Profit Shifting and Tax Base Erosion

- Danuše Nerudová 2021-07-14

This book provides a comprehensive analysis of current techniques for profit shifting and tax base erosion in the area of corporate taxation and measurement. Firstly, it explains the relevance of the issue at hand – profit shifting and base erosion in the context of the 21st century. In turn, the book provides a comprehensive analysis of available techniques for the identification and measurement of profit shifting and base erosion, which adopt both the macro and micro perspective. It also provides examples from selected post-communist countries now in the EU, including the Czech Republic, Poland and Hungary. Concrete recommendations for economic policy round out the coverage.

Financial and Strategic Management for Nonprofit Organizations, Fourth Edition

- Herrington J. Bryce
2017-01-23

The highly acclaimed Financial and Strategic Management for Nonprofit Organizations provides an encyclopedic account of all the key financial, legal, and managerial issues facing nonprofit executives. This is today's definitive single-source text and reference for managing any nonprofit organization. Designed for both professional and graduate student readers, this work thoroughly addresses all key aspects of building managerial skill and promoting imagination and innovation in organizations across the nonprofit spectrum. Herrington J. Bryce presents every technique and concept

in the context of today's public policies, leading practices, laws, norms, and expectations. Herrington J. Bryce was a senior economist at the Urban Institute, a Brookings Economic Policy Fellow, a Fellow at the Institute of Politics at Harvard and a visiting professor in regional economics and planning at the Massachusetts Institute of Technology. He taught micro economic theory and public finance at Clark University in Worcester, Massachusetts, and was director of the program in legal and budget studies at the University College at the University of Maryland. He currently teaches courses at the College of William & Mary in nonprofits but mostly in corporate financial strategy and cost management—heavily reflected in this text. He has published extensively and has served on many state, local and federal government advisory committees. He has a PhD in economics from the Maxwell School at Syracuse University, and a CLU and ChFC from the American College.

Analyzing Banking Risk (Fourth Edition)

- Hennie van Greuning
2020-06-10

Analyzing Banking Risk: A Framework for Assessing Corporate Governance and Risk Management provides a comprehensive overview of topics focusing on assessment, analysis, and management of financial risks in banking. The publication emphasizes risk management principles and stresses that key players in the corporate governance process are accountable for managing the different dimensions of financial and other risks. This fourth edition remains faithful to the objectives of the original publication. It covers new business aspects affecting banking risks, such as mobile banking and regulatory changes over the past decade—specifically those related to

Basel III capital adequacy concepts—as well as new operational risk management topics such as cybercrime, money laundering, and outsourcing. This publication will be of interest to a wide body of users of bank financial data. The target audience includes the persons responsible for the analysis of banks and for the senior management or organizations directing their efforts. Because the publication provides an overview of the spectrum of corporate governance and risk management, it is not aimed at technical specialists of any particular risk management area. ***

Hennie van Greuning was formerly a Senior Adviser in the World Bank's Treasury Unit and previously worked as a sector manager for financial sector operations in the World Bank. He has been a partner in a major international accounting firm and a controller and head of bank supervision in a central bank. Since retiring from the World Bank, he has chaired audit, ethics, and risk committees in various banks and has been a member of operational risk and asset-liability management committees. Sonja Brajovic Bratanovic was a Lead Financial Sector Specialist at the World Bank, after a career as a senior official in a central bank. With extensive experience in banking sector reforms and financial risk analysis, she led World Bank programs for financial sector reforms, as well as development projects. Since her retirement, she has continued as a senior consultant for World Bank development projects in the financial sector, as well as an advisor for other development institutions.

Taxes and Business Strategy - Myron S. Scholes 2009

Written primarily for MBA students and graduates, *Taxes and Business Strategy: A Planning Approach*

integrates tax law with the fundamentals of corporate finance and microeconomics. The book provides a framework for understanding how taxes affect decision-making, asset prices, equilibrium returns, and the financial and operational structure of firms through integration with traditional MBA topics. Fully updated to reflect the major changes in tax laws, the Fourth Edition of *Taxes and Business Strategy* has received praise by those in both the business and academic fields alike.

