Morinus System of Horoscope Interpretation - Jean Baptiste Morin 2008-06

This book is an English translation of Book 21 of the Astrologia Gallica, in which Morin sets forth his method of horoscope interpretation. In the first section of the book he reviews the methods of other astrologers and explains why they are insufficient. In the second section he explains his own method, which is both different from and superior to the traditional methods.

Morin was a physician who became the most renowned of all French astrologers. He was appointed Royal Mathematician to King Louis XIII and was summoned to be present at the birth of the royal heir, the future King Louis XIV. His master work, the *Astrologia Gallica*, was published in Paris in 1661. It consists of a Preface and 26 individual books in the scholarly Latin of the 17th century. Many of these Books are now available in English translation, but Book 21 should be read first as it contains the fundamental explanation of the Morin method. Richard S. Baldwin made this English translation directly from the Latin text.

Teaching Visual Anthropology - Paolo Chiozzi 1989

The Flemish Merchant of Venice - Christina Anderson
2015-01-05

"During the years 1627 and 1628, Charles I of England purchased the cream of the Gonzaga art collection, belonging to the dukes of Mantua, in what would become the greatest art deal of the 17th century. Among the treasures sold were ancient statues and stunning paintings by Titian, Raphael, Correggio, and Rubens. This book examines this fascinating and significant art sale from the perspective of the man who orchestrated it--Daniel Nijs (1572-1647), a Flemish merchant, collector, and dealer living in Venice. Christina M. Anderson brings Nijs to life, asserting that he was more than the avaricious and unscrupulous trader that most modern writers and scholars deem him to be. Anderson's evocative text describes Nijs's unique talent as a dealer, rooted in superior commercial skills, connections to artistic and diplomatic circles, and a deep love of art. The narrative reveals that Nijs was ultimately the pivotal figure involved with the Gonzaga

sale, though also--when he later fell into bankruptcy and dishonor due to a deal gone awry--the most tragic. "--

Prey Into Hunter - Maurice Bloch 1992

In this book Maurice Bloch synthesises a radical theory of religion.

The Wild Unknown Pocket Tarot - Kim Krans 2021-10-26

A compact, portable version of Kim Krans' blockbuster New York Times bestselling tarot deck and guidebook, featuring her lush four-color illustrations. Kim Krans is not only a vanguard of the new tarot movement, but the visionary who is redefining it for the twenty-first century. For a legion of contemporary seekers all over the world, *The Wild Unknown* is more than a tarot deck; it's become a resonant life guide, inspiring them to share countless images of their readings, tattoos, and art prints from the deck. Now, Krans' beloved tarot is available in a pocket-sized edition, packed in a beautiful eco-friendly tin, that can go anywhere. Each of the seventy-eight cards in *The Wild Unknown Pocket Tarot* is a work of art that explores the mysteries of the natural world and the animal kingdom. In addition, this gorgeous travel deck features an original bonus Justice card that speaks to the social movements of our time. Hand drawn in her iconic, mystical style, the deck's striking images invite deep contemplation. *The Wild Unknown* guidebook is a condensed version of the original--a hand-lettered and fully illustrated guide that leads readers through the steps of a reading, from shuffling and cutting the deck to creating spreads to reading the tarot, including accessible interpretations for all seventy-eight individual cards. Infused with all the mystery, glamour, and allure that made her original deck a cult sensation, *The Wild Unknown Pocket Tarot*

will introduce a new audience to the magic of the tarot and is a keepsake collectible sure to delight Krans' longtime fans.

Relief of Belief - Sophia Kaankuka 2019-05-20

Relief of Belief summarizes Relief as a veritable as well as a standard and vital ingredient that never pushes your buttons but braces you up for the best that is yet to come. The fact that we are all pilgrims and tourists of our own life is a reality that you ought to fight your own battles despite the turbulence of the storm, You'd definitely find your map and that map would take you where you desire and where is best for you to go, I assure you that absolutely no one can push and pull you away because the best is staring at you on the face and the greatest is yet to come to you. Be resilient and persevere very hard, never give up; Always place your eyes on your game plans and achieve your dreams and aspirations very diligently, Never deviate from forward looking even when all seems a bit downwards and backwards. Be Inspired!

