Bhagavad Gita As Viewed By Swami Vivekananda - Swami Vivekananda 2016-04-06

Swami Vivekananda's views on the Bhagavad Gita are scattered throughout 'The Complete Works of Swami Vivekananda' published in nine volumes. The present book, published by Advaita Ashrama, a publication branch of Ramakrishna Math, Belur Math, is an extensive compilation of these insightful views of Swami Vivekananda on this sacred scripture of the Hindus. The reader is, as it were, taken through several verses of the Gita along with the Swami's elevating and soul-stirring commentary. Note: This book has embedded fonts to display the verses in Devanagari. You may have to use the 'Original' Font option in Google Play Books app. "... The book is certainly not a commentary on the Gita, in the traditional sense. But, what is available is indeed a treasure house of wisdom. Swamiji was a living embodiment of the Gita. According to him, the Gita was 'practical Vedanta'. He demonstrated this through his life. Reading through the book is indeed a rewarding experience. One is in holy company, imbibing the words of one who is speaking from his heart. ... Just as Swamiji himself used to carry a copy of the Gita with him always, one cannot do better than carry a copy of this book with one always..." - from a Review in the Vedanta Kesari, November 2010, p.441 published by Sri Ramakrishna Math, Chennai. As of February 2017, the print book has undergone seven reprints and more than 27,000 copies have been sold.

Annihilation of Caste - B.R. Ambedkar 2014-10-07

"What the Communist Manifesto is to the capitalist world, Annihilation of Caste is to India." —Anand Teltumbde, author of The Persistence of Caste B.R. Ambedkar's Annihilation of Caste is one of the most important, yet neglected, works of political writing from India. Written in 1936, it is an audacious denunciation of Hinduism and its caste system. Ambedkar – a figure like W.E.B. Du Bois – offers a scholarly critique of Hindu scriptures, scriptures that sanction a rigidly hierarchical and iniquitous social system. The world's best-known Hindu, Mahatma Gandhi, responded publicly to the provocation. The hatchet was never buried. Arundhati Roy introduces this extensively annotated edition of Annihilation of Caste in "The Doctor and the Saint," examining the persistence of caste in modern India, and how the conflict between Ambedkar and Gandhi continues to resonate. Roy takes us to the beginning of Gandhi's political career in South Africa,

where his views on race, caste and imperialism were shaped. She tracks Ambedkar's emergence as a major political figure in the national movement, and shows how his scholarship and intelligence illuminated a political struggle beset by sectarianism and obscurantism. Roy breathes new life into Ambedkar's anti-caste utopia, and says that without a Dalit revolution, India will continue to be hobbled by systemic inequality.

Veer Savarkar Father of Hindu Nationalism - Jaywant Joglekar 2006-10-01

Great leaders of the past century dominated Indian political scene for a decade or two. But Savarkar's name shines brightly from 1900 to 1966. Ganghiji said, 'No independence without Hindu-Muslim unity.' But Pakistan was created. When the late Prime Minister Nehru chided the Hindu nationalists for advocating Hindu Raj, Savarkar said, 'The choice, therefore, is not between two sets of personalities but between two ideologies, not Indian Raj or Hindu Raj but Muslim Raj or Hindu Raj, Akhand Hindustan or Akhand Pakistan.' He knew Savarkar personally and wrote his biography in Marathi. The English version 'Veer Savarkar, Father of Hindu Nationalism' has been done now. Savarkar's biography enables the reader to understand the politics of the last century.

Jnana-yoga - Swami Vivekananda 2014-09

Jnana yoga is the yoga of knowledge—not knowledge in the intellectual sense—but the knowledge of Brahman and Atman and the realization of their unity. Where the devotee of God follows the promptings of the heart, the jnani uses the powers of the mind to discriminate between the real and the unreal, the permanent and the transitory. Jnanis, followers of nondualistic or advaita Vedanta, can also be called monists for they affirm the sole reality of Brahman. Of course, all followers of Vedanta are monists: all Vedantins affirm the sole reality of Brahman. The distinction here is in spiritual practice: while all Vedantins are philosophically monistic, in practice those who are devotees of God prefer to think of God as distinct from themselves in order to enjoy the sweetness of a relationship. Jnanis, by contrast, know that all duality is ignorance. There is no need to look outside ourselves for divinity: we ourselves already are divine. There is no need to look outside ourselves for divinity: we ourselves already are divine. What is it that prevents us from knowing our real nature and the nature of the world around us? The veil of maya. Jnana yoga is the process of directly rending that veil, tearing it through a two-pronged approach.

