Going Till You're Gone - Gary Miller 2012-09-01

Going Till You're Gone encourages Christians to develop and maintain a Kingdom-focused vision that will guide the latter years of their lives. It calls for a careful examination of the use of our resources. It appeals to older soldiers to encourage younger believers in the battle and to passionately help lead the charge. It helps readers imagine what is possible when a life is sold out for Christ. Most of all, Going Till You're Gone is a plea for godly examples—for older men and women who demonstrate a Kingdom-focused vision all the way to the finish line.

The Poetry of Zen - 2007-02-13

A Zen poem is nothing other than an expression of the enlightened mind, a handful of simple words that disappear beneath the moment of insight to which it bears witness. Poetry has been an essential aid to Zen Buddhist practice from the dawn of Zen—and Zen has also had a profound influence on the secular poetry of the countries in which it has flourished. Here, two of America's most renowned poets and translators provide an overview of Zen poetry from China and Japan in all its rich variety, from the earliest days to the twentieth century. Included are works by Lao Tzu, Han Shan, Li Po, Dogen Kigen, Saigyō, Bashō, Chiao Jan, Yuan Mei, Ryōkan, and many others. Hamill and Seaton provide illuminating introductions to the Chinese and Japanese sections that set the poets and their work in historical and philosophical context. Short biographies of the poets are also included.

**Heat and Mass Transfer** - Hans Dieter Baehr 2006-08-02

This book provides a solid foundation in the principles of heat and mass transfer and shows how to solve problems by applying modern methods. The basic theory is developed systematically, exploring in detail the solution methods to all important problems. The revised second edition incorporates state-of-the-art findings on heat and mass transfer correlations. The book will be useful not only to upper- and graduate-level students, but also to practicing scientists and engineers. Many worked-out examples and numerous exercises with their solutions will facilitate learning and understanding, and an appendix includes data on key properties of important substances.

**Barr-Hasp** - Barr Systems, Inc. Staff 1988-10

**Combustion and Flames** - Roland Borghi 1998

Professionals working in the field of combustion may well find many points of interest, highlighted by the book's logical and global approach to phenomena, which considers mechanical, thermal and chemical aspects simultaneously. The book prioritises an understanding of the physical and chemical aspects of the phenomena, and lays particular emphasis on experimental analyses and modern numerical simulations, and on the way in which these phenomena are translated into equations. Contents: Introduction: Discovering combustion and flames. 1. Combustion thermodynamics. 2. Chemical kinetics applied to combustion. 3. Mass and energy transport by convection and diffusion. 4. Self-ignitions in closed systems. 5. Laminar flames and deflagrations. 6. Turbulent flames and deflagrations. 7. Detonation and supersonic combustion. 8. Flame ignition. 9. Combustion of liquids and sprays. 10. Pollutant emissions in combustion reactions. Index.

**MUTTS Shelter Stories** - Patrick McDonnell 2017-03-07

"This book is a credit to [Patrick McDonnell's] life's work and passion, and I know you will enjoy it and be moved by it." --Wayne Pacelle, President and CEO, The Humane Society of the United States "Patrick McDonnell's MUTTS is up there with Peanuts, Pogo, Krazy Kat, and Calvin and Hobbes--cartoons that are smart and funny, brilliantly drawn, and full of heart." --Matt Groening, The Simpsons creator "To me, MUTTS is exactly what a comic strip should be" --Charles Schulz, Peanuts creator MUTTS creator Patrick McDonnell pairs his heartwarming "Shelter Stories" strips with real-life, fan-submitted testimonials and photographs to provide an emotionally gratifying look into the lives of the millions of rescue animals adopted into loving homes each year. In this emotive collection, McDonnell spotlights stories of animal rescue submitted by fans across the nation. More than 70 full-color photographs of adopted pets-including cute and cuddly dogs, cats, bunnies, guinea pigs, birds, and ferrets-are featured alongside more than 100 of McDonnell's popular MUTTS "Shelter Stories" strips. Also included is an authoritative reference section with an Adoption Guide and resourceful links that encourage readers to, as McDonnell writes, "Adopt some love today."

