

White Privilege Essential Readings On The Other Side Of Racism

Thank you for downloading **White Privilege Essential Readings On The Other Side Of Racism** . As you may know, people have search hundreds times for their chosen books like this White Privilege Essential Readings On The Other Side Of Racism , but end up in harmful downloads.

Rather than reading a good book with a cup of coffee in the afternoon, instead they are facing with some harmful bugs inside their computer.

White Privilege Essential Readings On The Other Side Of Racism is available in our digital library an online access to it is set as public so you can get it instantly.

Our book servers hosts in multiple countries, allowing you to get the most less latency time to download any of our books like this one.

Merely said, the White Privilege Essential Readings On The Other Side Of Racism is universally compatible with any devices to read

White Privilege - Paula S. Rothenberg 2011-02-09

Described as vital, eye-opening, and powerful, *White Privilege*, Fourth Edition, remains essential reading for students and educators alike. Used in courses across disciplines and educational levels, this unique anthology expertly presents the significance and complexity of whiteness today and illuminates the nature of privilege and power in our society. Rothenberg's thoughtful four-part organization leads students through the ubiquity and corresponding invisibility of whiteness; the historical development of whiteness and its role in race relations throughout history; the real effects of privilege and its opposite, oppression; and finally, an exploration of how the system of privilege could be changed. The fourth edition continues to feature key articles and essays from such important scholars and writers as Peggy McIntosh, Richard Dyer, Beverly Tatum, bell hooks, Allan G. Johnson, and Tim Wise and includes new selections from Nell Irvin Painter, Robert Jensen, and Justin Podur. Book jacket.

White Fragility - Dr. Robin DiAngelo 2018-06-26

The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this “vital, necessary, and beautiful book” (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and “allows us to understand racism as a practice not restricted to ‘bad people’ (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

White Kids - Margaret A. Hagerman 2020-02-01

Winner, 2019 William J. Goode Book Award, given by the Family Section of the American Sociological Association Finalist, 2019 C. Wright Mills Award, given by the Society for the Study of Social Problems Riveting stories of how affluent, white children learn about race American kids are living in a world of ongoing public debates about race, daily displays of racial injustice, and for some, an increased awareness surrounding diversity and inclusion. In this heated context, sociologist Margaret A. Hagerman zeroes in on affluent, white kids to observe how they make sense of privilege, unequal educational opportunities, and police violence. In fascinating detail, Hagerman considers the role that they and their families play in the reproduction of racism and racial inequality in America. *White Kids*, based on two years of research involving in-depth interviews with white kids and their families, is a clear-eyed and sometimes shocking account of how white kids learn about race. In doing so, this book explores questions such as, “How do white kids learn about race when they grow up in families that do not talk

openly about race or acknowledge its impact?” and “What about children growing up in families with parents who consider themselves to be ‘anti-racist’?” Featuring the actual voices of young, affluent white kids and what they think about race, racism, inequality, and privilege, *White Kids* illuminates how white racial socialization is much more dynamic, complex, and varied than previously recognized. It is a process that stretches beyond white parents’ explicit conversations with their white children and includes not only the choices parents make about neighborhoods, schools, peer groups, extracurricular activities, and media, but also the choices made by the kids themselves. By interviewing kids who are growing up in different racial contexts—from racially segregated to meaningfully integrated and from politically progressive to conservative—this important book documents key differences in the outcomes of white racial socialization across families. And by observing families in their everyday lives, this book explores the extent to which white families, even those with anti-racist intentions, reproduce and reinforce the forms of inequality they say they reject.

[What's Up with White Women?](#) - Ilsa Govan 2021-10-19

As a white woman, ask yourself: are you upholding or fighting racism? *What's Up with White Women?* is a practical guide for white women who are interested in becoming more effective in their cross-cultural, anti-racist practices. Blending real-life stories, theory, and anti-racism practices from decades of on-the-ground work, the authors invite white women to understand their gendered role in systemic racism and their unique opportunity for action. Both frank and compassionate, coverage includes: Stories of white women's experiences with sexism, racism, and white privilege How white women harm BIPOC and ourselves by colluding with systems of oppression Why and how white women often hijack race conversations A powerful six-stage identity development model for self-reflection and growth Guiding questions and practical actions for strengthening anti-racism practices Tools to cultivate genuine partnerships with BIPOC individuals and groups. White women are positioned in a power hierarchy between white men and BIPOC. It is time for white women to step up and undertake deep reflection on their role in systemic racism and take concrete actions that support equity and justice for all people. AWARDS SILVER | 2022 IPPY Awards - Current Events II (Social Issues/Humanitarian)

White Privilege - Paula S. Rothenberg 2015-05-21

Vital, eye-opening, and powerful, this unique anthology expertly presents the significance and complexity of whiteness today and illuminates the nature of privilege and power in our society. *White Privilege* leads students through the ubiquity and corresponding invisibility of whiteness; the historical development of whiteness and its role in race relations over time; the real everyday effects of privilege and its opposite, oppression; and finally, how our system of privilege can be changed. The thoroughly updated fifth edition explores: color-blind racism virtual probation socioeconomic privilege versus. racial privilege racial profiling, how immigration and questions of

citizenship are historically tied to understandings of race the racial positioning of groups that are neither white nor black the commonalities and diverse experiences of people of color, "flying while brown" the politics of respectability in the age of Obama, and more.

