Stewardship - Nathan Meador 2021-08-04  
Stewardship isn't just managing resources--it's soul care. Stewardship of time, talents, and treasure isn't just about sustaining the material of the church. It's about guiding those resources in service of the church's primary mission: proclaiming the good news of Jesus Christ. Stewarding the lambs of Christ that make up your

congregation encompasses all aspects of their lives-- material and spiritual. Nathan Meador and Heath R. Curtis present a practical theology of stewardship focused on ministry in service of the gospel. Guiding pastors away from the pitfalls of idolatry around money, they instead call stewards to embrace their identity in Christ and encourage their congregations to do the same. This fresh approach to stewardship reorients both individuals and congregations toward their true purpose as stewards who have been baptized into Christ. Stewardship will help pastors to teach and preach stewardship as a call to repentance and new life.

Dare to Lead - Brené Brown 2018-10-09

#1 NEW YORK TIMES BESTSELLER • Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Don't miss the five-part HBO Max docuseries Brené Brown: Atlas of the Heart! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability

when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 500 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether you've read Daring Greatly and Rising Strong or you're new to Brené Brown's work, this book is for anyone who wants to step up and into

brave leadership.

**The Fear of Beggars** - Kelly Johnson 2007-05-29

Why, asks Kelly Johnson, does Christian ethics so rarely tackle the real-life question of whether to give to beggars? Examining both classical economics and Christian stewardship ethics as reactions to medieval debates about the role of mendicants in the church and in wider society, Johnson reveals modern anxiety about dependence and humility as well as the importance of Christian attempts to rethink property relations in ways that integrate those qualities. She studies the rhetoric and thought of Christian thinkers, beggar saints, and economists from throughout history, placing greatest emphasis on the life and work of Peter Maurin, a cofounder of the Catholic Worker movement. Challenging and thought-provoking, *The Fear of Beggars* will move Christian economic ethics into a richer, more involved discussion.

In fact, Jesus says more about how we are to view and handle money and possessions than about any other topic—including both heaven and hell. resources, Tony Evans says that your finances are one small part of a much bigger calling. He teaches that God owns all things, and you are the manager of His assets. When you bring your entire life into alignment under God, you will be blessed with purpose and the abundant life that comes from living by God's eternal principles. *Stewardship in African-American Churches* - Melvin Amerson 2015-11-01

After all, a systematic approach to stewardship undergirds the ministry and mission of the church universal. A stewardship consultant, Amerson draws upon his experience to help churches develop a theology of generosity; define stewardship leadership roles; celebrate the offering each week; and establish endowment giving. While recognizing still-relevant traditions, he also points to newer tactics and strategies convenient to both members and congregations—including electronic giving, contribution statements, and year-end giving. A highlight of the book is Amerson's explanation of the development of a narrative budget/narrative spending plan. He also writes about stewardship education at multiple levels. This book is a solid resource for financial stewardship education.

**Christians in an Age of Wealth** - Craig L. Blomberg  
2013-11-26

In this book, Craig Blomberg addresses the tough questions about the place and purpose of wealth and material possessions in a Christian's life. He points to the goodness of wealth, as God originally designed it, but also surveys the Bible's many warnings against making an idol out of money. So are material possessions a blessing for which we should long? And what are the dangers that the use or abuse of material possessions can produce? Blomberg expounds upon how the sharing of goods and possessions is the key safeguard against both greed and covetousness. He expands on the concept of giving generously, even sacrificially, to those who are needier, demonstrating how Christians can participate in God's original good design for abundance and demonstrate the world-altering gospel of Christ. Is there any one key to keeping possessions in their proper, God-intended perspective? Are there limits on how rich we should become or on how poor we should allow others to get? What does a truly Christian economic system look like? How does the Bible's teaching on wealth fit into the gospel?

