**MWF Seeking BFF** - Rachel Bertsche 2011-12-20

When Rachel Bertsche first moves to Chicago, she's thrilled to finally share a zip code, let alone an apartment, with her boyfriend. But shortly after getting married, Bertsche realizes that her new life is missing one thing: friends. Sure, she has plenty of BFFs—in New York and San Francisco and Boston and Washington, D.C. Still, in her adopted hometown, there's no one to call at the last minute for girl talk over brunch or a reality-TV marathon over a bottle of wine. Taking matters into her own hands, Bertsche develops a plan: She'll go on fifty-two friend-dates, one per week for a year, in hopes of meeting her new Best Friend Forever. In her thought-provoking, uproarious memoir, Bertsche blends the story of her girl-dates (whom she meets everywhere from improv class to friend rental websites) with the latest social research to examine how difficult—and hilariously awkward—it is to make new friends as an adult. In a time when women will happily announce they need a man but are embarrassed to admit they need a BFF, Bertsche uncovers the reality that no matter how great your love life is, you've gotta have friends.

Stroll, shop, dine and dance in fashionable Dakar. Reflect and recharge among the pastel-hued streets of tranquil Gorée. Seek out crumbling 19th-century mansions in Saint-Louis. Look out for rare birds in the wetlands of the Parc National des Oiseaux du Djoudj. Paddle upstream in a pirogue at Niokolo-Koba National Park, where lions still run wild. Bordered by the waves of the Atlantic, the deserts of Mauritania and the impenetrable forests of Guinea, Senegal packs in remarkable diversity – it's perfectly possible to trek the green Fouta Djallon foothills, catch some world-class surf and watch a sandstorm blow in from the Sahara within a day's journey of each other. Yet the country's greatest treasure is the hospitality extended everywhere, whether you've come to dance to mbalax beats in Dakar, loll in a hammock somewhere along the Petite Côte or escape to an island lost in the rivers of Casamance. In this, the very first standalone guide to Senegal, Sean Connolly provides you with all of the background information and practical advice you will need in this superlative and surprising nation at Africa's westernmost edge.

**One Day in the Life of Ivan Denisovich** - Alexander Solzhenitsyn 1984-07-01  
"Stark . . . the story of how one falsely accused convict and his fellow prisoners  
survived or perished in an arctic slave labor camp after the war."—Time From the  
icy blast of reveille through the sweet release of sleep, Ivan Denisovich endures.  
A common carpenter, he is one of millions viciously imprisoned for countless years  
on baseless charges, sentenced to the waking nightmare of the Soviet work camps in  
Siberia. Even in the face of degrading hatred, where life is reduced to a bowl of  
gruel and a rare cigarette, hope and dignity prevail. This powerful novel of fact  
is a scathing indictment of Communist tyranny, and an eloquent affirmation of the  
human spirit. The prodigious works of Alexander Solzhenitsyn, including his  
acclaimed *The Gulag Archipelago*, have secured his place in the great tradition of  
Russian literary giants. Ironically, *One Day in the Life of Ivan Denisovich* is the  
only one of his works permitted publication in his native land. Praise for *One Day  
in the Life of Ivan Denisovich* "Cannot fail to arouse bitterness and pain in the  
heart of the reader. A literary and political event of the first magnitude."—New  
Statesman "Both as a political tract and as a literary work, it is in the Doctor  
Zhivago category."—Washington Post "Dramatic . . . outspoken . . . graphically  
detailed . . . a moving human record."—Library Journal

**Can School Disappear?** - Monique Golay 2019-11-12

SYNOPSIS On this Halloween of year 2005 LITE YEER helps her ancestor Roger throw  
his teacher out of the window. Why? To make school disappear, of course! But her  
time travel back to the present turns her into a baby, and she is packed off to  
live with two aunts who condemn her to a life of drudgery. So when the strange and  
mysterious Angelina offers to send her once again to Roger, she agrees, albeit  
time traveling is quite like eating a very bad Alice-in-Wonderland cake (so bad  
that you shrink into a one-year-old). To her aunts' fury, she signs a  
transportation contract, climbs on a shicho (Angelina's word for a time machine)  
and Lite, who, hasn't a family worth the name, sets off for a new life in the  
seventeenth century. Just as she leaves her aunts' kitchen, she meets her brother  
Marfel in angel form. As true brothers and sisters, they scream at each other and  
are best friends. Although they don't agree on how to tackle their journey through