The Secret Doctrine - Helena Petrovna Blavatsky
2018-01-19

Three Books of Occult Philosophy - Heinrich Cornelius Agrippa 2021-11-23

- Three hardcover volumes in slipcase
- Corrects the many mistranslations, copyist mistakes, and errors introduced from other editions, drawing on new research and access to Agrippa's source texts
- Restores all of Agrippa's original illustrations
- Presents a nearly complete bibliography of Agrippa's primary sources

One of the most important texts in the Western magical tradition for nearly 500 years, Heinrich Cornelius Agrippa's 1533 work Three Books of Occult Philosophy collates a multitude of sources from the Classical, Medieval, and Renaissance periods and organizes them into a coherent explanation of the magical world. Divided into three parts--the natural world, the celestial world, and the divine world--the book systematically explains the philosophy, logic, and methods of magic and astrology and how they work. The basis for 19th-century magical orders such as the Golden Dawn and a primary source for countless books on magical uses of stones, herbs, incense, and astrology, Agrippa's many lists and diagrams have proven invaluable to magicians since the 16th century. Yet, until now, all English editions of Agrippa's Three Books were based on the same flawed 1651 translation from the mysterious "J.F." In this new translation from the original 1533 Latin edition, Eric Purdue corrects the many mistranslations, copyist mistakes, and errors introduced from other editions as well as restores all of Agrippa's original illustrations. Purdue notates every correction

and offers commentary, drawing on major developments in the research of older magical and astrological texts. He also presents a nearly complete bibliography of Agrippa's primary sources, revealing Agrippa as a mainstream scholar of his day. Presenting the first new English translation of Three Books of Occult Philosophy in more than 350 years, this three-volume hardcover boxed set repairs the gaps in knowledge pervasive in the original translation and restores the magical spirit of Agrippa's masterpiece, allowing us to hear Agrippa speak again.

El libro de la luz - Alexandra Solnado 2011-04-12

"Ámame dentro de ti. Porque yo estoy dentro de ti. En cada parte de ti, en cada célula, yo estoy ahí. Y solamente cuando entras en contacto profundo contigo mismo es que entras en contacto profundo conmigo. Y solamente cuando te amas eternamente es que consigues amarme eternamente. Yo estaré siempre aquí." -- Jesús

¿Estás buscando una guía espiritual? ¿Tienes problemas personales y no sabes qué hacer? ¿Te preguntas si estás haciendo lo correcto? ¿No estás seguro si tus oraciones son escuchadas? Por medio de un mensaje inspirador canalizado directamente a Alexandra Solnado desde el Cielo, El libro de la luz te ofrece una sabiduría simple pero profunda. Estos mensajes de luz son un intento del cielo para darte consuelo e inspiración. Para encontrar las respuestas sobre las cosas que te preocupan, simplemente haz una pregunta y toma dos letras Arameas de las diecisiete incluidas en el libro. La tabla referencial que se encuentra en el interior te guiará hacia el mensaje indicado que Jesús ha enviado para ti. Los mensajes de luz de este libro están relacionados con temas de la vida como el perdón, amor incondicional, sentimiento de culpa, pérdida, abundancia, riesgo,

protección, propósito y muchos más. Utiliza esta guía divina a diario en cualquier momento en que necesites ayuda o sabiduría. Más que un libro, El libro de la luz es una guía para toda la vida.

Dentists - Mary Meinking 2020-08

Open wide! Dentists care for people's teeth. Give readers the inside scoop on what it's like to be a dentist. Readers will learn what dentists do, the tools they use, and how people get this exciting job.

Saturn In Transit - Erin Sullivan 2002-04

ABOUT THE BOOK: Saturn, god of the saturnine disposition, is popularly associated with doom and gloom. But Saturn in Transit reveals the planet's useful and developmental influence in our lives. Saturn assists the modern hero and heroine, during its

Gypsies Under the Swastika - Donald Kenrick 2009

non-Gypsies who tried to protect the innocent victims of fascism at the risk of their own lives." "This revised edition contains an expanded section on Romania as well as new illustrations and reference notes. The text has been updated to reflect newly available source material." --Book Jacket.

