Our digital library saves in combination countries, allowing you to get the most less latency time to download any of our books with this one. Merely said, the **The Principles And Practice Of International Commercial Arbitration** is universally compatible in the same way as any devices to read.

International Law -

Gillian Doreen Triggs
2010-12-21

The second edition of this authoritative and analytical work provides a clear and balanced account of the traditional framework and emerging rules of custom and treaty law. The inclusion and discussion of a range of primary sources provides an understanding of the foundations and practical implementation of international law as an integrated regime. In addition to a comprehensive coverage of essential areas such as sources, treaties, jurisdiction, personality, territory, law of the sea, state responsibility and sovereign immunity, more specialised topics are included, such as international environmental law, human rights and the rules of the World Trade

Organization. Summaries and extracts from major treaties and leading decisions of important tribunals as well as the practices of states and global organisations support a deeper understanding of each topic. Fully revised and updated, the text reflects recent developments affecting the principles and practices in contemporary international law. Chapter order is restructured, accommodating increased focus on international criminal law and human rights.

Health Protection -

Samuel Ghebrehewet 2016
Health Protection: Principles and practice is a practical guide for practitioners working at all levels in public health and health protection, including those with a non-specialist background.

It is the first textbook in health protection to address all three domains within the field (communicable disease control; emergency preparedness, resilience and response (EPRR); and environmental public health) in a comprehensive and integrated manner. Written by leading practitioners in the field, the book is rooted in a practice-led, all-hazards approach, which allows for easy real-world application of the topics discussed. The chapters are arranged in six sections, which begin with an in-depth introduction to the principles of health protection and go on to illuminate the three key elements of the field by providing: case studies and scenarios to describe common and important issues in the practice of health

protection; health protection tools, which span epidemiology and statistics, infection control, immunisation, disease surveillance, and audit and service improvement; and evidence about new and emerging health protection issues. It includes more than 100 health protection checklists (SIMCARDs), covering infections from anthrax to yellow fever, non-infectious diseases emergencies and environmental hazards. Written from first-hand experience of managing communicable diseases these provide practical, stand-alone quick reference guides for in-practice use. Both the topical content of Health Protection: Principles and practice, and the clearly described health protection principles the book provides, makes it a highly relevant

resource for wider public health and health protection professionals in this continually evolving field.

The Principles and Practice of International Commercial Arbitration - Margaret

L. Moses 2008-03-17

This title provides the reader with immediate access to understanding the world of international arbitration. Arbitration has become the dispute resolution method of choice in international transactions. This book explains how and why arbitration works. It provides the legal and regulatory framework for international arbitration, as well as practical strategies to follow and pitfalls to avoid. It is short and readable, but comprehensive in its coverage of the basic requirements, including changes in arbitration

laws, rules, and guidelines. In the book, the author includes insights from numerous international arbitrators and counsel, who tell firsthand about their own experiences of arbitration and their views of the best arbitration practices. Throughout the book, the principles of arbitration are supported and explained by the practice, providing a concrete approach to an important means of resolving disputes.

The Unidroit Principles

- Eckart Broedermann

2018-05-10

The UNIDROIT Principles of International Commercial Contracts provide an excellent tool for cross-border contracts restating an international understanding of global contract law. They can be chosen as a neutral and pragmatic business

oriented contractual regime for cross-border contracts, developed under the auspices and finally approved by the intergovernmental organization UNIDROIT (Rome). They contain over 50 solutions to typical contractual questions constituting compromises between civil and common law. The United Nations Commission on International Trade Law has endorsed their use "as appropriate, for their intended purposes." The commentary analyses the UNIDROIT Principles article by article from a practical perspective, while always discussing alternative courses of action, where they apply. In analysing the UNIDROIT Principles of 2016 in their 4th version, the author navigates the reader through the system of the 211 principles,

which provide a sound basis for international contracts. The author is a German practitioner with international training and familiarity with both common and civil law. He has been admitted to the New York Bar and also teaches at the University of Hamburg as a professor of law. He is a regular user and advocate of the UNIDROIT Principles both in arbitrations and in his legal practice.

International Commercial Arbitration - Tibor Varady 2003

The Principles and Practice of International Commercial Arbitration - Margaret L. Moses 2012

Explains how and why arbitration works, offering comprehensive coverage of basic requirements.

