Pussy - Regena Thomashauer 2018-04-03

"Required reading for every woman who longs to step into her power and live with pleasure and purpose." — Kris Carr, New York Times best-selling author Author, educator, and School of Womanly Arts founder Regena Thomashauer has been working with women for the past 25 years, and what began as just a few women in her living room has since grown into a global movement with thousands of graduates worldwide. In her New York Times bestseller *Pussy: A Reclamation*, she reveals what no one taught you about the source of your feminine power and how to use it. This power is the part of a woman that she has been taught to ignore, push down, and despise. Indeed, the word that most viscerally sums it up is "arguably the most powerful pejorative word in the English language." Like any expletive used effectively, the title of this book is meant to be a wake-up call. It is a reclamation, in a world that desperately requires the feminine. Readers learn the secret ingredient every woman is missing; how to crack the confidence code; why sex appeal is an inside job; what's ahead on the next frontier of feminism—and how they can help make it happen; and much more. By turns earthy and erudite, passionately argued and laugh-out-loud funny, *Pussy* delivers the tools and practices a woman requires to do and be whatever she wants in this life. It's a call for her to tune in, turn on, and not drop out—but live more richly, fully, and lusciously than she ever thought she could.

The Wonder Down Under - Nina Brochmann
2018-03-08

'The Wonder Down Under is set to do for the vagina what Guilia Enders' Gut did for our digestive system a few years ago.' - Stylist 'This new guide should be on every woman's shelf' - Emerald Street 'A vital publication - it deserves to be a hit' - The Press Association 'Tells you everything you need to know' - Fabulous The Wonder Down Under explains everything you ever wanted to know about the vagina but didn't dare ask. Learn the truth about the clitoris' inner life, the menstrual hormone dance and whether the vaginal orgasm really exists. The book helps you understand how different types of contraception work in the body, what a "normal" vulva looks like and how wearing socks can change your sex life. Medical students and sex educators Nina Brochmann and Ellen Støkken Dahl draw on their medical expertise to bring vagina enlightenment to the world. Their no-nonsense approach, written with great humour, makes this a must-read for women (and men!) of all ages. Say goodbye to the myths and misconceptions surrounding female anatomy, this is a timely and empowering book that will inspire women to make informed choices about their sexual health. Williams, MD
2021-09-21

The history, mystery, and majesty of the most fascinating organ In *This is How You Vagina*, Dr. Nicole Williams presents readers with a much-

needed education on the history, science, and attitudes of the most fascinating and misunderstood part of the female anatomy: the vagina. She covers valuable information about sexual function, childbirth, and physiology and provides answers to her patients' (and probably your) most asked questions. She matter-of-factly dispels the most common myths and misinformation concerning female genitalia, including—

- No, your vagina doesn't need steaming
- Those panty liners are unnecessary—your vagina needs to breathe
- It's actually perfectly normal for your vagina to have an odor—consider it your personal brand

This book is an easy-to-understand guide, complete with illustrations, for women to explore and understand their vaginas in a way they never have before. You will learn what's normal and what's not, including that, yes, yours is most certainly normal too. This is *How You Vagina* is essential reading for anyone who is looking to better understand the form and function of this most majestic and fascinating organ.

The Vagina Bible - Dr. Jen Gunter 2019-08-27
Instant New York Times, USA Today, and Publishers Weekly bestseller! Boston Globe bestseller #1 Canadian Bestseller OB/GYN, The New York Times columnist, host of the show *Jensplaining*, and internationally bestselling author Dr. Jen Gunter now delivers the definitive book on vaginal health, answering the questions you've always had but were afraid to ask—or couldn't find the right answers to. She has been called Twitter's resident gynecologist, the Internet's OB/GYN, and one of the fiercest advocates for women's health...and she's here to give you the straight talk on the topics she knows best. Does eating sugar cause yeast infections? Does pubic hair have a function? Should you have a vulvovaginal care regimen? Will your vagina shrivel up if you go without sex? What's the truth about the HPV vaccine? So many important questions, so much convincing, confusing, contradictory misinformation! In this age of click bait, pseudoscience, and celebrity-endorsed products, it's easy to be overwhelmed—whether it's websites, advice from well-meaning friends, uneducated partners, and even healthcare providers. So how do you separate facts from fiction? OB-GYN Jen Gunter, an expert on women's health—and the internet's most popular go-to doc—comes to the rescue with a book that debunks the myths and educates and empowers women. From reproductive health to the impact of antibiotics and probiotics, and the latest trends, including vaginal steaming, vaginal marijuana products, and jade eggs, Gunter takes us on a factual, fun-filled journey. Discover the truth about:

- The vaginal microbiome
- Genital hygiene, lubricants, and hormone myths and fallacies
- How diet impacts vaginal health
- Stem cells and the vagina
- Cosmetic vaginal surgery
- What changes to expect during pregnancy and after childbirth
- What changes to expect through menopause
- How medicine fails women by dismissing symptoms

Plus:

- Thongs vs. lace: the best underwear for vaginal health
- How to select a tampon
- The full glory of the clitoris and the myth of the G Spot . . . And so much more. Whether you're a twenty-six-year-old

worried that her labia are “uncool” or a sixty-six-year-old dealing with painful sex, this comprehensive guide is sure to become a lifelong trusted resource.