Small Business Taxes Made Easy, Second Edition - Eva Rosenberg
2010-11-23

Pay what you really owe--and not a penny more! "This book is a must-read for anyone who is running a small business. Rosenberg lays out the steps in a simple format to get you organized and running a business smoothly." -- Layla Tusko, President, Crystal Cove Marketing Group

"Rosenberg has an uncanny ability to make taxes and tax issues easier to understand, all the while keeping everything fresh and fun. I would recommend her book to anyone managing a business." -- Sonny Byrd, Head of Marketing, Shoeboxed.com "With a focus on real-world must-do's and helpful examples, Rosenberg's checklists work like a business-building scaffold and arm the reader to succeed." -- Leigh Mutert, CPA, H&R Block
Is the government taking too much of your money? Do you want to keep more of what you earn? Are you worried about being taxed right out of business? As a taxpayer, you have rights--many of which you probably don't know about. In *Small Business Taxes Made Easy, Second Edition*, America's top small-business tax expert Eva Rosenberg describes them all. This all-in-one primer is packed with tips and guidelines not only for paying out less in tax but also for gaining the greatest

possible advantage out of each IRS rule and regulation. You'll learn how to: Choose the right accounting style for your needs Navigate the complex tax maze without losing the bank Set up a business plan that helps minimize payout Use record-keeping techniques that increase deductible expenses Spot errors in 1099s—and handle them properly Increase your profits and your cash flow Build a business to pass on to your children—or sell at a huge profit! Small Business Taxes Made Easy, Second Edition, provides easy-to-follow, actionable advice with timeless information that can help any business at any stage of operation. Plus, you get access all the forms and to-do lists you need through the book's companion Website. Eva Rosenberg, known as the Internet's TaxMama, is an enrolled agent with over a quarter century of tax experience. A syndicated Dow Jones columnist, and her daily TaxQuips podcast can be found all over the Web. Rosenberg lives in Northridge, California.

QFINANCE - Bloomsbury Publishing
2014-11-20

QFINANCE: The Ultimate Resource (5th edition) is the first-step reference for the finance professional or student of finance. Its coverage and author quality reflect a fine blend of practitioner and academic expertise, whilst providing the reader with a thorough education in the many facets of finance.

The Entrepreneur's Information Sourcebook: Charting the Path to Small Business Success, 2nd Edition - Susan C. Awe 2012-01-16

For 21st-century entrepreneurs, this book provides the practical guidance they need to overcome the often intimidating challenges of starting, organizing, and running a new business effectively and efficiently.

- 400 unique evaluative descriptions

of print and electronic resources for initial start-up, creating a business plan, management, marketing, personnel and HR, and competitive analysis • Screenshots of important and useful web pages • A glossary of relevant terms and acronyms • An index provides access by author, title, subject, and webpage
Tax Savvy for Small Business - Frederick W. Daily 2001

Despite popular opinion, it is possible to run a profitable, honest business while minimizing taxes and staying out of legal trouble. Tax Savvy for Small Business helps readers do just that, detailing year-round tax-saving strategies for: -- claiming all legitimate deductions -- maximizing fringe benefits -- keeping accurate records -- documenting expenses -- surviving an audit The 5th edition provides the most current IRS rules, the latest tax codes and a new chapter of "Frequently Asked Questions."