Method, Model and Matter - M. Bunge 2012-12-06

This collection of essays deals with three clusters of problems in the philosophy of science: scientific method, conceptual models, and ontological underpinnings. The disjointedness of topics is more apparent than real, since the whole book is concerned with the scientific knowledge of fact. Now, the aim of factual knowledge is the conceptual grasping of being, and this understanding is provided by theories of whatever there may be. If the theories are testable and specific, such as a theory of a particular chemical reaction, then they are often called 'theoretical

models' and clas sed as scientific. If the theories are extremely general, like a theory of syn thesis and dissociation without any reference to a particular kind of stuff, then they may be called 'metaphysical' - as well as 'scientific' if they are consonant with science. Between these two extremes there is a whole gamut of kinds of factual theories. Thus the entire spectrum should be dominated by the scientific method, quite irrespective of the subject matter. This is the leitmotiv of the present book. The introductory chapter, on method in the philosophy of science, tackles the question 'Why don't scientists listen to their philosophers?'.
The Only Way To-- Learn Astrology: Math & interpretation techniques - Marion D. March 1981
"The Only Way to...Learn Astrology, Volume II" explains horoscope calculation, chart patterns, retrogrades, interceptions, and interprets each sign on the cusp of each of the houses. It is filled with helpful hints to free the reader of any possible anxiety about "astro-math".

The Only Way To-- Learn Astrology: Math & interpretation techniques - Marion D. March 1981

"The Only Way to...Learn Astrology, Volume II" explains horoscope calculation, chart patterns, retrogrades, interceptions, and interprets each sign on the cusp of each of the houses. It is filled with helpful hints to free the reader of any possible anxiety about "astro-math".

Christianity in Asia - Pedro de Moura Carvalho 2016
Christianity in Asia explores the spread of the religion across Asia, and the art it inspired. This fully illustrated catalogue is aimed at a general audience, and accompanies the first exhibition exclusively dedicated to this topic. The book shows how local artists interpreted well-established Christian iconography, with new materials, and in often surprising ways. Essays explore earliest Christian art in Central Asia, India, and China; interest in Christian art at the Islamic courts; and works associated with missionary activities in China, South and Southeast Asia, and Japan. Exhibition: Asian Civilisations Museum, Singapore

(27.05.-11.09.2016).

The Courage to Be Creative - Doreen Virtue 2017-09-05
You were born creative. If you don't feel creative or your creative pursuits haven't worked out, Doreen Virtue's newest book can help. Doreen, the best-selling author of more than 100 books, card decks, and audio programs, shows you how to gain 10 forms of courage that lead to creativity, including the courage to be yourself. Each chapter features practical exercises to lead readers to discover their natural talents as writers or artists and in other creative vocations or avocations. Doreen also includes summaries of fascinating psychological studies that demonstrate how to become a successful and satisfied creative individual. Filled with practical advice, scientific research on the creative process, and real-life stories, *The Courage to Be Creative* is a mainstream book with an inspirational flavor.

Jurandy Valenc_a - Jurandy Valença 2022-01-14
Carcara Photo Art's Brazilian Photography collection presents Jurandy Valença. In his own words: "I create images, I don't create photographs. My production comes from everyday references. The main issue in my work is time. The memory."

The Astrologer's Handbook - Frances Sakoian 1993-02-26
The Complete Guide to the Interpretation of Horoscopes Precise, comprehensive, and richly detailed, *The Astrologer's Handbook* moves far beyond the common 11 sun signs" to the important planetary aspects -- trines, squares, oppositions, conjunctions, and sextiles -- discussing their impact on the human personality and exploring their subtle but firm influence on all our lives. Although undertaken originally to meet the demands of professional astrologers, *The Astrologer's*

Handbook is, happily, a book that serves every reader. The authors, two respected innovators in the field, explain carefully all of the central concepts and provide easy-to-follow instructions for doing a complete interpretation -- both general and specific -- of any natal chart. For those who wish to actually cast their own charts, step-by-step directions are provided. Or, for those who prefer, special coupons are provided for purchasing personalized computer-generated horoscopes with complete tabulation of planetary aspects cross-referenced to the proper pages of this book.

The Utopian Impulse in Latin America - Kim Beauchesne
2011

"The present volume explores the concept of utopia in Latin America from the earliest accounts of the New World to current cultural production. The carefully selected essays in this volume represent the latest research on the topic by some of the most important Latin Americanists working in North American academia today. With an interdisciplinary approach, the texts included discuss the notion of a utopian impulse in literature, music, performance, cinema, visual arts, critical theory, cultural studies, and political science. Among the many questions the book grapples with are how the utopian impulse is reconfigured over time, especially in new cultural fields and situations, and how Latin American utopias should be contextualized in the so-called global era"--

States of Grace - Patrícia I. Vieira 2018-04-01

Provides in-depth analyses of key moments in Brazilian utopianism, including theological-political, matriarchal, environmental, and work-free utopias. States of Grace offers a novel approach to the study of Brazilian culture through the lens of utopianism.