Essential Readings in Social Problems - Yawo Bessa 2021-07-26

Essential Readings in Social Problems provides students with a collection of engaging and thought-provoking articles that deepen their understanding of the topics and themes discussed within courses that address social issues. The anthology is organized into six distinct units. The opening unit introduces readers to the concept of the sociological imagination, which allows individuals to make connections between social structures and individual conditions to formulate social theories. In Unit 2, the readings examine the destructive nature of inequality, causes of poverty, issues related to gender inequality, and more. Unit 3 focuses on the concept of deviance and how it applies to sexuality and crime. Units 4 and 5 explore the relationship between race, ethnicity, white privilege, and social problems, and the intersection of human health and environmental problems. Dedicated readings address the social construction of race, biodiversity, and more. Unit 6, the final unit, offers readers a variety of proposed solutions for social problems with emphasis on social movements to combat economic inequality, increasing authoritarianism, and ecological crises. Designed to stimulate critical thought, Essential Readings in Social Problems is an ideal supplementary text for courses in sociology and any other course that explores social challenges.

Why I'm No Longer Talking to White People About Race - Reni Eddo-Lodge 2020-11-12

'Every voice raised against racism chips away at its power. We can't afford to stay silent. This book is an attempt to speak' The book that sparked a national conversation. Exploring everything from eradicated black history to the inextricable link between class and race, Why I'm No Longer Talking to White People About Race is the essential handbook for anyone who wants to understand race relations in Britain today. THE NO.1 SUNDAY TIMES BESTSELLER WINNER OF THE BRITISH BOOK AWARDS NON-FICTION NARRATIVE BOOK OF THE YEAR 2018 FOYLES NON-FICTION BOOK OF THE YEAR BLACKWELL'S NON-FICTION BOOK OF THE YEAR WINNER OF THE JHALAK PRIZE LONGLISTED FOR THE BAILLIE GIFFORD PRIZE FOR NON-FICTION LONGLISTED FOR THE ORWELL PRIZE SHORTLISTED FOR A BOOKS ARE MY BAG READERS AWARD

White Privilege Unmasked - Judy Ryde 2019

This book explores how white people view cultural differences through a prism of privilege, and how this can impact personal and professional interactions. The book looks at the history of white privilege, the divisive effects it has on the world, and how organisations and individuals can practically respond to racism and white privilege.

Dig - A.S. King 2020-06-30

Winner of the Michael L. Printz Medal ★"King's narrative concerns are racism, patriarchy, colonialism, white privilege, and the ingrained systems that perpetuate them. . . . [Dig] will speak profoundly to a generation of young people who are waking up to the societal sins of the past and working toward a more equitable future."—Horn Book, starred review "I've never understood white people who can't admit they're white. I mean, white isn't just a color. And maybe that's the problem for them. White is a passport. It's a ticket." Five estranged cousins are lost in a maze of their family's tangled secrets. Their grandparents, former potato farmers Gottfried and Marla Hemmings, managed to trade digging spuds for developing subdivisions and now they sit atop a million-dollar bank account—wealth they've refused to pass on to their adult children or their five teenage grandchildren. "Because we want them to thrive," Marla always says. But for the Hemmings cousins, "thriving" feels a lot like slowly dying of a poison they started taking the moment they were born. As the rot beneath the surface of the Hemmings' white suburban respectability destroys the family from within, the cousins find their ways back to one another, just in time to uncover the terrible cost of maintaining the family name. With her inimitable surrealism,

award winner A.S. King exposes how a toxic culture of polite white supremacy tears a family apart and how one determined generation can dig its way out.

Revealing Whiteness - Shannon Sullivan 2006-03-28

"[A] lucid discussion of race that does not sell out the black experience." -- Tommy Lott, author of *The Invention of Race* *Revealing Whiteness* explores how white privilege operates as an unseen, invisible, and unquestioned norm in society today. In this personal and self-searching book, Shannon Sullivan interrogates her own whiteness and how being white has affected her. By looking closely at the subtleties of white domination, she issues a call for other white people to own up to their unspoken privilege and confront environments that condone or perpetuate it. Sullivan's theorizing about race and privilege draws on American pragmatism, psychology, race theory, and feminist thought. As it articulates a way to live beyond the barriers that white privilege has created, this book offers readers a clear and honest confrontation with a trenchant and vexing concern.

