Liquid Intelligence: The Art and Science of the Perfect Cocktail - Dave Arnold 2014-11-10

Winner of the 2015 James Beard Award for Best Beverage Book and the 2015 IACP Jane Grigson Award. A revolutionary approach to making better-looking, better-tasting drinks. In Dave Arnold's world, the shape of an ice cube, the sugars and acids in an apple, and the bubbles in a bottle of champagne are all ingredients to

be measured, tested, and tweaked. With *Liquid Intelligence*, the creative force at work in Booker & Dax, New York City's high-tech bar, brings readers behind the counter and into the lab. There, Arnold and his collaborators investigate temperature, carbonation, sugar concentration, and acidity in search of ways to enhance classic cocktails and invent new ones that revolutionize your expectations about what a drink can look and taste like. Years of rigorous experimentation and study—botched attempts and inspired solutions—have yielded the recipes and techniques found in these pages. Featuring more than 120 recipes and nearly 450 color photographs, *Liquid Intelligence* begins with the simple—how ice forms and how to make crystal-clear cubes in your own freezer—and then progresses into advanced techniques like clarifying cloudy lime juice with enzymes, nitro-muddling fresh basil to prevent browning, and infusing vodka with coffee, orange, or peppercorns. Practical tips for preparing drinks by the pitcher, making homemade sodas, and building a specialized bar in your own home are exactly what drink enthusiasts need to know. For devotees seeking the cutting edge, chapters on liquid nitrogen, chitosan/gellan washing, and the applications of a centrifuge expand the boundaries of traditional cocktail craft. Arnold's book is the beginning of a new method of making drinks, a problem-solving approach grounded in attentive observation and creative techniques. Readers will learn how to extract the sweet flavor of peppers without the spice, why bottling certain drinks beforehand beats shaking them at the bar, and why quinine powder and succinic acid lead to the perfect gin and tonic. *Liquid Intelligence* is about satisfying your curiosity and refining your technique, from red-hot pokers to the elegance of an

old-fashioned. Whether you're in search of astounding drinks or a one-of-a-kind journey into the next generation of cocktail making, *Liquid Intelligence* is the ultimate standard—one that no bartender or drink enthusiast should be without.

Cafe Royal Cocktail Book - Frederick Carter 2008-05-01
Originally published in 1937 by the United Kingdom
Bartenders Guild, Cafe Royal Cocktail Book compiled by
William J Tarling offers a rare glimpse into the wide
array of drinks offered in London bars between the two
world wars. Tarling, head bartender at the Cafe Royal
during had two goals. He wanted to extend this resource
to consumers. He also wanted to raise funds for the
United Kingdom Bartenders Guild Sickness Fund and the
Cafe Royal Sports Club Fund. Thus, he drew from the
recipes previously compiled for Approved Cocktails, and
added more of his own. He also collected many more
original recipes from his contemporaries. The result was
an outstanding and timely book. It did more than gather
recipes, it captured a boom time in the history of
cocktails, glass by glass. Sadly, there was only one
printing and it became an unobtainable rarity, locking
away a time capsule of drinks and knowledge. Reproduced
in collaboration with the UKBG, Exposition Universelle
des Vins et Spiritueux, and Mixellany Limited, this

facsimile edition unlocks that knowledge for a new generation of consumers and bartenders around the world. Within these pages are some of the earliest known recipes for drinks made with tequila and vodka as well as memorable concoctions made with absinthe and other recently revived ingredients—an essential addition to every cocktail book library.

Cocktail Codex - Alex Day 2018-10-30

From the authors of the bestselling and genre-defining cocktail book *Death & Co*, *Cocktail Codex* is a comprehensive primer on the craft of mixing drinks that employs the authors’ unique “root cocktails” approach to give drink-makers of every level the tools to understand, execute, and improvise both classic and original cocktails. JAMES BEARD AWARD WINNER • WINNER OF THE TALES OF THE COCKTAIL SPIRITED AWARD® FOR BEST NEW COCKTAIL OR BARTENDING BOOK • NAMED ONE OF THE BEST COOKBOOKS OF THE YEAR BY CHICAGO TRIBUNE “There are only six cocktails.” So say Alex Day, Nick Fauchald, and David Kaplan, the visionaries behind the seminal craft cocktail bar Death & Co. In *Cocktail Codex*, these experts reveal for the first time their surprisingly simple approach to mastering cocktails: the “root recipes,” six easily identifiable (and memorizable!) templates that encompass all cocktails: the old-fashioned, martini, daiquiri, sidecar, whisky highball, and flip. Once you understand the hows and whys of each “family,” you’ll understand why some cocktails work and others don’t, when to shake and when to stir, what you can omit and what you can substitute when you’re missing ingredients, why you like the drinks you do, and what sorts of drinks you should turn to—or invent—if you want to try something new. Praise for *Cocktail Codex* “Learn the template, and any cocktail you can think of is within reach.”—*Food & Wine* “Too bad all college textbooks weren’t this much fun.”—*Garden & Gun* “A must for amateur and pro mixologists alike.”—*Chicago Tribune* “If Dora the Explorer turned twenty-one, split herself into three people, and decided to write the Magna Carta of booze books, this would be the result. And, unlike every other book you’ll read this year, *Cocktail Codex* is packed with actual knowledge you can use in the real