Patrícia I. Vieira explores religious and political writings, journalistic texts, sociological studies, and literary works that portray Brazil as a utopian "land of the future," where dreams of a coming messianic age and of social and political emancipation would come true. The book discusses crucial utopian moments such as the theological-political utopia proposed by Jesuit Priest Antônio Vieira; matriarchal utopias, like the egalitarian society of the Amazons; work-free utopias that abolished the boundaries separating toil and play; and ecological utopias, where humans and nonhumans coexist harmoniously. The uniqueness of the book's approach lies in rethinking the link between messianic and utopian texts, as well as the alliances forged between progressive religious, socioeconomic, political, and ecological ideas.

The Other God - Yuri Stoyanov 2000-08-11

DIVDIVThis fascinating book explores the evolution of religious dualism, the doctrine that man and cosmos are constant battlegrounds between forces of good and evil. It traces this evolution from late Egyptian religion and the revelations of Zoroaster and the Orphics in antiquity through the Dead Sea Scrolls, the Mithraic Mysteries, and the great Gnostic teachers to its revival in medieval Europe with the suppression of the Bogomils and the Cathars, heirs to the age-long teachings of dualism. Integrating political, cultural, and religious history, Yuri Stoyanov illuminates the dualist religious systems, recreating in vivid detail the diverse worlds of their striking ideas and beliefs, their convoluted mythologies and symbolism. Reviews of an earlier edition: "A book of prime importance for anyone interested in the history of religious dualism. The author's knowledge of relevant original sources is

remarkable; and he has distilled them into a convincing and very readable whole.”—Sir Steven Runciman “The most fascinating historical detective story since Steven Runciman’s Sicilian Vespers.”—Colin Wilson “A splendid account of the decline of the dualist tradition in the East . . . both strong and accessible. . . . The most readable account of Balkan heresy ever.”—Jeffrey B. Russell, *Journal of Religion* “Well-written, fact-filled, and fascinating . . . has in it the making of a classic.” —Harry T. Norris, *Bulletin of SOAS/div/div*
Disability Studies Today - Colin Barnes 2002-12-13

Over recent years there has been an unprecedented upsurge of interest in the general area of disability and disability studies amongst academics and researchers throughout the world. This has generated an increasingly expansive literature, from a variety of perspectives, including cultural studies, development studies, geography, history, philosophy, social policy, social psychology and sociology. Perhaps inevitably, given this heightened interest, a number of important challenges and debates have emerged which raise many significant questions for all those interested in this newly emergent and increasingly important field. *Disability Studies Today* provides an invaluable introduction to and an overview of these concerns and controversies. Although the field is increasingly interdisciplinary in nature, the emphasis is primarily a sociological one since sociology continues to play a central role in the development of disability studies. Whilst the focus is primarily on theoretical innovation and advancement, the arguments presented in this book have important political and policy implications for both disabled and non-disabled people. Moreover, since disability studies, like ethnic, women's and gay and lesbian studies, has

developed from a position of engagement and activism rather than one of detachment, the articles in this volume maintain this tradition. The book contains contributions from established figures, as well as newcomers to the field. Topics covered include: the history of the development of disability studies in Britain and America, key ideas, issues and thinkers, the role of the body, divisions and hierarchies, history, power and identity, work, politics and the disabled peoples' movement, globalization, human rights, research and the role of the academy. This book will prove invaluable to scholars, researchers, students and policy makers and, indeed, all those involved in this increasingly important area of social enquiry.

Relationships and Life Cycles - Stephen Arroyo
2020-08-04

In this breakthrough book, Stephen Arroyo discusses the two subjects that people most often want to understand through astrology: Relationship Compatibility and the Cycles that Shape Our Lives. The spontaneous quality of this book makes it especially informative and valuable, since it includes numerous insights and observations not found in more conventional presentations. As many reviewers have observed, the sections on precisely how to compare charts to analyze relationships and how to use the houses in such comparisons are completely unique and original contributions to the field of astrological psychology.