Tax Planning and Compliance for Tax-Exempt Organizations - Jody Blazek
2015-11-13

The essential nonprofit tax guide, updated with the latest rules and requirements The 2015 Cumulative Supplement to Tax Planning and Compliance for Tax-Exempt Organizations is the latest addition to the indispensable guide to navigating nonprofit tax issues stemming from evolving regulations and IRS procedures. This most recent supplement is packed with checklists and examples that ease the filing process. This new supplement is updated to align with the relevant changes in IRS forms, requirements, and procedures to help you ensure full compliance with the most up-to-date regulations. Clear, concise instructions guide you through important forms and documents, and expert discussion provides insight on specific issues such as unrelated

business income, private inurement, affiliations, and employment taxes. Helpful checklists highlight critical concerns, sample documents provide clarification and example, and the nonprofit-specific guidance leads you through obtaining tax exemption, reporting, compliance testing, and lobbying expenditure management. Nonprofit organizations contend with the possibility of losing their tax-exempt status on a daily basis. Qualification, application, maintenance, and management—every aspect of that vital status requires a solidly executed strategy for ensuring compliance with federal, state, and local regulations. The 2015 Cumulative Supplement helps you put your strategy into action, with a host of valuable tools and expert guidance on the practical aspect of nonprofit tax planning. Follow line-by-line instructions for forms and applications Access easy checklists for reporting, compliance, eligibility, and more Examine sample bylaws, applications, and forms Utilize comparison charts and other visual aids for easy reference Review bullet lists that compare what is and what is not acceptable Tax rules and regulations change annually, and nonprofit organizations know that staying compliant means staying up to date. Wading through tax code is less than helpful in the field where clear, practically oriented instruction provides the quick reference accountants, lawyers, and executives need. The 2015 Cumulative Supplement to Tax Planning and Compliance for Tax-Exempt Organizations is the essential, time-saving guide to the latest in nonprofit tax rules, regulations, and procedures.

Entrepreneurial Finance: Finance and Business Strategies for the Serious Entrepreneur - Steven Rogers
2008-05-01

To start a successful business, you need a comprehensive toolbox full of effective financial and business techniques at your fingertips. Entrepreneurial Finance provides the essential tools and know-how you need to build a sturdy foundation for a profitable business. This practical road map guides you from crafting a meaningful business plan to raising your business to the next level. It offers potent methods for keeping firm financial control of your enterprise and insightful tips for avoiding the multitude of financial barriers that may block your entrepreneurial dream. Written by Steven Rogers, a leading educator at the prestigious Kellogg School of Management, this reliable guidebook covers: The dual objectives of a business plan and how to ensure that both are fulfilled Differences between debt and equity financing and how and why to use each Real-world methods for structuring a deal to benefit both the financier and the entrepreneur Valuation techniques for understanding what your business is truly worth Essential resources for finding the detailed information you need Entrepreneurial Finance clearly explains the inescapable rules of finance and business by using real-world examples and cutting-edge data from the Global Entrepreneurship Monitor (GEM) research project. It features up-to-date coverage of phantom stock, options, and the state of entrepreneurship in such countries as Canada, Europe, Asia, and South America. This definitive guide is effective in today's business climate, with robust, no-nonsense coverage on everything from the new realities of revenue valuation and the growth of women entrepreneurs to the fallout from the dot-com boom and the impact of Sarbanes-Oxley on corporate governance. Just because you're in business for yourself

doesn't mean you're alone.

Entrepreneurial Finance helps you create a long-term plan for achieving maximum profit.

AQA A-level Business Year 1 and AS Fourth Edition (Wolinski and Coates)

- John Wolinski 2019-10-21

Business Taxation and Financial Decisions - Deborah Schanz 2010-10-17
Managerial decisions are considerably influenced by taxes: e.g. the choice of location, buying or leasing decisions, or the proper mix of debt and equity in the company's capital structure increasingly demand qualified employees in an economic environment that is becoming more and more complex. Due to the worldwide economic integration and constant changes in tax legislation, companies are faced with new challenges – and the need for information and advice is growing accordingly. This book's goal is to identify and quantify possible tax effects on companies' investment strategies and financing policies. It does not focus on details of tax law, but instead seeks to address students and practitioners focusing on corporate finance, accounting, investment banking and strategy consulting.