Business Law I Essentials - MIRANDE. DE ASSIS VALBRUNE (RENEE.

CARDELL, SUZANNE.)
2019-09-27
A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. Business Law I Essentials is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. Business Law I Essentials may need to be supplemented with

additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

The Principles and Practice of Narrative Medicine - Rita Charon
2017

The Principles and Practice of Narrative Medicine articulates the ideas, methods, and practices of narrative medicine. Written by the originators of the field, this book provides the authoritative starting place for any clinicians or scholars committed to learning of and eventually teaching or practicing narrative medicine.

Choice of Law in International Commercial Contracts - Oxford

Editor 2021-03

This global study provides a definitive

reference guide to the key choice of law principles on international contracts, including 60 national and regional reports written by experts from all parts of the world, and a dedicated commentary on the Hague Principles as applied to international commercial arbitration.

Brain-Computer Interfaces - Jonathan Wolpaw 2012-01-24

A recognizable surge in the field of Brain Computer Interface (BCI) research and development has emerged in the past two decades. This book is intended to provide an introduction to and summary of essentially all major aspects of BCI research and development. Its goal is to be a comprehensive, balanced, and coordinated presentation of the field's key principles, current practice, and future

prospects.

International Commercial Arbitration and the Brussels I Regulation -

Louise Hauberg
Wilhelmsen 2018-04-27

The Brussels I Regulation, which ensures the free circulation of judgments within the EU, was recently revised; one of the main issues addressed was whether the Regulation affects the efficient resolution of international commercial disputes through arbitration within the Union. This book provides an in depth examination of the interface between the Regulation and international commercial arbitration. The author demonstrates that the consequences of this interface can encourage the use of delaying tactics, hampering the efficient resolution of international disputes.

Jurisdiction,

Admissibility and Choice of Law in International Arbitration: Liber

Amicorum Michael Pryles

- Neil Kaplan 2016-04-24

The distinguished international lawyer Michael Pryles, who launched a meteoric career as an arbitrator after many years of teaching and writing on conflicts of law and other topics, has made a mark on arbitral law and practice that is recognized worldwide. In this book, over forty prominent arbitrators and arbitration scholars offer insightful essays on the thorny matters of jurisdiction, admissibility and choice of law in arbitration – topics which have long interested Professor Pryles and are of wide interest. Among the specific issues and topics examined are the following: • res judicata; • investment arbitration; • free

trade agreements; • party autonomy; • application of provisional measures; • issue estoppel; • evidentiary inferences; • interim measures; • emergency and default proceedings; • the intersection of financing and jurisdiction; • consolidation of cases; and • non-contractual claims. Remarkable for its roster of highly distinguished contributors, this book is the only in-depth treatment of its subject. By turns thought-provoking and practical, it is bound to appeal to and be put to use by arbitrators and other lawyers who handle international cases. It will also prove of great value to global law firms and companies doing transnational business.

An International Restatement of Contract

Law: The UNIDROIT Principles of International Commercial Contracts - Michael

Joachim Bonell
2009-03-27

The Unidroit Principles of International Contracts, first published in 1994, have met with extraordinary success in the legal and business community worldwide. Prepared by a group of eminent experts from all major legal systems of the world, they provide a comprehensive set of rules for international commercial contracts. This new edition of An International Restatement of Contract Law is the first comprehensive introduction to the Unidroit Principles 2004. In addition, it provides an extensive survey and analysis of the actual use of the Unidroit Principles in practice with special

emphasis on the different ways in which they have been interpreted and applied by the courts and arbitral tribunals in the hundred or so cases reported worldwide. The book also contains the full text of the Preamble and the 180 articles of the Unidroit Principles 2004 in Chinese, English, French, German, Italian and Russian as well as the 1994 edition in Spanish.

The Multiple Uses of the Unidroit Principles of International Commercial Contracts: Theory and Practice - G. Rojas Elgueta 2020

Law and Practice of International Commercial Arbitration - Alan Redfern 2004

Law and Practice of International Commercial Arbitration.

The Oxford Handbook of International Trade Law

- Daniel L. Bethlehem
2009

This book examines international trade law and its intersection with states and other aspects of the international system. It covers the economic and institutional context of the world trading system, substantive law of the WTO, dispute settlement, and the interaction between trade and other disciplines in international law.