White Like Me - Tim Wise 2010-10-29

Flipping John Howard Griffin's classic *Black Like Me*, and extending Noel Ignatiev's *How The Irish Became White* into the present-day, Wise explores the meanings and consequences of whiteness, and discusses the ways in which racial privilege can harm not just people of color, but also whites. Using stories instead of stale statistics, Wise weaves a narrative that is at once readable and yet scholarly; analytical and yet accessible.

Privilege - Michael S. Kimmel 2013-07-30

Privilege is about more than being white, wealthy, and male—as Michael Kimmel, Abby Ferber, and a wide range of contributors make clear in this innovative and timely anthology. In an era when “diversity” is too often shorthand for “of color” and/or “female,” the personal and analytical essays in this collection explore the multifaceted nature of social location and consider how gender, class, race, sexual orientation, (dis)ability and religion interact to create nuanced layers of privilege and oppression. The individual essays are powerfully thought-provoking; taken together, they help guide students to a deep understanding of the dynamics of diversity and stratification, advantage and power. The third edition features ten new or newly-recast essays which will help students understand the intersectional nature of privilege and oppression. Enhanced pedagogy (including new discussion questions and “personal connections” activities at the conclusion of each section) encourages students to examine their own assumptions, beliefs, values, practices, and social locations—without becoming overwhelmed.

The Perils of "Privilege" - Phoebe Maltz Bovy 2017-03-14

Top 50 Notable Works of Nonfiction in 2017—The Washington Post “Privilege”—the word, the idea, the accusation that is nearly impossible to disprove—is the new rhetorical power play. From social media to academia, public speech to casual conversation, the word is utilized to brand people of all kinds with a term once reserved exclusively for those who came from wealth and old money—inherited advantage. Today “privileged” applies to anyone who enjoys an unearned advantage in life, inherited or not. White privilege, male privilege, straight privilege—those conditions make everyday life easier, less stressful, more lucrative, and generally better for those who hold one, two, or all three designations. But what about white female privilege in the context of feminism? Or fixed gender privilege in the context of transgender? Or weight and height privilege in the context of hiring practices and salary levels? Or food privilege in the context of widening inequality for single-parent families? In *The Perils of “Privilege,”* Phoebe Maltz Bovy examines the rise of this word into extraordinary potency. Does calling out privilege help to change or soften it? Or simply reinforce it by dividing people against themselves? And is privilege a concept that, in fact, only privileged people are debating? *The Perils of “Privilege”* explores how this word is deployed, and offers ways to begin anew so many of the conversations it has silenced.

White Privilege - Paula S. Rothenberg 2004-06-25

Studies of racism often focus on its devastating effects on the victims of prejudice. But no discussion of race is

complete without exploring the other side--the ways in which some people or groups actually benefit, deliberately or inadvertently, from racial bias. *White Privilege*, Second Edition, the revision to the ground-breaking anthology from Paula Rothenberg, continues her efforts from the first edition. Two new essays contribute to the discussion of the nature and history of white power. The concluding section again challenges readers to explore ideas for using the power and the concept of white privilege to help combat racism in their own lives. Brief, inexpensive, and easily integrated with other texts, this interdisciplinary collection of commonsense, non-rhetorical readings lets educators incorporate discussions of whiteness and white privilege into a variety of disciplines, including sociology, English composition, psychology, social work, women's studies, political science, and American studies.

Dying of Whiteness - Jonathan M. Metzl 2019-03-05

A physician reveals how right-wing backlash policies have mortal consequences -- even for the white voters they promise to help. Named one of the most anticipated books of 2019 by *Esquire* and the *Boston Globe*. In the era of Donald Trump, many lower- and middle-class white Americans are drawn to politicians who pledge to make their lives great again. But as *Dying of Whiteness* shows, the policies that result actually place white Americans at ever-greater risk of sickness and death. Physician Jonathan M. Metzl's quest to understand the health implications of "backlash governance" leads him across America's heartland. Interviewing a range of everyday Americans, he examines how racial resentment has fueled pro-gun laws in Missouri, resistance to the Affordable Care Act in Tennessee, and cuts to schools and social services in Kansas. And he shows these policies' costs: increasing deaths by gun suicide, falling life expectancies, and rising dropout rates. White Americans, Metzl argues, must reject the racial hierarchies that promise to aid them but in fact lead our nation to demise.

