

# **Sweatshop Warriors Immigrant Women Workers Take On The Global Factory 1st First Edition By Louie Miriam Ching Yoon Published By South End Press 2001**

Eventually, you will certainly discover a supplementary experience and ability by spending more cash. still when? do you undertake that you require to get those every needs bearing in mind having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will guide you to comprehend even more more or less the globe, experience, some places, next history, amusement, and a lot more?

It is your agreed own grow old to operate reviewing habit. in the course of guides you could enjoy now is **Sweatshop Warriors Immigrant Women Workers Take On The Global Factory 1st First Edition By Louie Miriam Ching Yoon Published By South End Press 2001** below.

**Monthly Labor Review** - United States.  
Bureau of Labor Statistics 2006  
Publishes in-depth articles on labor  
subjects, current labor statistics,  
information about current labor  
contracts, and book reviews.

**Global Feminism** - Myra Marx Ferree  
2006-07-01

Increasingly feminists around the  
world have successfully campaigned  
for recognition of women's full  
personhood and empowerment. *Global  
Feminism* explores the social and  
political developments that have  
energized this movement. Drawn from  
an international group of scholars  
and activists, the authors of these  
original essays assess both the  
opportunities that transnationalism  
has created and the tensions it has  
inadvertently fostered. By focusing  
on both the local and global

struggles of today's feminist  
activists this important volume  
reveals much about women's changing  
rights, treatment and impact in the  
global world. Contributors: Melinda  
Adams, Aida Bagic, Yakin Ertürk, Myra  
Marx Ferree, Amy G. Mazur, Dorothy E.  
McBride, Hilikka Pietilä, Tetyana  
Pudrovska, Margaret Snyder, Sarah  
Swider, Aili Mari Tripp, Nira Yuval-  
Davis.

*Global Economy Contested* - Marcus  
Taylor 2008-05-13

Emphasising the social processes that  
underpin the global economy and  
demonstrating how the uneven effects  
of global economic integration impact  
upon actors, this book also  
underlines the reciprocal effects  
that reconfigure the terrain of  
global accumulation.

*The Oxford Handbook of Asian American*

*History* - David K. Yoo 2016-01-04  
After emerging from the tumult of social movements of the 1960s and 1970s, the field of Asian American studies has enjoyed rapid and extraordinary growth. Nonetheless, many aspects of Asian American history still remain open to debate. The Oxford Handbook of Asian American History offers the first comprehensive commentary on the state of the field, simultaneously assessing where Asian American studies came from and what the future holds. In this volume, thirty leading scholars offer original essays on a wide range of topics. The chapters trace Asian American history from the beginning of the migration flows toward the Pacific Islands and the American continent to Japanese American incarceration and Asian

American participation in World War II, from the experience of exclusion, violence, and racism to the social and political activism of the late twentieth century. The authors explore many of the key aspects of the Asian American experience, including politics, economy, intellectual life, the arts, education, religion, labor, gender, family, urban development, and legal history. The Oxford Handbook of Asian American History demonstrates how the roots of Asian American history are linked to visions of a nation marked by justice and equity and to a deep effort to participate in a global project aimed at liberation. The contributors to this volume attest to the ongoing importance of these ideals, showing how the mass politics, creative expressions, and

the imagination that emerged during the 1960s are still relevant today. It is an unprecedentedly detailed portrait of Asian Americans and how they have helped change the face of the United States.

**Sweatshop Warriors** - Miriam Ching Yoon Louie 2001

In this up-close and personal look at the heroines who make family, community, and society tick, Miriam Ching Yoon Louie showcases immigrant women workers speaking out for themselves, in their own words. While public outrage over sweatshops builds in intensity, this book shows us who these workers really are and how they are leading campaigns to fight for their rights. In-depth, accessible analyses of the immigration, labor, and trade policies, which together have forced these women into the most

dangerous, poorly paid jobs, dovetail with vivid portraits of the women themselves. Louie, a longtime writer/activist and well-known figure in feminist, immigrant, and labor circles, is uniquely poised to make her case: that the labor of immigrant women worker-activists not only sustains families and communities, but the vibrant social activism that undergirds democracy itself. With chapters on successful campaigns against Levi-Strauss, Donna Karan, and restaurants in Los Angeles; Koreatown, among others. Miriam Ching Yoon Louie is a longtime writer/activist in campaigns to organize women of color. She is national campaign media director of Fuerza Unida, a board member of the Women of Color Resource Center, and former media director of Asian

Immigrant Women Advocates. Her essays and articles on immigrant women and labor issues have been widely anthologized, including in the 1997 collection *Dragon Ladies: Asian American Feminists Breathe Fire* (South End Press) and she speaks at public events internationally. She is the co-author, with Linda Burnham, of *Women's Education in the Global Economy* (Women of Color Resource Center, 2000).