Regulation of Corporate Disclosure, 4th Edition - Brown 2016-12-15

The Regulation of Corporate Disclosure is a one-volume treatise on the disclosure regime in place under the Federal securities laws. The treatise addresses the formal disclosure process (periodic reports, MD&A, Regulation FD), the informal disclosure process (press releases, social media, discussions with analysts), and the application of the antifraud provisions to these communications. The treatise includes chapters on scienter and materiality, and also addresses communications with and disclosure obligations to shareholders. The Fourth Edition has been significantly revised and, among other topics, includes coverage of: The duties and responsibilities of corporate officials relating to the disclosure process The most recent cases addressing disclosure issues, including decisions by the Supreme Court on topics such as the application of the antifraud provisions to beliefs and opinions Pronouncements by the U.S. Securities and Exchange Commission on disclosure issues, including consideration of the SEC's efforts to improve disclosure effectiveness The developing need to consider disclosure of public interest matters, including the effects of climate change on a company's business The disclosure requirements applicable to the proxy process, including the system for uncovering the identity of street name owners State disclosure obligations of the board of directors under its fiduciary obligations to shareholders.

Media, Telecommunications, and Business Strategy - Richard A. Gershon 2013-07-18

With today's dynamic and rapidly evolving environment, media managers must have a clear understanding of

different delivery platforms, as well as a grasp of critical management, planning, and economic factors in order to stay current and move their organizations forward. Developed for students in telecommunications management, media management, and the business of media, this text helps future media professionals understand the relationship and convergence patterns between the broadcast, cable television, telephony, and Internet communication industries. The second edition includes updated research throughout, including material on major business and technology changes and the importance of digital lifestyle reflected in e-commerce and personalized media selection, such as Netflix and iTunes, and the growing importance of Facebook and social networking from a business perspective.

Scholes & Wolfson's Taxes and Business Strategy - Merle Matthew Erickson 2020

Encyclopedia of Information Science and Technology, Fourth Edition -

Khosrow-Pour, D.B.A., Mehdi
2017-06-20

In recent years, our world has experienced a profound shift and progression in available computing and knowledge sharing innovations. These emerging advancements have developed at a rapid pace, disseminating into and affecting numerous aspects of contemporary society. This has created a pivotal need for an innovative compendium encompassing the latest trends, concepts, and issues surrounding this relevant discipline area. During the past 15 years, the Encyclopedia of Information Science and Technology has become recognized as one of the landmark sources of the latest knowledge and discoveries in this discipline. The Encyclopedia of Information Science and Technology,

Fourth Edition is a 10-volume set which includes 705 original and previously unpublished research articles covering a full range of perspectives, applications, and techniques contributed by thousands of experts and researchers from around the globe. This authoritative encyclopedia is an all-encompassing, well-established reference source that is ideally designed to disseminate the most forward-thinking and diverse research findings. With critical perspectives on the impact of information science management and new technologies in modern settings, including but not limited to computer science, education, healthcare, government, engineering, business, and natural and physical sciences, it is a pivotal and relevant source of knowledge that will benefit every professional within the field of information science and technology and is an invaluable addition to every academic and corporate library.

Bankruptcy and Insolvency Taxation - Grant W. Newton 2012-02-01

The thousands of mergers, acquisitions, and start-ups that have characterized the past years of business have created an increasing number of corporations in financial trouble: specifically, a shortage of venture capital or quick cash.

Consequently, bankruptcy protection is now viewed as a strategic move to protect corporations from their creditors and allow them to reorganize. Fully revised and updated with new case studies and the latest coverage of regulations, Bankruptcy and Insolvency Taxation, Fourth Edition provides the answers to the questions financial managers will have on the tax aspects of bankruptcy strategy.

How to Start, Run, and Stay in Business - Gregory F. Kishel
2005-05-18

- Exciting fieldwork projects that meet the fieldwork and investigation requirements

This student book is supported by digital resources on our new digital platform Boost, providing a seamless online and offline teaching experience.

