Islam, Science Fiction and Extraterrestrial Life - Jörg Matthias Determann 2020-09-17

The Muslim world is not commonly associated with science fiction. Religion and repression have often been blamed for a perceived lack of creativity, imagination and future-oriented thought. However, even the most authoritarian Muslim-majority countries have produced highly imaginative accounts on one of the frontiers of knowledge: astrobiology, or the study of life in the universe. This book argues that the Islamic tradition has been generally supportive of conceptions of extra-terrestrial life, and in this engaging account, Jörg Matthias Determann provides a survey of Arabic, Bengali, Malay, Persian, Turkish, and Urdu texts and films, to show how scientists and artists in and from Muslim-majority countries have been at the forefront of the exciting search. Determann takes us to little-known dimensions of Muslim culture and religion, such as wildly popular adaptations of Star Wars and mysterious movements centred on UFOs. Repression is shown to have helped science fiction

more than hurt it, with censorship encouraging authors to disguise criticism of contemporary politics by setting plots in future times and on distant planets. The book will be insightful for anyone looking to explore the science, culture and politics of the Muslim world and asks what the discovery of extra-terrestrial life would mean for one of the greatest faiths.

The World of The Unseen - F Amir Baiyg'e 2019-01-16

Was the Earth uninhabited before the descent of Adam and Eve? Are we really alone? The world governments certainly don't seem to think so! They spend enormous amounts of money searching for extraterrestrials a million light years away, yet forget to look in their own backyard. Who are the beings that can enable a layman to communicate in foreign languages and scare a sitting President out of office? Who are these beings that can make a dead woman scream for help in Latin America while enabling another to sing from within the grave in Asia? The answers lie within *The World of the Unseen*. The author's years of research resulted in *The World of the Unseen*, on the subject of Jinn and how their world is inter-linked with ours. It is a compilation of real-life cases of Jinn possessions as well as a comprehensive study of unexplainable and mysterious events occurring around the world, from the valleys of Afghanistan to the deserts of the United States.

Legends of the Fire Spirits - Robert Lebling 2010-07-30

'An energy, a pulse form of quantum physics perhaps, alive at the margins of sleep or madness, and more often in the whispering of a single unwelcome thought.' *The Economist* According to Islamic tradition, Allah created three types of beings: angels, made of light; humans, made of earth; and jinn, made of smokeless fire. Supernatural, shape-shifting, intelligent and blessed with free will and remarkable powers, jinn have over the ages been given many names - demon, spirit, ghou, genie, ifrit and shaitan. Neither

human nor immortal, they roam the earth inhabiting dark and empty places, luring humans to their deaths or demonically possessing them if harmed or offended. Despite the fact they cannot be seen, jinn are said to be strangely human-like - marrying, bearing children, forming communities and tribes, eating, sleeping, playing and facing judgement like any other human. They are ever-present partners in the human experience, causing endless mischief, providing amazing services and sometimes inducing sheer terror. Believed in by hundreds of millions of people throughout the world and from all faiths, jinn have played a particularly central role in the literature, culture and belief systems of the Middle East and the Islamic world. *Legends of the Fire Spirits* explores through time and across nations the enduring phenomenon of the jinn. From North Africa to Central Asia, from the Mediterranean to sub-Saharan Africa and beyond, this riveting, often chilling, yet reasoned book draws on long-forgotten ancient testimonies, medieval histories, colonial records, anthropologist's reports and traveller's tales to explore the different types of jinn, their behaviour, society, culture and long history of contact with humankind. It documents their links with famous figures in history such as King Solomon and the Queen of Sheba and illustrates the varied and vivid portrayals of jinn in world literature. In essence *Legends of the Fire Spirits* demonstrates the colourful diversity of human culture and the durability of faith and is a magnificent and indispensable portrayal of the rich folklore of the Islamic world.

Islam, Arabs, and the Intelligent World of the Jinn - Amira El-Zein 2009-10-16

According to the Qur'an, God created two parallel species, man and the jinn, the former from clay and the latter from fire. Beliefs regarding the jinn are deeply integrated into Muslim culture and religion, and have a constant presence in legends, myths, poetry, and literature. In *Islam, Arabs, and the Intelligent World of the Jinn*, Amira El-Zein explores the integral role these mythological figures play, revealing that the concept of jinn is fundamental to understanding Muslim culture and tradition.