Environmental Stewardship in the Judeo-Christian Tradition - Michael B. Barkey 2000

A fair and honest debate about religious responses to environmental issues should always distinguish theological principles from prudential judgments. The Cornwall Declaration and the accompanying essays in this volume were written to do just that. They were not written to provide theological rationale for current environmentalist fashion. Rather, they seek to articulate the broad Judeo-Christian theological principles concerning the environment, and to distinguish those principles from contrary ideas popular in the environmental movement.

Biblical Economic Policy: Ten Scriptural Truths for Fiscal and Monetary Decision-Making - David Arnott PhD 2021-09-06

What does the Bible say about economics? A lot. What about socialism, which is becoming an increasingly common concern in US economic policy discussions? In Biblical Economic Policy, Arnott and Saydometov build a biblical framework for analyzing national economic policy that takes on everything from taxes to spending to tariffs to minimum wage. The Bible has something to say about all these critical present-day issues, and this book explains how to apply it to 21st-century policies. Authors Dave Arnott and Sergiy Saydometov hold up the mirror of the Bible and ask their fellow Christians, "Is this the way we're supposed to run a biblical economy?" What the book is not: ● It is NOT a financial advice book. ● It is NOT about how to apply business principles at work. ● It is NOT about stewardship or giving. ● It is NOT about how to run your

business for the glory of God. Biblical Economic Policy takes the macroeconomic view and analyzes how well America's economic policies align with biblical principles. This book tackles difficult present-day economic policies, including taxes, spending, national debt, interest rates, and money supply. Written with sound biblical grounding, in accessible language, Biblical Economic Policy will turn the common reader into a biblical economic analyst.

Giving Together - Carol A. Wehrheim 2004-01-01

In her follow-up to Getting It Together, Carol Wehrheim presents a concise, accessible resource to help families better understand the importance of stewardship: in the family, in the congregation, in the community, and in the world. She skillfully analyzes biblical passages and identifies spiritual practices intrinsic to stewardship as a way of helping families respond to their call to be stewards in today's world. Including both a participant's section and a leader's guide, Giving Together is ideal for group or family study.

Financial Stewardship - Andrew Wommack 2012-05-01

Best-selling author Andrew Wommack shares his personal story of when he was young and strapped financially. God taught him how to have abundance in the area of finances. Andrew discusses the influence of money in our lives and how it is very real. He teaches that Jesus taught more about managing resources than He did on prayer or even faith. He exposes the manipulation that sometimes goes on with Christian ministers and how you

can be immune from it. Andrew Wommack's message is clear that even though there are abuses in the body of Christ regarding money, that you can still benefit from the truths in God's Word about finances. He believes that by fixing your heart that you deal with the root cause of financial situations and then money will take care of itself. Once your heart is right, using wisdom in how you spend your money comes naturally.

I'm in Charge of What? - Pamela D. White 2022-01-10

Have you ever enjoyed the splash of color as leaves display their splendor in the fall? Have you ever sat on the beach listening to the rhythm of the waves and feeling the soft, salty breeze on your face? Have you looked at the expanse of the stars twinkling in the night sky and felt the peace of their soft glow? Did you know each creation had the purpose of bringing you joy? Maybe when the grass needed mowing, you thought about the work involved instead of the beauty in a blade of grass, or when you feel the time crunch, you forget that time is a gift. As a Christian, you carry many titles. One of those titles is steward, and the job of a steward is to practice stewardship. The best way to understand stewardship is to go back to the beginning - the very beginning in the first words in the Bible that spell it out clearly. "In the beginning God made the heavens and the earth." God took a look at everything he created and called it good. Then He took His magnificent, beautiful creation and gave it to mankind giving them dominion over all the earth. Creation was given to people to give Him glory and so mankind could multiply what God had given. It was also given for enjoyment, both yours and His! Understanding stewardship begins with the realization that everything is from God, for God, and belongs to God. Everything is God's. Then the Lord does

