*The Federalist Papers* - Alexander Hamilton 2021-10-19

The Federalist Papers Alexander Hamilton - Hailed by Thomas Jefferson as the best commentary on the principles of government which was ever written, The Federalist Papers is a collection of eighty-five essays published by Founding Fathers Alexander Hamilton, James Madison, and John Jay from 1787 to 1788, as a means to persuade the public to ratify the Constitution of the United States. With nearly two-thirds of the essays written by Hamilton, this enduring classic is perfect for modern audiences passionate about his work or seeking a deeper understanding of one of the most important documents in US history.

*Taking Sides* - William G. Moseley 2004

This debate-style reader is designed to introduce students to controversies in African Studies. The readings, which represent the arguments of leading historians, political scientists, and economists, reflect a variety of viewpoints, and have been selected for their substance, liveliness and relevance. By requiring students to analyze opposing viewpoints and reach considered judgments, Taking Sides actively develops critical thinking skills. **Workers and Change in China** - Manfred Elfstrom 2021-01-21

Strikes, protests, and riots by Chinese workers have been rising over the past decade. The state has addressed a number of grievances, yet has also come down increasingly hard on civil society groups pushing for reform. Why are these two seemingly clashing developments occurring simultaneously? Manfred Elfstrom uses extensive fieldwork and statistical analysis to examine both the causes and consequences of protest. The book adopts a holistic approach, encompassing national trends in worker-state relations, local policymaking processes and the dilemmas of individual officials and activists. Instead of taking sides in the old debate over whether non-democracies like China's are on the verge of collapse or have instead found ways of maintaining their power indefinitely, it explores the daily evolution of autocratic rule. While providing a uniquely comprehensive picture of change in China, this important study proposes a new model of bottom-up change within authoritarian systems more generally.

**Taking Sides** - Alison Alexander 1999

Provides a variety of debates surrounding issues in mass media and society.

*Lord of the Flies* - William Golding 2003-12-16

Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.