**The Oxford Handbook of the Politics of International Migration** - Marc R Rosenblum 2012-06-28

Twenty-nine specialists offer their perspectives on migration from a wide variety of fields: political science, sociology, economics, and anthropology.

Encyclopedia of American Social Movements - Immanuel Ness 2015-07-17

This four-volume set examines every social movement in American history - from the great struggles for abolition, civil rights, and women's equality to the more specific quests for prohibition, consumer safety, unemployment insurance, and global justice.

The Oxford Handbook of American Immigration and Ethnicity - Ronald H. Bayor 2016-06-01

Scholarship on immigration to America is a coin with two sides: it asks both how America changed immigrants, and how they changed America. Were the immigrants uprooted from their ancestral homes, leaving everything behind, or were they transplanted, bringing many aspects of their culture with them? Although historians agree with the transplantation concept, the notion

of the melting pot, which suggests a complete loss of the immigrant culture, persists in the public mind. The Oxford Handbook of American Immigration and Ethnicity bridges this gap and offers a comprehensive and nuanced survey of American racial and ethnic development, assessing the current status of historical research and simultaneously setting the goals for future investigation. Early immigration historians focused on the European migration model, and the ethnic appeal of politicians such as Fiorello La Guardia and James Michael Curley in cities with strong ethnopolitical histories like New York and Boston. But the story of American ethnicity goes far beyond Ellis Island. Only after the 1965 Immigration Act and the increasing influx of non-Caucasian immigrants,

scholars turned more fully to the study of African, Asian and Latino migrants to America. This Handbook brings together thirty eminent scholars to describe the themes, methodologies, and trends that characterize the history and current debates on American immigration. The Handbook's trenchant chapters provide compelling analyses of cutting-edge issues including identity, whiteness, borders and undocumented migration, immigration legislation, intermarriage, assimilation, bilingualism, new American religions, ethnicity-related crime, and pan-ethnic trends. They also explore the myth of "model minorities" and the contemporary resurgence of anti-immigrant feelings. A unique contribution to the field of immigration studies, this volume

considers the full racial and ethnic unfolding of the United States in its historical context.

Keeping Up with the Dow Joneses -  
Vijay Prashad 2003

In this short but powerful book of interlinked essays, noted cultural critic Vijay Prashad examines the contradictions of the American economy. Prashad assesses a range of related issues: the oft-vaunted US economy, propped up by the rising debt of poor and middle-class workers; welfare policies that punish those attempting to escape the grip of debt and poverty; and a prison industry that regulates and houses the unemployed, as well as a reserve army of laborers. In Keeping Up with the Dow Joneses, Prashad argues that the advent of mass production and advertising has converted citizens

into consumers whose desires are captured by the phrase "keeping up with the Joneses." Yet, as Prashad so persuasively demonstrates, keeping up with the Joneses is a trap: Americans have gone into massive consumer debt, with the poorest forty percent of the public borrowing money to compensate for stagnant incomes, not to spend on luxuries. Only the richest twenty percent borrow money to invest in stocks. Not surprisingly, in the last few years, income and wealth differentials have risen to record highs. By making crystal-clear connections between the economy, welfare reform and the profit-driven prison industrial complex, Prashad offers a vision for a sustainable and vital anti-imperialist movement. Vijay Prashad is Associate Professor and Director of International

Studies, Trinity College. He is the author of several books including *Everybody Was Kung Fu Fighting: Afro-Asian Connections and the Myth of Cultural Purity*, *Fat Cats and Running Dogs* and *The Karma of Brown Folk*. Each was included in the Village Voice's "25 Best Books of the Year" list.