the amazing thing of entrusting creation to you, the one made in His image. God trusts you to be a steward over His gift to you. This book presents the importance of Christian stewardship, what stewardship means, and how to practice stewardship over the things God has entrusted into your care. I'm in Charge of What? Walking in Stewardship is the ninth book in the ten-book series, Walking With Jesus. Book 1 - There Must Be a Better Way: Walking in Salvation Book 2 - Lord, I Need Help! Walking with the Holy Spirit Book 3 - I Thought I Was Changed: Walking in Transformation Book 4 - I Am Supernatural: Walking in Spiritual Gifts Book 5 - I Am Strong: Walking as a Warrior Book 6 - I Am Fruitful: Walking in the Fruit of the Spirit Book 7 - Love Letters from God: Walking in the Word Book 8 - Time in the Garden: Walking in the Power of Prayer Book 9 - I'm in Charge of What? Walking in Stewardship Book 10 - The End of - Well, Pretty Much Everything: Walking into Eternity

**How Should I Think about Money?** - R. C. Sproul 2019-03-14

Jesus taught more often on money than He did on love or on heaven and hell combined. Why? It's because money is one of the chief competitors for our affections. He warned, "You cannot serve God and money." How, then, should we view and use money? How should we understand and participate in the economy? In this booklet, Dr. R.C. Sproul offers much-needed biblical answers to these

questions, and in so doing, he provides clarity as to how being good stewards of our money honors God. The Crucial Questions booklet series by Dr. R.C. Sproul offers succinct answers to important questions often asked by Christians and thoughtful inquirers.

*How Then Should We Work?* - Hugh Whelchel 2012-05

"Have you ever felt like what you do the majority of the week at work may not have any value to God? Many Christians struggle to find any meaning in their work. His thorough biblical investigation reveals the eternal significance of work within the grand biblical story of God's mission throughout history."--Publisher description.

Earthkeeping in the Nineties - Loren Wilkinson  
2003-10-14

Ever since its original publication over a decade ago, Earthkeeping has presented a thought-provoking, biblically based call for responsible stewardship. In view of the continuing environmental crisis worldwide and in light of increased ecological awareness in recent years, the book's message regarding "earthkeeping" is now more pertinent than ever. This greatly revised and

augmented edition of Earthkeeping updates the original edition while retaining the same breadth of perspective, reflecting the combined insights of Christian scholars in biology, physics, economics, literature, and philosophy. The book begins by laying out, with scientific precision, the state of the planet. Several chapters then carefully examine various historical and contemporary views of creation. Next the authors survey biblical and theological teaching relative to humanity's use of creation. The book concludes by offering helpful, practical guidelines for an earthkeeping ethic. Besides providing an updated "state of the planet" analysis, this revised edition of Earthkeeping deals with recent cultural and religious developments, incorporating new material, for example, on the "Deep Ecology" and "new age" movements, the Gaia hypothesis, and ecofeminism. This edition also takes into account the recent wealth of Christian thinking about the earth, including the recovery of important but neglected voices from the Christian tradition, such as Hildegard of Bingen and Celtic spirituality. At the end of the book, an expanded and updated annotated bibliography, organized according to subject area, and new indexes (of names and subjects and of Scripture references) enhance the value of Earthkeeping as a significant resource fostering better human stewardship of God's creation.

Beyond Stewardship - David P. Warners 2019-06

Beyond Stewardship is intended to equip Christians to live better in this world by helping us all think more intentionally about the relationship we have with the nonhuman creation in which we are necessarily and thoroughly embedded. It responds to these questions: "What if God didn't place humans on earth to be stewards of creation, but something else?" and "if not stewards,

then what?" The chapters in Beyond Stewardship are written by scholars from diverse disciplines who share a deep passion for a flourishing creation. Each chapter begins with a compelling story that draws the reader into new ways of thinking. Each author then looks beyond stewardship from the context of her or his own discipline and experiences. Some reimagine creation care by expanding on the traditional notion of stewardship. Others set aside the stewardship model and offer alternative ways to understand our presence within the broader creation. The chapters mark out ways to live better in the places we inhabit as individuals, communities, and institutions. Collectively, the essays in Beyond Stewardship offer an expanded and enlivened understanding of the place of humans in the context of God's creation.
