Real estate investing is really an art and, like any art, it takes time to master the art of real estate investing. The key, of course, is to buy at a lower price and sell at higher price and make a profit even after paying all the costs involved in the two (buy/sell) transactions. You won't have the money, time, experience, or support to buy the bigger houses at first, which means you won't have any room for mistakes. Once you have purchased and resold a few smaller homes, you'll eventually be able to work your way up to the bigger homes - which is where the big profits will come into play. Michael has compiled the results of his research into his new book, *Financial Freedom with Real Estate Investing: The Blueprint to Quitting Your Job with Real Estate - Even without Experience or Cash*. He's outlined the "Financial Freedom Blueprint" that guides you through your first multifamily deal, even if you have no prior experience or your own cash.