**Asian Americans: An Encyclopedia of Social, Cultural, Economic, and Political History [3 volumes]** -

Xiaojian Zhao 2013-11-26

This is the most comprehensive and up-to-date reference work on Asian Americans, comprising three volumes that address a broad range of topics on various Asian and Pacific Islander American groups from 1848 to the present day. • Presents information on Asian Americans and individual Asian ethnic groups that provides

comprehensive overviews of the respective groups • Includes special topic entries that contain source information regarding major historical events • Comprises work from a truly outstanding list of contributors that include scholars, journalists, writers, community activists, graduate students, and other specialists • Expands the boundaries of Asian American studies through innovative entries that address transnationalism, gender and sexuality, and inter- and cross-disciplinarity

**Asian American Women** - Linda Trinh V?  
2004-01-01

*Asian American Women* brings together landmark scholarship about Asian American women that has appeared in *Frontiers: A Journal of Women Studies* over the last twenty-five years. The

essays, written by established and emerging scholars, made a significant impact in the fields of Asian American studies, ethnic studies, women's studies, American studies, history, and pedagogy. The scholarship is still relevant today?broadening our critical understanding of Asian American women's resistance to the forces of racism, patriarchy, militarism, cultural imperialism, neocolonialism, and narrow forms of nationalism. The essays in this collection reveal the experiences and struggles of Asian American women within a global political, economic, cultural, and historical context. The essays focus on diverse issues, including unconventional Asian American women of the early 1900s; the life of a Japanese war bride; possibilities for

transnational Asian American feminism; the politics of Vietnamese American beauty pageants; mixed race identities and bisexual identities; Filipina healthcare providers; South Asian American representations; and a multiracial exchange on pedagogical interventions. The collection represents the rich diversity of Asian American women's lives in hope of creating a new transnational space of critical dialogue, strategic resistance, and alliance building.

*Chinese American Voices* - Judy Yung  
2006-03-20

Offering a textured history of the Chinese in America since their arrival during the California Gold Rush, this work includes letters, speeches, testimonies, oral histories, personal memoirs, poems, essays, and folksongs. It provides an

insight into immigration, work, family and social life, and the longstanding fight for equality and inclusion.

"Strangers" of the Academy - Guofang Li 2006

No less than other minorities, Asian women scholars are confronted with racial discrimination and stereotyping as well as disrespect for their research, teaching, and leadership, and are underrepresented in academia. In the face of such barriers, many Asian female scholars have developed strategies to survive and thrive. This book is among the first to examine their lived experience in Western academic discourses. It addresses the socio-cultural, political, academic, and personal issues that Asian female scholars encounter in higher

education. The contributors to this book include first- and second-generation immigrants who are teachers and researchers in higher education and who come from a wide range of Asian nations and backgrounds. They here combine new research and personal narratives to explore the intersecting layers of relationships that impact their lives--language, culture, academic discourses, gender, class, generation, and race. The book is replete with the richness and complexity of these scholars' struggles and triumphs in their professional and personal realms. This powerful and engaging volume: \* Examines and celebrates the struggles and triumphs that Asian female scholars experience as they try to "make it" in academic environments

that may differ sharply from the culture of their countries of origin;  
\* Highlights the unique contributions the authors have made to research, theory, and the profession; \* Establishes the authors' claim to visibility and a voice for themselves and more generally for Asian women in the academy; \* Opens a dialogue on these critical issues by sharing the academic and personal experiences of senior and junior scholars alike; and \* Contributes to the on-going discussion on issues pertinent to the status of minority female scholars in higher education.

*Asian American Society* - Mary Yu  
Danico 2014-08-19

Asian Americans are a growing, minority population in the United States. After a 46 percent population growth between 2000 and 2010

according to the 2010 Census, there are 17.3 million Asian Americans today. Yet Asian Americans as a category are a diverse set of peoples from over 30 distinctive Asian-origin subgroups that defy simplistic descriptions or generalizations. They face a wide range of issues and problems within the larger American social universe despite the persistence of common stereotypes that label them as a “model minority” for the generalized attributes offered uncritically in many media depictions. *Asian American Society: An Encyclopedia* provides a thorough introduction to the wide-ranging and fast-developing field of Asian American studies. Published with the Association for Asian American Studies (AAAS), two volumes of the four-volume encyclopedia feature more

than 300 A-to-Z articles authored by AAAS members and experts in the field who examine the social, cultural, psychological, economic, and political dimensions of the Asian American experience. The next two volumes of this work contain approximately 200 annotated primary documents, organized chronologically, that detail the impact American society has had on reshaping Asian American identities and social structures over time. Features: More than 300 articles authored by experts in the field, organized in A-to-Z format, help students understand Asian American influences on American life, as well as the impact of American society on reshaping Asian American identities and social structures over time. A core collection of primary documents and

key demographic and social science data provide historical context and key information. A Reader's Guide groups related entries by broad topic areas and themes; a Glossary defines key terms; and a Resource Guide provides lists of books, academic journals, websites and cross references. The multimedia digital edition is enhanced with 75 video clips and features strong search-and-browse capabilities through the electronic Reader's Guide, detailed index, and cross references. Available in both print and online formats, this collection of essays is a must-have resource for general and research libraries, Asian American/ethnic studies libraries, and social science libraries.

