990, this second edition uses recent scholarship and newly available documents to offer a fuller analysis of the Vietnam War, the changing global politics of the 1970s, and the end of the Cold War. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

The Voyage of the Beagle - Charles Darwin 1909
This is Charles Darwin's chronicle of his five-year journey, beginning in 1831, around the world as a naturalist on the H.M.S. Beagle.

The Student's Book also includes an ample reference section with extra materials, a Pronunciation section and a Vocabulary bank.

Letters on England - Voltaire 1894

The Rule of Four - Ian Caldwell 2012-08-21

"One part The Da Vinci Code, one part The Name of the Rose and one part A Separate Peace . . . a smart, swift, multitextured tale that both entertains and informs."--San Francisco Chronicle NEW YORK TIMES

BESTSELLER Princeton. Good Friday, 1999. On the eve of graduation, two friends are a hairsbreadth from solving the mysteries of the Hypnerotomachia Poliphili, a Renaissance text that has baffled scholars for centuries. Famous for its hypnotic power over those who study it, the five-hundred-year-old Hypnerotomachia may finally reveal its secrets—to Tom Sullivan, whose father was obsessed with the book, and Paul Harris, whose future depends on it. As the deadline looms, research has stalled—until a vital clue is unearthed: a long-lost diary that may prove to be the key to deciphering the ancient text. But when a longtime student of the book is murdered just hours later, a chilling cycle of deaths and revelations begins—one that will force Tom and Paul into a fiery drama, spun from a book whose power and meaning have long been misunderstood. "Profoundly erudite . . . the ultimate puzzle-book."—The New York Times Book Review

English Plus 2 Sb (es) - Ben Wetz 2009-12-17

Matilda - Roald Dahl 2020-10-13

Now a musical! Matilda is a sweet, exceptional young girl, but her parents think she's just a nuisance. She expects school to be different but there she has to face Miss Trunchbull, a menacing, kid-hating headmistress. When Matilda is attacked by the Trunchbull she suddenly discovers she has a remarkable power with which to fight back. It'll take a superhuman genius to give Miss Trunchbull what she deserves and Matilda may be just the one to do it! Here is Roald Dahl's original novel of a little girl with extraordinary powers. This much-loved story has recently been made into a wonderful new musical, adapted by Dennis Kelly with music and lyrics by Tim Minchin.

H. Gombrich 2014-10-01

E. H. Gombrich's Little History of the World, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was of course the best-known art historian of his time, and his text suggests illustrations on every page. This illustrated edition of the Little History brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

El Libro español - 1978

Black Skin, White Masks - Frantz Fanon 2017

Black Skin, White Masks is a classic, devastating account of the dehumanising effects of colonisation experienced by black subjects living in a white world. First published in English in 1967, this book provides an unsurpassed study of the psychology of racism using scientific analysis and poetic grace. Franz Fanon identifies a devastating pathology at the heart of Western culture, a denial of difference, that persists to this day. A major influence on civil rights, anti-colonial, and black consciousness movements around the world, his writings speak to all who continue the struggle for political and cultural liberation. With an introduction by Paul Gilroy, author of *There Ain't No Black in the Union Jack*.

Delibros - 1997

Celestina - Fernando de Rojas 1894

Solutions Intermediate - Paul A. Davies 2017-01-05