space (their shicho brings them beyond the Moon), they joke about colliding with  
rockets and enjoy eating pumpkin candies. The problem is that in spite of Marfel's  
warnings, Lite speeds on the shicho, loses her shadow and breaches her contract  
with Angelina who wants her to change history: by making the legendary Roger the  
author of the Great London Fire of year 1666! Both Marfel and Lite want school to  
disappear but they differ in how to do it. With his Time Wheel, Marfel plans to  
speed up to the future, all the way to the Big Crunch, to end the universe and  
also, of course, of school (in a last hellish fire). Angelina, however, slows down  
Marfel's Time Wheel by sending Lite to the past to change history. This is fine  
with Lite because she loves the magical past where she experiences eventful  
adventures with Roger, two friends and the ambiguous Marfel. Using his fairy dust,  
Lite turns two schoolmates into her supporters: Opaca (a girl who used to blow up  
toilets) and Abbot (a vampire boy who promises Lite to bite her aunts' necks).  
Following a clue Opaca drops, Lite enchants a tall sequoia into a huge drawbridge.  
Then Roger and his knights can cross the River Thames, and Abbot guides them out  
of the labyrinth under the Tower of London (where she promises to fly Shakespeare  
the sick dragon to a modern vet). After Roger inflames a bakery, he is jailed for  
greening the Londoners' sky, mere witchcraft that won't make history. But Lite,  
Opaca and Abbott free him: by flying a ship to his prison whose window bars they  
attach to the flying ship. Then they bring him to his lover Queen Sophia-Amelia of  
Denmark whose scribe records his attack, and Lite has - nearly - changed history  
(almost to Angelina's satisfaction...). True to her word, Lite must still fly  
Shakespeare to a modern vet, which unleashes chaos on her nasty aunts. Not only  
does her dragon burn her aunts' lawn and furniture; he also attracts the US Army  
to their garden. Then the press mentions the name LITE YEER, which launches an  
investigation and reveals that her parents did not get eaten by a hippopotamus.  
Contrarily to what her aunts had always told her, Angelina in fact swapped her for  
another baby her aunts baby-sitted twelve years ago. First furious against  
Angelina, Lite then bamboozles the scientific police into finding her aunts guilty  
of the baby swap. After her aunts are sent to jail, Lite joins Opaca and Abbott  
back from the past, and the three of them enjoy a meal at a restaurant. What  
pleases Lite is a centuries-old letter from Roger thanking her for her help to  
burn London. This letter at last really makes him the author of the Great London  
Fire and, to Angelina's satisfaction, slows down Marfel's Time Wheel for good.  
Best of all, though, it is vacation time: no more school!

**Revenge** - Yoko Ogawa 2013-01-29

mesmerizing book... [and] one may detect a slight bow to the American macabre of  
E.A. Poe. Ogawa stands on the shoulders of giants, as another saying goes. But

this collection may linger in your mind -- it does in mine -- as a delicious, perplexing, absorbing and somehow singular experience." -- Alan Cheuse, NPR

Murderers and mourners, mothers and children, lovers and innocent bystanders---their fates converge in an ominous and darkly beautiful web. Back to Beer...and Hockey - Helen Antoniou 2018-04-09

To most Canadians, the Molson name is part of the very fabric of Canada. Since 1786, when John Molson founded his first brewery in Montreal, it has become synonymous with beer, hockey, and philanthropy. Few realize, however, how close the family came in recent years to losing control of the enterprise. *Back to Beer...and Hockey* offers intimate details of the life and work of Eric Molson, who not only saved the company, but positioned it to thrive as a global brewery into the twenty-first century. With unprecedented access to the Molson family, Helen Antoniou traces Eric Molson's evolution from a young brewmaster captivated by the chemistry of beer-making to chairman of Molson. Quiet by nature, he had to confront big egos, navigate complex boardroom politics, and even battle a disruptive cousin who tried to push him out of the way. Antoniou's carefully researched account details how the introverted Eric overcame his aversion to conflict to take the company from a failing conglomerate back to its core business of beer, eventually turning it into one of the world's leading brewers. Today, he has passed the torch to his sons, the seventh generation, but his steadfast vision prevails. An absorbing account of one man's struggle at the helm of an international brewing giant, *Back to Beer...and Hockey* shows how Eric Molson's guiding principles influenced the future of Molson – both the enterprise and the family.