**Workers in America** - Robert E. Weir  
2013

This is a two-volume set that focuses on workers, class politics and political economy, unions and worker-organization, historical persons and events in the United States. Weir (history, Smith College) presents these texts as a self-referencing encyclopedia aimed at a wide and variously educated audience, including students and professionals, but not intended for labor historians.

Sweatshop USA - Daniel E. Bender  
2013-10-28

First Published in 2003. Routledge is an imprint of Taylor & Francis, an informa company.

**Globalisation,, Knowledge and Labour**  
- Mario Novelli 2009-12-16

Knowledge is playing an important role in the development of contemporary capitalism. This book

addresses the questions such as: how labour movements learn, and what strategies they deploy to defend their interests.

*Immigration and Women* - Susan C. Pearce 2011-05-23

The popular debate around contemporary U.S. immigration tends to conjure images of men waiting on the side of the road for construction jobs, working in kitchens or delis, driving taxis, and sending money to their wives and families in their home countries, while women are often left out of these pictures.

Immigration and Women is a national portrait of immigrant women who live in the United States today, featuring the voices of these women as they describe their contributions to work, culture, and activism. Through an examination of U.S. Census data and

interviews with women across nationalities, we hear the poignant, humorous, hopeful, and defiant words of these women as they describe the often confusing terrain where they are starting new lives, creating architecture firms, building urban high-rises, caring for children, cleaning offices, producing creative works, and organizing for social change. Highlighting the gendered quality of the immigration process, *Immigration and Women* interrogates how human agency and societal structures interact within the intersecting social locations of gender and migration. The authors recommend changes for public policy to address the constraints these women face, insisting that new policy must be attentive to the diverse profile of today's immigrating woman:

she is both potentially vulnerable to exploitative conditions and forging new avenues of societal leadership.

[They Didn't See Us Coming](#) - Lisa Levenstein 2020-07-14

From an award-winning scholar, a vibrant portrait of a pivotal moment in the history of the feminist movement. From the declaration of the "Year of the Woman" to the televising of Anita Hill's testimony, from *Bitch* magazine to SisterSong's demands for reproductive justice: the 90s saw the birth of some of the most lasting aspects of contemporary feminism. Historian Lisa Levenstein tracks this time of intense and international coalition building, one that centered on the growing influence of lesbians, women of color, and activists from the global South. Their work laid the foundation for the feminist energy

seen in today's movements, including the 2017 Women's March and #MeToo campaigns. A revisionist history of the origins of contemporary feminism, *They Didn't See Us Coming* shows how women on the margins built a movement at the dawn of the Digital Age.

**Sweatshop** - Laura Hapke 2004-07-29  
Arguing that the sweatshop is as American as apple pie, Laura Hapke surveys over a century and a half of the language, verbal and pictorial, in which the sweatshop has been imagined and its stories told. Not seeking a formal definition of the sort that policymakers are concerned with, nor intending to provide a strict historical chronology, this unique book shows, rather, how the "real" sweatshop has become intertwined with the "invented" sweatshop of our national

imagination, and how this mixture of rhetoric and myth has endowed American sweatshops with rich and complex cultural meaning. Hapke uncovers a wide variety of tales and images that writers, artists, social scientists, reformers, and workers themselves have told about "the shop." Adding an important perspective to historical and economic approaches, *Sweatshop* draws on sources from antebellum journalism, Progressive era surveys, modern movies, and anti-sweatshop websites. Illustrated chapters detail how the shop has been a facilitator of assimilation, a promoter of upward mobility, the epitome of exploitation, a site of ethnic memory, a venue for political protest, and an expression of twentieth-century managerial

narratives. An important contribution to the real and imagined history of garment industry exploitation, this book provides a valuable new context for understanding contemporary sweatshops that now represent the worst expression of an unregulated global economy.