What Does it Mean to be White? - Robin J. DiAngelo 2012

What does it mean to be white in a society that proclaims race meaningless yet is deeply divided by race? In the face of pervasive racial inequality and segregation, most whites cannot answer that question. Robin DiAngelo argues that a number of factors make this question difficult for whites: miseducation about what racism is; ideologies such as individualism and colorblindness; defensiveness; and a need to protect (rather than expand) our worldviews. These factors contribute to what she terms white racial illiteracy. Speaking as a white person to other white people, Dr. DiAngelo clearly and compellingly takes readers through an analysis of white socialization. She describes how race shapes the lives of white people, explains what makes racism so hard for whites to see, identifies common white racial patterns, and speaks back to popular white narratives that work to deny racism. Written as an accessible introduction to white identity from an anti-racist framework, *What Does It Mean To Be White?* is an invaluable resource for members of diversity and anti-racism programs and study groups and students of sociology, psychology, education, and other disciplines.

White Out - Christopher S. Collins 2017

White Out: Understanding White Privilege and Dominance in the Modern Age is about the role of Whiteness and a defense of White dominance in an increasingly diverse society.

Whiteucation - Jeffrey S. Brooks 2018-12-17

This important volume explores how racism operates in schools and society, while also unpacking larger patterns of racist ideology and white privilege as it manifests across various levels of schooling. A diverse set of contributors analyze particular contexts of white privilege, providing key research findings, connections to policy, and exemplars of schools and universities that are overcoming these challenges. *Whiteucation* provides a multi-level and holistic perspective on how inequitable power dynamics and prejudice exist in schools, ultimately encouraging reflection, dialogue, and inquiry in spaces where white privilege needs to be questioned, interrogated, and dismantled.

America's Original Sin - Jim Wallis 2016-01-12

America's problem with race has deep roots, with the country's foundation tied to the near extermination of one race of people and the enslavement of another. Racism is truly our nation's original sin. "It's time we right this unacceptable wrong," says bestselling author and leading Christian activist Jim Wallis. Fifty years ago, Wallis was driven away from his faith by a white church that considered dealing with racism to be taboo. His participation in the civil rights movement brought him back when he discovered a faith that commands racial justice. Yet as recent tragedies confirm, we continue to suffer from the legacy of racism. The old patterns of white privilege are colliding with the changing demographics of a diverse nation. The church has been slow to respond, and Sunday morning is still the most segregated hour of the week. In *America's Original Sin*, Wallis offers a prophetic and deeply personal call to action in overcoming the racism so ingrained in American society. He speaks candidly to Christians--particularly white Christians--urging them to cross a new bridge toward racial justice and healing. Whenever divided cultures and gridlocked power structures fail to end systemic sin, faith communities can help lead the way to grassroots change. Probing yet positive, biblically rooted yet highly practical, this book shows people of faith how they can work together to overcome the embedded racism in America, galvanizing a movement to cross the bridge to a multiracial church and a new America.

So You Want to Talk About Race - Ijeoma Oluo 2019-09-24

In this *New York Times* bestseller, Ijeoma Oluo offers a hard-hitting but user-friendly examination of race in America. Widespread reporting on aspects of white supremacy -- from police brutality to the mass incarceration of Black Americans -- has put a media spotlight on racism in our society. Still, it is a difficult subject to talk about. How do you tell your roommate her jokes are racist? Why did your sister-in-law take umbrage when you asked to touch her hair -- and how do you make it right? How do you explain white privilege to your white, privileged friend? In *So You Want to Talk About Race*, Ijeoma Oluo guides readers of all races through subjects ranging from intersectionality and affirmative action to "model minorities" in an attempt to make the seemingly impossible possible: honest conversations about race and racism, and how they infect almost every aspect of American life. "Oluo gives us -- both white people and people of color -- that language to engage in clear, constructive, and confident dialogue with each other about how to deal with racial prejudices and biases." -- *National Book Review* "Generous and empathetic, yet usefully blunt . . . it's for anyone who wants to be smarter and more empathetic about matters of race and engage in more productive anti-racist action." -- *Salon (Required Reading)*

White privilege - Bhopal, Kalwant 2018-04-06

Why and how do those from black and minority ethnic communities continue to be marginalised? Despite claims that we now live in a post-racial society, race continues to disadvantage those from black and minority ethnic backgrounds. Kalwant Bhopal explores how neoliberal policy making has increased rather than decreased discrimination faced by those from non-white backgrounds. She also shows how certain types of whiteness are not privileged; Gypsies and Travellers, for example, remain marginalised and disadvantaged in society. Drawing on topical debates and supported by empirical data, this important book examines the impact of race on wider issues of inequality and difference in society.