*Authentieke Belgische cafés* - Regula Ysewijn 2016

Food writer, fotograaf en grafisch vormgever Regula Ysewijn is de vrouw achter de blog Miss Foodwise, en de auteur van het o.a. door Jamie Oliver bejubelde 'Pride and Pudding, De geschiedenis van de Britse pudding'. Ze is een echte Anglofiel met Londen als regelmatige uitvalsbasis, maar koestert ook haar roots. Dit boek is een ode aan de volkse cultuur van haar geboorteland. Regula bezoekt talloze traditionele cafés, sprak er met de stamgasten die er de ziel van vormen en bracht dit alles prachtig in beeld. Uit haar boek spreekt liefde en passie voor wat soms dreigt te verdwijnen. Het toont dat een bruin café in België zoveel meer is dan een hoop stenen: het is vaak het epicentrum van een gemeenschap, en een toevluchtsoord dat overeind blijft ondanks de vervaagde foto's aan de muur.

**One Place after Another** - Miwon Kwon 2004-02-27

A critical history of site-specific art since the late 1960s. Site-specific art emerged in the late 1960s in reaction to the growing commodification of art and the prevailing ideals of art's autonomy and universality. Throughout the 1970s and 1980s, as site-specific art intersected with land art, process art, performance art, conceptual art, installation art, institutional critique, community-based art, and public art, its creators insisted on the inseparability of the work and its context. In recent years, however, the presumption of unrepeatability and immobility encapsulated in Richard Serra's famous dictum "to remove the work is to destroy the work" is being challenged by new models of site specificity and changes in institutional and market forces. One Place after Another offers a critical history of site-specific art since the late 1960s and a theoretical framework for examining the rhetoric of aesthetic vanguardism and political progressivism associated with its many permutations. Informed by urban theory, postmodernist criticism in art and architecture, and debates concerning identity politics and the public sphere, the book addresses the siting of art as more than an artistic problem. It examines site specificity as a complex cipher of the unstable relationship between location and identity in the era of late capitalism. The book addresses the work of, among others, John Ahearn, Mark Dion, Andrea Fraser, Donald Judd, Renee Green, Suzanne Lacy, Inigo Manglano-Ovalle, Richard Serra, Mierle Laderman Ukeles, and Fred Wilson.

**Smashing the Liquor Machine** - Mark Lawrence Schrad 2021-06-22

This is the history of temperance and prohibition as you've never read it before: redefining temperance as a progressive, global, pro-justice movement that affected virtually every significant world leader from the eighteenth through early twentieth centuries. When most people think of the prohibition era, they think of speakeasies, rum runners, and backwoods fundamentalists railing about the ills of strong drink. In other words, in the popular imagination, it is a peculiarly American history. Yet, as Mark Lawrence Schrad shows in *Smashing the Liquor Machine*, the conventional scholarship on prohibition is extremely misleading for a simple reason: American prohibition was just one piece of a global phenomenon. Schrad's pathbreaking history of prohibition looks at the anti-alcohol movement around the globe through the experiences of pro-temperance leaders like Vladimir Lenin, Leo Tolstoy, Thomás Masaryk, Kemal Atatürk, Mahatma Gandhi, and anti-colonial activists across Europe, Asia, Africa, and the Middle East. Schrad argues that temperance wasn't "American exceptionalism" at all, but rather one of the most broad-based and successful transnational social movements of the modern era. In fact, Schrad offers a fundamental re-appraisal of this colorful era to reveal that temperance forces frequently aligned with progressivism, social justice, liberal self-determination, democratic socialism, labor rights, women's rights, and indigenous rights. Placing the temperance movement in a deep global context, forces us to fundamentally rethink its role in opposing colonial exploitation throughout American history as well. Prohibitionism united Native American chiefs like Little Turtle and Black Hawk; African-American leaders Frederick Douglass, Ida Wells, and Booker T. Washington; suffragists Elizabeth Cady Stanton, Susan B. Anthony, and Frances Willard; progressives from William Lloyd Garrison to William Jennings Bryan; writers F.E.W. Harper and Upton Sinclair, and even American presidents from Thomas Jefferson and Abraham Lincoln to Theodore Roosevelt and Woodrow Wilson. Progressives rather than puritans, the global temperance movement advocated communal self-protection against the corrupt and predatory "liquor machine" that had become exceedingly rich off the misery and addictions of the poor around the world, from the slums of South Asia to the beerhalls of Central Europe to the Native American reservations of the United States. Unlike many traditional "dry" histories, *Smashing the Liquor Machine* gives voice to minority and subaltern figures who resisted the global liquor industry, and further highlights that the impulses that led to the temperance movement were far more progressive and variegated than American readers have been led to believe.
