**Take the Slow Road: France -**  
Martin Dorey 2021-05-13

Forget hurrying. Forget putting your foot down and racing through sweeping bends. Forget the understeer (whatever that is). Forget the blur of a life lived too fast. This is a look at taking life slowly. It's about taking the time to enjoy journeys and places for their own sake. It's about stopping and putting the kettle on. Stopping to take a picture. Stopping to enjoy stopping. How are you going to do it? In a camper van or a motorhome, of course. In this book we define the best driving routes around France for camper vans and motorhomes.

We show you the coolest places to stay, what to see, what to do and explain why it's special. We meander around France on the most breathtaking roads, chugging up mountain passes and pootling along the coast. We show you stuff that's fun, often free. We include the best drives for different kinds of drivers; for walkers, wine-quaffers, climbers and skiers. We include the steepest, the bendiest, the most picturesque and most interesting. And you don't even have to own a camper van or motorhome – we'll tell you the many places you can rent one to take you on the journey. All of this is interspersed with

beautiful photos, handy maps and quirky travel writing from the king of camper vans and motorhomes, Martin Dorey. So if all you want to do is flick through it on a cold day and plan your next outing, you'll be transported (albeit slowly) to vineyards, beaches, mountains and highways that make you want to turn the key and go, go, go!

**Robert Burns - Patrick Scott**  
Hogg 2008

Placing the greatest of Scotland's poets within the true context of his times, this biography reveals him as a Scottish patriot of the heart, but also a man who was pragmatically a British patriot

and risked his life for democratic reform. He was a son of the Enlightenment, whose inspiration came from Scottish and English poets, the Glorious Revolution of 1688, the American War of Independence, and the French Revolution of 1789. Burns is painted in his native colors as a highly complex, hyper-intelligent writer in both prose and poetry, not the semi-confused contradictory simpleton of previous biographies. The real day-to-day Burns was irascible, stubborn-minded, independent, controversial, and opinionated. His voice was always in the language of the people, and his idealist vision of a better world

lifted him from being exclusively a patriotic Scottish and British poet to a poet of humanity "the world o'er."

*Ayrshire Heritage* - Andrew Boyle 1990

An excellent collection of historical essays about various famous aspects of Ayrshire's past - Mauchline Ware, the Eglinton Tournament, Burial Customs, the Knockshinnoch Disaster and many more.

[The Burns Supper Companion](#) - Hugh Douglas 2015-10

Originally published in 1998, this new edition has been thoroughly revised to take account of the internet and the modern world in general.

Beginning with a background to

Robert Burns, his life and his works the book moves on to describe in great detail all the things that need to be taken into account when organising a Burns Supper. It also details in depth the roles the various participants are traditionally expected to play and suggests topics for speeches.