Commercial Law -

Nicholas Ryder
2012-06-14

This innovative textbook examines commercial law and the social and political context in which it develops.

Topical examples, such as funding for terrorism, demonstrate this fast-moving field's relevance to today's concerns. This wide-ranging subject is set within a clear

structure, with part and chapter introductions setting out the student's course of study. Recommendations for further reading at the end of every chapter point the reader to important sources for advanced study and revision questions encourage understanding. The extensive coverage and detailed commentary has been extensively market tested to ensure that the contents are aligned with the needs of university courses in commercial law.

Brown and Marriott's ADR Principles and Practice
- HENRY. WATERS BROWN
(BEN. QC, BILL WOOD)
2019-06

Redfern and Hunter on International Arbitration - Nigel Blackaby 2009-10-15
Reviewing the legal context within which international commercial arbitration operates,

this text has been updated to reflect recent developments in international law.

Model Rules of Professional Conduct -

American Bar Association. House of Delegates 2007

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics.

Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct

in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

International Commercial Arbitration and African States - Amazu A. Asouzu

2001-10-18

International Commercial Arbitration and African States is a timely assessment of the arbitral process in the African context. The book focuses on the contribution that arbitration, and other methods of alternative dispute resolution, may make to the development of African states and peoples, while satisfying the legitimate expectations of inward investors and traders. Although focusing on dispute resolution regimes

affecting or concerning African states and their nationals, the work will also have practical, policy and comparative implications for dispute resolution, commercial arbitration and foreign investment in other regions.

International Commercial Arbitration - Jack J. Coe 1997

This practical handbook of the principles & procedures of international commercial arbitration gains in usefulness & prestige each year. Emphasizing the features of American law that pervade international practice in this field, it is of inestimable value to practitioners both in & outside the United States. Introductory chapters on the international business environment & alternative dispute settlement methods apart from arbitration are

followed by a general presentation of common themes in international commercial arbitration. The author then provides an introduction to the American system for the foreign reader. Further chapters cover the arbitration agreement & its enforcement, drafting considerations for the arbitral clause, a survey of arbitral institutions, judicial assistance for arbitration, aspects of arbitral proceedings, & the powers & functions of the arbitral tribunal. Matters relating to the award are also covered, & a final chapter deals with the particular situation of the State as a party to arbitration.

Ex Aequo et Bono as a Response to the 'Over-Judicialisation' of International Commercial Arbitration - Nobumichi Teramura 2020-05-12

Despite its many

distinguished proponents over time, *ex aequo et bono* – the idea of deciding disputes on the basis of what an adjudicator regards as fair and equitable – has failed to take hold in international commercial arbitration (ICA). Formalisation and fossilisation of arbitral procedure, as manifested in the increasing use of litigation-style practice, unfortunately reign instead. This bold and challenging book argues that parties to an arbitration should be more willing for their cross-border disputes to be decided (and arbitrators should be more prepared to decide those disputes) in accordance with broad principles of equity and fairness, rather than by strict adherence to technical rules of law. Putting forward suggestions based on

extensive research and doctrinal considerations, this book invites us to confront what ICA was supposed to be, what it now is and what it can be. In particular, Dr Teramura discusses how, by resorting to *ex aequo et bono*, arbitrators can: construe contractual terms, including the limits; apply trade usages; deal with mandatory rules of a given forum or place of performance; minimise the cost and length of time that arbitration takes; avoid the abuse of discretion; and ensure predictable results. The book examines significant differences in the way that *ex aequo et bono* arbitration is understood among various state and international institutions. It attempts to identify a 'common core' of universally accepted

concepts underlying those different understandings. The book argues that ex aequo et bono has the potential to reform ICA without undermining its positive aspects. Along the way, it discusses the implications of ex aequo et bono arbitration on the now widely used UNCITRAL Model Law on ICA. It should thus appeal to lay business persons and commercial law practitioners who are looking for an economical and efficient way to solve business disputes within a globalised arbitration framework.