Privileged Spectatorship - Dani Snyder-Young 2020-10-15

Many professional theater artists attempt to use live performances in formal theater spaces to disrupt racism and create a more equitable society. *Privileged Spectatorship: Theatrical Interventions in White Supremacy* examines the impact of such projects, looking at how and why they do and do not intervene in white supremacy. In this incisive study, Dani Snyder-Young examines audience responses to a range of theatrical events that focus on race-related conflict or racial identity in the contemporary United States. The audiences for these performances, produced at mainstream not-for-profit professional theaters in major American cities in 2013–18, reflect dominant patterns of theater attendance: the majority of spectators are older, affluent, white, and describe themselves as

politically progressive. Snyder-Young studies the ways these audience members consume the stories of racialized others and analyzes how different artistic, organizational, and programmatic strategies can (or cannot) mitigate white privilege. This book is essential reading for scholars and students of theater, performance studies, and critical ethnic studies and for theater practitioners interested in equity and inclusion.

Witnessing Whiteness - Shelly Tochluk 2010-01-16

Witnessing Whiteness invites readers to consider what it means to be white, describes and critiques strategies used to avoid race issues, and identifies the detrimental effect of avoiding race on cross-race collaborations. The author illustrates how racial discomfort leads white people toward poor relationships with people of color. Questioning the implications our history has for personal lives and social institutions, the book considers political, economic, socio-cultural, and legal histories that shaped the meanings associated with whiteness. Drawing on dialogue with well-known figures within education, race, and multicultural work, the book offers intimate, personal stories of cross-race friendships that address both how a deep understanding of whiteness supports cross-race collaboration and the long-term nature of the work of excising racism from the deep psyche. Concluding chapters offer practical information on building knowledge, skills, capacities, and communities that support anti-racism practices, a hopeful look at our collective future, and a discussion of how to create a culture of witnesses who support allies for social and racial justice. For book discussion groups and workshop plans, please visit www.witnessingwhiteness.com.

“I Don’t See Color” - Bettina Bergo 2015-06-18

Who is white, and why should we care? There was a time when the immigrants of New York City’s Lower East Side—the Irish, the Poles, the Italians, the Russian Jews—were not white, but now “they” are. There was a time when the French-speaking working classes of Quebec were told to “speak white,” that is, to speak English.

Whiteness is an allegorical category before it is demographic. This volume gathers together some of the most influential scholars of privilege and marginalization in philosophy, sociology, economics, psychology, literature, and history to examine the idea of whiteness. Drawing from their diverse racial backgrounds and national origins, these scholars weave their theoretical insights into essays critically informed by personal narrative. This approach, known as “braided narrative,” animates the work of award-winning author Eula Biss. Moved by Biss’s fresh and incisive analysis, the editors have assembled some of the most creative voices in this dialogue, coming together across the disciplines. Along with the editors, the contributors are Eduardo Bonilla-Silva, Nyla R. Branscombe, Drucilla Cornell, Lewis R. Gordon, Paget Henry, Ernest-Marie Mbonda, Peggy McIntosh, Mark Morris, Marilyn Nissim-Sabat, Victor Ray, Lilia Moritz Schwarcz, Louise Seamster, Tracie L. Stewart, George Yancy, and Heidi A. Zetzer.

Feeling White - Cheryl E. Matias 2016-03-22

Discussing race and racism often conjures up emotions of guilt, shame, anger, defensiveness, denial, sadness, dissonance, and discomfort. Instead of suppressing those feelings, coined emotionalities of whiteness, they are, nonetheless, important to identify, understand, and deconstruct if one ever hopes to fully commit to racial equity. *Feeling White: Whiteness, Emotionality, and Education* delves deeper into these white emotionalities and other latent ones by providing theoretical and psychoanalytic analyses to determine where these emotions stem, how they operate, and how they perpetuate racial inequities in education and society. The author beautifully weaves in creative writing with theoretical work to artistically illustrate how these emotions operate while also engaging the reader in an emotional experience in and of itself, claiming one must feel to understand. This book does not rehash former race concepts; rather, it applies them in novel ways that get at the heart of humanity, thus revealing how feeling white ultimately impacts race relations. Without a proper investigation on these underlying emotions, that can both stifle or enhance one’s commitment to racial justice in education and society, the field of education denies itself a proper emotional preparation so needed to engage in prolonged educative projects of racial and social justice.