Indian Nationalism and the Early Congress - John R. McLane 2015-03-08

Tracing the history of the Indian National Congress from its founding in 1885 until about 1905, Professor McLane analyzes its efforts to build a national community and to obtain fundamental reforms from the British. In so doing, he extends our understanding of the dynamics of Indian pluralism. In its first two decades of existence, the Congress failed to inspire sacrifices from its members or to attract Muslims or Indians without an English education. The author explains this early stagnation in terms of developments within the Congress as well as outside in Indian society. Originally published in 1978. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. New Approach to Social Science - CBSE - Yash Pal Singh

The Complete Works of Swami Vivekananda - 2013

In these volumes, we have what is not only a gospel to the world at large, but also, to its own children, the Charter of the Hindu Faith. What Hinduism needed, amidst the general disintegration of the modern era, was a rock where she could lie at anchor, an authoritative utterance in which she might recognise herself. What the world had needed was a faith that had no fear of truth. Both these are found in the words and writing of Swami Vivekananda.-- For the first time in history hinduism itself forms here the subject of generalisation of a Hindu mind of the highest order. For ages to come the Hindu man who would verify, the Hindu mother who would teach her children, what was the faith of their ancestors will turn to the pages of these books for assurance and light. Long after the english language has disappeared from India, the gift that has here been made, through that language, to the world, will remain and bear its fruit in East and West alike.

Sisters and Brothers of America - Swami Vivekananda 2017-02-19

The Parliament of the World's Religions opened on 11 September 1893 at the Art Institute of Chicago as part of the World's Columbian Exposition. On this day, Vivekananda gave a brief speech representing India and Hinduism. He was initially nervous, bowed to Saraswati (the Hindu goddess of learning) and began his speech with "Sisters and brothers of America!". At these words, Vivekananda received a two-minute standing ovation from the crowd of seven thousand. According to Sailendra Nath Dhar, when silence was restored he began his address, greeting the youngest of the nations on behalf of "the most ancient order of monks in the world, the Vedic order of sannyasins, a religion which has taught the world both tolerance, of and universal acceptance". Vivekananda quoted two illustrative passages from the "Shiva mahimna stotram": "As the different streams having their sources in different places all mingle their water in the sea, so, O Lord, the different paths which men take, through different tendencies, various though they appear, crooked or straight, all lead to Thee!" and "Whosoever comes to Me, through whatsoever form, I reach him; all men are struggling through paths that in the end lead to Me." According to Sailendra Nath Dhar, "It was only a short speech, but it voiced the spirit of the Parliament." Parliament President John Henry Barrows said, "India, the Mother of religions was represented by Swami Vivekananda, the Orange-monk who exercised the most wonderful influence over his auditors". Vivekananda attracted widespread attention in the press, which called him the "cyclonic monk from India". The New York Critique wrote, "He is an orator by divine right, and his strong, intelligent face in its picturesque setting of yellow and orange was hardly less interesting than those earnest words, and the rich, rhythmical utterance he gave them". The New York Herald noted, "Vivekananda is undoubtedly the greatest figure in the Parliament of Religions. After hearing him we feel how foolish it is to send missionaries to this learned nation". American newspapers reported Vivekananda as "the greatest figure in the parliament of religions" and "the most popular and influential man in the parliament". The Boston Evening Transcript reported that Vivekananda was "a great favourite at the parliament... if he merely crosses the platform, he is applauded". He spoke several more times "at receptions, the scientific section, and private homes" on topics related to Hinduism, Buddhism and harmony among religions until the parliament ended on 27 September 1893. Vivekananda's speeches at the Parliament had the common theme of universality, emphasising religious tolerance. He soon became known

as a "handsome oriental" and made a huge impression as an orator.

Art and Aesthetics of Modern Mythopoeia V2 - Ritushree Sengupta & Ashish Kumar Gupta 2021-05-15

Human culture has always weaved myths around its pattern of existence for multiple purposes. The interplay of religion and social practices have found their own space within the sphere of mythology. It is possible to read mythical texts to probe into the greater picture of human civilization. The contribution of myths towards the shaping of human beliefs, behavioural patterns are evident and assessing them often reveals a plethora of cultural histories unexplored and therefore unacknowledged before. The contribution of mythopoeia towards the construct of human socio-cultural identity has been largely accepted. Modern academia has thus taken a strong interest in revisionist literature to understand the hitherto unknown nuances of human civilization. In the edited anthology, Art and Aesthetics of Modern Mythopoeia: Literatures, Myths and Revisionism (Vol-II), like the first volume, an attempt has been made to anthologize the works of a large number of authors who have talked about pertinent issues in the context of myth-making, the latent politics of mythopoeia and has taken into account several under-explored texts that are rich in mythical content. This volume offers a wide range of critical studies involving classical as well as modern myths around the globe.