Undocumented Immigrants in the United States: An Encyclopedia of Their Experience [2 volumes] - Anna Ochoa O'Leary 2014-02-25

This two-volume reference work addresses the dynamic lives of undocumented immigrants in the United States and establishes these individuals' experiences as a key part of our nation's demographic and sociological evolution. • Offers a comprehensive, contemporary portrait of undocumented immigrants living in the United States • Provides timely

insights about struggles for inclusion and the many diverse and valuable contributions to the fabric of American society • Presents evidence-based information that can help promote rational assessment of the issues arising from irregular immigration in the United States • Illuminates issues of undocumented immigrant assimilation and adaptation, especially as they affect subsequent generations in their quest for the American Dream • Shows immigration and border enforcement issues that challenge the lives of those present in the United States without authorization • Offers a way to compare regions and different contexts within a geographically vast and culturally diverse United States • Supplies a reference set ideal for upper high school and undergraduate

students as well as the general public

**Sweated Work, Weak Bodies** - Daniel E. Bender 2004

In the early 1900s, thousands of immigrants labored in New York's Lower East Side sweatshops, enduring work environments that came to be seen as among the worst examples of Progressive-Era American industrialization. Although reformers agreed that these unsafe workplaces must be abolished, their reasons have seldom been fully examined. *Sweated Work, Weak Bodies* is the first book on the origins of sweatshops, exploring how they came to represent the dangers of industrialization and the perils of immigration. It is an innovative study of the language used to define the sweatshop, how these definitions shaped the first anti-

sweatshop campaign, and how they continue to influence our current understanding of the sweatshop.

*Women's Issues for a New Generation* - Gail Ukockis 2016-05-13

How do you "hook" a Millennial student into caring about women's issues when feminism has been declared dead for decades? Written in an engaging style that promotes critical thinking, *Women's Issues for a New Generation* is intended for freshman- and sophomore-level undergraduates who have never heard of Mary Wollstonecraft or Anita Hill. The interdisciplinary text includes three major sections: women in the U.S., women from diverse groups (e.g., Native American and disabled), and women in the global arena. It also stresses the inclusion of men in topics such as body image, since

"women's issues" are really issues that affect everyone. Other striking features included the contemporary debates (e.g., War on Women and Hillary Clinton's ambitions) and the current issues such as human trafficking. Textbooks on gender and women's studies often emphasize theory with the assumption that students already know about women's history, the pay gap, and other basic information; *Women's Issues for a New Generation* serves as a reader-friendly bridge to more advanced analysis of women and gender. Written by a social worker, this textbook applies social work values and the strength perspective to anyone who is fighting gender inequality.

**"They're Bankrupting Us!"** - Bill Fletcher, Jr. 2012-08-28  
From Wisconsin to Washington, DC, the

claims are made: unions are responsible for budget deficits, and their members are overpaid and enjoy cushy benefits. The only way to save the American economy, pundits claim, is to weaken the labor movement, strip workers of collective bargaining rights, and champion private industry. In *"They're Bankrupting Us!"*: And 20 Other Myths about Unions, labor leader Bill Fletcher Jr. makes sense of this debate as he unpacks the twenty-one myths most often cited by anti-union propagandists. Drawing on his experiences as a longtime labor activist and organizer, Fletcher traces the historical roots of these myths and provides an honest assessment of the missteps of the labor movement. He reveals many of labor's significant contributions,

such as establishing the forty-hour work week and minimum wage, guaranteeing safe workplaces, and fighting for equity within the workforce. This timely, accessible, "warts and all" book argues, ultimately, that unions are necessary for democracy and ensure economic and social justice for all people.

*Postcolonial Politics and Theology* -  
Kwok Pui-lan 2021-12-07

*Postcolonial Politics and Theology* seeks to reform and reimagine the field of political theology—uprooting it from the colonial soil—using the comparative lenses of postcolonial politics and theology to bring attention to the realities of the Global South. Kwok Pui-lan traces the history of the political impacts of Western theological development, especially developments in the U.S.

context, and the need to shift these interlocking fields toward non-Western traditions in theory and practice. A special focus of the book is on the changing sociopolitical realities of American Empire and Sino-American competition, illustrated in Donald Trump's slogan of "Make America Great Again" and Xi Jinping's hope for a "China Dream." The shifting of U.S. and Asian relationships highlights the need to move our theological and political categories away from a vision of strongman domination and toward a postmodern, postcolonial, and transnational world, especially exemplified in the Asia Pacific context. Throughout, Kwok overturns the idea of centering one cultural framework and marginalizing others in favor of living into a multiplicity

of deeply contextual theologies. She explores how these theologies are being developed in global, postcolonial contexts, through struggles for democracy and civil disobedience in Hong Kong, by efforts to reclaim selfhood and sexual identity from exploitative colonial desire, through the work of interreligious solidarity and peacebuilding, and in the practice of earth care in the face of ecological crisis.

