[The Elegance of the Hedgehog](#) - Muriel Barbery 2008-09-02

The phenomenal New York Times bestseller that "explores the upstairs-downstairs goings-on of a posh Parisian apartment building" (Publishers Weekly). In an elegant hôtel particulier in Paris, Renée, the concierge, is all but invisible—short, plump, middle-aged, with bunions on her feet and an addiction to television soaps. Her only genuine attachment is to her cat, Leo. In short, she's everything society expects from a concierge at a bourgeois building in an upscale neighborhood. But Renée has a secret: She furtively, ferociously devours art, philosophy, music, and Japanese culture. With biting humor, she scrutinizes the lives of the tenants—her inferiors in every way except that of material wealth. Paloma is a twelve-year-old who lives on the fifth floor. Talented and precocious, she's come to terms with life's seeming futility and decided to end her own on her thirteenth birthday. Until then, she will continue hiding her extraordinary intelligence behind a mask of

mediocrity, acting the part of an average pre-teen high on pop culture, a good but not outstanding student, an obedient if obstinate daughter. Paloma and Renée hide their true talents and finest qualities from a world they believe cannot or will not appreciate them. But after a wealthy Japanese man named Ozu arrives in the building, they will begin to recognize each other as kindred souls, in a novel that exalts the quiet victories of the inconspicuous among us, and "teaches philosophical lessons by shrewdly exposing rich secret lives hidden beneath conventional exteriors" (Kirkus Reviews). "The narrators' kinetic minds and engaging voices (in Alison Anderson's fluent translation) propel us ahead." —The New York Times Book Review "Barbery's sly wit . . . bestows lightness on the most ponderous cogitations." —The New Yorker

[The Hedgehog and the Fox](#) - Isaiah Berlin 2013-06-02

"The fox knows many things, but the hedgehog knows one big thing." This ancient Greek aphorism, preserved in a fragment from the poet Archilochus, describes the central thesis of Isaiah Berlin's masterly essay on Leo Tolstoy and the philosophy of history, the subject of the epilogue to *War and Peace*. Although there have been many interpretations of the adage, Berlin uses it to mark a fundamental distinction between human beings who are fascinated by the infinite variety of things and those who relate everything to a central, all-embracing system. Applied to Tolstoy, the saying illuminates a paradox that helps explain his philosophy of history: Tolstoy was a fox, but believed in being a hedgehog. One of Berlin's most celebrated works, this extraordinary essay offers profound insights about Tolstoy, historical understanding, and human psychology. This new edition features a revised text that supplants all previous versions, English translations of the many passages in foreign languages, a new foreword in which Berlin biographer Michael Ignatieff explains the enduring appeal of Berlin's essay, and a new appendix that provides rich context, including excerpts from reviews and Berlin's letters, as well as a startling new interpretation of Archilochus's epigram.