ADR Principles and Practice - Henry J. Brown 2011

ADR: Principles and Practice is an essential Alternative Dispute Resolution title. The third edition will cover theory, principles and practice of ADR especially mediation,

providing understanding, guidance and authority. It will explore and integrate models of practice; examine strategies; provide precedents; assist practitioners, policy makers and the judiciary in addressing the issues affecting practice; and generally provide an encyclopaedic work of reference for practitioners and students.

International Arbitration and International Commercial Law - Eric E. Bergsten 2011-01-01

Over the last half-century, as UNCITRAL official, professor, arbitrator and father of the Willem C. Vis Arbitration Moot, Eric Bergsten has been at the forefront of progress in international commercial arbitration. Now, on the occasion of his eightieth birthday, the international

arbitration and sales law community has gathered to honour him with this substantial collection of new essays on the many facets of the field to which he continues to bring his intellect, integrity, inquisitive nature, eye for detail, precision, and commitment to public service. Celebrating the long-standing and sustained contribution Eric Bergsten has made in international commercial law, international arbitration, and legal education, more than fifty colleagues - among them quite a few of the best-known arbitrators and arbitration academics in the world - present 45 pieces that, individually both engaging and incisive, collectively present a thorough and far-reaching account of the state of the field today, with

contributions covering international sales law, commercial law, commercial arbitration, and investment arbitration. In addition, nine essays on issues in legal education mirror the great importance of the renowned Willem C. Vis International Commercial Arbitration Moot, Eric's Vienna project which has offered a life-changing experience for so many young lawyers from all over the world.

Procedure and Evidence in International

Arbitration - Jeffrey Waincymer 2012-05-23
Central to the book's purpose is the procedural challenge facing arbitrators at each and every stage of the arbitral process when fairness arguments conflict with efficiency concerns and trade-offs must be determined. Some key themes include how can a tribunal be fair,

and in particular be neutral, if parties are so diverse? How can arbitration be made efficient and cost-effective without undue inroads into fairness and accuracy? How does a tribunal do what is best if the parties are choosing a suboptimal process? When can or must an arbitrator ignore procedural choices made by the parties? The author thoroughly evaluates competing arguments and adds his own practical tips, expertly synthesizing and engaging with the conference literature and differing authors' views. He identifies criteria that offer a harmonized approach to each stage of the arbitral process, with particular attention to such aspects of international arbitration as: appropriate trade-offs

between flexibility and certainty; the rights, duties and powers of arbitrators; appointment and challenge of arbitrators; responses to 'guerilla' tactics; drafting of arbitration agreements, including specialty clauses; drafting of required commencement notices and response documents; set-off; fast track arbitration and other efficiency options; strategic use of preliminary conferences and timetabling; online arbitration; multi-party, multi-contract, class arbitration; amicus and third party funders; pre-arbitral referees and interim relief; witness evidence, both factual and expert; documentary evidence, production obligations, and challenges to production; identifying applicable law; and remedies and costs.

**The UNIDROIT Principles
in Practice** - Michael

Joachim Bonell

2006-09-01

Since fall 2006: a new, revised edition of Unidroit Principles in Practice, featuring approximately 120-130 cases. The UNIDROIT Principles of International Commercial Contracts, published in 1994, were an entirely new approach to international contract law. Prepared by a group of eminent experts from around the world as a "restatement" of international commercial contract law, the Principles are not a binding instrument but are referred to in many legal matters. They are widely recognized now as a balanced set of rules designed for use throughout the world irrespective of the legal traditions and the economic and political conditions of the

countries in which they are applied.

International

Arbitration - Gary B.

Born 2015-12-17

International Arbitration: Law and Practice (Second Edition) provides a comprehensive coverage of the basic principles and legal doctrines, and the practice, of international arbitration. It contains a systematic and concise treatment of all aspects of the arbitral process, including international arbitration agreements, international arbitral proceedings and international arbitral awards. The book addresses both international commercial arbitration and the related fields of investment and state-to-state arbitration, and is essential reading for any student of international arbitration and any

practitioner seeking a complete introduction to the field. Accolades for Gary B. Bornand's International Commercial Arbitration (2009 and 2nd ed. 2014), recipient of the American Society of International Law and's 2010 Certificate of Merit: and "An unparalleled book on the law, practice and theory of international commercial arbitration and... indispensable for both practitioners and academics." Professor Jack L. Goldsmith III, Harvard Law School and "Stunningly comprehensive, accessible, and bristling with insights: the definitive text on international arbitration." Professor Harold Hongju Koh, Yale Law School and "A monumental work of legal scholarship." Professor Campbell McLachlan, Victoria University of Wellington