**Women and Chinese Patriarchy** - Maria Jaschok 1994

This collection reveals many forms of servitude that Chinese women have endured, and the avenues of escape open to some of them. The authors are anthropologists, historians and sociologists, but the book is enriched also by contributions from

the participants - a social worker, a mui tsai, and a colonial civil servant. The chapters are based on original documentary or oral research and personal experience, and, throughout the book, the voices of the women, their owners and their missionary rescuers can be clearly heard.

*Migrant Women and Work* - Anuja Agrawal 2006-05-03

Papers presented at the International Conference on Women and Migration in Asia, held at New Delhi in December 2003.

*We Were There* - Patricia Romney 2021-10-21

"Fifty years ago, the Third World Women's Alliance passionately insisted on interconnections among racism, sexism, and capitalism, inspiring radical analytical

frameworks and organizing strategies associated with contemporary conceptions of feminism. We are deeply indebted to Patricia Romney for helping to generate a record of the Alliance's pioneering contributions and thus for ensuring that their revolutionary legacies live on." —Angela Y. Davis, author of *Freedom Is a Constant Struggle From 1970 to 1980, the Third World Women's Alliance lived the dream of third world feminism. The small bicoastal organization was one of the earliest groups advocating for what came to be known as intersectional activism, arguing that women of color faced a "triple jeopardy" of race, gender, and class oppression. Rooted in the Black civil rights movement, the TWWA pushed the women's movement to address issues such as sterilization*

abuse, infant mortality, welfare, and wage exploitation, and challenged third world activist organizations to address sexism in their ranks. Widely recognized as the era's primary voice for women of color, this alliance across ethnic and racial identities was unique then and now. Interweaving oral history, scholarly and archival research, and first-person memoir, *We Were There* documents how the TWWA shaped and defined second wave feminism. Highlighting the essential contributions of women of color to the justice movements of the 1970s, this historical resource will inspire activists today and tomorrow, reminding a new generation that solidarity is the only way forward.

**Suburban Sweatshops** - Jennifer GORDON  
2009-06-30  
In 1992 Gordon founded the Workplace

Project to help immigrant workers in the underground suburban economy of Long Island, New York. In a story of gritty determination and surprising hope, she weaves together Latino immigrant life and legal activism to tell the unexpected tale of how the most vulnerable workers in society came together to demand fair wages, safe working conditions, and respect from employers.

*Battleground: Immigration [2 volumes]*

- Judith Ann Warner 2008-12-30

Among the most tumultuous conflicts of modern America is the war over legal and undocumented immigrants currently residing within U.S. borders. Since the passing of the 1965 Immigration and Naturalization Act, America has witnessed an unprecedented flow of immigrants onto its shores, with increased diversity

of race and culture. *Battleground: Immigration* examines the most critical issues surrounding immigration today, including effects on the economy, education, and employment, as well as the viability of the foreign-born in American society. All sides of the immigration debate are explored in this comprehensive 2-volume set, with special weight given to the very specific issues that have arisen in post-9/11 America: homeland security and border control, 9/11's impact on legislation and civil liberties; the Department of Homeland security and its role in border control; transnational organized crime, human smuggling and trafficking; and post 9/11 border control and security impact on immigration. With direct ties to the curriculum, this set is a

valuable resource for students of sociology, current events, American history, political science, ethnic studies, and public policy.