**Vipers and Virtuosos** - Sav R. Miller 2021-12-12

Aiden From the second I saw her, I knew she'd be my ruin. Sitting all alone at the bar, she looked like an angel. Eurydice in human form; her beauty eclipsed by demons. Now, I'm one of them. The ghost she's tried for years to escape. Thinking I wouldn't be able to find her. But I never stopped trying, and now that I have, her past sins should be the least of her worries. Riley From the moment he saw me, I knew I'd ruin his life. Alone at the bar, I dared the monster to come and play. Orpheus in the flesh, with his sad songs and strange obsessions. I became one of them. The siren who calls to the darkest parts of him. Only, I disappeared before he could act on it. But now he's here, and he wants me to repent for my sins. \*\*\* \*Vipers and Virtuosos is a full-length, standalone dark rockstar romance inspired by the myth of Orpheus and Eurydice. It is NOT fantasy, historical, or a retelling. If you are not a dark romance reader, this book may not be suitable for you. Reader discretion is advised.

**Meat and Poultry Inspection Manual** - United States. Animal and Plant Health Inspection Service 1985

**Janey the Vet** - Janey Lowes 2020-03-19

'Janey is like a whirlwind of selflessness. A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'Janey'. With more positive spirits like Janey, the world would be a better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey

decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved.

**Radar Instruction Manual** - United States. Maritime Administration 2005

Since 1958 the Maritime Administration has continuously conducted instructions in use of collision avoidance radar for qualified U.S. seafaring personnel and representatives of interested Federal and State Agencies. Beginning in 1963, to facilitate the expansion of training capabilities and at the same time to provide the most modern techniques in training methods, radar simulators were installed in Maritime Administration's three region schools. It soon became apparent that to properly instruct the trainees, even with the advanced equipment, a standardize up-to-date instruction manual was needed. The first manual was later revised to serve both as a classroom textbook and as an onboard reference handbook. This newly updated manual, the fourth revision, in keeping with Maritime Administration policy, has been restructured to include improved and more effective methods of plotting techniques for use in Ocean, Great Lakes, Coastwise and Inland Waters navigation. Robert J. Blackwell Assistant Secretary for Maritime Affairs

**Student Solutions Manual with Study Guide** - John Jewett 2010-05-27

**Positive Lightning** - Laurie Salzler 2014-12-15

Kate Winter teaches dog owners how to train their canine companions. During her spare time, accompanied by her Lab, Dakota, she explores the woods and beaches on foot or horseback. She's worried that something's happening in her relationship, but she can't get her girlfriend Trish to talk to her about it. Faith Hutchins recently lost her sight after a terrible outdoor accident. She's dealt with her anger, depression, and blindness primarily on her own. A seeing-eye dog would help alleviate her reliance on anyone else, but the guide dog school has been unsuccessful in providing her with one. On a mission to find someone who will train a dog specifically for her, she ultimately zeroes in on Kate. They say lightning never strikes the same place twice. But positive lightning is notoriously unpredictable and can ignite a fire when and where least expected . . . no matter who's in its path."

**International Facility Management** - Kathy Roper 2013-11-26

This up-to-date compilation of topics on the maturity and changes occurring within facility management worldwide offers insights into the growth and development of FM and its impact on today's business organizations. International Facility Management presents a comprehensive and diverse collection of topics that provide current, cutting edge research in the evolving field of FM. The editors here offer a holistic approach to both the study and the practice of facility management, incorporating the perspective of scholars and practitioners from across the globe. Topics covered deal with the changes occurring in the

fieldtoday and include key research areas for both academics and practitioners. The focus is on actual practice of FM organizations- rather than on what FM should be - and the authors examine the latest techniques, models and case studies to provide a unique exploration of the new global world of facility management. Chapters here cover the changing spectrum of topics including sustainability and energy conservation, and workplace transitions for greater collaboration. The international scope and emphasis on maturity and professionalism of the field further sets this book apart from its competitors.

