My American Journey - Colin L. Powell 2010-12-29

#1 NEW YORK TIMES BESTSELLER • “A great American success story . . . an endearing and well-written book.”—The New York Times Book Review Colin Powell is the embodiment of the American dream. He was born in Harlem to immigrant parents from Jamaica. He knew the rough life of the streets. He overcame a barely average start at school. Then he joined the Army. The rest is history—Vietnam, the Pentagon, Panama, Desert Storm—but a history that until now has been known only on the surface. Here, for the first time, Colin Powell himself tells us how it happened, in a memoir distinguished by a heartfelt love of country and family, warm good humor, and a soldier’s directness. My American Journey is the powerful story of a life well lived and well told. It is also a view from the mountaintop of the political landscape of America. At a time when Americans feel disenchanted with their leaders, General Powell’s passionate views on family, personal responsibility, and, in his own words, “the greatness of America and the opportunities it offers” inspire hope and present a blueprint for the future. An utterly absorbing account, it is history with a vision.

The Oregon Trail - Rinker Buck 2015-06-30

In the bestselling tradition of Bill Bryson and Tony Horwitz, Rinker Buck's The Oregon Trail is a major work of participatory history: an epic account of traveling the 2,000-mile length of the Oregon Trail the old-fashioned way, in a covered wagon with a team of mules—which hasn't been done in a century—that also tells the rich history of the trail, the people who made the migration, and its significance to the country. Spanning 2,000 miles and traversing six states from Missouri to the Pacific Ocean, the Oregon Trail is the route that made America. In the fifteen years before the Civil War, when 400,000 pioneers used it to emigrate West—historians still regard this as the largest land migration of all time—the trail united the coasts, doubled the size of the country, and laid the groundwork for the railroads. The trail years also solidified the American character: our plucky determination in the face of adversity, our impetuous cycle of financial bubbles and busts, the fractious clash of ethnic populations competing for the same jobs and space. Today, amazingly, the trail is all but forgotten. Rinker Buck is no stranger to grand adventures. The New Yorker described his first travel narrative, Flight of Passage, as “a funny, cocky gem of a book,” and with The Oregon Trail he seeks to bring the most important road in American history back to life. At once a majestic American journey, a significant work of history, and a personal saga reminiscent of bestsellers by Bill Bryson and Cheryl Strayed, the book tells the story of Buck's 2,000-mile expedition across the plains with tremendous humor and heart. He was accompanied by three cantankerous mules, his boisterous brother, Nick, and an “incurably filthy” Jack Russell terrier named Olive Oyl. Along the way, Buck dodges thunderstorms in Nebraska, chases his runaway mules across miles of Wyoming plains, scouts more than five hundred miles of nearly vanished trail on foot, crosses the Rockies, makes desperate fifty-mile forced

marches for water, and repairs so many broken wheels and axels that he nearly reinvents the art of wagon travel itself. Apart from charting his own geographical and emotional adventure, Buck introduces readers to the evangelists, shysters, natives, trailblazers, and everyday dreamers who were among the first of the pioneers to make the journey west. With a rare narrative power, a refreshing candor about his own weakness and mistakes, and an extremely attractive obsession for history and travel, *The Oregon Trail* draws readers into the journey of a lifetime.

The Indian-American Journey - Emma Carlson Berne 2019-06-15

"In this book, leveled text and vibrant, full-color photographs help readers to understand the journeys that Indian-Americans took to the United States. This title also introduces readers to their country of origin, reasons for leaving their former home, the steps and challenges to becoming a U.S. citizen, and the ways in which they assimilate to life in America while bringing their cultures and traditions."--

Chow Chop Suey - Anne Mendelson 2016-11-29

Chinese food first became popular in America under the shadow of violence against Chinese aliens, a despised racial minority ineligible for United States citizenship. The founding of late-nineteenth-century "chop suey" restaurants that pitched an altered version of Cantonese cuisine to white patrons despite a virulently anti-Chinese climate is one of several pivotal events in Anne Mendelson's thoughtful history of American Chinese food. Chow Chop Suey uses cooking to trace different stages of the Chinese community's footing in the larger white society. Mendelson begins with the arrival of men from the poorest district of Canton Province during the Gold Rush. She describes the formation of American Chinatowns and examines the curious racial dynamic underlying the purposeful invention of hybridized Chinese American food, historically prepared by Cantonese-descended cooks for whites incapable of grasping Chinese culinary principles. Mendelson then follows the eventual abolition of anti-Chinese immigration laws and the many demographic changes that transformed the face of Chinese cooking in America during and after the Cold War. Mendelson concludes with the post-1965 arrival of Chinese immigrants from Taiwan, Southeast Asia, and many regions of mainland China. As she shows, they have immeasurably enriched Chinese cooking in America but tend to form comparatively self-sufficient enclaves in which they, unlike their predecessors, are not dependent on cooking for a white clientele.