and "An extraordinary combination of both practical experience and academic analysis." Professor Dr. Daniel Girsberger, University of Lucerne
The UNIDROIT Principles in Practice - Michael Joachim Bonell 2006
The UNIDROIT Principles of International Commercial Contracts, published in 1994, are an entirely new approach to international contract law. Prepared by a group of eminent experts from around the world as a 'restatement' of international commercial contract law, the Principles are not a binding instrument but are referred to in many legal matters. They are widely recognised as a balanced set of rules designed for use throughout the world irrespective of the legal traditions and the economic and political conditions of the

Principles and Practice of Pharmaceutical

Medicine - Lionel D.

Edwards 2007-04-30

The long awaited second edition of Principles and Practice of Pharmaceutical Medicine provides an invaluable guide to all areas of drug development and medical aspects of marketing. The title has been extensively revised and expanded to include the latest regulatory and scientific developments. New chapters include: European Regulations Ethics of Pharmaceutical Medicine Licensing and Due Diligence Pharmacogenomics Encompassing the entire

spectrum of pharmaceutical medicine, it is the most up-to-date international guide currently available.

Review of the first edition: "This book was a joy to read and a joy to review. All pharmaceutical physicians should have a copy on their bookshelves, all pharmaceutical companies should have copies in their libraries."

—BRITISH ASSOCIATION OF PHARMACEUTICAL PHYSICIANS

Commercial Lending -

Adrian Cudby 2018-10-03

Endorsed by the Chartered Banker Institute as required reading for its Chartered Banker programme, Commercial Lending supports readers that wish to develop their ability to analyze the creditworthiness of a customer and their business in the context of the current economic

climate, future market and sector expectations. Commercial Lending uses a series of practical exercises and case studies, and provides the tools needed for the reader to understand and appraise a customer's business strategy. This will then enable the reader to provide appropriate funding solutions to meet the commercial needs of customers while reflecting the bank's risk appetite. These tools include: how to assess the performance and creditworthiness of a business; how to critically evaluate the robustness of cash flow; and how to undertake sensitivity analysis to quantify sustainable debt repayment capacity. This practical text will present a critical analysis of financial and non-financial information to help readers identify key

risks inherent in the customer's lending proposition. Readers will go on to propose suitable funding solutions that mitigate risk and meet the needs of customer and bank.

Commentary on the UNIDROIT Principles of International Commercial Contracts (PICC) - Stefan Vogenauer 2009

This volume on the UNIDROIT principles of international commercial contracts provides quick access to all case law and legal literature for specific problems, paired with in-depth scholarly analysis.

General Principles of Law and International Due Process - Charles T. Kotuby, Jr. 2017-02-15

Article 38 of the Statute of the International Court of Justice defines "international law" to include not only "custom" and "convention" between

States but also "the general principles of law recognized by civilized nations" within their municipal legal systems. In 1953, Bin Cheng wrote his seminal book on general principles, identifying core legal principles common to various domestic legal systems across the globe. This monograph summarizes and analyzes the general principles of law and norms of international due process, with a particular focus on developments since Cheng's writing. The aim is to collect and distill these principles and norms in a single volume as a practical resource for international law jurists, advocates, and scholars. The information contained in this book holds considerable importance given the growth of inter-state intercourse

resulting in the increased use of general principles over the past 60 years. General principles can serve as rules of decision, whether in interpreting a treaty or contract, determining causation, or ascertaining unjust enrichment. They also include a core set of procedural requirements that should be followed in any adjudicative system, such as the right to impartiality and the prohibition on fraud. Although the general principles are, by definition, basic and even rudimentary, they hold vital importance for the rule of law in international relations. They are meant not to define a rule of law, but rather the rule of law.

International Commercial Contracts - Giuditta Cordero-Moss 2014-05-29
Any practising lawyer and student working with

international commercial contracts faces standardised contracts and international arbitration as mechanisms for dispute settlement.

