27 Stars, 27 Gods - Vic DiCara 2012-12-29

Over a decade of dedicated research! Over a year of writing and editing! With the blessings and guidance of a swami, a babaji, and a Sanskrit scholar, Vic DiCara presents you the world's most definitive, simple and completely awesome explanation of the mythology and meaning within the 27 stars of ancient Indian astrology! If you are an astrologer or a fan of astrology, you will be transformed by Vic's radically clear and straightforward explanations of Sanskrit, Vedic mythology, and mastery of intuitive symbolism. If you are a lover of India and her culture, you will delight in these deep revelations and rare expositions of familiar gods like Vishnu, not-so-familiar gods like Varuna, and nearly forgotten gods like Ajaikapati. If you are a spiritual seeker, you will discover the origin of the universe, the meaning of life, and essential clues in the eternal quest for the "fountain of youth." The 160 pages of this book are abundantly replete with exact references and footnotes to satisfy the scholars among you. The book is dripping with dramatic storytelling, filled with philosophy as clear and deep as a Himalayan lake, and precisely presents the perfectly useful astrological symbolism of the divine stars. * * "If there is anything Vedic and spiritual about Hindu astrology, then this is the book that can teach us about it. Vic leads us into the wonderful depths of Vedic wisdom by relating the myths connected with each of the 27 lunar mansions and their deities. Using this approach, this book goes considerably deeper than other Jyotish textbooks I have seen. Warmly recommended, even to non-astrologers! Can we hope for follow-up book about the Hindu planetary deities?" - Dieter Koch, Indologist and Archaeoastronomer Co-creator of the Swiss Ephemeris "Vic DiCara's exploration and definitive research on the lunar mansions brings the primordial zodiac alive with the rich symbolism and sacred stories of Indian lore. We often forget that the basis of Vedic astrology will always be the mystical mythology associated with Jyotish, the science of light. Mr. DiCara's brilliant text illuminates our path home to the divine through his deep understanding and the blessings of the gods and goddesses of ancient India" - Dennis M. Harness, Ph.D. Psychologist, Writer and Vedic Astrologer "27 Stars, 27 Gods is a fantastically deep book about the fixed stars of Vedic astrology. It is well written and well researched, and is a clear and enjoyable read! I highly recommend it for everyone from astrologers to yogis and everyone in between." -

Juliana Swanson, RN ACVA Teacher, Jyotish Visharada & Kovid More than a journey through the outer universe of astrological stars, *27 Stars 27 Gods* is a journey through the driving forces of the subconscious inner universe. By helping us identify these influences Vic DiCara helps us understand ourselves better and progress more smoothly on our life's journey. *27 Stars 27 Gods* can be a reference book in the hands of an experienced astrologer, but it is also a self improvement tool for any reader interested in exploring life in depth. It presents symbols, mythology, ancient storytelling and divine lila in language that immediately catches one's interest and speaks to us like a friend - never prescriptive, but always revealing our opportunities. Let me congratulate Vic on this unique book. Unlike most books in the spiritual market, this is not at all a copy of a copy of a copy. It is an outstanding new addition to our knowledge, written with an inspired pen of intensity and wit. - Sripad Sacinandana Swami Vaishnava Guru & Sanyassi

Esoteric Principles Of Vedic Astrology - Bepin Behari

"This book presents the ancient Hindu astrology in its occult and esoteric aspects. Traditional practitioners often failed to defend the veracity of the subject and dispel the scepticism of modern intellectuals. The ancient revelations have been restated here to meet contemporary requirements. The ancient seers presented Vedic Astrology under various assumptions and in allegorical and symbolic languages. They assumed polydimensional extension of human consciousness which was closely related with planetary impulses. Apart from the general approach to this ancient science, the study presents in depth the astrological description of the nature of man. It also provides deeper implications of various planetary combinations. Advanced practitioners as well as general readers will find the book informative, illuminating and highly rewarding.

The notion that astrologers can unfold lives and reveal what waits at the next bend is a thought that comes to all and populist claims have inspired the author to come up with a series of books that will discuss the various aspects in astrology, putting together the research and findings by various groups and the

Also the complete set will be of great value to those in India and abroad who want to understand various levels and will give them the flexibility of dwelling into the complexities in a coherent manner. With the growing interest to learn this science in various countries, the readers there will find this series of books very useful. This is the first book in the series and is the most important. Nakshatra - The Authentic Heart of Vedic Astrology - Vic Dicara 2019-01-31

The Nakṣatra Sūtra is a treasure found in the Taittirīya Brāhmaṇa, a branch of the ancient Yajur Veda. Because of this, it holds unique importance and unparalleled authority among nakṣatra texts, for it allows us to understand the nakṣatras in much clearer accord with the Vedic sages who originally envisioned them. I also supplement the book with other sections from the Taittirīya Brāhmaṇa that also talk about the nakṣatras, and with a section entitled, The True Story of the Nakṣatra Gods: a dramatic narration of the 27 nakṣatra divinities, focused on what is most relevant to their nakṣatra's symbolism. This original work pulls together diverse Purāṇic and Vedic source material to paint a vivid picture of often unknown tales and details essential for fully understanding the subtleties of the 27 Vedic stars.