Immigrant Women Workers in the Neoliberal Age - Nilda Flores-Gonzalez 2013-07-01

To date, most research on immigrant women and labor forces has focused on the participation of immigrant women on formal labor markets. In this study, contributors focus on informal economies such as health care, domestic work, street vending, and the garment industry, where displaced and undocumented women are more likely to work. Because such informal labor markets are unregulated, many of these workers face abusive working conditions that are not reported for fear of job loss or deportation. In examining the complex dynamics of how

immigrant women navigate political and economic uncertainties, this collection highlights the important role of citizenship status in defining immigrant women's opportunities, wages, and labor conditions. Contributors are Pallavi Banerjee, Grace Chang, Margaret M. Chin, Jennifer Jihye Chun, Héctor R. Cordero-Guzmán, Emir Estrada, Lucy Fisher, Nilda Flores-González, Ruth Gomberg-Munoz, Anna Romina Guevarra, Shobha Hamal Gurung, Pierrette Hondagneu-Sotelo, María de la Luz Ibarra, Miliann Kang, George Lipsitz, Lolita Andrada Lledo, Lorena Muñoz, Bandana Purkayastha, Mary Romero, Young Shin, Michelle Téllez, and Maura Toro-Morn.

Trafficking and Prostitution Reconsidered - Kamala Kempadoo 2017-07-05

Trafficking and prostitution are widely believed to be synonymous, and to be leading international crimes. This collection argues against such sensationalism and advances carefully considered and grounded alternatives for understanding transnational migrations, forced labor, sex work, and livelihood strategies under new forms of globalization. From their long-term engagements as anti-trafficking advocates, the authors unpack the contemporary international debate on trafficking. They maintain that rather than a new 'white slave trade,' we are witnessing today, more broadly, an increase in the violation of the rights of freedom of movement, decent employment, and social and economic security. Critical examinations of state anti-trafficking interventions, including

the U.S.- led War on Trafficking, also reveal links to a broader attack on undocumented migrants; tribal and aboriginal peoples; poor women, men, and children; and sex workers. The book sheds new light on everyday circumstances, popular discourses, and strategies for survival under twenty-first century economic and political conditions, with a focus on Asia, but with lessons globally. Contributors: Natasha Ahmad, Vachararutai Boontinand, Lin Chew, Melissa Ditmore, John Frederick, Matthew S. Friedman, Josephine Ho, Jagori, Ratna Kapur, Phil Marshall, Jyoti Sanghera, Susu Thatun. Women's Rights in the United States: A Comprehensive Encyclopedia of Issues, Events, and People [4 volumes] - Tiffany K. Wayne  
2014-12-09

A comprehensive encyclopedia tracing the history of the women's rights movement in the United States from the American Revolution to the present day. • Offers informed, critical insights and perspectives from editor Tiffany K. Wayne; advising editor Lois Banner, noted author, professor, historian, and feminist; and expert contributors • Comprises more than 800 entries in four volumes on the people, organizations, events, legislation, and primary documents impacting gender relations in the United States • Supplies valuable content for librarians' events and programming for Women's History Month each March • Provides listings of U.S. court cases regarding women's rights chronologically organized by major time periods • Aligns with high

school and college curricula in offering the experiences of American women • Includes coverage of current and ongoing issues related to women's civil and political equality in the 21st century

*Encyclopedia of Race, Ethnicity, and Society* - Richard T. Schaefer  
2008-03-20

"This ambitious undertaking touches all bases, is highly accessible, and provides a solid starting point for further exploration." –School Library Journal This three-volume reference presents a comprehensive look at the role race and ethnicity play in society and in our daily lives.. The *Encyclopedia of Race, Ethnicity, and Society* offers informative coverage of intergroup relations in the United States and the comparative examination of race and ethnicity

worldwide. Containing nearly 600 entries, this resource provides a foundation to understanding as well as researching racial and ethnic diversity from a multidisciplinary perspective. Key Features Describes over a hundred racial and ethnic groups, with additional thematic essays discussing broad topics that cut across group boundaries and impact society at large Addresses other issues of inequality that often intersect with the primary focus on race and ethnicity, such as ability, age, class, gender, and sexual orientation Brings together the most distinguished authorities possible, with 375 contributors from 14 different countries Offers broad historical coverage,, ranging from "Kennewick Man" to the "Emancipation Proclamation" to "Hip-Hop" Presents

over 90 maps to help the reader comprehend the source of nationalities or the distribution of ethnic or racial groups Provides an easy-to-use statistical appendix with the latest data and carefully selected historical comparisons Key Themes · Biographies · Community and Urban Issues · Concepts and Theories · Criminal Justice · Economics and Stratification · Education · Gender and Family · Global Perspectives · Health and Social Welfare · Immigration and Citizenship · Legislation, Court Decisions, and Treaties · Media, Sports, and Entertainment · Organizations · Prejudice and Discrimination · Public Policy · Racial, Ethnic, and Nationality Groups · Religion · Sociopolitical Movements and Conflicts

Globalization and Cross-Border Labor  
Solidarity in the Americas - Ralph

Armbruster-Sandoval 2005-07-05

First published in 2005. Routledge is an imprint of Taylor & Francis, an informa company.

