Decades later, Resistance pilots would fly

next-generation versions of Rebel starfighters against the First Order. The Rebel Starfighters Owners' Workshop Manual presents a thorough history of the starfighters that served the Rebel Alliance and the Resistance. The history includes design origins, production, and modifications for each Rebel starfighter, and is fully illustrated with numerous photographs, schematics, exploded diagrams, and computer-generated artwork by Star Wars vehicle experts Chris Reiff and Chris Trevas. Text is by Ryder Windham, author and co-author of more than 70 Star Wars books. This Haynes Manual is the most thorough technical guide to Rebel starfighters available, and is fully authorized and approved by Lucasfilm.

Darth Jar Jar (and Other Surprisingly Plausible Star Wars Theories) - Stuart Carapola 2016-10-13

No series of movies in history has a more devout following than the Star Wars saga, and with that following comes the advent of the crazed fan who looks deeper into the mythos than even George Lucas himself probably ever did. Over time, these fans have developed an array of theories that somehow seem plausible enough that, if you didn't know better, you'd swear they were intentionally hidden subplots. This book collects several of the most popular of these theories so you can decide if there might just be more to what we saw in the Star Wars series than meets the eye. Some of the theories explored in this book include: -Jar Jar Binks Is Secretly A Powerful Sith Lord - Supreme Leader Snoke is really Darth Plageuis-Chewbacca and R2-D2 are the real masterminds of the Rebellion - Mace Windu thought he was the Chosen One - Poe Dameron is a double agent for the First Order - And more!