Discovering Our Past: A History of the United States Student Edition (print only) - McGraw-Hill Education 2015-07-17

High, Wide, and Handsome - Julian Bishop 2021-01-05

British-born US resident, Julian Bishop, is at an inflexion point. His children have left home, and he and his wife must figure out what to do next. They travel coast-to-coast across the USA and explore whether they truly want to be American. *High, Wide, and Handsome* is an extremely witty travel book that seeks to understand American culture and history. It explains why the USA has been so successful since independence and also identifies some issues that should be addressed. In a world where America's political leaders are widely ridiculed, the book acts as an antidote to the narrative that everything American is broken. It is an essential read for anybody interested in America.

Mississippi - Anthony Walton 1997-01-28

To most Americans, Mississippi is not a state but a scar, the place where segregation took its ugliest form and struck most savagely at its challengers. But to many Americans, Mississippi is also home. And it is this paradox, with all its overtones of history and heartache, that Anthony Walton—whose parents escaped Mississippi for the relative civility of the Midwest—explores in this resonant and disquieting work of travel writing, history, and memoir. Traveling from the Natchez Trace to the yawning cotton fields of the Delta and from plantation houses to air-conditioned shopping malls, Walton challenged us to see Mississippi's memories of comfort alongside its legacies of slavery and the Klan. He weaves in the stories of his family, as well as those of patricians and sharecroppers, redneck demagogues and martyred civil rights workers, novelists and bluesmen, black and white. Mississippi is a national saga in brilliant microcosm, splendidly written and profoundly moving.

The Black American Journey (Set) - 2021

The Black American Journey celebrates Black History Month all year long! This engaging series provides

fascinating information on the heroic stories of African Americans who have played leading roles in shaping world history. Packed with vintage and modern photographs that bring both the subjects' frustrations and victories to life, this collection honestly portrays African American people and events that have forever impacted our society.

The American Journey - David R. Goldfield 2006-02-01

Written in a clear, engaging style with a straightforward chronological organization, *The American Journey* introduces readers to the key features of American political, social, and economic history. This new edition focuses more closely on the theme of the American journey, showing that our attempt to live up to and with our ideals is an ongoing process that has become ever more inclusive of different groups and ideas. Covering the 1600s to the present, prominent coverage is given to the West and the South, and the book highlights the importance of religion in American history. Hundreds of maps, graphs, and illustrations help readers absorb history and bring it to life. For those interested in a comprehensive study of U.S. history given in a flowing, lively narrative.

Revel for the American Journey Access Card - David Goldfield 2018-08-03

Frame American history through personal and collective journeys REVEL(TM) for *The American Journey: A History of the United States* traces the journeys - geographical, ideological, political, and social - that make up the American experience. Harnessing the stories of individuals from different eras, the authors present a strong, clear narrative that makes American history accessible to students. Offering a blend of political and social histories, REVEL for the Eighth Edition continues to show that our attempt to live up to our American ideals is an ongoing journey - one that has become increasingly more inclusive of different groups and ideas. REVEL is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, REVEL replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, REVEL is an interactive learning environment that enables students to read, practice, and study in one continuous experience - for less than the cost of a traditional textbook. NOTE: This Revel Combo Access pack includes a Revel access code plus a loose-leaf print reference (delivered by mail) to complement your Revel experience. In addition to this access code, you will need a course invite link, provided by your instructor, to register for and use Revel.

