Teaching about American Federal Democracy - Temple University. Center for the Study of Federalism 1986

Ten essays discuss federal democracy, the form of government of the United States. The first essay discusses the origins of American federalism. The second examines why we have a federal system, the functions federalism serves, and the consequences of federalism for the American political system. Federalism in the Constitution and constitutional law are treated in the third essay. The importance of cultural pluralism in American life and the role of American federalism in supporting pluralism are the foci of the fourth essay. The roles that the local community, the states, and political parties play in the federal system are examined in essays 5, 6, and 7, respectively. State, local, and professional roles in citizenship education are discussed in the eighth essay. The ninth essay explores how high school U.S. history and government textbooks approach federalism. The concluding essay describes resources on federalism that can be used in curriculum development at the secondary and college levels. Many of the essays are followed by topics for further study and suggested readings for teachers. (RM)

Shadowrun Sprawl Wilds - Catalyst Game Labs 2013-09-11

You live in any sprawl long enough, you'll find out that there's a lot more to it than businessmen and soykaf stalls. Any sprawl worth its mettle has its dark corners, its forgotten places, its spots that are just as wild and untamed as the deepest rainforest. Seattle, the prime metroplex in the world for shadowrunning, is filled with such places, and *Sprawl Wilds* gives shadowrunners a chance to tour them. From a fortress-like Barrens farm recovering from a mysterious attack to a dark secret hidden in a clinic, runners have a chance to see the sites most people never encounter, and uncover information that some people want to stay secret at any cost. They'll meet jaded smugglers, wary police officers, passionate activists, hardened criminals, wounded warriors, and at least one deranged killer. The questions are, will they survive long enough to collect a paycheck and how much of the sprawl will be nothing more than dust when they're done with it? *Sprawl Wilds* is a collection of *Shadowrun* Missions developed for major summer gaming conventions. These adventures have been adapted for both *Shadowrun*, Twentieth Anniversary Edition and *Shadowrun*, Fifth Edition, and they provide hours of shadowrunning goodness for experienced street veterans and new shadowrunners alike. With complete game information, including NPC stats, these adventures are poised to plunge players into urban chaos!