International Company Taxation - Ulrich Schreiber 2013-01-30

The book is written for students of business economics and tax law. It focuses on investment and financing decisions in cross-border situations. In particular, the book deals with: Legal structures of international company taxation, International double taxation, Source-based and residence-based income taxation, International investment and profit shifting, International corporate tax planning, International tax planning and European law, Harmonization of corporate taxation in the European Union, International tax planning and tax accounting. International tax law is designed to avoid international double taxation and to combat

international tax avoidance. Nevertheless, companies investing in foreign countries may suffer from international double taxation of profits. On the other hand, these companies may also be able to exploit an international tax rate differential by means of cross-border tax planning. Ulrich Schreiber holds the chair of Business Administration and Business Taxation at the University of Mannheim. He serves as co-editor of *Schmalenbachs Zeitschrift für betriebswirtschaftliche Forschung* (zfbf) and *Schmalenbach Business Review* (sbr) and is affiliated with the Centre for European Economic Research (ZEW) as a research associate. Ulrich Schreiber is a member of the Academic Advisory Board of the Federal Ministry of Finance.

Federal Income Taxation - Joseph Bankman 2023-01-31

The 19th Edition of *Federal Income Taxation* (authored by Joe Bankman, Dan Shaviro, Kirk Stark, and Erin Scharff) is the updated 2023 version of the classic casebook for law school classes in federal income taxation originally authored by Boris Bittker of Yale Law School. The purchase of this ebook edition does not entitle you to receive access to the Connected eBook on CasebookConnect. You will need to purchase a new print book to get access to the full experience including: lifetime access to the online ebook with highlight, annotation, and search capabilities, plus an outline tool and other helpful resources. Integrating theory and policy in an accessible format, the sterling author team of *Federal Income Taxation* imbues its subject with historical, economic, policy, and international perspective. Problems integrated throughout the text bridge the gap between theory and practice. Each edition of this

renowned text builds on and adds to the strengths of its predecessors. New to the 19th Edition: Updated to reflect recent legislative and regulatory developments in the tax field New materials relating to race and the federal income tax New discussion and reorganization of materials on Earned Income Tax Credit and Child Tax Credit, integrating with material on tax progressivity New materials included, including recent Private Letter Ruling, on medical expenses deduction for costs relating to IVF procedures, gestational surrogacy Inclusion of classic Supreme Court case, *Squire v. Capoeman* (1956), relating to taxation of income of Native American taxpayer derived from activities on tribal land Professors and students will benefit from: Notes, problems, and graphs make challenging material accessible The highest integration of economics and policy analysis A terrific teacher's manual with teaching notes on every case and concept Great pedigree and authorship: Original authors Boris Bittker and William A. Klein were eminent authorities (with beautiful writing styles). Bankman, Shaviro, Stark, and Scharff are among today's leading tax scholars Even with all the new material, it is still one of the shortest books around making it easy to teach from

Law Firm Accounting and Financial Management - John P. Quinn 2001

This book covers topics such as: fundamentals of law firm financial information, with easy-to-understand examples of the data involved and financial management concepts.

Handbook on Taxation - W.Bartley Hildreth 2019-07-16

A groundbreaking reference, this book provides a comprehensive review of tax policy from political, legal, constitutional, administrative, and economic perspectives. A collection

of writings from over 45 prominent tax experts, it charts the influence of taxation on economic activity and economic behavior. Featuring over 2400 references, tables, equations, and drawings, the book describes how taxes affect individual and business behavior, shows how taxes operate as work and investment incentives, explains how tax structures impact different income groups, weighs the balanced use of sales, property, and personal income taxes, traces the influence of recent tax changes, and more.