Humboldt's Cosmos - Gerard Helferich 2011-08-31

From 1799 to 1804, German naturalist and adventurer Alexander von Humboldt conducted the first extensive scientific exploration of Latin America. At the completion of his arduous 6,000-mile journey, he was feted by Thomas Jefferson, presented to Napoleon and, after the publication of his findings, hailed as the greatest scientific genius of his age. *Humboldt's Cosmos* tells the story of this extraordinary man who was equal parts Einstein and Livingstone, and of the adventure that defined his life. Gerard Helferich vividly recounts Humboldt's expedition through the Amazon, over the Andes, and across Mexico and Cuba, highlighting his paradigm-changing discoveries along the way. During the course of the expedition, Humboldt cataloged more than 60,000 plants, set an altitude record climbing the volcano Chimborazo, and introduced millions of Europeans and Americans to the great cultures of the Inca and the Aztecs. In the process, he also revolutionized geology and laid the groundwork for modern sciences such as climatology, oceanography, and geography. His contributions would profoundly influence future greats such as Charles Darwin and shape the course of science for centuries to come. *Humboldt's Cosmos* is a dramatic tribute to one of history's most audacious adventurers, who, as Stephen Jay Gould noted, "may well have been the world's most famous and influential intellectual."

The American Journey - Joyce Oldham Appleby 2011-12-08

Reagan - Bob Spitz 2019-10-01

From New York Times bestselling biographer Bob Spitz, a full and rich biography of an epic American life, capturing what made Ronald Reagan both so beloved and so transformational. More than five years in the making, based on hundreds of interviews and access to previously unavailable documents, and infused with irresistible storytelling charm, Bob Spitz's REAGAN stands fair to be the first truly post-partisan biography of our 40th President, and thus a balm for our own bitterly divided times. It is the quintessential American triumph, brought to life with cinematic vividness: a young man is born into poverty and raised in a series of

flyspeck towns in the Midwest by a pious mother and a reckless, alcoholic, largely absent father. Severely near-sighted, the boy lives in his own world, a world of the popular books of the day, and finds his first brush with popularity, even fame, as a young lifeguard. Thanks to his first great love, he imagines a way out, and makes the extraordinary leap to go to college, a modest school by national standards, but an audacious presumption in the context of his family's station. From there, the path is only very dimly lit, but it leads him, thanks to his great charm and greater luck, to a solid career as a radio sportscaster, and then, astonishingly, fatefully, to Hollywood. And the rest, as they say, is history. Bob Spitz's REAGAN is an absorbing, richly detailed, even revelatory chronicle of the full arc of Ronald Reagan's epic life - giving full weight to the Hollywood years, his transition to politics and rocky but ultimately successful run as California governor, and ultimately, of course, his iconic presidency, filled with storm and stress but climaxing with his peace talks with the Soviet Union that would serve as his greatest legacy. It is filled with fresh assessments and shrewd judgments, and doesn't flinch from a full reckoning with the man's strengths and limitations. This is no hagiography: Reagan was never a brilliant student, of anything, and his disinterest in hard-nosed political scheming, while admirable, meant that this side of things was left to the other people in his orbit, not least his wife Nancy; sometimes this delegation could lead to chaos, and worse. But what emerges as a powerful signal through all the noise is an honest inherent sweetness, a gentleness of nature and willingness to see the good in people and in this country, that proved to be a tonic for America in his time, and still is in ours. It was famously said that FDR had a first-rate disposition and a second-rate intellect. Perhaps it is no accident that only FDR had as high a public approval rating leaving office as Reagan did, or that in the years since Reagan has been closing in on FDR on rankings of Presidential greatness. Written with love and irony, which in a great biography is arguably the same thing, Bob Spitz's masterpiece will give no comfort to partisans at either extreme; for the rest of us, it is cause for celebration.