Pussypedia - Zoe Mendelson 2021-08-03

Written by the creators of the popular website, this rigorously fact-checked, accessible, and fully illustrated guide is essential for anyone with a pussy. If the clitoris and penis are the same size on average, why is the word “small” in the definition of clitoris but strangely missing from the definition of penis? Sex probably doesn't cause yeast infections? But racism probably does cause BV? Why is masturbating so awesome? How hairy are butt cracks . . . generally? Why is labiaplasty on a global astronomical rise? Does egg freezing really work? Should I stick an egg-shaped rock up there or nah? There is still a shocking lack of accurate, accessible information about pussies and many esteemed medical sources seem to contradict each other.

Pussypedia solves that with extensive reviews of peer-reviewed science that address old myths, confusing inconsistencies, and the influence of gender narratives on scientific research--always in simple, joyful language. Through over 30 chapters, Pussypedia not only gives the reader information, but teaches them how to read science, how to consider information in its context, and how to accept what we don't know rather than search for conclusions. It also weaves in personal anecdotes from the authors and their friends--sometimes funny, sometimes sad, often cringe-worthy, and always extremely personal--to do away with shame and encourage curiosity, exploration, and agency. A gift for your shy niece, your angsty teenager, your confused boyfriend, or yourself. Our generation's *Our Bodies, Ourselves*, with a healthy dose of fun.

Pussy and Doggy Tales - E. Nesbit 2019-06-17

“Pussy and Doggy Tales” is a 1899 collection of short children's stories about the lives and adventures of various cats and dogs. Edith Nesbit (1858 - 1924) was a prolific and popular writer of children's literature, publishing more than 60 such books under the name E. Nesbit. She was also a political activist and co-founded the Fabian Society, which had a significant influence on the Labour Party and British politics in general. This charming children's collection will appeal to animal-loving children

and would make for perfect bedtime reading. The tales include: “Too Clever by Half”, “The White Persian”, “A Powerful Friend”, “A Silly Question”, “The Selfish Pussy”, “Meddlesome Pussy”, “Nine Lives”, “Tinker”, “Rats!”, “The Tables Turned”, “A Noble Dog”, “The Dyer's Dog”, “The Vain Setter”, etc. Other notable works by this author include: “The Prophet's Mantle” (1885), “Something Wrong” (1886), and “The Marden Mystery” (1896). Many vintage books such as this are becoming increasingly scarce and expensive. It is with this in mind that we are republishing this volume now in an affordable, modern, high-quality edition complete with a specially-commissioned new biography of the author.

Vagina Obscura: An Anatomical Voyage - Rachel E. Gross 2022-03-29
A myth-busting voyage into the female body. A camera obscura reflects the world back but dimmer and inverted. Similarly, science has long viewed woman through a warped lens, one focused narrowly on her capacity for reproduction. As a result, there exists a vast knowledge gap when it comes to what we know about half of the bodies on the planet. That is finally changing. Today, a new generation of

researchers is turning its gaze to the organs traditionally bound up in baby-making—the uterus, ovaries, and vagina—and illuminating them as part of a dynamic, resilient, and ever-changing whole. Welcome to *Vagina Obscura*, an odyssey into a woman's body from a fresh perspective, ushering in a whole new cast of characters. In Boston, a pair of biologists are growing artificial ovaries to counter the cascading health effects of menopause. In Melbourne, a urologist remaps the clitoris to fill in crucial gaps in female sexual anatomy. Given unparalleled access to labs and the latest research, journalist Rachel E. Gross takes readers on a scientific journey to the center of a wondrous world where the uterus regrows itself, ovaries pump out fresh eggs, and the clitoris pulses beneath the surface like a shimmering pyramid of nerves. This paradigm shift is made possible by the growing understanding that sex and gender are not binary; we all share the same universal body plan and origin in the womb. That's why insights into the vaginal microbiome, ovarian stem cells, and the biology of menstruation don't mean only a better understanding of female bodies, but a better understanding of male, non-binary, transgender, and intersex bodies—in other words, all bodies. By turns funny, lyrical, incisive, and shocking, *Vagina Obscura* is a powerful testament to how the landscape of human knowledge can be rewritten to better serve everyone.

Words Will Break Cement - Masha Gessen 2014-01-08
From National Book Award winner Masha Gessen, the heroic story of Pussy Riot, who resurrected the power of truth in a society built on lies. On February 21, 2012, five young women entered the Cathedral of Christ the Savior in Moscow. In neon-colored dresses, tights, and

balaclavas, they performed a “punk prayer” beseeching the “Mother of God” to “get rid of Putin.” They were quickly shut down by security, and in the weeks and months that followed, three of the women were arrested and tried, and two were sentenced to a remote prison colony. But the incident captured international headlines, and footage of it went viral. People across the globe recognized not only a fierce act of political confrontation but also an inspired work of art that, in a time and place saturated with lies, found a new way to speak the truth. Masha Gessen’s riveting account tells how such a phenomenon came about. Drawing on her exclusive, extensive access to the members of Pussy Riot and their families and associates, she reconstructs the fascinating personal journeys that transformed a group of young women into artists with a shared vision, gave them the courage and imagination to express it unforgettably, and endowed them with the strength to endure the devastating loneliness and isolation that have been the price of their triumph.