Why They Do It - Eugene Soltes
2016-10-11

"Rarely does a week go by without a well-known executive being indicted for engaging in a white-collar crime. Perplexed as to what drives successful, wealthy people to risk it all, Harvard Business School professor Eugene Soltes took a remarkable journey deep into the minds of these white-collar criminals, spending seven years in the company of the men behind the largest corporate crimes in history- from the financial fraudsters of Enron, to the embezzlers at Tyco, to the Ponzi schemers Bernie Madoff and Allen Stanford. Drawing on intimate details from personal visits, letters, and phone calls with these former executives, as well as psychological, sociological, and historical research, *Why They Do It* is a breakthrough look at the dark side of the business world. Soltes refutes popular but simplistic explanations of why seemingly successful executives engage in crime. White-collar criminals, he shows, are not merely driven by excessive greed or hubris, nor do they usually carefully calculate the costs and benefits before breaking the law and see it's worth the risk. Instead, he shows that most of these executives make decisions the way we

all do-on the basis of their intuitions and gut feelings. The trouble is, these gut feelings are often poorly suited for the modern business world. Based on extensive interaction with nearly fifty former executives-many of whom have never spoken about their crimes-Soltes provides insights into why some saw the immediate effects of misconduct as positive, why executives often don't feel the emotions (angst, guilt, shame) most people would expect, and how acceptable norms in the business community can differ from those of the broader society"--
Contemporary Tax Practice - John O. Everett 2008

Contemporary Tax Practice: Research, Planning and Strategies will change the way you teach your tax research course, and the way future professionals learn how to perform tax research. This all new text provides a solid foundation of tax research skills by teaching the nuances of conducting tax research in today's environment. The book then provides exposure to frequently encountered tax planning topics and strategies, better preparing users for their future in tax practice.

Features Comprehensive and accessible with authoritative authorship and an excellent blend of theory and practice A European context Engaging case studies Teaching resources including an Instructor's Manual with extensive case notes and PowerPoint slides at www.pearsoned.co.uk/slack. What's New? This new edition has been focused to concentrate on the most significant topics in the subject, with 10 chapters replacing the previous 15. New material has been added and coverage of some older topics has been revised (see new table of contents). End-of-chapter case exercises have been replaced by a major end-of-book section of 'Harvard-type' cases. New to the Instructor's resources online: additional cases and a set of questions and answers for class use / exam use. New coverage of hot topics, such as the implications of ERP and Six Sigma on ops strategy, agility and it's inter-relationship with lean, supply management issues, operations strategy for competitive advantage and SCM, and implementation.

The Proper Tax Base - Yariv Brauner 2012-03-01

Virtually all objections to taxation schemes spring from perceptions of unfairness. Is tax fairness possible? The question is certainly worth investigating in depth, and that is the purpose of this book. Today, as governments are busily making new tax

rules in the wake of staggering budget deficits, is perhaps an appropriate time to pay heed to fairness so it can be incorporated as far as possible into tax reform. With twelve contributions from some of the world's most respected international tax experts—including the late Paul McDaniel, in whose honor these essays were assembled—this invaluable book focuses on tax expenditure analysis, the quest for a just income tax, and division and/or harmonization of the income tax base among jurisdictions. Among the areas of taxation ripe for reform from a fairness point of view the authors single out the following: tax expenditure budget construction; tax expenditure reporting; modern welfare economics as a driver of tax reform; grantor trust rules; the notion of “horizontal equity”; the international tax norm of “income source”; transfer pricing; and jurisdictional application of VAT. Specific ongoing reforms in the United States, Australia, and other countries—as well a detailed analysis of the EU's proposed common consolidated corporate tax base (CCCTB)—are also examined for fairness. As a timely, high-quality

resource that effectively tackles an array of salient issues, this is a book that will be read and studied by tax practitioners, corporate tax experts, government tax policy makers, advisers and consultants on the reform and design of tax systems, and international organizations involved in standard setting related to tax administration, as well as academics and researchers.

Practical Guide to U.S. Transfer Pricing - William H. Byrnes

How to Write a Business Plan - Brian Finch 2013-03-03