The Truths We Hold - Kamala Harris 2020-08-04

The #1 New York Times bestseller From Vice President Kamala Harris, one of America's most inspiring political leaders, a book about the core truths that unite us, and the long struggle to discern what those truths are and how best to act upon them, in her own life and across the life of our country "A life story that genuinely entrances." —Los Angeles Times Vice President Kamala Harris's commitment to speaking truth is informed by her upbringing. The daughter of immigrants, she was raised in an Oakland, California community that cared deeply about social justice; her parents—an esteemed economist from Jamaica and an admired cancer researcher from India—met as activists in the civil rights movement when they were graduate students at Berkeley. Growing up, Harris herself never hid her passion for justice, and when she became a prosecutor out of law school, a deputy district attorney, she quickly established herself as one of the most innovative change agents in American law enforcement. She progressed rapidly to become the elected District Attorney for San Francisco, and then the chief law enforcement officer of the state of California as a whole. Known for bringing a voice to the voiceless, she took on the big banks during the foreclosure crisis, winning a historic settlement for California's working families. Her hallmarks were applying a holistic, data-driven approach to many of California's thorniest issues, always eschewing stale "tough on crime" rhetoric as presenting a series of false choices. Neither "tough" nor "soft" but smart on crime became her mantra. Being smart means learning the truths that can make us better as a community, and supporting those truths with all our might. That has been the pole star that guided Harris to a transformational career as the top law enforcement official in California, and it is guiding her now as a transformational United States Senator, grappling with an array of complex issues that affect her state, our country, and the world, from health care and the new economy to immigration, national security, the opioid crisis, and accelerating inequality. By reckoning with the big challenges we face together, drawing on the hard-won wisdom and insight from her own career and the work of those who have most inspired her, Kamala Harris offers in THE TRUTHS WE HOLD a master class in problem solving, in crisis management, and leadership in challenging times. Through the arc of her own life, on into the great work of our day, she communicates a vision of shared struggle, shared purpose, and shared values. In a book rich in many home truths, not least is that a relatively small number of people work very hard to convince a great many of us that we have less in common than we actually do, but it falls to us to look past them and get on with the

good work of living our common truth. When we do, our shared effort will continue to sustain us and this great nation, now and in the years to come.

Discovering Our Past - Joyce Appleby 2006

Provides information on American history between the founding of the nation and the time of World War 1. Combines motivating stories with research-based instruction that helps students improve their reading and social studies skills as they discover the past. Every lesson of the textbook is keyed to California content standards and analysis skills.

The Feral Detective - Jonathan Lethem 2018-11-01

'A nimble and uncanny performance, brimming with Lethem's trademark verve and wit' Colson Whitehead, Pulitzer Prize-winning author of *The Underground Railroad* Phoebe Siegler first meets Charles Heist in a shabby trailer on the eastern edge of Los Angeles. She's looking for her friend's missing daughter, Arabella, and hires Heist - a laconic loner who keeps his pet opossum in a desk drawer - to help. The unlikely pair navigate the enclaves of desert-dwelling vagabonds and find that Arabella is in serious trouble - caught in the middle of a violent standoff that only Heist, mysteriously, can end. Phoebe's trip to the desert was always going to be strange, but it was never supposed to be dangerous... Jonathan Lethem's first detective novel since *Motherless Brooklyn*, *The Feral Detective* is a singular achievement by one of our greatest writers.

The American Journey - Joyce Oldham Appleby 1998

American history is people, events, places, documents, art, inventions, literature. In other words - American history is everything about the adventures of all Americans - past and present.... [This book] helps you learn about your nation's past by organizing its history around 10 themes. [These] themes help you understand events in the past and how they affect you today. -p. xvi.

Give Me Liberty! An American History - Eric Foner 2016-09-15

Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool.

Angel Falls - Martin Jordan 1995

The authors describe their journey through the jungle to the highest waterfall in the world, and their encounters with animals ranging from giant anteaters to bird-eating spiders

Discovering Our Past: A History of the United States - Modern Times, Student Edition (print only) - McGraw-Hill Education 2015-03-03

The American Journey, Student Edition - McGraw-Hill 2006-01-03

The complete story of American history in one comprehensive middle school program *The American Journey* is a student-friendly presentation of American history from pre-exploration to the present. Its unparalleled author team, including National Geographic, ensures accuracy in every detail of the narrative, maps, and charts. This program emphasizes skill development—from reading maps to analyzing primary and secondary sources to exploring the connections between history and geography, economics, government, citizenship, and current events.

Glencoe Introduction to Physical Science, Grade 8, Student Edition - McGraw-Hill Education 2007-03-21

Give every student a deeper understanding of physical science!

The American Journey - David Goldfield 2011-07-13

Explore the history of America through personal and collective journeys. Offering a blend of political and social histories, *THE AMERICAN JOURNEY* shows that our attempt to live up to our American ideals is an ongoing journey—one that has become increasingly more inclusive of different groups and ideas. With a goal of making American history accessible, the authors offer a strong, clear narrative and provide the reader with the tools they need to understand history.

Flight of Passage - Rinker Buck 2013-03-05

Writer Rinker Buck looks back more than 30 years to a summer when he and his brother, at ages 15 and 17

respectively, became the youngest duo to fly across America, from New Jersey to California. Having grown up in an aviation family, the two boys bought an old Piper Cub, restored it themselves, and set out on the grand journey. Buck is a great storyteller, and once you get airborne with the boys you find yourself absorbed in a story of adventure and family drama. And Flight of Passage is also an affecting look back to the summer of 1966, when the times seemed much less cynical and adventures much more enjoyable.