*The Fine Art of Cabinetmaking* - James Krenov 2007

With continual themes of perfection of technique and building to the limits of one's skill, this authoritative resource provides in-depth instruction for mastering the craft of cabinetmaking. A bevy of topics, including the proper way to sharpen and hone tools, hollow grinding methodology, and obtaining proper grinding angles, are detailed in this comprehensive cabinet-making sourcebook. Lessons devoted to using and understanding various woods, including common or exotic pieces, learning how to read grain, and the pros and cons in working with air-dried wood versus kiln-dried wood, will educate any level of woodworker. Chapters devoted to resawing as well as problems and concerns due to moisture content and wood movement are also included.

Institute of Oceanographic Sciences Deacon Laboratory - 1995

**A Cabinetmaker's Notebook** - James Krenov 2000

Cabinetmaking at the highest level is an art, a discipline, a philosophy--even a way of life--in addition to being a useful craft. In this book one of the greatest living cabinetmakers reflects on the deeper meanings of his craft and explains for less accomplished workers how the right attitudes toward materials, tools, and time can increase the joys of this complex activity. Craftspeople in every medium will be inspired by this account of getting started and developing habits that lessen the difficulties of a complex craft.

Psychology - John W. Santrock 2003

This title is available in a new edition Success is in the balance. In the Second Canadian Edition of Psychology, John Santrock and John Mitterer present the perfect balance of big ideas vs. supporting detail, breadth vs. depth, and research vs. application, all framed by a pedagogical system that effectively guides the student through the key concepts of psychology. New learning goals launch each chapter and serve as the organizing mechanism for the text and supporting materials, focusing students' attention on the big ideas of psychology. Rich applications and current research from Canada, the United States, and other

countries support the big ideas so that students emerge with an understanding of the key concepts, not a collection of details. Santrock and Mitterer provide both you and your students with the balance you need to succeed!

Slave Stealers - Timothy Ballard 2018

Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother's house for seven years before escaping north to freedom. She published an autobiography of her life, *Incidents in the Life of a Slave Girl*, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day "underground railroad" which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings--Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The "Conductor"; Abraham Lincoln--the "Great Emancipator"; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.

Kasher in the Rye - Moshe Kasher 2012-03-28

Rising young comedian Moshe Kasher is lucky to be alive. He started using drugs when he was just 12. At that point, he had already been in psychoanalysis for 8 years. By the time he was 15, he had been in and out of several mental institutions, drifting from therapy to rehab to arrest to...you get the picture. But KASHER IN THE RYE is not an "eye opener" to the horrors of addiction. It's a hilarious memoir about the absurdity of it all. When he was a young boy, Kasher's mother took him on a vacation to the West Coast. Well it was more like an abduction. Only not officially. She stole them away from their father and they moved to Oakland, California. That's where the real fun begins, in the war zone of Oakland Public Schools. He was more than just out of control--his mother walked him around on a leash, which he chewed through and ran away. Those early years read like part Augusten Burroughs, part David Sedaris, with a touch of Jim Carrol...but a lot more Jewish. In fact, Kasher later spends time in a Brooklyn Hasidic community. Then came addiction... Brutally honest and laugh-out-loud funny, Kasher's first literary endeavor finds humor in even the most horrifying situations.

**Advanced District Heating and Cooling (DHC) Systems** - Robin Wiltshire 2015-08-31

Advanced District Heating and Cooling (DHC) Systems presents the latest information on the topic, providing valuable information on the distribution of centrally generated heat or cold energy to buildings, usually in the form of space heating, cooling, and hot water. As DHC systems are more efficient and less polluting than individual domestic or commercial heating and cooling systems, the book provides an introduction to DHC, including its potential contribution to reducing carbon dioxide emissions, then reviews thermal energy generation for DHC, including fossil fuel-based technologies, those based on renewables, and surplus heat valorization. Final sections address methods to improve the efficiency of DHC. Gives a comprehensive overview of DHC systems and the technologies and energy resources utilized within these systems Analyzes the various methods used for harnessing energy to apply to DHC systems Ideal resource for those interested in district cooling, teleheating, heat networks, distributed heating, thermal energy, cogeneration, combined heat and power, and CHP Reviews the application of DHC systems in the field,

including both the business model side and the planning needed to implement these systems