Mort Cinder - Alberto Breccia 2018-09-01

Alberto Breccia is recognized as one of the greatest international cartoonists in the history of comics and *Mort Cinder* is considered one of his finest achievements. Created in collaboration with the Argentine writer Héctor Germán Oesterheld, best known in

the U.S. for his politically incendiary sci-fi masterpiece, the Eisner Award-winning *The Eternaut*, Mort Cinder is a horror story with political overtones. This episodic serial, written and drawn between 1962–1964, is drawn by Breccia in moody chiaroscuro. The artist's rubbery, expressionistic faces capture every glint in the eyes of the grave robbers, sailors, and slaves that populate these stories; while the slash of stripes of prisoners' uniforms, the trapeziums of Babylon, and more create distinct and evocative milieus.

Exploring Disability - Colin Barnes 2018-05-21

The second edition of this widely used text has been carefully rewritten to ensure that it is up-to-date with cutting-edge debates, evidence, and policy changes. Since the book's initial publication, there has been an expansion of interest in disability in the social sciences, and disability has come to play an increasingly prominent role in political debates. The new edition takes account of all these developments, and also gives greater emphasis to global issues in order to reflect the increasing and intensifying interdependence of nation states in the twenty-first century. The authors examine, amongst other issues, the changing nature of the concept of disability, key debates in the sociology of health and illness, the politicisation of disability, social policy, and the cultural and media representation of disability. As well as providing an excellent overview of the literature in the area, the book develops an understanding of disability that has implications for both sociology and society. The second edition of *Exploring Disability* will be indispensable for students across the social sciences, and in health and social care, who really want to understand the issues facing disabled people and disabling societies.

Mensajes del Astral - Hercílio Maes 2021-05-31

¿En qué consiste realmente, y qué hay detrás de los eventos rotulados de "juicio final", ya en curso en el planeta? ¿Cuál es el propósito de la actuación del astro intruso y de la verticalidad del eje terrestre, previstos para demarcar la Era de Acuario? ¿Y la selección planetaria, realmente ya se está procesando? ¿Quién deberá continuar reencarnando en el planeta Tierra, en la humanidad más fraterna del tercer milenio, y quién necesitará repetir el curso elemental en escuelas planetarias primitivas? ¿Cómo se procesa el fenómeno de la profecía, y cuál es el verdadero simbolismo de las imágenes del Apocalipsis? Solamente un maestro como Ramatís podría esclarecer cosas como esas, desentrañando la planificación sideral que existe por detrás del rótulo de "juicio final", detallando el proceso, y describiendo a la Tierra transformada, física y espiritualmente, después de la transición. Temas iniciáticos como "Los ingenieros siderales y el plan de la Creación", "Las influencias astrológicas y el signo de piscis", "La distinción entre el descenso angelical y la caída angelical de los exiliados de otras orbes" completan el atractivo de esta obra vanguardista. Hace cincuenta años agotando sucesivas ediciones, "Mensajes del Astral" se transformó en un clásico de la materia, profundidad y claridad con que aborda ese tema palpitante.

Walinto - Graciela Huinao 2009

Cantos Populares Do Archipelago Açoriano - Teófilo Braga 2018-02-15

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced

from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Pre-Mesozoic Geology of Iberia - R. David Dallmeyer
2012-12-06

Pre-Mesozoic Geology of Iberia is a major reference for current understanding of the overall tectonostratigraphic evolution of the Iberian Massif. It represents a comprehensive overview which systematically describes characteristics of the seven major lithotectonic elements of the Iberian Massif in terms of: - stratigraphy, - paleontology, - sedimentology, - structural geology, - igneous activity, - metamorphic evolution, - metallogenesis, and - tectonic significance. These data are compiled in several concluding summary chapters which discuss the overall geodynamic evolution of the Iberian Massif and outline its tectonic setting within the overall circum-Atlantic region. Readers will benefit by this comprehensive

review of an important tectonostratigraphic element in the circum-Atlantic realm.