The American Journey - Joyce Oldham Appleby 2008-02-21

A textbook on United States history for students in grades 6-8, from the first Americans through the Civil War.

The American Journey - David Goldfield 2011-07-22

Engages readers by tracing the individual and collective journeys of Americans. Offering a blend of political and social histories, *The American Journey* shows that living up to American ideals is an ongoing voyage—one that has become increasingly more inclusive of different groups and ideas. With the goal of making American history accessible, the authors use a strong, chronologically-organized narrative, with an emphasis on regional balance, and provide readers with the tools they need to understand history. The concise edition concentrates on the journey of individuals and groups that shape America with a trade-like, full color narrative format. Note: MyHistoryLab does not come automatically packaged with this text. To purchase MyHistoryLab at no extra charge, please visit www.MyHistoryLab.com or use ISBN (VP ISBN: 9780205219575).

The American Journey - Joyce Appleby 2000

American history text includes multimedia connections to the Internet, CD-ROM, and videodisc technology. Middle school level.

The Long Gray Line - Rick Atkinson 2010-04-01

The New York Times bestseller about West Point's Class of 1966, by Pulitzer Prize-winning journalist and author Rick Atkinson. "A story of epic proportions [and] an awesome feat of biographical reconstruction."—The Boston Globe A classic of its kind, *The Long Gray Line* is the twenty-five-year saga of the West Point class of 1966. With a novelist's eye for detail, Rick Atkinson (author of the Liberation Trilogy) illuminates this powerful story through the lives of three classmates and the women they loved—from the boisterous cadet years, to the fires of Vietnam, to the hard peace and internal struggles that followed the war. The rich cast of characters also includes Douglas MacArthur, William C. Westmoreland, and a score of other memorable figures. The class of 1966 straddled a fault line in American history, and Atkinson's masterly book speaks for a generation of American men and women about innocence, patriotism, and the price we pay for our dreams

The American Journey - Joyce Oldham Appleby 2009-01-01

Discovering Life Skills Student Edition - McGraw-Hill Education 2008-12-09

Glencoe's *Discovering Life Skills* puts students on the path to discovery and excellence!

Douglas Hyde - Liam Mac Mathuna 2019-06-30

Douglas Hyde—a scholar, linguist, and lifelong promoter of Gaelic culture and heritage—was elected the first President of the Republic of Ireland in 1938. *My American Journey* provides a compelling firsthand account of a little-known chapter from the early life of this seminal Irish figure: the fundraising trip through the United States he undertook on behalf of the Gaelic League in 1905-6. This collection of journal and diary entries was originally published in the Irish language in 1937 and is now presented for the first time in a bilingual edition, complete with newly discovered archival material and extensive illustrations. Hyde's work on this voyage was both culturally and politically vital. The funds he raised contributed to the hiring and training of Irish-language teachers and organizers who traveled across Ireland spreading the Gaelic League message, helping to sustain a cultural revolution which, in turn, gave rise to the political uprising from which Irish sovereignty ultimately emerged. With a new foreword by current Irish President Michael D. Higgins and punctuated with numerous images, *My American Journey* sheds light on an important segment of the life of one of Ireland's most underappreciated leaders.

American Journey - Richard Reeves 1983

Journalist Richard Reeves travels the United States with a character representing Alexis de Tocqueville, who brings his book *Democracy in America* as a guide. Reeves interviews American like Supreme Court Justice Potter Stewart and Alaska disc jockey Buster Richardson, examining the status of our democracy and finding out who Americans perceive themselves to be.

Journey Across Time, Early Ages, Student Edition - McGraw-Hill 2007-01-02

Incorporate classroom-tested reading strategies that give your students the tools they need to become independent learners with this middle school world history program—the perfect combination of story and standards.

Discovering Our Past: A History of the United States, Student Edition - McGraw-Hill Education 2011-06-23

Discovering Our Past: A History of the United States brings people, events and issues to life, allowing students to make connections between the past and their lives today. The program includes support for building reading and writing skills and an abundance of primary and secondary sources. The print student edition is aligned to the revised NCSS/Thematic Strands and Common Core State standards for Literacy in History/Social Studies. The program focuses on critical concepts through Big Ideas, Essential Questions and Enduring Understandings.
