An Enemy of the People -

Henrik Ibsen 2014-06-26
The strongest man in the world is he who stands most alone. Dr Stockmann attempts to expose a water pollution scandal in his home town which is about to establish itself as a spa. When his brother conspires with local politicians and the newspaper to suppress the story, Stockmann appeals to a public meeting - only to be shouted down and reviled as 'an enemy of the people'. Ibsen's explosive play reveals his distrust of politicians and the blindly held beliefs of the masses. Christopher Hampton's version of Ibsen's classic was first staged at the National Theatre, London, in 1997. *The Monk Who Sold His Ferrari* - Robin S. Sharma 1996

To Sir, With Love - E. R. Braithwaite 2014-01-14

This schoolroom drama that inspired the classic Sidney Poitier film is "a microcosm

of the racial issues . . . A dramatic picture of discrimination" (Kirkus Reviews). With opportunities for black men limited in post-World War II London, Rick Braithwaite, a former Royal Air Force pilot and Cambridge-educated engineer, accepts a teaching position that puts him in charge of a class of angry, unmotivated, bigoted white teenagers whom the system has mostly abandoned. When his efforts to reach these troubled students are met with threats, suspicion, and derision, Braithwaite takes a radical new approach. He will treat his students as people poised to enter the adult world. He will teach them to respect themselves and to call him "Sir." He will open up vistas before them that they never knew existed. And over the course of a remarkable year, he will touch the lives of his students in extraordinary ways, even as they in turn, unexpectedly and

profoundly, touch his. Based on actual events in the author's life, *To Sir, With Love* is a powerfully moving story that celebrates courage, commitment, and vision, and is the inspiration for the classic film starring Sidney Poitier.

Mongolian Empire -
Dinobibi Publishing
2019-08-10

Most people believe the Mongolian Empire was a small tribe known for looting, robbing, and pillaging. The Mongols used to be little more than nomads prowling the harsh and often barren steppes of Mongolia, but this all changed when a great leader, Genghis Khan, took control. The Mongols were innovative and creative in everything they did beyond just warfare. They owed their successes to their

military tactics and impressive art of war, which relied heavily on incredible horsemanship, archery, and other fighting skills. But they also created an immersive world full of ideas, inventions, and art. The Mongolian Empire was a state built by folks who knew how to keep up with the times. The Mongols put to use many ideas and technologies of the day and were very much capable of making these things work for them. Adversity usually gives birth to strength, and the Mongols are a fine example of this principle in practice. Let Dinobibi guide you through a discover of the story of the Mongol Empire, a great testament to how empires rise and fall, exemplifying a process that has been part of the human experience for millennia.

Rajmohan's Wife and Sultana's Dream - Bankim Chandra Chatterjee 2021-04-21
Rajmohan's Wife and Sultana's Dream (1864/1908) features the debut novel of Indian writer Bankim Chandra Chatterjee and a story by Bengali writer, feminist, and educator Rokeya Sakhawat Hossain. Rajmohan's Wife, Chattopadhyay's only work in English, launched his career as a leading Bengali intellectual and political figure. Written in English, Sultana's Dream originated as a way of passing time for its young author while her husband was away on work. Initially published in The

Indian Ladies Magazine, Sultana's Dream helped establish Rokeya's reputation as a leading figure in Bengali arts and culture. Rajmohan's Wife is the story of Matangini, a beautiful woman married to a violent, jealous man. Unable to marry the man she loves—who happens to be her own sister's husband—she settles for the villainous Rajmohan, an abusive man who rules his middle-class Bengali household with an iron fist. With the help of her friend Kanak, Matangini does her best to avoid her husband's wrath, illuminating the importance of solidarity among women faced with oppression. Vindictive and cruel, Rajmohan secretly enacts a plan to rob Madhav, his brother-in-law, in order to obtain and invalidate a will. Sultana's Dream is set in Ladyland is a feminist utopia ruled by women, a perfect civilization with no need for men, who remain secluded

and without power. Free to develop their own society, women have invented flying cars, perfected farming to the point where no one must work, and harnessed the energy of the sun. With men under control, there is no longer fear, crime, or violence. Ultimately, Ladyland is a world made to mirror our own, a satirical exploration of the absolute power wielded by men over women, and a political critique of Bengali society at large. Sultana's Dream is more than a science fiction story; it is an act of resistance made by a woman who would shape the lives of her people through advocacy, education, and activism for generations to come. With a beautifully designed cover and professionally typeset manuscript, this edition of Bankim Chandra Chatterjee and Rokeya Sakhawat Hossain's Rajmohan's Wife and Sultana's Dream is a classic of Bengali literature and utopian science fiction

reimagined for modern readers.

O Captain! My Captain! -
Walt Whitman 1915

*Kautilya's Arthashastra -
Kau?alya 2009-01-01*
Kautilya, also known as
Chanakya, is India's most
illustrious political
economist of all time. He
regarded economic activity
as the driving force behind
the functioning of any
political dispensation. In
fact, he went to the extent
of saying that revenue
should take priority over the
army because sustaining the
army was possible out of a
well-managed revenue

system. Kautilya advocated
limiting the taxation power
of the State, having low
rates of taxation,
maintaining a gradual
increase in taxation and
most importantly devising a
tax structure that ensured
compliance. He strongly
encouraged foreign trade,
basing it on the premise
that for a successful trade
contract to be established,
it had to be beneficial to all.
He emphasised State
control and investment in
land, water and mining.
Kautilya was a true
statesman who bridged the
gap between experience
and vision. For Kautilya,
good governance was
paramount. He suggested
built-in checks and balances
in systems and procedures
for the containment of
malpractices. Many
postulates of Kautilya's
philosophy of political
economy are applicable to
contemporary times.