*A New Protestant Labor Ethic at Work*  
- Ken Estey 2011-01-01

Estey proposes a labor ethic that emphasizes the "protest" in Protestantism. The purpose of this ethic is to interrupt the drudgery of the Protestant work ethic, which Estey asserts is the dominant cultural ideal in the U.S.

Protestantism must not be about capitulation to capitalism, and a Protestant ethic that works must be one that questions and confronts authority in order to undo the newest and oldest forms of dehumanization -- as they pertain to workers, labor

issues, and conditions in the workplace.

The Oxford Handbook of Gender, Sex,  
and Crime - Rosemary Gartner  
2014-05-14

Research on gender, sex, and crime today remains focused on topics that have been a mainstay of the field for several decades, but it has also recently expanded to include studies from a variety of disciplines, a growing number of countries, and on a wider range of crimes. The Oxford Handbook of Gender, Sex, and Crime reflects this growing diversity and provides authoritative overviews of current research and theory on how gender and sex shape crime and criminal justice responses to it. The editors, Rosemary Gartner and Bill McCarthy, have assembled a diverse cast of criminologists, historians,

legal scholars, psychologists, and sociologists from a number of countries to discuss key concepts and debates central to the field. The Handbook includes examinations of the historical and contemporary patterns of women's and men's involvement in crime; as well as biological, psychological, and social science perspectives on gender, sex, and criminal activity. Several essays discuss the ways in which sex and gender influence legal and popular reactions to crime. An important theme throughout The Handbook is the intersection of sex and gender with ethnicity, class, age, peer groups, and community as influences on crime and justice. Individual chapters investigate both conventional topics - such as domestic abuse and sexual violence - and topics that have only

recently drawn the attention of scholars - such as human trafficking, honor killing, gender violence during war, state rape, and genocide. The Oxford Handbook of Gender, Sex, and Crime offers an unparalleled and comprehensive view of the connections among gender, sex, and crime in the United States and in many other countries. Its insights illuminate both traditional areas of study in the field and pathways for developing cutting-edge research questions.

**Monthly Labor Review** - 2003

Publishes in-depth articles on labor subjects, current labor statistics, information about current labor contracts, and book reviews.

**Historical Dictionary of Organized**

**Labor** - James C. Docherty 2012-06-14

Organized labor is about the collective efforts of employees to

improve their economic, social, and political position. It can be studied from many different points of view—historical, economic, sociological, or legal—but it is fundamentally about the struggle for human rights and social justice. As a rule, organized labor has tried to make the world a fairer place. Even though it has only ever covered a minority of employees in most countries, its effects on their political, economic, and social systems have been generally positive. History shows that when organized labor is repressed, the whole society suffers and is made less just. The Historical Dictionary of Organized Labor looks at the history of organized labor to see where it came from and where it has been. This is done through a chronology, an

introductory essay, appendixes, a glossary of terms, and an extensive bibliography. The dictionary section has over 400 cross-referenced entries on most countries, international as well as national labor organizations, major labor unions, leaders, and other aspects of organized labor such as changes in the composition of its membership. This book is an excellent access point for students, researchers, and anyone wanting to know more about organized labor.

**Threads** - Jane L. Collins 2009-11-15  
Americans have been shocked by media reports of the dismal working conditions in factories that make clothing for U.S. companies. But while well intentioned, many of these reports about child labor and sweatshop practices rely on stereotypes of how Third World

factories operate, ignoring the complex economic dynamics driving the global apparel industry. To dispel these misunderstandings, Jane L. Collins visited two very different apparel firms and their factories in the United States and Mexico. Moving from corporate headquarters to factory floors, her study traces the diverse ties that link First and Third World workers and managers, producers and consumers. Collins examines how the transnational economics of the apparel industry

allow firms to relocate or subcontract their work anywhere in the world, making it much harder for garment workers in the United States or any other country to demand fair pay and humane working conditions. Putting a human face on globalization, *Threads* shows not only how international trade affects local communities but also how workers can organize in this new environment to more effectively demand better treatment from their distant corporate employers.