By digging deep to what impacts humanity most—our hearts—this book dares to expose one’s daily experiences with race, thus individually challenging us all to self-investigate our own racialized emotionalities. “Drawing on her deep wisdom about how race works, Cheryl Matias directly interrogates the emotional arsenal White people use as shields from the pain of confronting racism, peeling back its layers to unearth a core of love that can open us up. In *Feeling White: Whiteness, Emotionality, and Education*, Matias deftly names and deconstructs distancing emotions, prodding us to stay in the conversation in order to become teachers who can reach children marginalized by racism.” – Christine Sleeter, Ph.D., Professor Emeritus, California State University, Monterey Bay “In *Feeling White*, Cheryl E. Matias blends astute observations, analyses and insights about the emotions embedded in white identity and their impact on the racialized politics of affect in teacher education. Drawing deftly on her own classroom experiences as well as her mastery of the methodologies and theories of critical whiteness studies, Matias challenges us to develop what Dr. King called ‘the strength to love’ by confronting and conquering the affective structures that promote white innocence and preclude white accountability.” – George Lipsitz, Ph.D., Professor, University of California, Santa Barbara, and author of *The Possessive Investment in Whiteness* Cheryl E. Matias, Ph.D., is an assistant professor in the School of Education and Human Development at the University of Colorado Denver. She is a motherscholar of three children, including boy-girl twins."

Good White People - Shannon Sullivan 2014-05-15

Argues for the necessity of a new ethos for middle-class white anti-racism. Building on her book *Revealing Whiteness*, Shannon Sullivan identifies a constellation of attitudes common among well-meaning white liberals that she sums up as ☐ white middle-class goodness,☐ an orientation she critiques for being more concerned with establishing anti-racist bona fides than with confronting systematic racism and privilege. Sullivan untangles the complex relationships between class and race in contemporary white identity and outlines four ways this orientation is expressed, each serving to establish one’s lack of racism: the denigration of lower-class white people as responsible for ongoing white racism, the demonization of antebellum slaveholders, an emphasis on colorblindness☐ especially in the context of white childrearing☐ and the cultivation of attitudes of white guilt, shame, and betrayal. To move beyond these distancing strategies, Sullivan argues, white people need a new ethos that acknowledges and transforms their whiteness in the pursuit of racial justice rather than seeking a self-righteous distance from it.

Race, Class, and Gender in the United States - Paula S. Rothenberg 2016-04-01

This best-selling anthology expertly explores concepts of identity, diversity and inequality as it introduces students to race, class, gender, and sexuality in the United States. The thoroughly updated 10th edition features 38 new readings. New material explores citizenship and immigration, mass incarceration, sex crimes on campus, transgender identity, the school to prison pipeline, food insecurity, the Black Lives Matter movement, the pathology of poverty, socioeconomic privilege vs. racial privilege, pollution on tribal lands, stereotype threat, gentrification and more. The combination of thoughtfully selected readings, deftly written introductions, and careful organization make *Race, Class, and Gender*, 10th edition the most engaging and balanced presentation of these issues available today.

Race Cars - Jenny Devenny 2021-05-04

Race Cars is a picture book that serves as a springboard for parents and educators to discuss race, privilege, and oppression with their kids.

Dismantling Global White Privilege - Chandran Nair 2022-01-04

White privilege damages and distorts societies around the world, not just in the United States. This book exposes its pervasive global reach and creates a new space for discourse on worldwide racial equality. As Chandran Nair shows in this uncompromising new book, a belief in the innate superiority of White people and Western culture,

once the driving force behind imperialism, is now woven into the very fabric of globalization. It is so insidious that, as Nair points out, even many non-White people have internalized it, judging themselves by an alien standard. It has no rival in terms of longevity, global reach, harm done, and continuing subversion of other cultures and societies. Nair takes a comprehensive look at the destructive influence of global White privilege. He examines its impact on geopolitics, the reframing of world history, and international business practices. In the soft-power spheres of White privilege—entertainment, the news media, sports, and fashion—he offers example after example of how White cultural products remain the aspirational standard. Even environmentalism has been corrupted, dominated by a White savior mentality whereby technologies and practices built in the West will save the supposedly underdeveloped, poorly governed, and polluted non-Western world. For all these areas, Nair gives specific suggestions for breaking the power of White privilege. It must be dismantled—not just because it is an injustice but also because we will be creating a post-Western world that has less conflict, is more united, and is better able to respond to the existential challenges facing all of us.