Transnational rules may be applicable, but national law is still important. Based on extensive practical experience, this book analyses international contract practice and its interaction with the various applicable sources: which role is played by the contractual regulation, which by national law, which by transnational sources, what is the interaction among these factors, and how does this all apply to contracts that refer disputes to international arbitration?

Applicable Law in Investor-State Arbitration - Hege Elisabeth Kjos

2013-03-21

Investment arbitration has become the key forum to settle disputes between investors and the host state. It is not clear from the arbitration agreements which body of law the arbitrators should apply: national or international. This book examines how the legal framework which the arbitral panels operate in influences which body of law they apply.

International Commercial Arbitration - Franco Ferrari 2021-06-25

This indispensable book offers a concise comparative introduction to international commercial arbitration (ICA). With reference to recent case law from leading jurisdictions and up-to-date rules revisions, *International Commercial Arbitration* offers a thorough overview of the issues raised in arbitration,

from the time of drafting of the arbitration clause to the rendering of the arbitral award and the post-award stage.

Comparative

International Commercial Arbitration - Julian D.

M. Lew 2003-01-01

This treatise describes the practice of international commercial arbitration with reference to the major international treaties and instruments, arbitration rules and national laws. It provides an analysis of the interaction between party autonomy and arbitration practice.

The Principles and Practice of

International Commercial Arbitration - Margaret

L. Moses 2008-03-17

The Principles and Practice of International Commercial Arbitration provides the reader with immediate access to understanding

the world of international arbitration. Arbitration has become the dispute resolution method of choice in international transactions. This book explains how and why arbitration works. It provides the legal and regulatory framework for international arbitration, as well as practical strategies to follow and pitfalls to avoid. It is short and readable, but comprehensive in its coverage of the basic requirements, including the most recent changes in arbitration laws, rules, and guidelines. In the book, the author includes insights from numerous international arbitrators and counsel, who tell firsthand about their own experiences of arbitration and their views of the best arbitration practices. Throughout the book, the principles of

arbitration are supported and explained by the practice, providing a concrete approach to an important means of resolving disputes.

International

Arbitration: Law and Practice - Gary B. Born
2021-06-07

International Arbitration: Law and Practice (Third Edition) provides comprehensive and authoritative coverage of the basic principles and legal doctrines, and the practice, of international arbitration. The book contains a systematic, but concise, treatment of all aspects of the arbitral process, including international arbitration agreements, international arbitral proceedings and international arbitral awards. The Third Edition guides both students and

practitioners through the entire arbitral process, beginning with drafting, enforcing and interpreting international arbitration agreements, to selecting arbitrators and conducting arbitral proceedings, to recognizing, enforcing and seeking to annul arbitral awards. The book is written in clear, accessible language, suited for both law students and non-specialist practitioners, as well as more experienced readers. This highly regarded work addresses both international commercial arbitration and the related fields of investment and state-to-state arbitration and is essential reading for any student of international arbitration and any practitioner seeking a complete introduction to the field. The Third

Edition has been comprehensively updated to include recent legislative amendments, judicial decisions and arbitral awards. Among other things, the book provides detailed treatment of the New York Convention, the UNCITRAL Model Law on International Commercial Arbitration, all leading institutional arbitration rules (including ICC, SIAC, LCIA, AAA and others), the ICSID Convention and ICSID Arbitration Rules, and judicial decisions from leading jurisdictions. The Third Edition is integrated with the author's classic International Commercial Arbitration and with the online Born International Arbitration Lectures, enabling students, teachers and practitioners to explore particular topics in more detail. About the

Author: Gary B. Born is the world's leading authority on international arbitration and litigation. He has practiced extensively in both fields in Europe, the United States, Asia and elsewhere. He is the author of International Commercial Arbitration (Kluwer Law International 3rd ed. 2021), International Arbitration and Forum Selection Agreements: Drafting and Enforcing (Kluwer Law International 6th ed. 2021), International Commercial Arbitration: Cases and Materials (Aspen 3rd ed. 2021) and International Civil Litigation in United States Courts (Aspen 6th ed. 2018). General Principles of Law and International Investment Arbitration - Andrea Gattini 2018-06-01 In General Principles of

Law in Investment
Arbitration, the authors
address selected general
principles of law,
assessing their
functions in investment

arbitration. The
resulting picture is
that of a lively source
that escapes doctrinal
straitjackets and
maintains its relevance.