The Orion, Or, Researches Into the Antiquity of the Vedas - Bal Gangadhar Tilak 1893

The Vedic Astrologer - James Kalomiris 2019-09-04

This volume is newest installment of the series, The Secret History of the Vedas. This is a book of astrology like no other. This book presents an entirely new view of astrology as originally conceived by the Vedic astrologer. The Spiritual Legacy of the Nakshatras focuses on the Vedic lunar mansions in the sky and attempts to reveal their wisdom. It attempts to explain the numerous references to all things astronomical and astrological according to the Vedas and explain the true purpose of reading the stars. It traces the creation of the universe from the very beginnings of time and space to the development of the Nakshatras. It shows how this evolution guides the worshiper in the spiritual journey. The Vedic astrologer also describes the wisdom contained in the Nakshatras and methods by which this wisdom may be incorporated into the worshiper's life. Because this is what the Nakshatras have to give. The purpose of the lunar mansions was not to tell the

future, but to guide the worshiper, to provide the religious edification of the worshiper in the now and present, and to provide the spiritual and religious structure to the Vedic dharma. Accordingly, this book is not concerned with forecasting into the future. It is as astrology was intended to be—a vehicle of spiritual advancement. It is all explained in and through The Vedic Astrologer.

This star is connected to the story of Phaeton who, overestimating his powers, tried to steer the solar chariot through the heavens, lost control and came down in flames. In the chart of Nicolai Tesla, unsurpassed genius in electrical design and invention, the Sun is

on the fixed star Castor on the IC; Castor is the dying brother of the famous heavenly twins Castor and Pollux. One of the critical events in Tesla's youth was the death of his elder brother who was killed by a horse. The heavenly Twins, represented in the zodiac by the sign Gemini, are known as horse tamers.

It is a scholarly work that deserves a place on every Jyotishi's bookshelf!" James Kelleher "This book is an extraordinary labor of love birthed after a decade-long gestation period. I have not encountered any other work on nakshatras deities that has been so thoroughly researched and has woven together the Vedic and Puranic references into a coherent thesis. The attention to detail is astounding as is the dedication to faithful transliteration of the Sanskrit and the care given to cite the original sources. It is a serious work that will greatly facilitate further research and inquiry on the part of lovers of the Vedic tradition." Penny Farrow

Ancient Hindu Astrology for the Modern Western Astrologer - James T. Braha 1993-10

"Ever since my first journey to India I have desired to share the knowledge I was fortunate enough to receive. I have also felt a need to dispel some rather major misconceptions, the main one being the fact that Hindu astrology is extraordinarily difficult. This is not true, as will soon hopefully be revealed. Although I have always been most fascinated with astrology because of the philosophical implications and revelations which can be extracted. I have done my best to keep philosophy from this work, as that is not my present purpose. It is my intention only to present Hindu astrology in a way that it deserves to be presented, which is long overdue -- a way which western astrologers can understand and utilise, and which will clear away the mystery and finally put into perspective the enormously complex techniques which make up the bulk of most textbooks on the subject. Having worked with both Hindu and western systems, it is my experience that the two greatly complement each other and together form the basis for a complete and profound astrology." -- taken from the Introduction.

Rahu & Kethu - Tirupur S. GopalaKrishnan (GK) 2021-06-21

Astronomically, the intersection points of the sun and moon - on their movements in the celestial sphere - are called Rahu and Kethu. They are also called the north node and south node. Rahu and Kethu are unimaginably huge dark shadows in space. During their transit, when their shadow falls on any planet, that planet's all-effects will be completely altered or diverted by Rahu and Kethu. Rahu and Kethu are solely responsible for a beggar to become a millionaire and a millionaire to become a beggar. This book elaborately discusses the effects of Rahu and Kethu. In the horoscope, how Rahu and Kethu are positioned, how the planets and the houses (Bhavas) are affected by them in the birth chart are all analysed in this book. How and when the natives will be affected? To what extent they will be affected? It is because of the birth chart, the transit movement and the Dhasa Bhukthi of Rahu and Kethu? They are all clearly explained in this book with many birth charts. Kindly read this book thoroughly, analyse it with your known people's horoscope, and experience the result. It will surely give you goosebumps!