The Children's Book - A. S. Byatt 2009-11-03

From the renowned author of *Possession*, *The Children's Book* is the absorbing story of the close of what has been called the Edwardian summer: the deceptively languid, blissful period that ended with the cataclysmic destruction of World War I. In this compelling novel, A.S. Byatt summons up a whole era, revealing that beneath its golden surface lay

tensions that would explode into war, revolution and unbelievable change — for the generation that came of age before 1914 and, most of all, for their children. The novel centres around Olive Wellwood, a fairy tale writer, and her circle, which includes the brilliant, erratic craftsman Benedict Fludd and his apprentice Phillip Warren, a runaway from the poverty of the Potteries; Prosper Cain, the soldier who directs what will become the Victoria and Albert Museum; Olive's brother-in-law Basil Wellwood, an officer of the Bank of England; and many others from every layer of society. A.S. Byatt traces their lives in intimate detail and moves between generations, following the children who must choose whether to follow the roles expected of them or stand up to their parents' "porcelain socialism." Olive's daughter Dorothy wishes to become a doctor, while her other daughter, Hedda, wants to fight for votes for women. Her son Tom, sent to an upper-class school, wants nothing more than to spend time in the woods, tracking birds and foxes. Her nephew Charles becomes embroiled with German-influenced revolutionaries. Their portraits connect the political issues at the heart of nascent feminism and socialism with grave personal dilemmas, interlacing until *The Children's Book* becomes a perfect depiction of an entire world. Olive is a fairy tale writer in the era of Peter Pan and Kenneth Grahame's *The Wind In the Willows*, not long after Alice's Adventures in Wonderland. At a time when children in England suffered deprivation by the millions, the concept of childhood was being refined and elaborated in ways that still influence us today. For each of her children, Olive writes a special, private book, bound in a different colour and placed on a shelf; when these same children are ferried off into the unremitting destruction of the Great War, the reader is left to wonder who the real children in this novel are. *The Children's Book* is an astonishing novel. It is an historical feat that brings to life an era that helped shape our own as well as a gripping, personal novel about parents and children, life's

most painful struggles and its richest pleasures. No other writer could have imagined it or created it.

Ultraterrestrial Contact - Philip J. Imbrogno

2010-12-08

Ultraterrestrial Contact investigates the most extreme and bizarre UFO reports—the cases that most UFO investigators are afraid to tackle—and presents a radical new quantum approach to understanding the contact phenomenon. When Philip Imbrogno collaborated with famed UFO researcher Dr. J. Allen Hynek on Night Siege, Dr. Hynek requested that the more sensational cases of "high strangeness"—claims of contact with not only alien intelligence, but also demons, djinn, and otherdimensional beings—remain unpublished. Hynek thought the reports would detract from the credibility of the entire extraterrestrial investigation field. This book reveals, for the first time, the details of these controversial reports and presents Imbrogno's startling scientific conclusions from his thirty years of research into the alien contact phenomenon.

SIHR DJINN AFARIT AND HOW TO SUMMON THEM. 3rd Edition - Maximillien De Lafayette
2016-08

SIHR DJINN AFARIT AND HOW TO SUMMON THEM: The Banned Book Of Sorcery, Spells, Magic and Witchcraft. 3rd Edition. Published by Times Square Press, New York. "This is a heavy-duty Kitab (Book) on Sihr (Magic, Witchcraft, Sorcery), Djinn, Afarit, Kitabaat (Magical writings), and Talasem (Talismans). As a practitioner of Ilmu Al Sihr, you will have the rare and unprecedented opportunity to polish and perfect your practice. As a novice and a researcher, you will learn quite a lot about all these subjects which were never before discussed and explained in any other language than in Arabic. As you already know, Djinn, Afarit and Sihr originated in the ancient Middle East, Arab Peninsula and North Africa, and the Saher (Magician, Sorcerer) used only Arabic, and the secret languages of Al-Arwaah (Spirits) and "Ethereic Entities" to summon multiple and various categories of Spirits and entities which remained shrouded in

absolute secrecy for centuries." Honorable Ulema Master Farid Tayara.

Ruqyah - Islamic Exorcism - Abu Rayan

There is hardly a better opportunity to witness the power and blessedness of the Qur'an as with Ruqyah. With the recitation of the Qur'an alone, devils can be expelled and eliminated. What appears to be a fairy-tale to average "modern" man, is a recognized cure in Islam. This book explains means of protection against jinn and magic, and helps with diagnosis and treatment. A useful reference for all those who want to or have to practice Ruqyah, and valuable information for every Muslim.