world. Please, please, can Cinema Codex be next?"—Steven Soderbergh, filmmaker

The Deans of Drink - Jared McDaniel Brown 2013-01

Did you know that 2013 is the 80th anniversary of Harry Johnson's death in 1933? Did you know that 2013 is the 50th anniversary of Harry Craddock's death in 1963? Well, now you do. To properly celebrate the lives and the body of work that the two Harrys left as their legacy, cocktail detectives Miler and Brown present the amazing lives and turbulent lives that surround bar legends Harry John and Harry Craddock. Seen in a whole new light, the authors present the never-before-disclosed stories of both men and some of the people that affected their lives and shared their experiences. Tribute and recipes created in their honour by some of the world's finest mixologists plus walking tours of Craddock's and Johnson's New York and London haunts complete this anniversary experience. Why a book about Johnson and Craddock? Why are these guys so important? Both of these gentlemen lived and worked in uncertain times. Their personal and professional existences were sculpted by extreme, world-changing events and the public attitudes that arose because of them. Johnson wrote, in 1888, the expanded edition of his *Bartenders' Manual* the first cocktail book that documented both a Martini and a Marguerite recipe. His volume was also the first to provide a detailed plan for opening, staffing, and operating a bar, one that is as viable today as it was over 125 years ago. His career was shaped and flourished just as state liquor laws and suffragettes pushed the USA toward temperance and prohibition. His personal life was marked by Americans' anti-German prejudices during the First World War. Yet he provided the industry with all the wisdom he gained from decades

of experience dedicating himself to "running a good place." Craddock turned London on its cocktail ears when he took his post as head bartender in 1923 at the Savoy Hotel's American Bar. Compiler of the famed *Savoy Cocktail Book*, Craddock chronicled what was served to royalty, film stars, theatrical and literary greats, politicians, and captains of industry at this A-lister establishment. As one of the founders of the United Kingdom Bartenders Guild, forerunner to the International Bartenders Association, Craddock helped establish standards for service and drinks-making that elevated the profession. With *The Deans of Drink: The Amazing Lives & Turbulent Times of Bar Legends Harry Johnson & Harry Craddock as Seen in a New Light*, Miller and Brown set the record straight, quashing a number of long-held myths about these men and contributing another body of knowledge to the deeply fascinating history of the bartending profession—the men and women who oiled the wheels of politics, society, and civilization in general.

Speakeasy - Jason Kosmas 2010-10-12

Time-honored cocktails like the New York Sour and the Sidecar were born during the era of Prohibition, the blessedly bygone social experiment that turned drinking into an underground adventure. In those days, hard beverage options were usually made with homemade hooch and flavorings of dubious origin and quality.

Thankfully, a cocktail renaissance has emerged in many of today's bars, where inventive drinks showcase both the artistry and craft of bartending. At their moody and atmospheric West Village bar-restaurant *Employees Only*, master mixologists Jason Kosmas and Dushan Zaric can regale you with colorful tales of cocktail origins—or just pour you a mean drink. In *Speakeasy*, Kosmas and Zaric take their inspiration from traditional favorites, then use the finest spirits, the freshest ingredients, and a good measure of reverence for their craft to elevate the mixed drink to artisanal status. More than 80 imaginative libations that riff on the classics are showcased in this one-of-a-kind collection. Recipes

emphasize fresh fruits and herbs, homemade syrups and infusions, and a careful balancing of flavors, with a mind toward seasonality. A Ginger Smash is offered in four different versions: kumquat, pineapple, pear, or cranberry, depending on the time of year. The Millionaire becomes the Billionaire with the addition of homemade grenadine and 107-proof bourbon. And the South Side becomes the West Side by replacing the gin with sun-kissed Meyer lemon-infused vodka. With the specter of Prohibition firmly in the past, Speakeasy shares recipes for the choicest potent potables, reimagining the finest drinks of yesterday for today's thirsty imbibers.