Me and White Supremacy - Layla Saad 2020-01-28

The New York Times and USA Today bestseller! This eye-opening book challenges you to do the essential work of unpacking your biases, and helps white people take action and dismantle the privilege within themselves so that you can stop (often unconsciously) inflicting damage on people of color, and in turn, help other white people do better, too. "Layla Saad is one of the most important and valuable teachers we have right now on the subject of white supremacy and racial injustice."—New York Times bestselling author Elizabeth Gilbert Based on the viral Instagram challenge that captivated participants worldwide, *Me and White Supremacy* takes readers on a 28-day journey, complete with journal prompts, to do the necessary and vital work that can ultimately lead to improving race relations. Updated and expanded from the original workbook (downloaded by nearly 100,000 people), this critical text helps you take the work deeper by adding more historical and cultural contexts, sharing moving stories and anecdotes, and including expanded definitions, examples, and further resources, giving you the language to understand racism, and to dismantle your own biases, whether you are using the book on your own, with a book club, or looking to start family activism in your own home. This book will walk you step-by-step through the work of examining: Examining your own white privilege What allyship really means Anti-blackness, racial stereotypes, and cultural appropriation Changing the way that you view and respond to race How to continue the work to create social change Awareness leads to action, and action leads to change. For readers of *White Fragility*, *White Rage*, *So You Want To Talk About Race*, *The New Jim Crow*, *How to Be an Anti-Racist* and more who are ready to closely examine their own beliefs and biases and do the work it will take to create social change. "Layla Saad moves her readers from their heads into their hearts, and ultimately, into their practice. We won't end white supremacy through an intellectual understanding alone; we must put that understanding into action."—Robin DiAngelo, author of New York Times bestseller *White Fragility*

Think Like a White Man - Dr Boulé Whytelaw III 2019-05-16

'This book rewarded me with dark, dry chuckles on every page' Reni Eddo-Lodge 'Hilarious . . . This original approach to discussing race is funny, intellectual and timely' Independent 'The work of a true mastermind' Benjamin Zephaniah I learned early on that, for me as a black professional, to rise through the ranks and really attain power, I needed to adopt the most ruthless of mindsets possible: the mindset of the White Man who would tear your cheek from your face before he even considered turning his one first.

Understanding and Dismantling Racism - Joseph R. Barndt 2007

More than 15 years have passed since Joe Barndt wrote his influential and widely acclaimed *Dismantling Racism* (1991, Augsburg Books). He has now written a replacement volume ☑ powerful, personal, and practical ☑ that reframes the whole issue for the new context of the twenty-first century. With great clarity Barndt traces the

history of racism, especially in white America, revealing its various personal, institutional, and cultural forms. Without demonizing anyone or any race, he offers specific, positive ways in which people in all walks, including churches, can work to bring racism to an end. He includes the newest data on continuing conditions of People of Color, including their progress relative to the minimal standards of equality in housing, income and wealth, education, and health. He discusses current dimensions of race as they appear in controversies over 9/11, New Orleans, and undocumented workers. Includes analytical charts, definitions, bibliography, and exercises for readers.

White Privilege - M. T. Blakemore 2017-09

Why Are All the Black Kids Sitting Together in the Cafeteria? - Beverly Daniel Tatum 2017-09-05

The classic, bestselling book on the psychology of racism -- now fully revised and updated Walk into any racially mixed high school and you will see Black, White, and Latino youth clustered in their own groups. Is this self-segregation a problem to address or a coping strategy? Beverly Daniel Tatum, a renowned authority on the psychology of racism, argues that straight talk about our racial identities is essential if we are serious about enabling communication across racial and ethnic divides. These topics have only become more urgent as the national conversation about race is increasingly acrimonious. This fully revised edition is essential reading for anyone seeking to understand the dynamics of race in America.

Long Time Coming - Michael Eric Dyson 2020-12-01

AN INSTANT NATIONAL BESTSELLER This edition includes illustrations by Everett Dyson From the New York Times bestselling author of *Tears We Cannot Stop*, a passionate call to America to finally reckon with race and start the journey to redemption. "Powerfully illuminating, heart-wrenching, and enlightening." -Ibram X. Kendi, bestselling author of *How to Be an Antiracist* "Crushingly powerful, *Long Time Coming* is an unfiltered Marlboro of black pain." -Isabel Wilkerson, bestselling author of *Caste* "Formidable, compelling...has much to offer on our nation's crucial need for racial reckoning and the way forward." -Bryan Stevenson, author of *Just Mercy* The night of May 25, 2020 changed America. George Floyd, a 46-year-old Black man, was killed during an arrest in Minneapolis when a white cop suffocated him. The video of that night's events went viral, sparking the largest protests in the nation's history and the sort of social unrest we have not seen since the sixties. While Floyd's death was certainly the catalyst, (heightened by the fact that it occurred during a pandemic whose victims were disproportionately of color) it was in truth the fuse that lit an ever-filling powder keg. *Long Time Coming* grapples with the cultural and social forces that have shaped our nation in the brutal crucible of race. In five beautifully argued chapters—each addressed to a black martyr from Breonna Taylor to Rev. Clementa Pinckney—Dyson traces the genealogy of anti-blackness from the slave ship to the street corner where Floyd lost his life—and where America gained its will to confront the ugly truth of systemic racism. Ending with a poignant plea for hope, Dyson's exciting new book points the way to social redemption. *Long Time Coming* is a necessary guide to help America finally reckon with race.