A unique ethnographic study of the invisible spirits of the Muslim world.

The Weiser Field Guide to Cryptozoology - Deena West Budd 2010-03-01

A study of dozens of hidden animals—from the chupacabra to Mongolian death worms—drawing on eyewitness accounts from around the world. This informative book includes information, interviews, and stories about forty different cryptids seen around the world by credible eyewitnesses like policemen, rangers, and doctors. Readers will learn where and how to find flying humanoids, hairy humanoids, giants of all kinds including rabbits, bats, and spiders, goblins, vampires, werewolves, demons, aliens, and ghosts. Cryptozoology—a term coined in the 1950s by a French zoologist named Bernard Heuvelmans—is the study of hidden or unknown animals not recognized in standard zoology. From traditional cryptids like Big Foot, the Abominable Snowman, and Nessie, to mythical cryptids like unicorns, vampires, dragons, and werewolves, to lesser-known cryptids like bunyips (waterhorses), Encantado (Dolphin Men of Brazil), thunderbirds, mothmen, and chupacabra, these creatures are very much alive, says expert Deena West Budd, if beyond the realm of normal perception. The Weiser Field Guide to Cryptozoology includes a brief history of the field and surveys all the creatures for which any credible

amount of research exists—as well as giving tips on how to spot these creatures and cautionary advice on how to interact with them. Includes two dozen line drawings rendered from eyewitness descriptions

The Vengeful Djinn - Rosemary Ellen Guiley
2011-07-08

If you fear one thing in life, fear the djinn. This groundbreaking book presents the findings of Rosemary Ellen Guiley and Philip J. Imbrogno's investigation into the powerful and mysterious interdimensional beings known as djinn or genies. It reveals what the djinn are, where they can be found—and their hidden agenda against the human race. Working with material compiled from a variety of sources—including their own case files, Middle Eastern lore, the Qur'an, teachings of Islamic scholars, and the latest theories in quantum physics—the authors explore the relationship between the djinn, demons, fairies, shadow people, and extraterrestrials. They discuss the military's interest in these clandestine beings, offer eyewitness accounts of modern human encounters with the djinn, and reveal the location of interdimensional entry points in North America.

The Art of Black Mirror Scrying - Rosemary Ellen Guiley
2016-02-10

The black mirror is a powerful divination and visioning tool, revered for centuries for its ability to penetrate the veil between worlds. Mirror gazing, or scrying, is an ancient art for making contact with the dead, opening the gates to the angelic realm,

seeing into the future and past, and seeing distant locations. All kinds of shiny surfaces have been used as tools, but the black mirror stands above them all. This complete and concise guide covers the history of black mirrors and scrying, and famous people who have relied on mirrors to reveal secrets and truth. It explains how black mirrors work in psychic seeing, and gives detailed advice on how to use a black mirror for talking to the dead, exploring the astral plane, discovering past lives, expanding your spiritual knowledge, and much more. Follow in the footsteps of history's great alchemists, mediums, and sages, such as John Dee, Queen Elizabeth I's royal astronomer, who used scrying to contact angels, and Nostradamus, the famous French seer whose prophecies reached far into the future. I have been an avid reader of Rosemary Ellen Guiley's work for over 25 years and this book is one of her best yet! She takes you on a journey through the dark mirror to make contact with the spirit world, develop psychic skills, explore your past lives, and uncover hidden truths. With her direct, no-nonsense style, Rosemary packs this book full of the information you need to master the use of this ancient visionary tool! -- Christian Day, author, *The Witches' Book of the Dead*

The Djinn Connection: The Hidden Links Between Djinn, Shadow People, Ets, Nephilim, Archons, Reptilians and Other Entities - Rosemary Ellen Guiley
2013-03-15

Could a single entity be responsible for a multitude of our paranormal experiences throughout history? Drawing upon her decades of extensive research in all facets of the paranormal, Rosemary Ellen Guiley makes a compelling case that our interactions with spirits, extraterrestrials, shadow figures, ancient aliens, demi-gods and human-creature hybrids all involve the mysterious

Djinn. The Djinn are little-known in the West beyond folk tales of genies in lamps and bottles, but they are real and active in our world. They are a race of powerful, masterful shape-shifters who exist in a dimension parallel to ours. Humans have had millennia of intense engagements with the Djinn, who disguise themselves in the forms of many different entities in order to keep themselves and their true motives hidden. Some of their motives are not in our best interests. The Djinn are not the only beings interacting with humans, but their giant shadow falls across every part of our paranormal and entity contact experiences, including bedroom invasions, alien abductions, and genetics manipulators from other worlds. The Djinn are significant force in the destiny of human beings. In *The Djinn Connection*, Guiley explains what we need to know - and how we should respond.