The Institution, Laws & Ceremonies of the Most Noble Order of the Garter - Elias Ashmole 1672

Scarlet and the Beast I - John Daniel 2018-09-21

My research has revealed that there are two separate and opposing powers in Freemasonry. One, headquartered in London, subscribes to and promotes an idolatrous and pantheistic view of the world. It is monarchist, capitalistic, wealthy, right-wing. The other, in Paris, is atheistic and humanistic in origin and outlook. It is republican, socialist, poor, left-wing. One is Scarlet. The other, the Beast. The breakthrough theory which I have developed with Scripture as my guide makes sense of the massive literature I have collected on Freemasonry as well as its apparent contradictions. My library includes books written by members of and defectors from both English and French Freemasonry. At the beginning of my research, like many other revisionist authors, I thought revisionist authors were reporting one single plot. I gradually realized that many authors were exposing what in reality were often the machinations of one group of conspirators against the other. The devices of both wings of Masonry were so similar that without Scripture as a guide, one could easily perceive only a single intrigue. This interesting twist in the historical drama, confirmed again and again by my research, points to the existence of a struggle between the two powers in Freemasonry. Although revisionist authors are supposedly concerned about one plot, I noticed that all exposes pointed to Paris as the center of an intrigue before World War I. After the War, however, evidence points to the shift of intrigue to

London. I will explain this shift in the course of this book.

You Will be My Friend! - Peter Brown 2019

Lucy, a young bear, starts her day determined to make a new friend but her enthusiasm leads to all sorts of problems until, just as she is about to give up, an unexpected friend finds her.

The Astrology of Personality - Dane Rudhyar 1970

Tropical Truth - Caetano Veloso 2004

Often described inadequately as the John Lennon or Bob Dylan of Brazil, Caetano Veloso is unquestionably one of the most influential and beloved of Brazilian artists and has developed a world-wide following. Now, in his long awaited memoir, he tells the heroic story of how, in the late 60s, he and a group of friends from the north-eastern state of Bahia created tropicalismo, the movement that shook Brazilian culture and civic order and pushed a nation then on the margins of world politics and economics into the pop avant-garde.

Tropical Truth recounts the story of a country, its most subversive generation, and the odyssey of a brilliant constellation of artists. By turns erudite and playful, dreamlike and confessional, Tropical Truth is a revelation of Brazil's most famous artist, one of the greatest popular composers of the past century.

Visualizing Anthropology - Anna Grimshaw 2005

Questions of vision and knowledge are central to debates about the world in which we live. Developing new analytical approaches toward ways of seeing is a key challenge facing those working across a wide range of disciplines. How can visibility be understood on its own terms rather than by means of established textual frameworks? *Visualizing Anthropology* takes up this

challenge. Bringing together a range of perspectives anchored in practice, the book maps experiments in the forms and techniques of visual enquiry. The origins of this collection lie in visual anthropology. Although the field has greatly expanded and diversified, many of the key debates continue to be focused around the textual concerns of the mainstream discipline. In seeking to establish a more genuinely visual anthropology, the editors have sought to forge links with other kinds of image-based projects. Ethnography is the shared space of practice. Understood not as a specialized method but as cultural critique, the book explores new collaborative possibilities linked to image-based work.

The Music of Erich Zann - H. P. Lovecraft 2014-02-10

H. P. Lovecraft was one of the greatest horror writers of all time. His seminal work appeared in the pages of legendary *Weird Tales* and has influenced countless writer of the macabre. This is one of those stories.

The Aesthetics of Visual Poetry, 1914-1928 - Willard Bohn 1993-12-15

In this, the only full-length study of the visual poetry of the early twentieth century, Willard Bohn expertly illuminates the works of Apollinaire, Josep-Maria Junow, Guillermo de Torre, and others. His fascinating aesthetic insights bring to life this elusive and often misunderstood genre. "An important contribution. Highly sophisticated, the study tends to raise its reader's impression of visual poetry in the twentieth century from trivial pastime to serious preoccupation."—Eric Sellin, *Journal of Modern Literature* "With his definitive analyses full of quotable observations and sharp critical insights, Bohn has provided a model, pioneering study, one from which current and future studies of visual poetry will most certainly

benefit."—Gerald J. Janacek, Romance Quarterly "Bohn substantiates his thesis with thoughtful and often ingenious explications of texts both well known and hard to find. . . . Aesthetics of Visual Poetry is a thoroughly researched, beautifully written and fascinating introduction to an infinitely intriguing genre."—Mechthild Cranston, French Review
Witchcraft, Violence, and Democracy in South Africa -

Adam Ashforth 2005-01-15
Large numbers of people in Soweto & other parts of South Africa live in fear of witchcraft, presenting complex & unique problems for the government. Adam Ashforth explores the challenge of occult violence & the spiritual insecurity that it engenders to democratic rule in South Africa.