A Kids Book about White Privilege - Ben Sand 2020-11-06

We've neglected the topic of white privilege for too long. This book directly addresses the myth that all children start from the same spot. White children growing up today can see their privilege and learn how to use it for good. And maybe-just maybe-learn how to give it up.

The Black Friend: On Being a Better White Person - Frederick Joseph 2023-01-03

"A hard-hitting resource for action and change." --Booklist (starred review) "We don't see color." "I didn't know Black people liked Star Wars!" "What hood are you from?" As a student in a largely white high school, Frederick Joseph often simply let wince-worthy moments go. When he grew older, he saw them as missed opportunities to stand up for himself and bring awareness to those who didn't see the hurt they caused. Here, Joseph speaks to the reader as he wishes he'd spoken to his friends, unpacking hurtful race-related anecdotes from his past and sharing how he might handle things differently now. Each chapter also features the voice and experience of an artist or activist, including Angie Thomas, author of *The Hate U Give*; April Reign, creator of #OscarsSoWhite; and Jemele Hill, sports journalist and podcast host. From cultural appropriation to power dynamics, "reverse racism" to white privilege, this book is a conversation starter, tool kit, and window into the life of a former "token Black kid." Back matter includes an encyclopedia of racism, including details on historical events and terminology.

Understanding White Privilege - Frances E. Kendall 2013

Understanding White Privilege delves into the complex interplay between race, power, and privilege in both organizations and private life.

Charleston Syllabus - Chad Williams 2016-05-01

On June 17, 2015, a white supremacist entered Emanuel AME Church in Charleston, South Carolina, and sat with some of its parishioners during a Wednesday night Bible study session. An hour later, he began expressing his hatred for African Americans, and soon after, he shot nine church members dead, the church's pastor and South Carolina state senator, Rev. Clementa C. Pinckney, among them. The ensuing manhunt for the shooter and investigation of his motives revealed his beliefs in white supremacy and reopened debates about racial conflict, southern identity, systemic racism, civil rights, and the African American church as an institution. In the aftermath of the massacre, Professors Chad Williams, Kidada Williams, and Keisha N. Blain sought a way to put the murder—and the subsequent debates about it in the media—in the context of America's tumultuous history of race relations and racial violence on a global scale. They created the Charleston Syllabus on June 19, starting it as a hashtag on Twitter linking to scholarly works on the myriad of issues related to the murder. The syllabus's popularity exploded and is already being used as a key resource in discussions of the event. Charleston Syllabus is a

reader—a collection of new essays and columns published in the wake of the massacre, along with selected excerpts from key existing scholarly books and general-interest articles. The collection draws from a variety of disciplines—history, sociology, urban studies, law, critical race theory—and includes a selected and annotated bibliography for further reading, drawing from such texts as the Confederate constitution, South Carolina's secession declaration, songs, poetry, slave narratives, and literacy texts. As timely as it is necessary, the book will be a valuable resource for understanding the roots of American systemic racism, white privilege, the uses and abuses of the Confederate flag and its ideals, the black church as a foundation for civil rights activity and state violence against such activity, and critical whiteness studies.

White Christian Privilege - Khyati Y. Joshi 2020-07-07

Exposes the invisible ways in which white Christian privilege disadvantages racial and religious minorities in America. The United States is recognized as the most religiously diverse country in the world, and yet its laws and customs, which many have come to see as normal features of American life, actually keep the Constitutional ideal of "religious freedom for all" from becoming a reality. Christian beliefs, norms, and practices infuse our society; they are embedded in our institutions, creating the structures and expectations that define the idea of "Americanness." Religious minorities still struggle for recognition and for the opportunity to be treated as fully and equally legitimate members of American society. From the courtroom to the classroom, their scriptures and practices are viewed with suspicion, and bias embedded in centuries of Supreme Court rulings create structural disadvantages that endure today. In *White Christian Privilege*, Khyati Y. Joshi traces Christianity's influence on the American experiment from before the founding of the Republic to the social movements of today. Mapping the way through centuries of slavery, westward expansion, immigration, and citizenship laws, she also reveals the ways Christian privilege in the United States has always been entangled with notions of White supremacy. Through the voices of Christians and religious minorities, Joshi explores how Christian privilege and White racial norms affect the lives of all Americans, often in subtle ways that society overlooks. By shining a light on the inequalities these privileges create, Joshi points the way forward, urging readers to help remake America as a diverse democracy with a commitment to true religious freedom.