Practical Jinn Magick - Corwin Hargrove
2018-07-18

Jinn Magick is simple to execute, and the results can be some of the best you will find in all occultism. Much has been written about The Fire Spirits, known as the Jinn (or Djinn), but books of practical Jinn Magick are rare. Hardly any exist, and those that do are often a disappointment. This book reveals a practical method for calling on the Jinn and receiving a response. There are forty-two rituals, and the magick can help with influence and passion or destruction and transformation. The rituals deal with reputation and the souring of love. Some rituals affect competition, uncover flaws, weaken others, improve your discipline or make somebody else burn out. Where you feel stuck, you can find release, and there are ways to create more abundance or make somebody else lose what they have. Rituals can create obsessive thoughts in others and make people see the best in you or the worst in another. They can help you seduce or cause somebody to be sexually disgusted by another person. Financial magick works to increase what you have and can make people appreciate your work or make others lose what money they

have. There's great potential if you use your imagination. The magick can be subtle and delicate or life-changing and devastating, according to your wish. Most of the rituals can be modified and are directed at clear, practical results. The Jinn are neither angels or demons, but fire spirits, and they execute your magickal wishes with immense power. The magick may only work half the time, but when it does, it works with alarming intensity. The book is expensive, but that's because there's decades of research in here and these secrets should not be given to those who don't value them. Pay a fair price, do the work well, and you will get what you want.

Menagerie - Rachel Vincent 2016-10-01

From New York Times bestselling author Rachel Vincent comes a richly imagined, provocative new series set in the dark mythology of the Menagerie... When Delilah Marlow visits a famous traveling carnival, Metzger's Menagerie, she is an ordinary woman in a not-quite-ordinary world. But under the macabre circus big-top, she discovers a fierce, sharp-clawed creature lurking just beneath her human veneer. Captured and put on exhibition, Delilah is stripped of her worldly possessions, including her own name, as she's forced to "perform" in town after town. But there is breathtaking beauty behind the seamy and grotesque reality of the carnival. Gallagher, her handler, is as kind as he is cryptic and strong. The other "attractions"—mermaids, minotaurs, griffins and kelpies—are strange, yes, but they share a bond forged by the brutal realities of captivity. And as Delilah struggles for her freedom, and for her fellow menagerie, she'll discover a strength and a purpose she never knew existed. Renowned author Rachel Vincent weaves an intoxicating blend of carnival magic and startling humanity in this intricately woven and powerful tale

Lilith: The Power of the Woman's Spirit in the Age of Aquarius - Ed Russo 2014-08-07

Embrace the darkness for there you will find the light. We all have been told in this patriarchal system that to look for salvation is to look upward and outward to a god or gods to worship. We are not here to worship, but to look inside ourselves and embrace who we are and grow to our full potential. Inanna is the archetypal Goddess of love and war. Her descent into the Underworld is a reflection of our journey of going inward to face our true nature. When we fight this, we then are at war with nature. Lilith is Inanna's handmaiden as we ourselves can also become partners with Inanna. Realizing who we are we then embrace the balance with the female archetype with the male archetype which will bring us wholeness as women become stronger and men and women come to love themselves. This new perspective is what is taken place as we enter into the Age of Aquarius.

The Black Prism - Brent Weeks 2010-08-25

When the two of them have a chance encounter

outside the Edinburgh Anatomist's Society, Hazel

thinks nothing of it at first. But after she gets kicked

out of renowned surgeon Dr. Beecham's lectures for

being the wrong gender, she realizes that her new

acquaintance might be more helpful than she first

thought. Because Hazel has made a deal with Dr.

Beecham: if she can pass the medical examination

on her own, Beecham will allow her to continue

her medical career. Without official lessons, though,

Hazel will need more than just her books—she'll

need corpses to study. Lucky that she's made the

acquaintance of someone who digs them up for a

living. But Jack has his own problems: strange men

have been seen skulking around cemeteries, his

friends are disappearing off the streets, and the

dreaded Roman Fever, which wiped out thousands

a few years ago, is back with a vengeance. Nobody

important cares—until Hazel. Now, Hazel and Jack must work together to uncover the secrets buried not just in unmarked graves, but in the very heart of Edinburgh society.
